No. 552L.S.-G.—24th April 1953.—The following draft by-laws adopted under sections 139 and 140 of the Bengal Local Self-Government Act, 1885, by the Burdwan District Board at its meeting held on 27th August 1951, are published for general information.

2. The draft by-laws will be taken into consideration on or after the 8th June 1953, for the purpose of confirmation and any objection or suggestion which may be received by the undersigned through the District Magistrate of Burdwan before that date will be duly considered.

DRAFT BY-LAWS.

Draft by-laws for regulating the sanitation of restaurants, eating houses, tea-shops and lodging houses under section 139 of the Bengal Local Self-Government Act, 1885.

1. For the purpose of these by-laws—

(*a*) "lodging house" means a house in which pilgrims or other persons are lodged on hire and where there is arrangement for both eating and sleeping,

(*b*) "eating house" means a house or other accommodation where people meet to partake of food or drink on payment but where there is no accommodation for sleeping or rest on payment, and includes a restaurant, and

(*c*) "tea-shop" means a shop where liquid refreshment such as tea, coffee, cocoa, aerated water or other drinks either hot or cold are mainly sold and served for consumption at such shop.

2. Every keeper of a tea-shop, eating house or lodging house shall affix or put up in front of or within the compound thereof and in a conspicuous place a sign board in English and in the local vernacular language or such other vernacular languages as may be required by the district board stating the purpose for which such premises are intended for and used. The name of the keeper shall be written on the sign board.

3. Structures used or intended to be used as a tea-shop, eating house or lodging house shall be constructed of such materials as may be specified in that behalf by the district board, provided that no part thereof shall be constructed of inflammable materials and the floors of such structures shall be made impervious and shall be drained to the satisfaction of the district board.

4. Every tea-shop, eating house or lodging house shall be provided by the keeper thereof with such—

(*a*) means of ventilation and lighting in each room,

(*b*) supply of water,

(*c*) receptacles for the deposit of garbage and refuse of all kinds,

(*d*) drains and latrines, and

(*e*) in the case of a lodging house, bathing and sleeping accommodation

as may be approved or directed by the district board in each case:

Provided that arrangements shall be made for the use of latrines, bathing places and sleeping rooms by males and females separately.

5. Every keeper of a tea-shop, eating house or lodging house shall make arrangement to prevent smoke from the kitchen from having a direct access into the sleeping rooms.

6. Every keeper of a lodging house shall put up a notice in each sleeping room showing the dimensions thereof and the maximum number of persons to be lodged therein and shall not allow any room therein to be occupied at any time by larger number of persons than may be accommodated with a floor space not less than 40 square feet and a cubic space of 400 cubic feet for each adult person, two children under ten years of age being counted as one adult person.

7. In every tea-shop, eating house or lodging house—

(*a*) all floors shall be thoroughly cleaned and washed and all deposits of garbage and refuse removed from the receptacles provided for such deposits at least once, in every twenty-four hours,

(*b*) the inner surfaces of all walls and ceilings shall be limewashed biennially in the month of April and October or oftener if so required by the district board,

(*c*) all drains shall be maintained in good working order and in a proper state of repair, and

(*d*) the premises shall generally be kept clean and free from jungles and undergrowth.

8. No keeper of a restaurant, tea-shop, eating house or lodging house shall employ lepers or persons suffering from an open sore or any loathsome or infectious disease to serve in such premises.

Explanation.—Leucoderma or white skin will be regarded as a loathsome disease for the purpose of this by-law.

9. Every keeper of a lodging house shall give or cause to be given immediate notice to the district board of the outbreak of any infectious disease in the premises and shall comply with such orders and instructions as the district board may give regarding the prevention and control of the spread of infection and shall not receive or allow to be received in such premises any lodger without the written permission of the district board. The keeper may refuse admission to any person suffering or reasonably suspected to be suffering from any loathsome or infectious disease into the premises.

Explanation. (*1*) For the purpose of this by-law information given to the Sanitary Inspector of the district board shall be deemed as information sent to the district board within whose jurisdiction the lodging house is situated.

(*2*) Permission of the Health Officer of the district board concerned to receive lodgers shall be deemed to be the permission of the district board.

10. The keeper of a tea-shop, eating house or lodging house shall allow such tea-shop, eating house or lodging house to be inspected at any time by the Health Officer of the district board or his representative.

11. Whoever commits a breach of any of the above by-laws shall be punishable with fine which may extend to fifty rupees; and in case of a continuing breach with a further fine which may extend to five rupees for every day during which the breach continues after the offender has been convicted of such breach.

P. C. GOPE, *for* Commissioner.

No. 401C.—27th April 1953.—Shri Sk. Abdul Bari Shah is appointed a member of the Jhargram Subdivisional Minorities Board in the district of Midnapore in place of Md. Azimuddin Beg, deceased.

No. 865L.S.-G.—29th April 1953.—Under section 50 of the Bengal Municipal Act, 1932 (Act XV of 1932), read with Government order No. 91(4)M., dated the 12th January 1942, it is hereby notified for general information that the Commissioners of the English Bazar Municipality in the District of Malda have, at their meeting held on 20th March 1953, elected under section 58(2) of the said Act, Shri Bimal Krishna Sanyal to be their Vice-Chairman in place of Shri Satyendra Prasanna Sarkar, resigned.

No. 889L.S.-G.—29th April 1953.—The following by-laws for regulating the sanitation of restaurants, eating houses, tea-shops and lodging houses have been adopted by the District Board, Darjeeling, under section 139 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885). As it is proposed to confirm the said by-laws under clause (2) of section 139 of the Act, the draft of the by-laws is published for the information of the persons likely to be affected thereby.

2. The draft by-laws will be taken into consideration on or after the 31st May 1953, and objections or suggestions, if any, received by the undersigned through the Deputy Commissioner, Darjeeling, before that date will be duly considered.

By-laws.

1. For the purpose of these by-laws—

(*a*) "lodging house" means a house in which pilgrims or other persons are lodged on hire and where there is arrangement for both eating and sleeping.

(*b*) "eating house" means a house or other accommodation where people meet to partake of food or drink on payment but where there is no accommodation for sleeping or rest on payment, and includes a restaurant, and

(*c*) "tea-shop" means a shop where liquid refreshment, such as tea, coffee, cocoa, aerated water or other drinks either hot or cold are mainly sold and served for consumption at such shop.

2. Every keeper of a tea-shop, eating house or lodging house shall affix or put up in front of or within the compound thereof and in a conspicuous place a signboard in English and in the local vernacular language or such other vernacular languages as may be required by the District Board stating the purpose for which such premises are intended for and used. The name of the keeper shall be written on the signboard.

3. Structures used or intended to be used as a tea-shop, eating house or lodging house shall be constructed of such materials as may be specified in that behalf by the District Board, provided that no part thereof shall be constructed of inflammable materials and the floors of such structures shall be made impervious and shall be drained to the satisfaction of the District Board.

4. Every tea-shop, eating house or lodging house shall be provided by the keeper thereof with such—

(*a*) means of ventilation and lighting in each room,

(*b*) supply of water,

(*c*) receptacles for the deposit of garbage and refuse of all kinds,

(*d*) drains and latrines, and

(*e*) in the case of a lodging house, bathing and sleeping accommodation as may be approved or directed by the District Board in each case provided that arrangements shall be made for the use of latrines, bathing places and sleeping rooms by males and females separately.

5. Every keeper of a tea-shop, eating house or lodging house shall make arrangement to prevent smoke from the kitchen from having a direct access into the sleeping rooms.

6. Every keeper of a lodging house shall put up a notice in each sleeping room showing the dimensions thereof and the maximum number of persons to be lodged therein and shall not allow any room therein to be occupied at any time by a larger number of persons than may be accommodated with a floor space not less than 40 square feet and a cubic space of 400 cubic feet for each adult persons, two children under ten years of age being counted as one adult person.

7. In every tea-shop, eating house or lodging house—

(*a*) all floors shall be thoroughly cleansed and washed and all deposits of garbage and refuse removed from the receptacles provided for such deposits at least once, in every twenty-four hours,

(*b*) the inner surfaces of all walls and ceilings shall be lime-washed biennially in the months of April and October or oftener if so required by the District Board,

(*c*) all drains shall be maintained in good working order and in a proper state of repair, and

(*d*) the premises shall generally be kept clean and free from jungles and undergrowth.

8. No keeper of a restaurant, tea-shop, eating house or lodging house shall employ lepers or persons suffering from an open sore on any loathsome or infectious disease tc serve in such premises.

(*Explanation.*—Leucoderma or white skin will be regarded as a loathsome disease for the purpose of this by-law.)

9. Every keeper of a lodging house shall give or cause to be given immediate notice to the District Board of the outbreak of any infectious disease in the premises and shall comply with such orders and instructions as the District Board may give regarding the prevention and control of the spread of infection and shall not receive or allow to be received in such premises any lodger without the written permission of the District Board. The keeper may refuse admission to any person suffering or reasonably suspected to be suffering from any loathsome or infectious disease into the premises.

Explanation.—(1) For the purpose of this by-law information given to the Sanitary Inspector of the District Board shall be deemed as information sent to the District Board within whose jurisdiction the lodging house is situated.

(2) Permission of the Health Officer of the District Board concerned to receive lodgers shall be deemed to the permission of the District Board.

10. The keeper of a tea-shop, eating house or lodging house shall allow such tea-shop, eating house or lodging house to be inspected at any time by the Health Officer of the District Board or his representative.

11. Whoever commits a breach of any of the above by-laws shall be punishable with fine which may extend to fifty rupees; and in case of a continuing breach with a further fine which may extend to five rupees for every day during which the breach continues after the offender has been convicted of such breach.

LABOUR DEPARTMENT

ORDER.

No. 1341Dis./D/13L-4(A)/53.—22nd April 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 3646Dis./D/13L-20(A)/52, dated the 9th December 1952, read with its Addendum No. 159Dis./D/13L-20(A)/52, dated the 13th January 1953, the industrial dispute between Messrs. Thacker's Press and Directories, Ltd., 6, Bentinck Street, Calcutta, and Messrs. Nationalist, Ltd., 6, Bentinck Street, Calcutta and their workmen represented by Press Employees' Association, 249, Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule thereto was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its interim award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said interim award as shown in the annexure hereto.

ANNEXURE.

BEFORE SRI G. PALIT, *District Judge, Fifth Industrial Tribunal.*

In the matter of an industrial dispute between (1) Messrs. Thacker's Press & Directories, Ltd., and (2) Messrs. Nationalist, Ltd., and their workmen.

Order No. 14, dated 9th April 1953.

The employers represent that the stoppage of work in question is the result of a strike while the employees describe it as a lock-out. The matter of compensation will depend upon the nature of the stoppage in question and its justifiability. That will be decided at the time of the trial on evidence. If there was an unjustified and illegal strike, the workmen will be entitled to no relief. I cannot pre-judge the matter at this stage. That being so, I cannot grant interim relief in the shape of compensation.

Regarding the 35 retrenched hands, they are certainly entitled to one month's salary in lieu of notice. I am told that only a fraction of them has been given this compensation. I direct the Company to pay one month's salary to those of the 35 men retrenched who have not yet received the same. Payment must be made within 10 days of this order. This I grant as an interim award.

G. PALIT,
Tribunal.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 1377Dis./D/11L-153/53.—24th April 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 2707Dis./D/11L-70/52, dated the 7th October 1952, the industrial dispute between Messrs. And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Mouseli & Co., Ltd., 9/12, Lall Bazar Street, Calcutta, and their workmen represented by Mouseli Employees' Union, P-15A, Kumbuliatola Lane, Calcutta-5, referred to under C. O. No. 2707Dis./D/11L-70/52, dated the 7th October 1952 (Case No. 158/52).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri B. Choudhury, Counsel, and Shri A. K. Mukherji, Pleader, instructed by Shri D. P. Maitra Secretary, appear for the Union.

For the Company: Shri S. C. Sen, Advocate, instructed by Shri D. Basu Thakur, Solicitor of Messrs. Orr Dignam & Co.

By Government order No. 2707Dis./D/11L-70/52, dated 7th October 1952, the aforesaid dispute was referred to this Tribunal for adjudication The issue framed by the Government is the same as framed by this Court, namely,

Is the dismissal of Shri Kashi Nath Lahiri justified?

To what relief, he is entitled?

This reference was received on 10th October 1952 and thereafter notices were issued to the parties. Union filed its written statement on 10th November 1952 and the Company filed its written statement on 2nd December 1952.

Union's case is that one Kashi Nath Lahiri was an employee of the Company since the end of the year 1940, that he had a certain trade mark case before the Registrar of Trade Mark, that his case was heard on 19th, 22nd, 28th and 29th of February 1952, that it was necessary for Kashi Nath to make arrangement to adduce evidence and so he applied for leave and got leave for the periods from 6th February to 11th February and again from 18th February to 23rd February, that on 27th February he obtained verbal permission from Shri S. K. Nath in charge of his department to be absent on 28th and 29th of February when his case was to be heard, that as the Sradh ceremony of his grand-mother was to be celebrated on 1st of March he applied for leave from home on 29th of February to be absent on 1st of March, that in spite of having been granted leave from 6th to 11th and 18th to 23rd and again on 28th and 29th as aforesaid, the Company by its letter, dated 1st/3rd March, suspended Kashi Nath from employment unless he could produce good and acceptable reason for his absence without permission in those days, that Kashi Nath gave his explanation by his letter, dated 8th of March but even before that the Company on 7th instant verbally terminated his services forthwith and confirmed the same by its letter, dated 7th of March 1952.

The Company, on the other hand, contended that attendance of Kashi Nath was very irregular, that he took large amount of leave during the years 1947 to 1951 and on several occasions he absented himself without

previous permission but on subsequent application his absence was converted into leave, that the Company by directive dated 25th wanted to regulate the provisions for granting leave and this directive was communicated to all clerks including Kashi Nath, that in spite of this Kashinath on 15th January absented without prior permission; he, however, sent a post card, dated 15th of January, requesting for leave for a day for attending his lawyer, but on his return to office on the 16th of January 1952 he was called by the Branch Manager, Mr. Huyton, and it was pointed out to him that he must have had prior knowledge of his appointment with the lawyer and should therefore have obtained the previous permission of his employer beforehand. He was, however, warned that if he again took leave in such circumstances without prior permission, it will be considered an offence. But he absented himself again without permission from 6th to 11th. He was again called by the Branch Manager and before him his explanation was that it was necessary for him to attend Court on those days. Mr Huyton again told him that unless he could produce evidence that his attendance in Court was necessary, no leave will be granted to him. He was again given to understand distinctly that if he absented himself without previous permission it will be considered as an offence. He, however, again absented himself from 18th of February to 23rd of February, and on 24th he was again asked an explanation. He was reminded of the previous warnings and was this time given the final warning to the effect that if he absented himself again without previous permission disciplinary action should be taken against him. On 27th of February Mr. Lahiri approached Mr. Nath for leave to attend Court and on that occasion he was referred to Mr. Huyton for a decision. In presence of Mr. Nath, Mr. Huyton refused leave to Kashinath on the ground that he could not produce evidence to show that his presence in Court will be necessary as desired. Despite this Mr. Lahiri again absented himself on 28th and 29th of February, that Mr. Lahiri was not granted any leave of absence in any of the said three occasions and the Company by its letter, dated 3rd of March, suspended him from employment until he can produce good and acceptable reasons for such absence without previous permission. When Mr. Lahiri attended office thereafter on 4th March he was called by Mr. Huyton and was given a copy of the said letter and was asked to give explanation which would justify the withdrawal of the suspension notice. He failed to give any satisfactory explanation and he was advised that the suspension order cannot be withdrawn and that he would be discharged. Subsequently he was discharged by Company's letter, dated 7th March 1953.

AWARD.

I have considered the versions given by both sides on the back ground of the practice prevailing in the Company since a long time. It is admitted by both sides that up to 2nd of January there was no regular procedure for obtaining leave in this office and P. W. 2 admitted that there was no specified leave rules till before that date and the clerk used to be absent with or without permission and a note used to be made in the attendance register as "on leave". The clerks actually used to be absent and not even a previous application for leave was insisted in every case. Company wanted to regularise the matters by its standing orders, dated 2nd of January 1952. The story of Kashinath that he applied for leave for 6th to 11th and again from 18th to 23rd and that his petitions have been withheld by the Company is not reliable. On the other hand, it is not difficult for Kashinath to prepare the two applications, dated 5th of February and 17th of February and give them out as copies of the original petitions for leave. But there is no iota of evidence except his own uncorroborated statement that these petitions were actually handed over to P. W. 2 In

the circumstances, I believe the statement of P. W. 2 that Kashinath absented himself in pursuance to previous practice without filing any application and thereby contravening the provisions of the circular, dated 2nd of January 1952, and was still shown as "on leave" on both these occasions. Kashinath said that on 12th when he signed the register he saw that he was marked "on leave" and took it that leave was granted to him. It appears that on either occasion Company was not strictly enforcing its circular, dated 2nd of January 1952. The evidence shows that this clerk is the nephew of Mr. H. H. Lahiri—the Director of the Company and Mr. Lahiri got him admitted into this Company as a clerk. It was possible that the clerk was taking advantage of this position. The perusal of the written statement of the Company shows that what the Company grudged so much is why this man takes the full day in order to meet his appointment with the lawyer or to attend to his Court cases. The story that actually no leave was granted to him on any of these occasions seems to be an afterthought. He might have been taken to task on each occasion but the Company on these occasions had not the idea to strictly enforce the circular against him. In fact, he was granted leave from 6th to 11th and again from 18th to 23rd. The explanation of Shri Nath that he was marked "on leave" according to the practice of the Company but actually he was not granted leave is not tenable. No case has been shown to me in which leave was not granted to the clerk although he was marked "on leave". On the contrary, evidence shows the clerks who have been marked "on leave" have been granted pay for the period in all cases, and this was followed in the case of Kashinath as well. It may be that he was warned by his superior officers on 12th as well as on 18th for being absent without permission but it cannot be contended that his leave was refused on either of these two occasions. If the officers were minded to take steps to enforce the circular, they would not have rest content with this verbal warning. I cannot say that the clerk was unjustified in taking it for granted that leave was granted to him on each of these occasions although he has been taken to task by the office master each time. The Company's own statement disentitles them to enter these periods over again in the charge-sheet. It is admitted that on 12th and also on 18th the clerk was taken to the office master and was taken to task for his absence. So the matter has been fully dealt with on each of these occasions, and these delinquencies cannot be revived and made a part of the charge-sheet on 3rd March. As regards the absence on 28th and 29th, it is admitted by both sides that on 27th Kashinath approached Mr. Nath and prayed for leave. It is stated in paragraph 14 of the written statement of the Company that on that occasion Mr. Lahiri was referred to Mr. Huyton for a decision and in presence of Mr. Nath, Mr. Huyton refused leave to Mr. Lahiri. At the time of trial, however, Mr. Nath gave a different story and said that he was referred to Mr. Huyton but he did not go there. If Mr. Nath had done so, he would not have been at fault because Kashinath would have been unjustified to hold that he got leave from Mr. Nath who refused to take the responsibility himself and referred him to Mr. Huyton. But this state of things is not true because it is contradicted by the case in the written statement. In the circumstances, the written statement case is to be accepted and I am prepared to accept it because the other version of Mr. Nath on this point is altogether unacceptable. Mr. Lahiri says that on 27th February afternoon he met Mr. S. K. Nath and took permission to absent himself on 28th and 29th of February. As he has been taken to task by the office master for being absent without producing evidence regarding pendency of his Court case on the former occasions, Mr. Nath would naturally ask him either to produce such evidence or to take leave from the office master, Mr. Huyton himself. So the story that Mr. Nath gave him permission is altogether untrue. It is, however, true, as it now appears, that he had

ctually a case on 28th and 29th but in the circumstances it was for him ther to take steps to produce the evidence or to convince his office master bout it and then go on leave. If he disobeys the office master, the office aster cannot be in the wrong if he had suspended him. He, however, is ntitled to protection if he can satisfy the Tribunal that his cause was just. n the present case I am satisfied that his cause was just because there had en a Court case fixed on 28th and 29th and if the office master had refused believe it, he was in the wrong. So, Mr. Lahiri cannot be visited with e ultimate penalty of dismissal inasmuch as he is standing on a just use. But his own conduct has brought about his suspension order from e office master and he could have avoided it if he had produced evidence t that time and instead of producing it now before the Tribunal, but if e office master had still insisted in refusing the leave, the responsibility ould have been his. His conduct in this case, therefore, disentitles him pay up till the period when the wrong done by the office master is righted y the Tribunal.

The other allegation against him that he was irregular on previous easions, is not relevant for decision of the real point at issue. These by emselves cannot make right the Company's decision which is otherwise rong. This also does not assist us in deciding whether the applicant ould be allowed pay for the period of suspension.

Further it is evident that the Company took steps against Kashinath is ather hot haste. According to evidence of Mr. Nath his order of suspenion was already despatched by the letter, dated 1st/3rd March. The ttendance register showed that Kashinath joined the office on 4th. 'aragraph 16 of the written statement shows that on 4th of March he was alled by Mr. Huyton to read a copy of the said letter, dated 1st/3rd March nd to give any explanation justifying withdrawal of the suspension otice. At that time the copy of charge-sheet was not in his hand but he as only asked to read the copy of the same and to give his explanation mmediately. He was neither served with a copy nor given any time to repare his explanation. The written statement says that the officer was ot satisfied with whatever explanation he gave and he was advised that he would be discharged. This shows that the discharge was made in hot aste. There was no proper enquiry and elling for explanation and a proer charge-sheet and service thereof. The final order made, therefore, on he basis of this decision is irregular. So the order of discharge communiated by the letter, dated 7th March 1952, cannot be upheld. Mr. ahiri said that his explanation was actually asked on 7th by Mr. Huyton the presence of the other two Directors of the Company and n return home he submited his written explanation. According to him n 3rd Mr. Huyton did not give him any charge-sheet nor called for his xplanation but simply asked him to see Mr. Farmer in the Head Office. 'alpably the decision for suspension taken on 3rd and also the final decion for discharge taken on 4th by Mr. Huyton was really taken before the ctual submission of the explanation by Kashinath on 7th or 9th of March. n account of these irregularities also the order of discharge is faulty and annot be allowed to stand. In the circumstances, my order will be to einstate him on his presenting himself in office within one month from e date of enforcement of the Award. But in the circumstances stated bove he will not be allowed pay for the period of his suspension.

ORDER.

No. 1378Dis./D/11L-75/53.—24th April 1953.—Whereas under the Government of West Bengal, Labour Department, Order No. 1813Dis/D/11L-11/52, dated the 5th July 1952, the industrial dispute between Messrs. Imperial Chemical Industries (India), Ltd., 18, Strand Road, Calcutta, and their workmen as represented by Imperial Chemical Industries and Associated Companies Employees' Union, 18, Strand Road, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Imperial Chemical Industries (India), Ltd., 18, Strand Road, Calcutta, and their workmen represented by Imperial Chemical Industries and Associated Companies Employees' Union, 18, Strand Road, Calcutta, referred to under Government order No. 1813Dis./D/11L-11/52, dated 5th July 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge Judge, Fourth Industrial Tribunal.*

For the Union: Shri N. Das Gupta, Advocate, instructed by Shri Pratulla Mukherji, President, and Shri N. K. Sen, Secretary.

For the Company: Shri K. B. Basu, Counsel, instructed by Shri J. K. Ghosh, Advocate, and Mr. S. A. Hasib, Advocate of Messrs. Orr Dignam & Co., and Mr. G. Wilkinson and Mr. L. G. Smeathman, Officers of the Company.

By Government order No. 1813Dis/D/11L-11/52, dated 5th July 1952 the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by this Court were the same as the issues framed by the Government and they are as follows:—

1. Wages and grades and scales.
2. Retiring age.
3. Overtime.
4. Increment of sub-staff.
5. Bonus.
6. Provident Fund.
7. Free Tiffin.
8. Service Rules.

On receipt of the reference notices were issued on both sides. The Union filed its written statement on 4th August 1952 and the Company filed its written statement on 25th August 1952.

The case for the Union is that Imperial Chemical Industries (India), d., is one of the 96 subsidiary companies of Imperial Chemical Industries d., having its Head Office in England, that it has a monopoly business in sential chemicals and allied byproducts and the consequent enormous wer and influence, that its financial position is quite sound and prosperous, at the grades disclosed by the Company are too many in number to the ejudice of the employees, that there is no scientific basis of increment d this is absolutely dependant upon the whims of the Company causing despread discontent and leading to unfair labour practice, that the Union, erefore, prays that graded wage scale should be settled by this Tribunal regards the clerks, Stenographers and also as regards the sub-staff and ey shall be fitted into scale by point to point adjustment made with trospective effect from 19th of February 1949, that the retiring age in is Company is at present 52 and it should be made a minimum of 55 years ith option to continue up to 58 at least. The Union also claimed overtime d holiday allowance on the principle of Bengal Shops and Establishents Act. As regards sub-staff, the Union contended that the annual increment should be added to the basic pay and not to dearness allowance as done y the Company since 1949. The Union, however, pointed out that the ompany is giving one bonus to the employees irrespective of the profit and ss of the Company in India linked with the dividend paid to the shareolders to the parent Company in England, and payment of such bonus has rmed a condition of service to the employees. The Union further pointed at that the Imperial Chemical Industries (India), Ltd., has made huge rofits in 1950 and 1951 and on the basis of the profits earned by this conrn the employees are also entitled to a bonus. The Union accordingly laimed bonus for not less than at least three months' salary including earness allowance. The Union also demanded Provident Fund rules to be egularised. It also claims free tiffin as is supplied by other adjoining irms. As there is no service rules in the Company, the Union has been laiming to frame these rules and as the Company is not acceding to it, the nion requested the Tribunal to frame Standing Orders.

The Company, on the other hand, contended that it is an independent nit carrying on business in India and a reference to the Imperial Chemical ndustries, Ltd., of England and the various activities of the said concern re irrelevant, that this Company is not a monopoly concern but it carries on usiness on chemicals and dyes in Indian market in competition with its ivals, that the employees appointed in grades above C Grade are not workmen and consequently the Tribunal is not entitled to consider their cases, hat as regards other clerks, the company is giving regular annual increment to the staff in C, D, E, and F Grades except on rare occasions when he works of the employees have not been satisfactory, the case of each mployee has been considered individually by the Head of the Department, y the Manager of the Office in which he works or a Director and finally by a ommittee of two Directors of the Company. As regards sub-staffs and rivers, the Company contended that the wages paid to them are quite dequate. As regards retiring age, the Company's contention is that after years' continuous service an employee's efficiency deteriorates and 52 ears should be the proper retiring age. As regards overtime, the Company aid that in view of the fact that the Company is now overstaffed, no occasion r overtime would arise at all. As regards drivers, the Company states at their usual working hours are from 8-30 a.m. to 5-30 p.m. on weekdays nd 8-30 a.m. to 1-30 p.m. with a break of ½ of an hour on weekdays, that case when a driver is required to attend on any day either before 7 a.m. after 7 p.m., or both, the Company is agreeable to pay Rs. 3 per day for ch period. As regards increment of sub-staff, the Company contended at it has been directed to raise the basic salary of the subordinate staff and

to reduce correspondingly the then dearness allowance by Award of t Tribunal and it has been further directed to add annual increments future to dearness allowance until such time the dearness allowance caug up the normal rate and thereafter to add the annual increments to the bas salary. As regards bonus the Company contended that the bonus given the basis of dividend of the Imperial Chemical Industries, Ltd., in Englan is just and fair and it cannot be a condition of service of the employee get this bonus and in addition to claim further bonus on the profit Imperial Chemical Industries, Ltd., in India. As regards Provident Fun the Company stated that no order can be made inasmuch as the Truste are not parties to the present proceedings. It also contended that the clai for free tiffin is unjustified and that the service rules maintained by th Company are adequate.

The case was taken up for hearing on 28th October 1952. I visited th offices of the Company on 15th November 1952. Thereafter a talk of com promise started and after some time it was given a final shape.

AWARD.

I am glad to note that the entire dispute was amicably settled between th parties. The terms of the compromise are fair and acceptable. This ha bee entered into as a special case in view of the relationship between th Company and the Union. This will not be a precedent to be followed i other mercantile firms. In the circumstances, I accept the terms as fai and covering all the points at issue and I therefore, make my Award in terms of it. The petition of compromise should form a part of the Award.

Judge, Fourth Industrial Tribunal.

TERMS OF SETTLEMENT.

Issue No. 1—Grades, wages and scales:

Grade D—Existing E/F and D grades. Rs. 70/78—5—118—6—136—7—150 E.B.—157—164—170.

Grade C—Rs. 110/122—8—170—10—200 E.B.—18—240.

Grade B—Rs. 150/166—12—300.

Stenos.—Rs. 100/111—8—151—9—160—10—170 E.B.—10—260.

In the event of the Company deciding to stop an employee of the D Grade at the efficiency bar if at all, the Company will give due and proper consideration to the past work of the employee, who, if he so desires, may appeal to the Manager or a Director of the Company for a reconsideration of the decision.

The number of stenographers in the senior cadre, *i.e.*, above the efficiency bar shall be limited to a number equivalent to those stenographers who are now receiving over Rs. 170 and such number shall be the normal total strength of this cadre. Promotion to the senior cadre shall depend upon—

(*a*) passing the efficiency bar, and

(*b*) there being vacancies in the senior cadre; subject, however, to the proviso, that if in any one year there are stenos. who have passed the test of the efficiency bar and are eligible for promotion but cannot be placed beyond the efficiency bar for want of vacancy in the normal strength of the senior cadre, then, in that year 20 per cent. of such eligible stenos. will be allowed to cross the efficiency bar. When the number in the senior cadre is increased by reason of this proviso and in subsequent years natural wastage by retirement, resignation, etc., reduces the number of that cadre below the normal total strength then only sufficient suitably qualified stenos. eligible for promotion shall be promoted to the senior cadre to bring its number up to the normal total strength. this 20 per cent. increase, however, will not apply when there is a vacancy in the normal strength of the cadre.

Passing of the efficiency bar will depend upon passing the test therefor as may be prescribed by the Company.

Where confirmed members of the staff are promoted to a higher grade and their salary before promotion is lower than the minimum for the higher grade to which they are promoted, or is the same as the minimum of the higher grade, they shall start on the minimum of the higher grade but shall not be entitled to the increase intended to be given on confirmation. The difference between the minimum of the new grade and the confirmation salary of the new grade shall be made up in two stages, in which cases C grade will be Rs. 110—6—122—8—170—10—200 and B grade will be Rs. 150—8—166—12—300.

A man who is promoted to a new grade and whose salary before promotion is between any two stages in his new grade, will on promotion be pulled up to the next stage in his new grade.

Grades "A" and A1" are left to the absolute discretion of the Company

Sub-staff—Rs. 30/34—1—40—2—50 ..	Shall be confirmed after a probationary period of one year.
Drivers—Rs. 62/69—2—80 ..	Shall be confirmed after a probationary period of one year.

The figures after the strokes in all grades mentioned above will be the salary after confirmation.

In the case of an employee whose pay is between two stages in his grade, he shall be pulled up to the next higher stage, *e.g.*, if the stage in his grade is, say Rs. 120 and the employee's present pay is Rs. 117, he will be brought up to Rs. 120 and his annual grade increment will be on that sum.

After all employees have been brought up to the next higher stage as provided above, graduates in the existing D and E/F grades who have been recruited at a starting salary of Rs. 84 or below per month will have Rs. 5 added to their basic salary, and those who have been recruited at a starting salary of Rs. 85 or more per month will get Rs. 3 added to their basic salary as a special case. This however, will not be given to those graduates who have taken their degrees since joining the Company and who have already received an increment in recognition of their graduation.

No concession on the above lines would be given to any graduate in future.

If the addition of these sums to their new basic salary brings any graduate in between two stages of grade D, he will be again pulled up to the next higher stage, *e.g.*, if a graduate's present salary is Rs. 122 he will be pulled up to the next step of grade D, *i.e.*, Rs. 124. He will then receive his Rs. 3 or Rs. 5 as the case may be in which case the total will be Rs. 127 or Rs. 129, and he will then be pulled up to the next step in grade D, *i.e.*, Rs. 130 and his annual grade increment will be on that sum.

Both adjustments and annual increments mentioned above to be given with effect from 1st January 1953.

No special allowance or payment claim for cycle peons and jamadars.

Issue No. 2—Retiring age.

Retiring age 55 years or on completion of 32 years of service, whichever is earlier with a minimum age of 52 years. With regard to seven employees who submitted an application for extension, they will be allowed to continue up to the age of 55. The Union will supply a list of the names of these seven persons.

Issue No. 3—Overtime.

Overtime will not be counted up to half hour after the scheduled office closing time. Beyond half hour overtime will be paid at 1½ times hourly basic salary only. Regarding employees in the godowns, filing and despatch departments, their working hours will not necessarily be the same times as the ordinary office hours and will be arranged according to a weekly roster so that their working hours do not exceed the total number of normal working hours per day.

Regarding Drivers.—The above provisions will not apply to drivers. Any driver who is asked by the Management to work on any one day either before 7 a.m., or after 7 p.m., or both will receive Rs. 3 extra for that period, and the present system of compensatory leave will be ended. The Chairman's driver and the Calcutta Manager's driver will be given an extra Rs. 12 per month as an allowance, and will not be entitled to any of the above special payments.

Holiday allowance:

(i) **Clerical Staff.**—Where there are any special jobs to be done and staff are requested to work on Sundays or public holidays, a special allowance of Rs. 4 per half day or Rs. 6 per full day will be given, in lieu of the present tiffin allowance. The Company shall lay down such rules as it thinks fit for the administration of this allowance.

A half day means work from approximately 9-15 a.m. or 9-30 a.m. dependent upon whether summer or winter hours are being worked, to 1 p.m. or from 1 p.m. to 4-30 p.m., or 4-45 p.m. (or office closing time). A full day means work from 9-15 a.m. or 9-30 a.m. as above until any time beyond 1 p.m.

(*ii*) **Sub-Staff.**—All sub-staff who work on Sundays or public holidays will be paid Rs. 1-8 per day, irrespective of how long they work, and no tiffin allowance will be payable. This does not apply to Watch and Ward staff. Staff mentioned under Issue No. 3 above shall be asked to work overtime or on holidays only with prior written permission of the Company and in accordance with the rules to be framed by it.

Issue No. 4—Increment of sub-staff.

As from the 1st January 1953 sub-staff increment will be added to their basic salary instead of to dearness allowance as hitherto. The dearness allowance being paid to members of the sub-staff at the date of this agreement shall be taken as being equivalent to the dearness allowance payable at the Bengal Chamber of Commerce and Industry's rate at the date of this agreement, and any adjustment in the Bengal Chamber's rate, *i.e.*, any subsequent rise or fall, shall be equivalently reflected in the rate now payable to sub-staff, *i.e.*, if the Bengal Chamber rate rises, say, Rs. 2 or Rs. 3 due to a seasonal rise in the cost of living indices, the present dearness allowance of sub-staff will rise, say, by Rs. 2 or Rs. 3 and *vice versa*.

Issue No. 5—Bonus.

The claim as made on this issue is withdrawn and not pressed.

Issu No. 6—Provident Fund.

The claim for this issue is withdrawn.

Issue No. 7—Free tiffin.

The claim for this issue is left to the discretion of the Company and is not pressed.

Issue No. 8—Service Rules.

The Company shall frame Service Rules within three months from the date of this Agreement and supply a copy thereof to the Union.

General.—Other existing terms of service shall continue unchanged.

Duration of Agreement.—The agreement shall be effective and operative from 1st January 1953 and shall continue to remain in force and binding on the parties until 31st December 1955.

Transport

NOTIFICATIONS.

No. 5001W.T.—6th May 1953.—In exercise of the power conferred by sub-section (*1*) of section 71 of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), the Governor is pleased to make the following by-laws for the Tamluk Municipality in the district of Midnapore, the same having been previously published, as required by sub-section (2) of the said section, namely:—

BY-LAWS.

1. **Appointment and duties of the Registering Officer.**—Every cycle-rickshaw in the Tamluk Municipality shall be annually registered by a Registering Officer appointed for registering hackney-carriages.

2. **Qualifications of bearers.**—Every person applying for a bearer's license shall be required to satisfy the Registering Officer—

(*i*) that he knows how to drive and control a cycle-rickshaw and is in all respects a fit person for such employment;

(*ii*) that he is well acquainted with the principal streets, offices, and places in and around the town;

(*iii*) that he has a thorough knowledge of the tables of fares and distances prepared by the Commissioners of the municipality;

(*iv*) that he knows the rules of the road and the signals used by the bearers and drivers of vehicles and by the traffic police;

(*v*) that he is more than 18 years of age.

3. **Contents of licenses.**—There shall be attached to each license issued to a bearer—

(*a*) the thumb mark or signature of the bearer,

(*b*) a photograph of the bearer, and

(*c*) printed tables of fares and distances prepared by the Commissioners for which no charge shall be paid by the bearer.

4. **Production of licenses, etc.**—Every bearer of a cycle-rickshaw shall carry with him and shall produce his license, when called upon to do so by any Commissioner, traffic police or other person authorised by the Commissioners. He shall exhibit the tables of fares and distances on a prominent part of the vehicle.

5. **Prohibition of smoking.**—No bearer shall smoke while driving a cycle-rickshaw nor shall he muffle his face and head in such a manner as to endanger the proper driving of his vehicle.

6. **Condition of cycle-rickshaws.—**

(*a*) The body of the cycle-rickshaw shall be sound and clean and all the boards strong and properly secured.

(*b*) The wheels shall be rubber-tyred, strong and sound so as to run smoothly and without rattling or shaking and shall be protected by properly fitted splash boards.

(*c*) The spring and axles shall be of good metal, strong and properly rivetted and free from rust.

(*d*) The iron supports at the back shall be properly curved and securely fixed at each side, strong and of sound metal and free from rust.

(*e*) The hood, apron and cushions shall be made of and covered with good cloth, canvas or other material approved of by the Commissioners at a meeting.

(*f*) The staffs shall be of sound wood, strong, securely fixed and furnished at the fore ends with a ring-shaped metal support and connected by a collision guard.

(*g*) The hood and apron shall be so fitted as to make the vehicle watertight.

(*h*) Every cycle-rickshaw shall have two good lamps—one facing the front and one in the rear.

(*i*) Each lamp shall have a red glass window in the back and shall be so placed that the light from the window is visible from a point ten yards in rear of the centre of the vehicle.

7. **Dimensions and pattern of cycle-rickshaws.**—All cycle-rickshaws shall conform to the following dimensions and be of such pattern as may be fixed by the Commissioners at a meeting:—

Width of the seats—2 feet 3 inches.

Height of the seats—1 feet 4 inches.

Height of the cushions—4 inches.

8. **Fees.**—Fees shall be paid annually to the Commissioners in accordance with the following items and scale:—

Item.	Cycle-rickshaw scale. Rs.	a.
(*a*) Owner's license ...	3	0
(*b*) Bearer's license ...	0	4
(*c*) Duplicate license plate ...	0	8

(*e*) Duplicate owner's license ...	1	0
(*f*) Duplicate bearer's license ...	0	2
(*g*) Certified copy of particulars of registers and licenses ...	0	8
(*h*) Alteration in register ...	1	0

9. **Rates and fares.**—(*1*) Fare shall be paid according to distance or time at the option of the hirer to be expressed at the commencement of the hiring; if not otherwise expressed, the fare shall be paid according to time.

Rates and fares to be paid for cycle-rickshaws.

Fare by distance.		Fare by time.	
For any distance within and not exceeding one mile.	For any distance exceeding one mile.		Rs. a.
		For one hour ..	0 10
		For subsequent hour ..	0 8
6 annas.	At the rate of 5 annas for every mile and for any part of any mile over and above number of miles completed.	For half day or 5 hours ..	2 4
		For whole day or 9 hours	4 0
		Halting charge per hour. ..	0 8

(*2*) When a cycle-rickshaw is hired the bearer shall ordinarily drive the same at a speed not less than eight miles per hour. If a cycle-rickshaw after being hired is made to halt, halting charge shall be paid according to the scale laid down in the above fare table.

10. **Passengers to pay ferry or other charges.**—Passengers are to pay the ferry and other charges while going to and coming from the railway station over and above the rates payable to the bearers of cycle-rickshaws.

11. **Maximum load to be carried by cycle-rickshaws.**—Passengers and luggages shall not ordinarily exceed 4 maunds in weight. It shall not be permissible for any bearer to refuse to ply except on reasonable grounds.

12. **Advertisements on cycle-rickshaws.**—No advertisement shall be fixed on the body of the cycle-rickshaw except with the previous permission of the Commissioners and it shall be so fixed as not to cover the number plate and fare tables attached to the cycle-rickshaw.

13. **Cycle-rickshaw to wait at stands.**—The cycle-rickshaw while at rest shall wait at a stand fixed by the Commissioners for such purpose.

14. **Power of entry.**—It shall be lawful for a Commissioner or any other person authorised in that behalf by the Chairman of the Commissioners at any time between sunrise and sunset to enter any premises in which any licensed cycle-rickshaw or other things used therewith are kept in order to carry out the provisions of the Calcutta Hackney-carriage Act, 1919, or these by-laws and the owner, occupier or his agent shall afford every facility for inspection by such Commissioner or person.

15. **Sale of tables of fares and distances.**—The Commissioners shall cause to be prepared and kept for sale to the public printed tables setting forth the fares and distances at a price to be fixed by the Commissioners.

16. **Particulars of registers and licenses.**—The following particulars shall be entered in the registers and licenses under the Calcutta Hackney-carriage Act, 1919:—

The Cost of Living Index Number for Darjeeling has increased by 1 point during March. The increase is due to increase in the prices of rice, chira-muri, sugar and mustard oil, though the prices of fuel has come down.

In Dooars the Index Number has come down by 3 points due to fall in the prices of rice and paddy.

In Terai, the Index Number has come down by 2 points on account of fall in prices of rice and paddy, in spite of rise in the prices of articles of Fuel and Lighting group.

AWARD.

By order No. 639/Dis./D/11L-35/53, dated the 26th February 1953, the Government of West Bengal, in the Department of Labour, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. New India Commercial Co., 132/1, Harrison Road (2nd floor), Calcutta, and one of their workers, Shri Jyotirmoy Ghosh of "Kamada Lodge", 14/1, Babubagan 2nd Lane, Dhakuria, Calcutta-31, as represented by himself, regarding matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

Schedule.

(1) Whether the dismissal of Shri Jyotirmoy Ghosh is justified?

(2) To what relief he is entitled.

Usual notices were issued to the parties for filing statement of claim and written statement thereof and the pleadings were completed on 27th March 1953, and thereafter 8th April 1953 was fixed for hearing. On that day on the application of the employer for time for producing the documents called for by the worker, the hearing was adjourned to 15th April 1953. The proceeding concluded on that day (15th April 1953).

The case of the worker Shri Jyotirmoy Ghosh briefly stated is as follows:—

He was employed by Shri Guljarilal Modi, active partner, in the new India Commercial Co. on 16th November 1950 as a general clerk on a salary of Rs. 100 per month for which he got an appointment letter (Ext. 1). Under the terms specified in the letter of appointment he was to get additional three months' salary as fixed bonus annually, and the service was liable to be terminated on one calendar month's notice from either side. Accordingly at the end of the first year the Company paid him three months' additional salary as fixed bonus in September and October 1951. In January 1952 his salary was increased to Rs. 115. Thereafter in July 1952 he received an advance of Rs. 150 from Shri D. C. Jalan against fixed bonus of three months' salary for the year 1951-52. In September when he made demand for additional salary of three months as fixed bonus for that year, Shri Modi told him that he would be paid after the Pujahs, and in October Shri Modi told him that the same would be paid after the former's recovery from illness. Then on 7th November 1952 the petitioner was suddenly called by Shri Modi to the latter's house and was informed by the latter from the latter's sick bed that his service was terminated. No reason was, however, assigned for such termination of service. Thereafter the petitioner went to the office up to 15th November 1952 and also rang up Shri Modi at the latter's house several times to get his dues plus some relief, but in vain. Ultimately he sent an appeal (Ext. 2) to him on 17th November 1952 making claims as below:—

	Rs.
(1) Salary for the month of November 1952	115
(2) One month's salary and allowance in lieu of one calendar month's notice	115
(3) Three months' salary being the fixed bonus as per terms of service	345
(4) Damage for wrongful discharge without notice or reason	230
	805
Less the amount received as the part bonus payment	150
Rs. ...	655

The Company in reply sent solicitor's letter, dated 26th November 1952, informing him that nothing could be paid to him. In that letter no reason was assigned for the dismissal. Then the Labour Directorate was moved for settlement but this too proved infructuous. Finally the matter has been referred to the Tribunal as aforesaid.

The Company denies liability on all the heads. It is stated that the New India Commercial Co. was a firm registered under the Indian Partnership Act, and comprised partners (1) Shri Guljarilal Modi and (2) Shri Ramdeo Debi Jalan. The firm was started in the year 1947 and used to carry on business as exporters of hessians on a small scale. The firm had only five employees. The claimant Shri Jyotirmoy was employed by the firm as a dock sircar on 16th November 1950 on a salary of Rs. 100 per month and there was no written contract of engagement with him. There

no stipulation to pay him three months' salary as fixed bonus. He ved the bonus in September and October 1951, as the Company made profits during the accounting year 1950-51. During 1951-52 there was rofit and none was paid any bonus, nor did any employee claim bonus iat year. The petitioner's claim for bonus cannot, therefore, be ined.

s regards termination of his service, it is said that dispute and rences arose between the partners of the firm and as a result thereof it decided to wind up the business of the firm in November 1952. rdingly out of the five employees, the claimant and another employee discharged in November 1952, and the remaining three employees in mber 1952. The firm has no employee working under it now. The iant was orally informed on the 1st November 1952 that his service terminated from that day, and he was offered one month's salary in of notice. In spite of that, the claimant used to call on the office y day and requested Shri Guljarilal to retain him in the service. But he business was closed down the firm could not accede to his request. vas, however, paid Rs. 150 as a matter of grace, instead of paying him 115 only in lieu of notice. The firm has, therefore, no liability under of the heads claimed by Shri Jyotirmoy Ghosh.

astly, it is said that the dispute between the employer and the idual worker cannot be the subject-matter of an industrial dispute, thus the Tribunal is not competent to adjudicate in the matter.

Issue No. 1.

efore I proceed to consider the issue I would like to take up the minary objection as to competency of the Tribunal raised on behalf e Company. Shri Jyotirmoy Ghosh, according to both sides, joined ervice of the Company on 16th November 1950 on a salary of Rs. 100 month. According to Jyotirmoy, he joined as a general clerk and ding to the Company he joined as a dock sircar. In view of the tted nature of the work required of Shri Jyotirmoy, both as a general and as the dock sircar he would be a workman in view of the ition under section 2(*s*) of the Industrial Disputes Act. The Company oes not dispute that he was a workman. The Company only says that lispute between the employer and the individual worker like present one is not an industrial dispute as defined in the and thus the Tribunal is not competent to adjudicate in matter. In view of the recent decision of Their Lordships of the ble Labour Appellate Tribunal of India, I am unable to sustain the tion. The preliminary objection is accordingly answered against the any.

ow, as to the issue No. 1, the case of the worker is that his service has terminated all on a sudden on 7th November 1952 without assigning n and without written notice. The Company admits that no written e was served, but contends that as disputes and differences arose en the two partners, it was decided to close the business in November and thus out of the five employees, two, including the petitioner, verbally informed on 1st November 1952 that their services were inated, and the remaining three were subsequently discharged in mber 1952. It is also said that at present the Company has no oyee under it. The worker Jyotirmoy does not challenge that the ess has been closed, and that the Company has no employee under it about that time. What, however, he says is that a new business r the name and style of Gunny Exporter, Ltd., has been started at

10, Clive Row, Calcutta, to evade and avoid liability. Whatever r have been the reason, the fact remains as has been stated on behalf of Company that the partnership business was closed down which necessi discharge of the employees. The then Accountant Shri Satyanar Tosniwal (D.W.1) who deposed, stated that the Company was closed d and that one of the partners, Shri G. L. Modi, has started a business u name and style of Gunny Exporter, Ltd., at 10, Clive Row, Calcutta. fact that Shri Jyotirmoy never wanted reinstatement also points to closure of the partnership business. The accounts of the partner business might not have been squared up, but that is a different ma altogether which concerns only the partners, and none else. So when partnership business was decided to be closed down by the partners, when the evidence shows that as a matter of fact the partnership busi has ceased to function from about that time, the dismissal, rather discha of the petitioner from service cannot, in the circumstances, be said to unjustified. The issue is accordingly answered in the affirmation.

As regards the date of discharge, D.W.1, Shri Satyanarayan in a v admits in his deposition that Shri Jyotirmoy Ghosh was discharged fr after 7th November 1952 as claimed by Shri Ghosh, as D.W.1's evidence that Shri Jyotirmoy was verbally informed on 1st November 1952 that service was terminated, but as he had arrears of work he attended office a did work till 7th November 1952. The petitioner Shri Jyotirmoy Gh likewise did not in his deposition state that he attended duty beyond November 1952. I so accept that his service was terminated with eff from 8th November 1952.

Issue No. 2.

The worker, it has already been seen, does not claim reinstatem There is no scope for it either. He only prays for monetary compensa It is admitted on all hands that his salary was Rs. 115 per m including dearness allowance at the date of discharge. As Jyoti worked till 7th November 1952, he should get salary at that rate up 7th November 1952.

The worker claims three months' salary as fixed bonus as term of engagement, as per appointment letter, Ext. 1, *i.e.*, on the basis of agreement, and not on the general principle that labour and capital sh share the surplus left after meeting necessary and prior charges. To precise, he claims it as his service condition irrespective of the question profit and loss. The employer resists the claim alleging that there was such written engagement, and there was no profit during the year 1951

It is the definite case of Jyotirmoy Ghosh that he got the appointm letter, Ext. 1, showing the terms of his employment. He also called the corresponding office copy and other documents from the firm. The took time to produce them, but on the adjourned date of hearing 15th April 1953 it did not file any records whatsoever. This would go show that the letter of appointment, Ext. 1, is a genuine document letter, Ext. 1, is dated 15th November 1950, and was signed for New In Commercial Co. by its Manager. It is faintly suggested that the Manager had no authority to issue the letter, Ext. 1. But the pers competent, viz., the two partners, have not come forward to say so, nor they produce any records to show that he had no such authority contents of the letter on the contrary would go to show that it must h been written at the instance of the partners representing the true terms

eed upon by the partners for the employment of the claimant Shri rtirmoy Ghosh. I, therefore, accept the letter, Ext. 1, as true and horitative. From the letter it is clear that the Company agreed to pay worker Shri Jyotirmoy Ghosh additional three months' salary as fixed us annually after completion of the probationary period of three months, spective of the question of loss and profit in any year as a condition of service. That it was so is apparent from the fact that such three months' ry was paid to him in September and October 1951 for the accounting r 1950-51 as admitted on all hands, as also from the fact that the mant received Rs. 150 in July 1952 as advance against such claim of e months' salary as fixed bonus for the accounting year of 1951-52. Of rse, the then Accountant, D.W.1, who has been examined on behalf of firm, suggested that the said payment of Rs. 150 was made not as an ance towards such claim, but it was a simple advance. But he has not n supported by production of records of the Company. Although it was cifically stated in the statement of claim that the petitioner Jyotirmoy sh received the amount of Rs. 150 as advance against claim on this d, it was not specifically denied in the written statement of the mpany. So the evidence of the Accountant which is unsupported by the ords of the Company cannot be accepted. So I find nothing to resist claim of Shri Jyotirmoy Ghosh for additional three months' salary as d bonus for the year 1951-52 on the basis of the letter of appointment, t. 1. I may also note that the firm has not produced any paper to show t, as a matter of fact, it did not earn profit in that year.

As regards claim of salary, it has already been found that Shri otirmoy Ghosh has worked till 7th November 1952, and as such he is itled to salary up to 7th November 1952. His claim for salary for the ole month of November 1952 cannot be sustained merely because his ice was terminable on one calendar month's notice. He will, however, salary of one month in lieu of notice. As has been already stated, his ry including dearness allowance at the date of discharge was Rs. 115 month. Besides, as he has been retrenched, I think, he should get month's salary as compensation in place of two months as claimed, in of the fact that he put in only two years' service at the date of harge, and also having regard to other circumstances. So to be precise d that he should get Rs. 601-13-4 (equivalent to five months and seven s' salary at Rs. 115 per mensem *minus* Rs. 150 taken as advance from Company, *i.e.*, Rs. 451-13-4. The Company is directed to pay the unt to Shri Jyotirmoy Ghosh within one month from the date when the d becomes enforceable. I make the award accordingly.

By Government order No. 1907Dis./13L-28/52, dated 16th July the aforesaid dispute was referred to this Tribunal for adjudication Union filed its written statement on 14th August 1952 and the Co filed its written statement on 29th August 1952. The case was taken u hearing on 17th February 1953.

The Union claimed dearness allowance for the workers at the ra Rs. 40 per mensem and also prayed to the Court for recommending scale of wages as per 1951 Press Award and also prayed that the Com may be directed to adopt the same principles as regards condition of s as in the Press Award including the condition of service that the wo may be deemed as permanent on completion of one year's service. Union also contended that the discharge of the workers Nanda Chakravarty and Abdul Samad is illegal and prayed for their reinstate with compensation.

The Company, on the other hand, contended that the worker A Samad was dismissed after repeated warning when he was found to b corrigible and so he is not entitled to reinstatement or compensation regards Nanda Gopal Chakravarty the Company's case is that he may his duty but he is not entitled to any compensation. The Company

contended that in view of the present financial position of the Press the Company cannot afford to pay any more dearness allowance, that the Press has got its own rules and regulations which are fair and consequently the rules and regulations prescribed by the Press Award are not applicable to it.

The issues framed by the Government in this case were the same as the issues framed by this Tribunal and they were as follows:—

(1) Dearness allowance.

(2) Scale of wages.

(3) Conditions of service.

(4) Permanency.

(5) Whether the discharge of the following workers was justified and to what relief they are entitled:—

(1) Nani Gopal Chakravarty.

(2) Abdul Samad.

AWARD.

During the hearing of the case the parties came to terms with the *bona fide* intention of maintaining industrial peace. At the request of both parties the terms settled between them were noted in the order-sheet with both parties' consent. These terms are given in the schedule attached to this Award. The terms are fair and acceptable. This will help in maintaining industrial peace. The terms are, therefore, accepted as settling all the aforesaid issues in dispute. I, therefore, accept the terms and give my final Award in terms thereof in respect of the issues. The petition of compromise will form a part of this Award. The employer's statement of date referred to in the compromise will also be found in the schedule of the Award and this statement will form a part of the Award.

AWARD.

By order No. 1924Dis./D/11L-166/52, dated 21st July 1952, the Government of West Bengal, Department of Labour, referred the aforesaid industrial dispute to me, appointed to constitute an Industrial Tribunal, for adjudication, under section 10 of the Industrial Disputes Act, 1947, regarding the matters specified in the schedule below:—

Schedule.

(*i*) Whether the discharge of Sew Narain was justified.

(*ii*) What relief is he entitled to?

The Union's case is that Sew Narain, being a semi-skilled and efficient worker, was induced by the management to join in this concern, but on 5th April, 1952, the management discharged Sew Narain summarily without any notice and without giving any reason for such acted illegally, arbitrarily and in violation of the principles laid down in the Standing Orders or by Industrial Tribunals. The Union took up the matter to the Labour Directorate, and there were joint conferences on 2nd June 1952 and 27th June 1952, but no settlement could be arrived at. And, hence this reference for adjudication of the dispute. It is prayed that Sew Narain be reinstated with effect from the date of his illegal discharge with pay and compensation.

The facts as stated by the Company are as follows. The Company had appointed as its miller one Shri Balwant Roy Sarma on 1st March 1950. At Shri Sharma's request Sew Narain was given an appointment on 17th March 1950. Besides doing his usual mill work, Sew Narain was doing cooking and other household work for Shri Sharma. On 16th February 1952, Shri Sharma was dismissed because he was found working for another rival flour mill while working with the Company. Shri Sharma threatened the management with dire consequences when he left. Since his dismissal Shri Sharma was found frequently visiting Sew Narain at the latter's quarters in the Company's coolie lines. The management became apprehensive because its secret information was that Shri Sharma had a design on the Company. The Company terminated the employment of Sew Narain under Order 16 of the Standing Orders on 7th April 1952, and offered him his due notice period pay but he refused to take the payment. It is alleged that the management made its position clear to the Union and the Conciliation Officer. So the Company contends that the discharge was quite legal and it was strictly in accordance with the Company's Standing Orders and the Union's prayer for reinstatement and compensation for Sew Narain should be rejected.

As regards the first issue as to the propriety of the discharge of Sew Narain, the Company has sought to make out a case of apprehended sabotage by Sew Narain in conspiracy with Shri Balwant Sharma. Evidence in this behalf has been given by the manager Shri Sibapada Mookherjee. He states that Balwant Sharma had brought in Sew Narain to do his cooking. The Company, however, gave him an employment in the mill on Rs. 55 per month including dearness allowance, which rose to Rs. 66-14-0 at the time of his discharge. At the time of his dismissal, which was because of his connection with a rival flour mill, Shri Sharma held out threats saying that he would see how the mill could carry on its work. Sharma's brother and Sew Narain were both working in the mill at that time. Their movements became suspicious in that they were often found whispering in the screening department upstairs, although his brother's duty was in the wheat washing department downstairs. The Manager says that he apprehended that they might injure the plant shifter by removing any of the nuts. Besides enquiring why they had gone to the plant shifter section, the Manager never took any action to check their meeting upstairs or to take caution against any possible damage to its machinery or other property. He also took no action in that direction when he came to know about secret meetings of Shri Sharma with Sew Narain. Balwant's brother was discharged. The Manager says that he received reports that Balwant Sharma was visiting his brother and Sew Narain, and that after the discharge of his brother he was visiting and secretly conferring with Sew Narain after 8'clock in the night. As he apprehended from their movements that damage might be done to the mill by these men, he decided not to keep Sew Narain any longer in service. It is further stated by him that Sew Narain was called and offered one month's notice period pay, gratuity for one year's service and due wages, when he was told that he could not be retained in the Company's service any longer. It is also alleged that Sew Narain agreed to leave the Company's service but wanted a good character certificate. A certificate was typed and handed over to him and he took it away on the plea that he would show it to some gentleman, but he never returned. Shri Balwant Sharma is said to have been since arrested in connection with theft of wheat from Krishna Flour Mills. This has however no bearing in the present case. Shri Sew Narain examined by the Union, on the other hand, denies all these allegations. He says that he was called by the management on 5th April when he was told that there was no work for him and he was to leave the Company. He denies that Balwant Sharma had ever come to him in his quarters in the

cooly lines after his dismissal. He states that he never agreed to leave the Company provided he was given one month's pay and good certificate as alleged. It is also denied that the management ever agreed to pay him all that he was entitled to under the Company's rules in addition to one month's notice period pay. Assuming that Balwant Roy Sharma became a menace to the Company after his dismissal, there is no evidence to prove that he had had secret meetings with Sew Narain in the latter's residence. None of the Company's men who are alleged to have reported to the Manager was examined to say that Shri Balwant and Shri Sew Narain were found secretly conferring at night. There is no evidence suggesting any overt act, even in course of about two months. The suspicion against Sew Narain cannot be said to be well founded. Sew Narain was cooking food for Balwant Sharma while in employment in this Company as well as before that. So his visits to Sew Narain after the day's work, even assuming that he did so, cannot, without move, be open to objection. Had it been so, the management must have objected to such visits and taken steps to put a stop thereto. Sew Narain was never warned against allowing Shri Sharma access to his quarters, before he was thrown out of employment without any reason being disclosed. The Company's case being one of suspected conspiracy of Sew Narain with Shri Balwant Sharma to sabotage the mill which is a misconduct of a serious nature, it should have put him on charge-sheet, and made an enquiry after giving him reasonable opportunity to defend himself. But nothing was done. The principles of natural justice were violated. The Manager has stated that he had disclosed to the Labour Commissioner the same facts as he gave out in his evidence here. But in its letter, dated the 14th May 1952, which is in the Labour Commissioner's file, the Company stated that the reason for discharge of Sew Narain was that while working in the Company's mill he had deliberately disclosed all its business tactics to some other concerns which was detrimental to its business. Even in that letter the Company did not offer to pay Sew Narain anything more than his due wages. The alleged offer of other benefits to Sew Narain does not stand. So the case now sought to be made out by the Company to justify the discharge of Sew Narain falls to the ground. His services were dispensed with for some other reason that what is disclosed before the Tribunal.

It is contended on behalf of the Company that as this is not of a case of dismissal for misconduct but one of discharge, the question of giving charge-sheet to Sew Narain or affording opportunity to him for explaining the charge does not arise. The Company has not produced its certified Standing Orders. Assuming that there is provision in the Company's Standing Orders for discharge on notice, or on payment of notice period pay in lieu thereof, and even without assigning any reason for such discharge, the scope of the enquiry by the Tribunal would be similar to that in the case of dismissal. The reason for such discharge must be stated before the Tribunal in order that the Tribunal may judge whether the action of the management was *bona fide* or was with any ulterior motive or arbitrary or there was victimisation or unfair labour practice. The requirements of *bona fides*, is essential in all such cases as in other cases of termination of services. The Company gave no notice nor any pay in lieu of notice. The reason was not disclosed to the workmen and not communicated to the Union. The reason that has been disclosed to the Tribunal at the enquiry is not the same as had been stated to the Conciliation Officer. There is no material on record which might support even the statement made to the Conciliation Officer. As I have pointed out before, the Company has, on its own case before the Tribunal, terminated the service of Sew Narain by way of punishment for misconduct. So the procedure prescribed for dismissal should have been observed. But the workman concerned was summarily thrown out of employment in violation of the principles of natural justice and by disregarding

the provisions of the Standing Orders applicable to the case. I am unable to find that the Company acted *bona fide* in discharging Sew Narain. It put into action its desire to get rid of Shri Sharma's men who were in the mill as Shri Sharma had for some reason or other incurred its displeasure. The manner in which the discharge was effected was arbitrary, and it is, in my opinion, the result of unfair labour practice on the part of the Company. Accordingly I hold that the discharge was not justified.

The relief in such a case should normally be reinstatement. But rightly or wrongly the management has lost confidence in him. So to reinstate him would be to thrust him upon an unwilling employer, and that would make his position in the Company precarious. So, I do not propose to grant him the relief of reinstatement. He is awarded conpensation for wrongful termination of service in the following terms:—

(*i*) Due wages.

(*ii*) Notice pay for one month.

(*iii*) Wages inclusive of dearness allowance for three months.

These payments will be made by the Company within a month from the date of the award coming into operation. This is my award.

AWARD.

The Government of West Bengal in the Department of Labour, by r No. 459Dis./D/11L-57/52, dated 26th February 1952, referred the strial dispute between (1) Belur Glass Works, Ltd., Puranmal Behani d, Belur, Howrah, and (2) Belur Iron Foundry and Engineering Works, anmal Behani Road, Howrah, and their workmen to this Tribunal for udication. The award was published in the *Calcutta Gazette, Extra- nary*, dated 24th September 1952.

Kali Parshad and 12 other workmen of the Belur Glass Works applied ler section 33A of the Industrial Disputes Act on 14th August 1952 that were dismissed by the Company during the pendency of the proceedings the Tribunal without obtaining the permission of the Tribunal. This was registered as case No. 94 of 1952 under section 33A. Santi Ranjan and six other workmen of the Belur Glass Works applied under n 33A of the Industrial Disputes Act on 19th September 1952 com- ing that they also had been dismissed during the pendency of the edings before the Tribunal in violation of section 33 of the Industrial utes Act. This case was registered as case No. 127 of 1952 under on 33A. In both the cases the Company filed written statements to that on 8th June 1952 the "Coal and Oil" furnace of the Glass Works down rendering about 125 workmen idle, that the said furnace could be replaced and the Company had no other alternative than to discharge ge number of workers including the 13th men in case No. 94 and 4 men ase No. 127. It is further stated that 3 men in case No. 127, viz., Ranjan, Arun Dutta and Satya Chakravorty were discharged for nting themselves without notice. These two cases were heard together the sake of convenience.

After the case was heard in part, the Company filed an application stati that it will re-employ the 20 applicants gradually within 30 days from t date of the application. This application appears as Appendix A to th award. The applicants through their representative, Shri Patit Pab Pathak, accepted the terms of the statement filed by the Company Appendix A and prayed for an award in accordance therewith. I acc the terms of the statement in Appendix A and award accordingly. It further directed that the period of non-employment of the workmen who actually re-employed in accordance with Appendix A shall be consider to be leave without pay. The applicants in their statement accepting terms of Appendix A, which appears as Appendix B to this award, a assured that normal production will be maintained by them. I hope th will remember this guarantee and see that production in the Company do not suffer. Petitions in Appendix A and Appendix B shall form part this award.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Satrughna Nayak and others against Messrs Belur Glass Works Ltd. and Belur Iron Foundry and Engineering Works.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the Company: Shri S. C. Sen, Advocate, and Shri J. K. Ghose, Advocate.

For the Complainants: Shri Patit Paban Pathak and others.

AWARD.

The Government of West Bengal referred the industrial dispute between (1) Belur Glass Works Ltd., Puranmull Behani Road, Belur, Howrah, and (2) Belur Iron Foundry and Engineering Works, Puranmull Behani Road, Belur, Howrah, by order No. 459Dis./D/111-57/52, dated 16th February 1952, to this Tribunal for adjudication. The award of the Tribunal was published in the *Calcutta Gazette, Extraordinary*, dated 24th September 1952.

Satrughna Nayak and 35 other workers of the Belur Iron Foundry and Engineering Works applied on 23rd August 1952 under section 33A of the Industrial Disputes Act complaining that during the pendency of the Tribunal proceedings the management changed the condition of their service by reducing their rates of wages and by making some of them work under contractors. The Company appeared and stated in reply that the reduction in rates which the applicants complain of was effected at a date prior to the order of reference. It is further stated that amongst the 36 applicants 31 were on piece-rates, as mentioned in Annexure A of the supplementary written statement and 5 on daily-rates as mentioned in Annexure B of the written statement. It is stated that the piece-rates were reduced on 1st February 1952 and the daily-rates on 1st February 1952. It is, therefore, pleaded that these reductions of rates at a date prior to the date of reference did not contravene section 33 of the Industrial Disputes Act and that the present application was, therefore, incompetent. The Company admits that some of the applicants had been placed under the supervision of contractors, but argued that this did not cause any prejudice to the workmen concerned. The points that arise for decision are as follows:—

1. Was there any reduction of rates of wages of any of the applicants during the pendency of the proceedings before the Tribunal?

2. Was the services of any of the workmen placed under contractors

DECISIONS.

Point No. 1.—The award of the learned Tribunal shows that it was admitted by the parties during the trial that the rates of wages of workmen in the Iron Foundry were reduced with effect from 13th February 1952 and the learned Tribunal directed that the Company should revert to the old rates with effect from the date when the rates were reduced. It is, therefore, clear that no complaint under section 33A of the Industrial Disputes Act is competent with regard to the reduction of rates of wages of workmen in the Iron Foundry and what is more, as the learned Tribunal has alerady ordered for reversion to old rates, no complaint is necessary even if it was competent.

Point No. 2.—It appears from Exhibit A that an order was passed by the Company appointing a contractor, Dhanpat Singh in the Chipping Department. It appears that this order was made on 10th February 1952, *i.e.*, at a date prior to the date of reference of the dispute to the Tribunal. It appears, therefore, that some workmen in the Iron Foundry and Engineering Works were placed under contractors with effect from a date before the date of reference, and this action of the Company was not therefore attracted by section 33 of the Industrial Disputes Act. The learned Advocate for the Company assured me that the workmen will not be prejudiced for being placed under contractors inasmuch as they will continue to receive the same rates of wages as under the direct employment of the Company and that therefore they have nothing to complain. As the employment of the contractor over the workmen was made at a date prior to the date of reference, this Tribunal cannot interfere in the matter under section 33A of the Industrial Disputes Act. I shall, however, make the following provisions to safeguard the interest of the workmen with the consent of the Advocates of the Company:

The Company shall be responsible for ensuring that the workers under the contractors get the same wages and other privileges as they were entitled to enjoy under the Company as per award of Shri A. Das Gupta, dated 24th September 1952.

The application be disposed of accordingly.

No. 1493Dis./D/10L-19(B)/53.—4th May 1953.—Whereas under the Government of West Bengal, Labour Department, order No 1724Dis./D/10L-72(A)/52, dated the 21st June 1952, read with its Addendum No. 2402/Dis./D/10L-72(A)/52, dated the 27th August 1952, the industrial dispute between the Calcutta Electric Supply Corporation Ltd., "Victoria House", Calcutta, and their workmen represented by the Calcutta Electric Supply Writers' Union, 35/B, Wellington Street, Calcutta and the Calcutta Electric Supply Corporation Mazdur Union, 249, Bowbazar Street, Calcutta, regarding the matters specified in the schedule to the said order, dated the 21st June 1952, was referred for adjudication to the Fifth Industrial Tribunal.

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between the Calcutta Electric Supply Corporation Ltd. "Victoria House", Calcutta,-1, and their workmen represented by the Calcutta Electric Supply Workers' Union, 35/B, Wellington Street, Calcutta, and the Calcutta Electric Supply Corporation Mazdoor Union, 249, Bow Bazar Street, Calcutta.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *District Judge, Fifth Industrial Tribunal.*

Present for the Union: Shri Niren Dey, Counsel, instructed by Shri Deven Sen, General Secretary of the Calcutta Electric Supply Workers' Union, and Shri Sadhan Gupta, Counsel, instructed by Shri R. Niyogi of the Calcutta Electric Supply Corporation Mazdoor Union.

Present for the Company: Shri S. Choudhuri, Counsel, instructed by Shri S. K. Mullick, Solicitor of Messrs. Sandersons and Morgans, Solicitors.

1. By Government order No. 1724Dis./D/10L-72(A)/52, dated the 21st June 1952, the aforesaid dispute has been referred to the Fifth Industrial Tribunal under sections 7 and 10 of the Industrial Disputes Act 1947 (XIV of 1947), for adjudication. The said Fifth Industrial Tribunal was constituted under notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 23rd June 1952. The Union filed written statement on 10th July 1952. The Company filed written objections on 15th August 1952. The new Union added by Government order No. 2402Dis./D/10L-72(A)/52, dated the 27th August 1952, filed written statement on 4th October 1952. The Company filed supplementary written objection on 23rd October 1952. The case was taken up for hearing and continued to 27th February 1953. Then after an adjournment it was resumed on 17th March 1952 and 18th March 1953 when the arguments were concluded. The award was reserved.

3. The issue contained in the schedule to the order of reference stands as follows:—

"Bonus for the year 1950."

AWARD.

The Workers' Union has claimed one additional month's bonus besides one month's bonus already granted for the year 1950. The Mazdoor Union claims bonus to the extent of two months' salary with one-fourth as dearness allowance besides what has been given for 1950. The Company resists the claim in excess of one month's salary given as bonus in the year 1950.

No oral evidence has been adduced in the case. It is necessary to follow the view points of each side so that the matter can be fully grasped. The Company resists the claim for further bonus on the following grounds:—

These are namely—

(1) If further bonus is granted, that is bound to act prejudicially on the consumers. The rates may be revised and raised.

(2) Profits, if any, during the year 1950 have accrued primarily due to increased introduction of machineries and more mechanisation. The workers cannot be said to have contributed much towards the earning of profits. So their claim for bonus can hardly be sustained.

(3) There is no fund available out of which bonus can be given. The funds have been appropriated in conformity with the provision of the Electricity (Supply) Act, 1948 (LIV of 1948), which has been applied to the present concern in 1949.

The Company contends that special appropriation comes under the head of expenditure in the Sixth Schedule, under clause XVII(2)(c)(vi). Bonus cannot be injected into an item of that schedule. It refers to the award of the Hon'ble Labour Appellate Tribunal of India in the case of Bombay Suburban Electric Supply Ltd. and their workmen, at page 195, Vol. II, L. L. J., August 1952. The Company also contends that the claim of bonus cannot be given out of "reasonable return," and refers to the same award. Regarding the excess profits over "reasonable return," the Company refers to certain Government correspondence by which special appropriation has been made. So that also cannot be touched.

Against this, the Union contends that the apprehended reaction on the consumers is a mere bogey. Next as many as 5,000 employees consisting of operatives and clerks were at the three generating stations at the Installation and the Head Office. There are 88 covenanted officers and there are 7 departments. The Union refers to the award of the Hon'ble Appellate Tribunal of India in Appeal No. Cal. 146 of 1951, para. 12 in this connection. In spite of mechanisation, it is argued, the workmen are to render their best effort and so they are entitled to have bonus if there are trading profits in the year. The learned Counsel on behalf of the Union also contends that there is no reason why the bonus cannot be given even as wages under the head of expenditure, under clause XVII(2)(b) of the Sixth Schedule of the Electricity (Supply) Act, 1948.

Let me consider how far I can accept the contentions of the respective sides, and let me determine how much further bonus, if at all, can be granted in the present case. I do not accept the contention of the Company that in the event of granting further bonus, out of clear profits over the reasonable return, there would be repercussion on the consumers, or that the rates are liable to be raised. In clause II (7) of the Sixth Schedule referred to I get that if the clear profit in any year of account is in excess of the amount of reasonable return, one-third of such excess, not exceeding 7½ per cent. of the amount of reasonable return shall be at the disposal of the undertaking. Of the balance of the excess, one-half shall be appropriated to a reserve which shall be called the Tariffs and Dividends Control Reserve. The remaining half shall either be distributed in the form of a proportional rebate on the amounts collected from the sale of electricity and meter rentals, or carried forward in the accounts of the licensee for distribution to the consumers in future, in such manner as the

(State) Government may direct. This clear profit, under clause 1, of the Sixth Schedule must not exceed the amount of the reasonable return by more than 30 per centum of the amount of the reasonable return. So, it is clear that out of this excess 30 per cent. of profits over the "reasonable return," one-third comes to be placed at the disposal of the undertaking. If bonus be given out of that, the consumers do not stand to be affected in any way. As a matter of fact, in both the Bombay Awards, viz., one between Bombay Suburban Electric Supply Ltd. and their workmen already referred to, and the other between the Ahmedabad Electricity Co., Ltd., *versus* Ahmedabad Electricity Employees' Union and others, in appeal (Bom.) No. 364 of 1951, published in the *Gazette of India*, 18th October 1952, bonus was actually given out of this one-third of 30 per cent. clear profits at the disposal of the undertaking. So, this fear of the Company that the consumers' interest will at jeopardy if further bonus is granted is totally misplaced.

I also do not accept the contention of the Company that because of the increased mechanisation the workers' claim to bonus cannot be sustained. In most of the Engineering concerns there is mechanisation. But for that reason the claim of the workers to bonus is none the less. Mechanisation may reduce the number of hands or operatives, but does not render their contribution either nugatory or superfluous. So the workers certainly can claim bonus to which they are found entitled.

Next, I come to the third contention of the Company, viz., that there are no funds available out of which bonus can be given. I am unable to accept the contention of the Union that bonus can be given out of "reasonable return" allowed to the Company in the Sixth Schedule, under section 57 of the Electricity (Supply) Act, 1948. I can do no better than quote the words of Their Lordships of the Labour Appellate Tribunal of India at Bombay, in the Bombay Suburban Electric Supply Ltd. case referred to above in this connection—

> "It has been contended on behalf of the employees that bonus could come out of the reasonable return, but we are unable to accept that proposition. The clear profits are ascertained on commercial lines, and strictly in terms of the enactment, and deduction of bonus as an item of expenditure is not permissible anywhere in the Act although every other expenditure has been itemised. We consider it less than just that the reasonable return, limited as it is, should be saddled with the burden of bonus."

I am bound by this decision. So, bonus cannot be given out of reasonable return.

Next, I deal with the Union's contention whether bonus can be given under the head of expenditure as given in clause XVII(2)(*b*) of the Sixth Schedule referred to above. My answer will be in the negative. I refer to their Lordships' observations in the aforesaid award in this respect—

> "We doubt, however, whether it is possible to inject bonus into the items of expenditure specified in the Sixth schedule."

Their Lordships have further stated "If indeed there is a lacuna in the Act regarding this bonus, the remedy lies by way of amendment". So that source also cannot be drawn upon in the present case to give bonus to the employees.

Then I come to the case of excess profits over reasonable return. Let e consider whether bonus can be carved out of that. The learned Counsel behalf of the Company says that such excess profits have been put into e category of special appropriation as provided under clause VII(2)(c)(vi) of the Sixth Schedule above referred to. So bonus cannot be jected into this item as Their Lordships have observed. In this connec- on the Company has referred to the letter of the Government, dated /20th April 1951, No. 1374M.P., Commerce and Industries Department. this letter along with the letter dated the 27th March 1951, A.G. 187, ecial appropriation has been allowed, by the State Government. The arned Counsel, Shri Choudhuri, took up a very peculiar position in respect these two documents. He first of all called upon the Tribunal to treat ese documents as confidential and not to allow the Counsels of the other de to look into them. Then the Tribunal pointed out that section 21 of e Industrial Disputes Act, 1947, which bears on this matter, does not go far as to bar the other side from looking into the documents. The ribunal referred to the decision of the Appellate Tribunal at Bombay in e case of Goodlass Wall and Elephant Oil Mills *versus* its employees, blished in the Indian Factory Journal, Jan.-Feb. issue, 1951 at page 194, herein it is said that permission should be given to the counsel of the her side to look into the accounts produced before the Tribunal. Shri houdhuri, however, called it a wrong decision, and wanted to stick to his oint. The Tribunal thereupon refused to look into those documents if hey were withheld from the other side. Thereupon the documents were llowed to be given to the other side for reference. I do not see how hri Choudhuri could take up this unreasonable position, and that in spite the above decision of the Hon'ble Labour Appellate Tribunal of India hich binds down this Tribunal. He wants to screen this excess profit ver reasonable return by Government correspondence from being used as onus. So the other side must also be free to utilise the said documents their advantage. That is how these confidential documents stand in the resent case. However, I did not mark them as Exts. in the case, but llowed them to be kept on the record for reference.

Then I come to consider how this excess profits stand, and whether any ortion of it can be utilised as bonus in the present case. From the letter the Government, dated the 20th April 1951, as referred to above, this xcess profits stand over 2½ lakhs pound over and above the reasonable eturn. I do not give the exact figure to respect the confidential nature. ow, one-third of this normally would come to be placed at the disposal the undertaking under clause II(*f*) of the Sixth Schedule referred to bove. That would make the amount £85,000 and odd. According to the hmedabad Electricity Ltd. case (Appeal, Bom. No. 364 of 1951) three- urths of this one-third was paid as bonus. That would make the amount bonus £63,000 and odd. Now, one month's salary here as bonus is stimated to be £30,000. So if Ahmedabad's case is followed, the mployees would be entitled to two months' bonus all told. According to he Bombay Suburban Electric Supply Ltd.'s case, referred to above, ne-fourth of excess profits over reasonable return was given as bonus. hat would make the amount of bonus £63,000 and odd, exactly, what was btained in the other case. So, according to that case also two months' onus would be available. According to the Calcutta Electric Supply orporation Ltd's case, in appeal No. 146 of 1951, two months' pay was iven as bonus in respect of 1949. The carry-over at the end of 1949 was 158,506 (*vide* balance sheet). The carry-over at the end of 1950 was £158,764. So practically there is hardly any difference between the carry- ver at the end of 1949 and 1950. Their Lordships of the Hon'ble Labour ppellate Tribunal of India, in the Calcutta appeal, mainly based two

months' bonus on the amount of carry-over of the concern. In that vie also two months' salary should be given as bonus in 1950. I am bound b all these three decisions which bear on the matter of application of th Electricity (Supply) Act, 1948, to the concerns of electricity regardin bonus. I have the advantage of these decisions for adjudication of th present case.

Now, it was the contention of the Union that while Their Lordship decided the Calcutta case, they were not aware that Government allowe half of £428,144 for the year 1949 to be appropriated. The other hal remained unappropriated, (*vide* Directors' report of the year). If Thei Lordships were aware of this position with regard to this rebate of income tax, it is argued by the Union that Their Lordships might have considere to give further bonus in 1949. In respect of the rebate of income-tax i 1950, the position is almost identical (*vide* Directors' report of 1950). S the Union called upon the Tribunal to go beyond what Their Lordship have given in the Calcutta case. Of course, this change in positio regarding this Income-tax rebate would go to augment the carry-over a the end of the year on which Their Lordships took their stand in th Calcutta case. But that will not materially alter the situation. In view of the two Bombay decisions referred to, this special appropriation come under the head of expenditure of the Sixth Schedule, and bonus cannot b injected into it. So this cannot have any material bearing on the amoun of bonus in question. In this view of the matter I think the Union's clai for further bonus of one month can only stand. The claim of dearnes allowance of the other Union or of three months' bonus is turned down

The learned Counsel on behalf of the Company contends that bonu cannot be given out of this excess profits because under the said confidentia correspondence of the Government this amount of excess profits has bee put into the category of special appropriation, as per clause XVII(2)(c) of the Sixth Schedule of the Act. Of course, the letter, dated the 20th April 1951, would support such contention made on behalf of the Company. But I do not see how Government is competent to make this excess profit over reasonable return to be appropriated under the above clause as special appropriation. This excess profit would come to be divided under clause II(*f*) of the Sixth Schedule of the Act, namely, one-third part of it will go to the undertaking, and of the balance of the excess, one-half will go to the Tariffs and Dividends Control Reserve, and the other half may be distributed in the proportional rebate, etc. So, the Government is entitled to direct, if at all, in case of this one-third which goes to the consumers. Government have no control over the rest for which there is the Statutory direction. So, the legal position should be that bonus can be given out of that portion of the excess profit which goes to the undertaking under clause II(*f*) of the Sixth Schedule above and this in spite of the direction of the Government to the contrary. But as this document in question is a confidential document, I cannot give any such direction. What the Government evidently had in mind was the amount of the income-tax rebate in respect of which the Company wanted permission for special appropriation. So the letter, dated the 20th April 1951, ought to refer to that amount or even to the amount which is left unappropriated, but certainly not to this excess profit over reasonable return in respect of which the Statute must rule supreme. Be that as it may, I am not very much concerned with the above correspondence particularly, as it is confidential. The learned Counsel of the Union Shri Niren Dey was very reasonable in this respect. He frankly stated that he did not like to embarrass the Government or the Company in this respect. He was prepared to take the bonus award of this Tribunal subject to that fund

being available according to the ultimate decision of the State Government. That will practically absolve me finding out the source from which the award of bonus will be recouped. But I do not like to make my award tentative in this respect. I have found legally that this one month's salary of further bonus will be made available from the excess profits over the reasonable return of 1950. I dispose of the issue accordingly.

In the conclusion I cannot help remarking that though eminent counsels were engaged on both sides, they gave out more heat than light. Their arguments could not be as illuminating and helpful as I expected them to have been. But I did not feel much difficulty, because I had the benefit of three relevant decisions of the Hon'ble Labour Appellate Tribunal of India as a guide.

The Company is directed to pay one month's basic pay as additional bonus for 1950 within two months of the award coming into operation to the employees in question.

SHRI MATISH CHANDRA BANERJI, *District Judge (retd.),*
Judge, First Industrial Tribunal.

AWARD.

The Government of West Bengal, in the Department of Labour, by Order No. 3202Dis./D/11L-212/52, dated 18th November 1952, referred under

sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Cooke & Kelvey, Ltd., 20, Old Court House Street, Calcutta, and their employees represented by the Cooke & Kelvey Workers' Union, 7, Katuakuti Lane, Bhowanipore, Calcutta-25, regarding the matters specified in the following schedule, to this Tribunal for adjudication:—

Schedule.

1. Provident Fund.
2. Leave: Privilege leave, sick leave and casual leave.
3. Rules regarding service conditions.
4. Bonus.
5. Medical aid.
6. Rate of payment for overtime.
7. Dearness allowance.
8. Wage: Piece-rated workers, distribution of work among piece-rated workers.
9. Method of calculating wages.
10. Maintenance of rate books.
11. Gratuity.
12. Pay and scale of pay.

Notices were issued to both parties and they filed written statements stating their respective cases.

Messrs. Cooke & Kelvey is an old and reputed firm of watchmakers, jewellers and silversmiths. It was started in 1858 by two European gentlemen Messrs. Robert Thomas Cooke and Charles Kelvey. Since then there had been several changes in the partners and ultimately from 1944 to 1946 the partners were Mr. William Gordon Deeks and Mr. Cycil Arthur Binns. In 1946 Mr. Kishorilal Khemka purchased the assets of the goodwill of the said firm and thereafter converted the company into an incorporated public limited company under the Indian Companies Act on 22nd February 1947. The said company actually took over the business and carried on the same with effect from 1st November 1946.

It appears that the workmen of the Company formed a Union on 19th April 1952, had it registered under the Trade Unions Act on 13th August 1952, and soon after placed a charter of demands before the Company, upon which this reference has been based.

The Union in its written statement states as follows:

The Company employs about 75 workmen who are paid either on monthly rate or on piece-rate basis. Monthly rate and the piece-rate are both extremely low and the piece-rated workers, though subject to all rigidities of attendance and departure, late coming, etc., are not paid any wage for the day when there is no work. The piece-rate workers are not even paid the rate suggested by them though about three times the same is charged by the Company from the customers. The employers in distributing the work to the piece-rate workers are not always fair and while some suffered from want of work others

ere given regular supply of work in sufficient quantity. The Company does ot keep any register of the helpers employed with the ulterior motive of epriving them of their retiral and other benefits. The helpers are not llowed any leave or holiday. The Union also states its demands on each of ie issues referred which will be considered in detail in the decision of the sues.

The Company in its written statement states as follows:—

As the present Limited Company started its business in November 1946 ie service of all workmen under the Company must be deemed to have mmenced on 1st November 1946, and they are, therefore not entitled to et any benefit of their past services, if any, under the old firm. The Com- any employs 44 employees paid on monthly wage. The Company also ngages other persons for repairing watch and manufacturing jewelleries n contract basis. Their number is at present 29 as mentioned in nnexure B to the written statement. These persons mentioned in nnexure B are not workmen as contemplated under the Industrial Disputes ct but they are petty contractors. There is no contract of service with iem. For this reason this reference is confined to workmen who are all n monthly rates and not to the petty contractors in the watch and clock and wellery departments. The monthly-rated workmen are mentioned in the nnexure A of the Company's written statement. Subject to these observa- ions the Company replied to the demands of Union in respect of the issues ientioned in the schedule to the order of reference which will be considered n detail in the decision of the issues.

The appearances for the parties were as follows:—

'or the Union: Shri D. L. Sen Gupta, Advocate and Shri Susil Das Gupta, Advocate, instructed by Shri Satindranath Roy Choudhury, President and Shri Asoke Das Gupta, Vice-President.

'or the Company: Shri S. C. Sen, Advocate, instructed by Shri J. C. Sharma, Secretary of the Company.

The issues framed are the same as those mentioned in the schedule to the rder of reference and are as follows:—

Issues.

1. Provident Fund.
2. Leave: Privilege leave, sick leave and casual leave.
3. Rules regarding service conditions.
4. Bonus.
5. Medical aid.
6. Rate of payment for overtime.
7. Dearness allowance.
8. Wage: Piece-rated workers, distribution of work among piece-rated 'orkers.
9. Method of calculating wages.
10. Maintenance of rate books.
11. Gratuity.
12. Pay and scale of pay.

DECISIONS.

Issue No. 8.—Wage: Piece-rated workers, distribution of work amon piece-rated workers.

Issue No. 9.—Method of calculating wages.

Issue No. 10.—Maintenance of rate books.

These issues relate exclusively to the piece-rated workers of the Co pany who have been described in the Company's written statement as pet contractors, and not workmen. According to the Union's claim the oth issues also relate to this category of workers in addition to the monthly-pa workers but these three issues relate only to the workers who have been des nated as piece-rated workers by the Union. The claim of the Union issue No. 8 is that the piece-rated workers are extremely hard hit and the wage structure, namely, their rates, should be revised and there should an increment of 50 per cent. over the existing rate with the provision th the company shall have no authority to disturb or otherwise arbitrarily the rate in supersession of what was suggested by the workman himself a there should be a guaranteed minimum of Rs. 125 per month. It further claimed that in days of no work when the employee is made attend he should be paid the daily guaranteed minimum. It is also clai ed that a reduction of 10 per cent. wage which is now levied should discontinued and the money so deducted should be refunded immediate It is further suggested that a Committee of five elected representativ should be formed for equitable distribution of work.

In Issue No. 9 the Union states that the workmen of the Company a extremely disappointed over the method of calculating wages, and the suggest that when a job is accepted the workman before completion, shou know his remuneration for the same and it should not be a matter absolut ly in the hands of the employers.

In connection with Issue No. 10 it is stated that the complaint a remedies suggested in Issue No. 9 can only be given effect to if the co pany maintains a rate book for each worker in which his rate for ea work will be faithfully noted, so that at the month's end there may not b any confusion over the matter. The workman should be supplied wit the rate book to be kept in his possession and the corresponding entries ma be made in the Company's register.

In reply, the Company states that the rate which the petty contracto receive is fixed by themselves at the time of undertaking each job by the and the earnings they make is fair and proper and the Company cannot co cede to the demand of 50 per cent. increase of these rates. The Company d not mention any reply to Issues Nos. 9 and 10 on the ground that the cla under those heads required further clarification. Before taking up th decision of these issues it is necessary to consider the basic question as t whether the workers mentioned as piece-rated workers by the Union a named in Annexure B to the Company's written statement are workme under the Company or petty contractors. There cannot be any doubt th if these workers are not workmen under the Industrial Disputes Act b merely contractors for specified jobs allotted to them, this Tribunal woul have no jurisdiction to entertain any question regarding terms and cond tions of their employment by the Company. The piece-rated workers w be considered as workmen under the Act if there is a relationship of maste

servant between the Company and them. The distinction between a vant and an independent contractor in relation to an employer will be r from the following authoritative extracts:—

"* * * * * The law of employment, whilst regarding the relation of the employer and the employed as personal in character, is, on analysis, seen to distinguish between such kinds of employment as bind an individual to the exclusive service as another by whom during that service is controlled, and those which, only temporarily and for a strictly limited purpose, impose upon an individual the duty of doing something in aid of another, leaving to the individual who chooses to perform the duty required of him the manner in which that duty shall be carried out". (Master and Servant by Barwell & Kar, page 32).

page 33 of the same book the following passages occur which clearly inguish between the two kinds of employment mentioned above:—

"The relative law of employment in India, as in England, distinguishes between these two kinds of employment, and therefore that which creates the particular relationship will in the first of the abovementioned groups be styled a Contract of Service, and in the second set of examples, as a Contract of Services.

A person entering into a Contract of Services, strictly so regarded, is only intermittently employed, e.g., every time a patient calls in a medical practitioner or visits the latter's consulting room. The doctor holds himself out to attend such ailing persons generally as will consent to the conditions he imposes including the payment of whatever fees he chooses to charge. In other words he is an independent contractor, who only sometimes is brought into the category of a person 'employed' by someone. He is unrestricted in the manner in which he performs the duties which he undertakes, and he owes not the duty of obedience to his employer. In like manner, though the employment of an architect, or of a solicitor, may be more prolonged, neither of them is debarred by the nature of his contract from carrying out his duties in the manner which seems proper to him and in conformity with professional propriety and professional custom. Thus, in contemplation of law, neither of them are the 'servants' of those who employ them, but are as much 'independent contractors' as are medical practitioners and dentists."

has been laid down in some cases that to distinguish between an inendent contractor and a servant the test was whether the employer ined the power of controlling the work and broadly stated, a contract service does import that there exists in the person serving under the ract an obligation to obey the orders of the person served. A servant person who voluntarily agrees during the period of his service to obey lawful orders and directions of another in respect of the work to be e by him. The test is the right of control. It is now to be seen ether the 29 persons mentioned in Annexure B to the Company's written tement who were engaged for repairing watch and manufacturing rolleries on piece-rate basis are contractors or servants of the Company. appears to me that this question is the most important issue raised by Union before the Tribunal.

P.W. 1 Santosh Kumar Mullick, a piece-rated watch repairer deposed the Union and O.P.W. 1 Jagadish Sharma, the Secretary of the Comny, deposed for the Company. Documents, Exts. 1 to 3 were marked

exhibits for the Union and documents, Exts. A to H, were marked exhib for the Company. P. W. 1 Santosh Kumar Mullick states that the pie rated workers are subject to discipline of the Company and are taken task if they do any wrong in work, in attendance or otherwise, and t the 29 workers mentioned in Annexure B to the written statement of t Company, are employed on piece-rate basis by the Company. The pie rated workers are granted ten days' leave in a year under the Factories A but no wage is paid to them for that period of leave. Monthly-rat workers are allowed leave with wages. The monthly-rat workers are getting bonus of one month's pay even now but piece-rat workers were given bonus till 3 years ago. They are not paid any bon now. There are fixed rates of remuneration for certain specified jobs do by the piece-rated workers and the wage rate for works which require fi workmanship and greater skill are fixed for those individual items at high rates according to the magnitude of work and the skill involved. T distribution of work to piece-rated workers is not uniform and there some who get very meagre income at times. In cross-examination t witness admits that the Company has got specified rates for certain spe fied jobs and whenever any watch comes for repair work it is shown to piece-rated repairers and they specify their own rate for that work. Th rates are put on slips of paper by the workers themselves. These pap are called job cards. Exts. A to A5 are six job cards signed by the witne It does not appear that the rates put by this witness in these job cards w not paid to him. As regards attendance the witness says that till 1951 piece-rated workers used to note their attendance in a register showi hours of arrival and departure. After September 1951 the attendance noted by the Company's officers but no hour of attendance and departu is noted. Ext. B is the attendance register of the piece-rated worke which shows that till September 1951 these workers attended the Company workshop at various hours ranging from 9 to 1-30 p.m. They also depart at various hours at 4-30, 5-30 or 6 p.m. From September 1951 only t presence or absence of these workers were noted by the Company's officia It is admitted by this witness that the time for work of the monthly-rat workers is from 9-30 a.m. to 5-30 p.m. The evidence of O. P. W. 1 sho that the time of attendance for the factory is from 9 a.m. to 5-30 p.m P. W. 1 admits that till September 1951 the piece-rated workers came 11 a.m. or later and the Company permitted that, and this occurred becau the workers had to do some urgent work at home which caused the del in attendance. The remuneration of this witness in 1951 ranged accordi to his evidence from Rs. 164 to Rs. 332 per month, and this fact appea from the statement, Ext. H, filed by the Company which shows the bas pay and dearness allowance of the monthly-rated workmen and the month earnings of the piece-rated workers from 1st April 1951 to 31st March 19 P. W. 1 further states that clock repairers P. Dutt, Probodh and Gop Mullick bring their own assistants to the factory to help them and th these helpers are paid by the workers who bring them and not by the Co pany, and the Company does not object to the piece-rated workers bringi helpers. On the contrary, it encourages them to bring helpers for t purpose of greater outturn of work. It is also stated that Sudhir Karmaka silversmith, has got as many as six assistants to help him who are paid him. It appears from Ext. H that Sudhir Karmakar, who has six assi ants to help him, earned Rs. 18,258 in the year 1951-52. O. P. W. Shri Jagadish Sharma states in his evidence that the attendance for t factory is from 9 a.m. to 5-30 p.m. and the contractors as well as t paid workmen are expected to be present at the scheduled hours, that t paid workmen come to their work at the stipulated time, i.e., 9 a.m., t the petty contractors come to work at their sweet will and the Compa

ever objects to that. The learned Advocate for the Union drew my attention to job cards, Ext. G series, where there is a printed item showing workman's name". From this printed item the learned Advocate argued that the piece-rated workers whose names are mentioned there, were workmen under the Industrial Disputes Act and not contractors. I do not, however, consider that because the Company described the person who did the job in the job cards as workman, the worker becomes a workman under the Industrial Disputes Act. It, therefore, appears that the piece-rated watch and clock repairers, jewellers and silversmiths who work in the Company's factory under conditions in which the following circumstances are present:—

(1) They attend the Company's factory at hours suited to their own convenience and not at hours specified by the Company's rules.

(2) They quote their terms of payments for jobs done by them and it appears in most cases the Company pays them as they charge.

(3) They bring their assistants and helpers to help them in the execution of their work received from the Company and these assistants and helpers are paid by themselves and not by the Company.

(4) They take their work home to perform it.

In the case reported in 1953(1) L.L.J. page 329 the Hon'ble High Court of Bombay observed "as the Bidi makers were paid by piece work and take their work home the facts were not consistent with the relationship of master and servant". The piece-rate workers are not paid any dearness allowance although the monthly-rated workers of the Company are paid dearness allowance as it will appear from Ext. H. The monthly-rated workers are paid bonus at one month's basic wage every year and it is admitted by M. P. W. 1 Mr. Sharma that till 1951 the piece-rated workers were paid a lump sum of Rs. 25 or Rs. 30 by way of *ex gratia* payment. I do not consider that this payment to the piece-rated workers would alter the character of their service under the Company. Considering all these circumstances, I have no doubt that the 29 piece-rated watch and clock repairers, jewellers and silversmiths as mentioned in the Annexure B to the Company's written statement, are not servants of the Company and therefore they are not workmen within the meaning of the term in section 2(*s*) of the Industrial Disputes Act. The workers mentioned in Annexure B to the Company's written statement are therefore independent contractors with "contract of services" under the Company. The Union is not entitled to raise any dispute regarding any terms and conditions of services of these persons with the Company in this proceeding. No dispute can also be raised in respect of these persons in view of the definition of "industrial dispute" in section 2(*k*) of the Act, in accordance with the decision of the Full Bench of the Hon'ble Labour Appellate Tribunal in 1952 L.A.C. 198. The inevitable conclusion is that as the industrial dispute referred to this Tribunal is between the Company and its employees represented by the Union, no dispute in regard to the terms and conditions of service of the independent contractors mentioned in Annexure B of the written statement of the Company has been referred to this Tribunal.

The present Issues Nos. 8, 9 and 10 which exclusively refer to the independent contractors cannot, therefore, be answered by this Tribunal. They are, therefore, not answered.

Issue No. 1—Provident Fund and Issue No. 11—Gratuity.

The Company has got only 44 time-rated employees as mentioned in Annexure A to the Company's written statement and of them a good many

enjoy supervisory status. Ext. II shows the basic pay and dearness allowance of only 29 monthly-rated workmen suggesting that the rest of the employees in Annexure A are of the supervisory status. In any case, the number of monthly-rated employees employed by the Company is very small and no Provident Fund scheme should be introduced for such a small concern. I, however, consider that there should be a gratuity scheme as a retiring benefit for the monthly-rated workmen on the following lines:—

(1) On retirement after continuous service for not less than 15 years—Gratuity at the rate of half a month's basic wages for each completed year of service, subject to a maximum of 15 months' basic wages.

(2) On retirement before completing 15 years' service by reason of superannuation or on medical grounds or owing to any other sufficient cause approved by the employer in this behalf—Gratuity at the rate of half a month's basic wages for each completed year of service.

(3) On death—Gratuity at the rate of half a month's basic wages for each completed year of service (payable to the employee's nominee or nominees or heirs), subject to a maximum of 15 months' basic wages.

(4) Basis of calculating gratuity shall be the average basic wages not including overtime allowances or any allowances, bonuses or other benefits, during the last 12 months of service on full wages.

It is contended by the Company that, inasmuch as, the present Limited Company commenced its business on 1st November 1946, the services of all the workmen under this Company should be deemed to have commenced on that date and, therefore, they are not entitled to get any benefit of their past services, if any, under the old firm in the calculation of gratuity. It is further stated that this question was raised by the workmen of this Company in the industrial dispute between this company and its workmen which was referred to Shri S. C. Dutt Gupta, Industrial Tribunal who in his Award, published in the "Calcutta Gazette", dated 1st July 1948, decided that the employees were not entitled to ask for their past services to be counted for the purpose of gratuity. In view of the decision of the Hon'ble High Court at Bombay in the case between the Bombay Garage, Ltd. *versus* the Industrial Tribunal, Bombay, reported in 1953, (1) L.L.J., page 14, it must be decided that the employer cannot deprive his employees of the benefits that have accrued to them by reason of past services merely by transferring his business to another person or to any Limited Company, for the work done by the employees is primarily for the benefit of the concern although the owner also derives benefit therefrom, and the new employer is bound to take into account the services rendered by the workers to his predecessors in title. The only condition is that the new employer is to take into account the services rendered by the worker to his predecessors in title where there is a continuity of service. This decision has been followed by a Madras Tribunal in the case reported in 1953(1) L.L.J., page 154. It is, therefore, awarded that where there is a continuity of service the Company is to take into account the services rendered by a workman to his predecessors in title for the purpose of calculating gratuity.

These issues are accordingly answered.

Issues No. 2—Privilege leave, sick leave and casual leave.

The Union in its written statement claimed privilege leave for one month, sick leave for 15 days and casual leave for 15 days with pay in a year. It

also claimed that privilege leave and sick leave shall be allowed to accumulate for two years and the workmen should be granted leave with half pay recovery on production of a Medical Certificate. The Company in its ten statement states that some of the workmen are governed by the tories Act and the others by the Bengal Shops and Establishments Act regarding leave the Company follows the provisions of these two Acts respect of the workmen governed by them respectively. It is further ed that the financial position of the Company would not justify the grant privileges better than those provided by the statutes aforesaid. For the loyees governed by the Bengal Shops and Establishments Act, 1940, leave ll be allowed according to the provisions of section 12 of that Act. They as follows:—

An employee shall be entitled—

(*a*) after every 12 months' continuous employment to privilege leave on full pay for 14 days,

(*b*) in every year, to sick leave on half pay for 14 days on medical certificate obtained from a medical practitioner registered under the Bengal Medical Act, 1914, and

(*c*) in every year, to casual leave on full pay for 10 days provided that—

(*i*) privilege leave admissible may be accumulated up to a maximum of not more than 28 days,

(*ii*) sick leave admissible may be accumulated up to a maximum of not more than 56 days, and

(*iii*) casual leave admissible shall not be accumulated.

e employees governed by the Factories Act shall get annual leave with ges under section 79 of the Factories Act, 1948. Such workers shall get ekly holidays or substituted holidays as allowed by the Factories Act. ey shall be entitled to casual leave without pay for 10 days in a year.

Issue No. 3.—Rules regarding service conditions.

The Union states that there is no rule of service in the Company and in e interest of social justice and to create a feeling of security provisions ould be made for security of service on the lines as mentioned in the written tement. On a consideration of the matter the following rules are made:—

(*a*) An employee charged with a misdemeanour entailing dismissal should be given a charge-sheet showing the offence with which he is charged and he will be given an opportunity of defending himself and in so doing he shall be entitled to take the help of another employee who may be a member of the Union.

(*b*) In effecting retrenchment the principle of "last come first go" should be followed as far as practicable, subject however to requirements of efficiency. Workers at or above the age of superannuation should be made to retire before steps are taken to effect retrenchment.

The claim of the Union that registers should be maintained for the helpers id that these helpers should be given all the benefits of the workmen under e Company cannot be allowed as these helpers are employees of the piece-ted contractors of the Company and not of the Company.

This issue is accordingly answered.

Issue No. 4.—Bonus.

The Union states that the Company is a highly prosperous concern for many years it used to pay two months' pay as bonus and that it without justification reduced the same to one month's pay paid only to monthly-paid workers. No bonus is paid to the piece-rated workers. I further pleaded that bonus is a condition of service and is payable from Company's profit and there was no justification of discontinuance of payment of bonus to the piece-rated workers. The Union claims two mon wage or average income as bonus both for the time-raters and piece-ra for Puja 1952 and for future years.

The Company states that its trading profit did not even justify the p ment of dividend to the share-holders in 1951, and since its commencem of business the Company had no surplus profits after meeting prior char according to the principles laid down by the Hon'ble Labour Appell Tribunal justifying payment of bonus. The claim that the bonus condition of service in this company is without any foundation.

Nothing has been shown to prove that the payment of bonus is a condit of service in this Company. It is admitted that the monthly-paid employ of the Company have been paid bonus also in 1952 to the extent of month's basic pay although no payment of bonus has been made to the pe contractors mentioned in Annexure B to the Company's written statemei Ext. F is the balance-sheet of the Company for the year ended 31st Mar 1951. The gross profit of the Company was Rs. 56,000 and odd and aft providing for taxation of Rs. 24,500 the net profit was Rs. 31,651-10 to t credit of profit and loss account. Dividend to preference shares at 4½ p cent. per annum was only paid and no dividend was paid to the ordinar share-holders. It does not appear that the employees are entitled to an more bonus than what has been paid in accordance with the princip enunciated by Their Lordships of the Hon'ble Labour Appellate Tribunal the Bombay Mill Owners' Association Case reported in 1952 L.A.C 433

O.P.W. 1 Shri J. Sharma admitted in his deposition that a lump sur payment of Rs. 30 or so was made to the piece-rated contractors in the watc and clock repairing and jewellery and silversmith departments as an *ex gratia* payment till 1951. The Union's claim for bonus for the piece-rated con tractors is not maintainable in this proceeding. This claim, is therefore rejected.

There cannot be a claim for a bonus scheme for future years as claime by the Union, in view of the principles laid down by Their Lordships of th Hon'ble Labour Appellate Tribunal in the Bombay Mill Owners' Associatio Case mentioned above.

Issue No. 5.—Medical Aid.

The Union states that there is no arrangement for medical aid in th Company and the workmen claim free medical advice and free medicin at Company's costs on production on the bills for the same, and that th Company should engage a doctor for attending the employees and depend ants or allow the employees the expense incurred for engaging doctor t attend the ailing employees and their dependants. The Company state that the Company's factory and shop are situated in the heart of Calcutt and within easy reach of well-equipped charitable hospitals and dispensarie run by the Government, that the Company pays heavy income-tax justifying the expectation that the Government should provide medical treatment fo the Company's employees and it, therefore, does not feel obliged to incu additional expenditure in the shape of medical aid to its employees. It

urther stated that the number of workmen under this Company would not ustify a separate arrangement inclusive of the appointment of a doctor or the medical treatment of its employees, and the financial position of he Company would not permit them undertaking of such a liability. The earned Advocate for the Union referred to the decision of Their Lordships f the Hon'ble Labour Appellate Tribunal in the case between Caltex mployees' Union *versus* Caltex (India), Ltd., reported in 1952 Labour ppeal Case 402 and claimed that the Company should bear the cost of edical assistance of the employees to the extent of one month's salary n the case of each employee as ordered in that case. I do not consider that he financial condition of this Company justifies the application of the ule in the Caltex Case. Fundamentally the grant of medical assistance s a responsibility of the State and the Company cannot be made liable for edical assistance of its employees where its factory and shop are situated in he heart of the city of Calcutta. The matter is, however, left to the dis- retion of the employers for such provision, as it considers proper, to be ade in fit cases.

This issue is accordingly answered.

Issue No. 6.—Rate of payment for overtime.

The Union states that the Company should pay according to the spirit f the legislation over the question of overtime payment at double the ourly rate of total earning for every hour and fraction thereof. The ompany replied that the Company never detains any workmen for over- me. Besides, as pointed out above, the Company is governed by two ifferent statutes, viz., the Factories Act and the Bengal Shops and stablishment Act, in respect of different types of workmen. The said tatutes make ample provision for payment of overtime work for employees, s and when required to do so. The Company's financial position would ot justify the grant of more privilege involving financial liabilities than hose provided in the said statutes.

There can be no doubt that the Company is bound to pay overtime emuneration in accordance with the directions of section 59 of the Fac- ories Act, 1948, in the case of workmen governed by that Act and section 13 f the Bengal Shops and Establishments Act, 1940, in the case of workmen overned by that Act, in respect of payments for overtime work. It is warded that the Company shall make payments for overtime work in ccordance with the provisions of these statutes.

Issue No. 7.—Dearness allowance.

The Union states in its written statement that the Company has no cientific basis of giving dearness allowance; it is arbitrarily fixed for the ime-rated workers and nothing for the piece-rated workers; the wage chart f the piece-rated, highly-skilled workers for 1939 and 1952 will show that heir income remains constant and even less. Therefore, the workmen laim for piece-rated workers a monthly dearness allowance of 0 per cent. of the pay subject to a minimum of Rs. 45 only, which is less han what has been fixed to be the minimum in Tram Company's Case by he Hon'ble Labour Appellate Tribunal. The Company in its written tatement states that it did not employ any workman on piece-rate but hat the piece-rated workers are really petty contractors who are naturally aid on contract basis, and their names have been given in Annexure B to he written statement. The Company submits that the rate which the contra- ors receive is fixed by themselves at the time of undertaking of each job nd the earnings they make is fair and proper. The Union's demand for xing an additional dearness allowance for them was not justified.

It will be seen that the claim of dearness allowance by the Union has been made only for the piece-rated employees mentioned in Annexure B to the Company's written statement who have been decided to be independent contractors and not workmen employed under the Company. This claim by the Union is rejected, as it is beyond the jurisdiction of the Tribunal to adjudicate on it. It may be mentioned that in view of the fact that the remuneration is fixed for every particular job undertaken by the piece-rated workers no question of dearness allowance does really arise in their case.

This issue is accordingly answered.

Issue No. 12.—Pay and scale of pay.

The Union states that in view of the extremely low wage for the time-rated workers, on the basis of the wellknown principle of wage fixation, some provisions as mentioned in its written statement should be made as the minimum wage of the time-rated workmen. The Company states that in view of its financial position, it is not possible at this stage to commit itself to any further future liability by increasing the wage of the workmen. The emoluments of the time-rated workers have been mentioned in Ext. H. They are not really very high. The minimum emolumnts appear to be Rs. 25 in basic pay and Rs. 25 in dearness allowance, i.e., Rs. 50 in all. The maximum basic pay is Rs. 105 with a dearness allowance of Rs. 30 and there is another employee being the driver who gets a monthly pay of Rs. 100. All other employees mentioned in Ext. H receive less than Rs. 100 as basic pay. Dearness allowance is paid to some employees at Rs. 20 and others at Rs. 25 and to one at Rs. 30. No dearness allowance is paid to the driver. On a consideration of the matter, I consider that the minimum pay should be raised. In view of the financial condition of the company it is awarded that the minimum pay should be raised from Rs. 50 to Rs. 55 in total. The minimum pay shall be at Rs. 30 in basic pay and Rs. 25 in dearness allowance. In view of the increase of Rs. 5 paid to the lowest-paid workmen, the emoluments of all the other workmen shall be raised by Rs. 5 per month. Those workmen who get dearness allowance of Rs. 25 or over per month shall have their basic pay increased by Rs. 5 per month. Those who get a dearness allowance of Rs. 20 per month only shall have their dearness allowance raised by Rs. 5. The driver who does not earn any dearness allowance shall have his basic salary increased by Rs. 5. I do not consider that any further increase of emoluments should be saddled upon the Company in view of the fact that it has not yet stabilised itself financially.

This issue is accordingly answered.

CONCLUDING REMARKS.

Although the piece-rated workers who have been found to be independent contractors could not have any of their grievances settled by this proceeding, still I consider that the discontinuance of payment of a yearly bonus by way of *ex gratia* as was used to be done till 1951 and the cut of 10 per cent. of monthly earning still being imposed on these contractors are sources of genuine grievance to them. I would recommend to the Company that in the interest of the peace of the establishment these grievances should be removed by them in exercise of their own discretion and without any delay.

No. 15.—6th May 1953.—Shri Satya Kar Gupta, Assistant Engineer, on probation, is confirmed in the West Bengal Engineering Service (Irrigation) with effect from the 27th February 1953.

By order of the Governor,

No. 16.—12th May 1953.—The Governor is pleased to extend the period of re-employment of Shri D. N. Ganguli as temporary Revenue Officer, Mayurakshi Revenue Division, for six months with effect from the 21st April 1953.

By order of the Governor,
A. B. GANGULI, Secy. (*ex officio.*)

No. 16-I.—13th May 1953.—The following draft rules and schedule of rates, which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor is pleased to propose to make for the supply of water from the Mayurakshi Canal system of the projected Mayurakshi Reservoir Project in the districts of Murshidabad and Burdwan are hereby published for the information of persons likely to be affected thereby.

2. The draft rules and rates will be taken into consideration on or after the 23rd June 1953. Any objection or suggestion with respect thereto received by the undersigned before that date will be considered:—

Rules and Schedule of Rates.

1. **Lease for a term of years.**—The country served by the Mayurakshi Canal System shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block formed under rule 1 shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by such officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for a definite part of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they shall expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, except where a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Chief Engineer shall fix from time to time the gross area for which, and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which leases have been taken for a term of years, or in which there is any prospect of such leases being taken shall be kept in the Subdivisional Canal Offices. These maps shall be drawn to a scale 32"=1 mile when such are available, and elsewhere to a scale 16"=1 mile.

6. The preliminary application for a new lease for a term of years, or for the renewal of such lease, shall be made in writing but may be of an informal nature. It may be presented and shall be received either at the Subdivisional or Sectional Canal office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands in respect of which the lease is to be granted shall be indicated on a copy of the map referred to in rule 5.

7. The Zilladar on receipt of the application shall prepare the detailed assessment paper (khasra) of the land with the aid of the district settlement map, the record-of-rights and the plot index if available. If there is no settlement map of the area, an amin shall make a sketch map and a khasra and shall measure the areas of the plots with a chain or measuring rod.

8. When the khasra is prepared the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a khatian or abstract of the khasra, and shall have the form of application, given in Appendix No. I to these rules filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been duly signed, the Zilladar shall send it to the officer in charge of the revenue division hereafter called the Revenue Officer who after scrutiny will send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Revenue Officer, with a copy of the permit for record.

10. If the cultivators of any block, with regard to which an application for a lease is being proposed, are not unanimous, and if some of them decline to sign the application the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the holders of the net irrigable area of the block have signed the application. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

11. **Covering leases.**—Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given in Appendix No. II to these rules. This application shall be signed in the presence of the Zilladar or some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures of the leading cultivators in the block in question shall be obtained and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given in Appendix No. IV to these rules, and shall at once supply water.

12. **Kharif season leases.**—If a lease for which an application has been filed for a term of years is not concluded for any reasons and water has been supplied under a covering permit, the lease shall be treated as a kharif season lease and water rates charged in accordance with item I of the schedule of rates.

Kharif season leases may be granted within the areas set apart for long leases but holders of kharif season leases will not be entitled to water until the demands of the long-leased area have been met or there is surplus water. The rates to be paid will be in accordance with item I of the schedule of rates. These leases will expire on the 15th November each year. Applications for kharif season leases may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix V to these rules. The permit for the supply of water in the form given in Appendix VI to these rules will be granted by the Subdivisional Canal Officer.

13. **Supply of water.**—The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

14. Under the forms of Irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer will give the required supply by rotation in accordance with the sanctioned tatil table and map where such exist. He is required to give the lessees written notice informing them of the periods when they will be supplied with water. No alteration is permitted in the table of rotation without the written sanction of the Superintending Engineer.

16. **Collection of water-rates.**—The rates due for water supplied shall be collected by the Revenue Officer through his staff of Zilladars, Tahsildars and peons. All khatians or demand statements shall be signed by the Revenue Officer after scrutiny in his office.

17. At the time of preparation of the khatian in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

18. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

19. For the purposes of account, control over establishment and general administration, the Revenue Officer is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Bengal Public Demands Recovery Act, 1913, the Revenue Officer is subject to the control of the Collector of the district.

20. **Unauthorised use of water and waste of water.**—If it is necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorised use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against the assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged in accordance with the provision in the schedule of rates attached to these rules.

21. Should the Divisional Canal Officer decide on making an assessment he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the Revenue Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (hereinafter referred to as the Act), shall count from the date on which the order of the Divisional Canal Officer, is received by the person assessed, which date shall be endorsed on the order.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate employed on the canal.

23. **Complaints and applications.**—All complaints or applications with respect to the supply of water, defective drainage, and generally all matters relating to the administration of the canals, shall be received on presentation at either the Divisional or Subdivisional Canal Offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Revenue Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

24. Complaints or applications with respect to corrections of the assessment, the actions of the amins in assessing and the actions of the Tahsildars and other staff employed in collection shall be received at the office of the Revenue Officer, or at the Zilladars' offices.

25. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipts of all complaints and applications shall be recorded in registers to be kept for that purpose.

26. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

27. The orders passed on all complaints or applications shall be in writing and a copy of every order shall be furnished to the complainant or applicant.

The copy of an order may be sent by registered post if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the records of the proceedings shall be obtained through the Divisional Canal Officer, who may endorse such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, he may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is disposed of.

29. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

30. **Remissions and alterations of demands.**—Whenever the crop on any land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate, due on such crop, shall be given by the Divisional Canal Officer, provided that the person claiming such remission shall have applied for it not less than 15 days before the reaping of the crop.

31. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not in that season derived any benefit from the supply of canal water.

32. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

33. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of Divisional Canal Officer.

34. Revision of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Revenue Officer provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

35. Remissions of water-rates on account of injury to the crops caused by inundation, blight, storms or any extraordinary cause or for any other reason will only be allowed under the special orders of the State Government.

36. **Irrecoverable demands.**—The Superintending Engineer is empowered to sanction the writing-off of those demands which are reported, after due enquiry by the Revenue Officer, as irrecoverable owing to the poverty of the defaulter or his successors in case of his death, or owing to the defaulter having absconded.

37. **Cultivators' representatives.**—Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the Revenue Officer shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

38. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of the applications for leases.

(*ii*) In the measurement of the irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Zilladars any changes in the occupancy of lands under lease.

(*vii*) In assisting the Tahsildar in collecting rates.

39. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Revenue Officer may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 38 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

40. The Revenue Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

41. Applicants for single waterings for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 38 and shall receive remuneration on the same scale as in rule 39.

42. **Power to decline or cancel leases.**—Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 11th of July next following. The order to cancel a lease shall be passed before the 1st April of the year in which it is to take effect.

43. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any leases for a term of years, if on the 1st June, of any year, water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April, preceding.

Miscellaneous.

44. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependant on a canal under the following conditions:—

I. No tank shall be filled unless the water is to be used exclusively for domestic purposes or for watering cattle.

II. No tank shall be filled from which irrigation is practised.

III. No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV. No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V. No tank shall be filled unless the channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI. The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

45. Except when a public right of way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Act.

46. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Act, as a place for relieving the calls of nature is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Act.

47. When tanks which are used both for irrigation and domestic purpose are filled with canal water, a charge at the rate of Rs. 4 will be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of Rs. 8 for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorised manner.

48. No officer employed on the canals, unless, especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly or in shares with others.

Schedule of rates for water supplied from the Mayurakshi Canal System.

(1) For long leases not completed and for kharif season leases from 11th July to 15th November—Rs. 10 per acre per season.

Supply given from date of covering or season lease to 15th November of that year. The rate is due in two equal instalments on the 1st of January and the 1st February of each year: Provided that when the sum payable by a lessee is less than Rs. 30 the whole amount shall be due on the 1st of January in each year.

(2) For the unauthorised use of water—Up to Rs. 20 per acre.

For the unauthorised use of water or for the waste of water, such rate may be charged as determined by the Divisional Canal Officer under rule 20 subject to a maximum of Rs. 20 per acre. Such rate shall be due on presentation of the notice of assessment to the person assessed.

The rate for irrigation by lift, whether manual or by pump, under (*1*) will be half the rate for irrigation by flow.

ORDERS AND NOTIFICATIONS BY THE HIGH COURT AT CALCUTTA AND THE CHIEF JUSTICE.

Appellate Side

NOTIFICATION.

No. 3345G.—15th May 1953.—In exercise of the powers vested in me under Article 229(2) of the Constitution of India, I do hereby make the following rules with the approval of the Governor:—

Rules.

1. These rules shall be called the High Court Services (Revision of Pension) Rules, 1952. They shall be deemed to have come into force on 1st April 1952.

2. Rules 2 to 9 of the West Bengal Services (Revision of Pension) Rules, 1952, as promulgated with Finance Department notification No. 2222F/IP/1(10)52, dated the 11th August 1952, published in the *Calcutta Gazette*, dated the 21st August 1952, shall apply *mutatis mutandis* to all persons under the employment of the High Court, who hold a lien on a permanent pensionable post or would have held a lien on such a post had their lien not been suspended:

Provided that all persons who were in permanent and pensionable service of the High Court on 31st March 1952, shall have the option to remain on the existing rules. Where the option to remain on the existing rules is exercised, it shall be communicated in writing to the Head of the office in the case of a non-gazetted officer and to the Accountant-General, West Bengal, in the case of a gazetted officer of the High Court on or before 20th August 1953, or the actual date of retirement, whichever is earlier. The option once exercised shall be final and cannot be modified at any subsequent date:

Provided further that the expression "existing rules" appearing in the said rules shall, in the case of persons under the employment of the High Court, mean the corresponding rules applicable to them.

3. These rules shall not apply to the incumbent of the post of Registrar on the Appellate Side of the High Court, if he is a member of the Higher Judicial Service.

4. The provisions of the Finance Department memorandum. No. 2221F./F/1P/1(10)/52, dated the 11th August 1952 on the West Bengal Services (Revision of Pension) Rules, 1952, and matters connected therewith shall also apply *mutatis mutandis* to the persons under the employment of the High Court, who come under these rules:

Provided that the option allowed in sub-paragraph one of paragraph 3 of the said memorandum shall, in the case of similar High Court employees, be exercised within a period of three months from the date of publication of these rules in the Official Gazette.

P. CHAKRAVARTTI,
Chief Justice.

The 20th December 1952.

*A further notification in respect of the posts of the Registrar, Master and Official Referee and Registrar-in-Insolvency on the Original Side of the Court will follow.

Original Side

NOTIFICATION.

Calcutta, the 13th May 1953.

His Lordship the Hon'ble the Chief Justice has been pleased to grant Shri Manmatha Nath Ganguli, B.A., Assistant Registrar of the Original Side of this Court, leave on average pay on medical certificate for the period from the 20th April 1953 to the 2nd May 1953, both days inclusive, under rule 81(*b*)(*ii*), read with 82(*b*) of the Fundamental Rules, Volume I.

B. Sarkar, Commissioner, Burdwan Division.

No. 654L.S.-G.—13th May 1953.—Whereas the circumstances under which it was necessary to supersede the Contai union board in the district of Midnapore, by order communicated with this office memo. No. 1483L.S.-G., dated the 18th August 1949, still exist,

And whereas after considering the views of the District Magistrate of Midnapore and District Board, Midnapore, I am of opinion that the period of supersession should continue to the end of Agrahayan 1360 B.S.,

And whereas Government approval to the extension of the period of supersession has been obtained with their No. L.S.-G.1U-33/53, dated the 5th May 1953,

I, in exercise of the powers conferred under section 56(*1*)(*b*) of the Village Self-Government Act, 1919, read with section 22 of the Bengal General Clauses Act, do hereby amend the said order by an extension of the period of supersession mentioned in this office No. 1483L.S.-G., dated the 18th August 1949, from the last day of Chaitra 1356 B.S. to the last day of Agrahayan 1360 B.S.

2. In exercise of the powers conferred by section 57(*1*)(*b*), read with section 22 of the Bengal General Clauses Act, I further direct that the powers and duties of the Board shall, during the extended period of supersession, vest in the following gentlemen in the same manner and to the same extent as they vested in the union board:—

(1) Shri Khagen Sasmal.
(2) Shri Saradindu Das.
(3) Shri Abanti Kumar Maity.

No. 831M.—11th May 1953.—In accordance with section 50 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), it is hereby notified for general information that the newly elected commissioners of the Bansberia Municipality in the district of Hooghly at a meeting held on 26th April 1953, duly elected the following gentlemen as the Chairman and Vice-Chairman, respectively, of the Municipality:—

OFFICE OF THE DISTRICT MAGISTRATE MIDNAPORE.

ORDER.

Midnapore, the 10th May 1953.

In exercise of the power conferred on me by Government order No. 2592S.D., dated 3rd May 1950, I hereby extend up to 31st May 1953 the period of validity of the unrenewed kerosene oil dealer's licenses issued under paragraph 6 of the West Bengal Kerosene Control Order, 1947, in the interest of proper distribution of the commodity throughout the district of Midnapore. Any license of kerosene not renewed within 31st May 1953 shall be treated as cancelled.

B. L. GHOSH,
District Magistrate, Midnapore.

Form of notice to be published declaring the release of the property when persons entitled to receive possession cannot be found.

Burdwan, the 1st May 1953.

Whereas the property described in the schedule below was requisitioned under rule 75A of the Defence of India Rules and placed at the disposal and under the control of the Collector of Burdwan;

And whereas the said property is to be released from such requisition;

And whereas in exercise of the powers conferred by section 6 of the Requisitioning and Acquisitioning of Immovable Property Act, 1952 (Act XXX of 1952), which have been directed under section 17 of the said Act to be exercised by me, necessary enquiry has been made and Shrimati Sailabala Dasi and others, owners/occupiers, have been held to be entitled to get possession of the said property;

And whereas the aforesaid persons cannot be found and have no agent or other persons empowered to accept delivery on their behalf;

Now, therefore, in exercise of the powers conferred by the said Act it is hereby declared that the property is released from requisition with effect from 17th April 1953:—

ANNEXURE.

dustrial dispute between Messrs. Hamilton & Co., Limited (jewellers, silversmiths, watchmakers), 8, Old Court House Street, Calcutta-1, and their workmen as represented by the Hamilton Jewellery Workers' Union, 7, Katuakuti Lane, Bhowanipur, Calcutta-25, referred to under Government order No. 2003Dis./D/11L-68/52, dated the 28th July 1952 (Case No. 109/52).

FORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

the Union: Shri D. L. Sen Gupta, Advocate instructed by Shri Satindra Nath Roy Choudhury.

the Company: Shri Sukriti Ganguly, Advocate.

By Government order No. 2003Dis/D/11L-16/52, dated 28th July 1952, original reference was received in this Tribunal on 6th August 1952. union appeared and filed its written statement on 18th August 1952 and company filed its written statement on 4th September 1952. Subsequent-hree other issues were referred to this Tribunal by Government order 2451Dis./D/11L-68/52, dated 30th August 1952. The union filed its ten statement regarding the new issues on 7th September 1952 and the pany filed its additional statement regarding the said issues on 4th ber 1952. The case was taken up for hearing on 20th December 1952. company's office and factory were inspected by me. The issues framed the Government were the same as the issues framed by this Court and were as follows:—

(1) What arrangement should be made for ensuring adequate payments to piece-rated workers?

(2) How to revise the existing scale of pay with a view to giving reli to those employees who have reached the topmost scale but wl have more years to serve the firm?

(3) Revision of the Provident Fund Rules.

(4) What arrangements should be made to ensure equitable distributio of work among piece-rated workers?

(5) Earned leave for piece-rated workers.

(6) Payment of bonus.

(7) Fixation of scales of pay for designers and modellers.

(8) Fixation of overtime rates for work on holidays.

(9) What holidays are the employees entitled to?

(10) What medical help are the employees entitled to?

(11) Whether tools are to be supplied to the workers?

The union contended that the company employs 100 workers in all j departments and including the helper boys the total number of employees the company will be 250 or more, that the company keeps no register of t helper boys with an ulterior motive of depriving them of their dues, lea holidays and other benefits, that the piece-rated workers of the company a treated in distribution of work with a differentiation. The union accor ingly contended that there should be no differentiation between the piec rated workers and the monthly-rated workers in the matter of the distrib tion of work, that the committee should be framed for helping the manag ment in distribution of work. The union also prayed for a scale for t moulders and designers and a revision of scale with regard to some othe who have already reached the maximum of their grade but have yet to put many years of service, as their case was omitted in the last award and other prayers are evident from the issues above.

The company, on the other hand, contended that there is no piece-rat worker but besides a monthly-rated worker the company takes the help contractors who work on piece-rate basis by sitting on the premises of t company, that they are not the employees of the company and as such th cannot ask for leave, holidays, that the company has nothing to with the helper boys who are engaged by the contractors, that the work distributed amongst contractors according to their efficiency, that t estimate given by the contractors is sometimes very high and in those ca in pursuance of an agreement, dated 25th April 1951, between the contract and the management, the company has to meddle with the rates for the p pose of ensuring the order rather than lose the customer by charging a h rate. With regard to those workers who have reached their maximum, company stated that they have already granted some increment with reg to four persons affected according to the union's statement but no increm is given to the remaining two persons as they do not deserve the sa With regard to moulders and designers the company's case is that they already well paid. With regard to holidays it contended that according the longstanding practice the company grants sectional holidays accordi as the employees are Hindus or Muhammedans. The company also sta that it has no objection to the registration of the Provident Fund but w regard to medical help and the supply of tools the company contended t the existing arrangement is sufficient and the company cannot bear furt burden either as regrads medical help or as regards supplying of tools to

contractors. As regards the overtime it contended that overtime is granted according to the law. But as regards bonus the company pleaded its financial inability to pay further bonus.

AWARD.

Issues Nos. 1, 4 and 5.

The whole crux of the case centres round the point whether those workers in the workshop are piece-rated workers as stated by the union or contractors paid on piece-rate basis as stated by the company. These workers have got their seats in the workshop and do the work which is distributed to them by the company. In fact, Issues Nos. 4 and 5 above will show that their complaint is that the work is not evenly distributed amongst them. The company's contention is that it tries to work on set standards and consequently important jobs are given to the best workers and sometimes this has to be given in disregard of quantity of work in other contractors' hands. There is no allegation against the company about unfair labour practice and victimisation in regard to distribution of work. Consequently there is no reason to think that company makes discrimination or shows favouritism in distribution of work. I accept the company's version with regard to the principle adopted by them with regard to distribution of work. I am rather disinclined to interfere with the management's decision in this respect. It is admitted that previously management entered into agreement with these workers on 25th April 1951 and this agreement provides *inter alia* "Should the management find it difficult to obtain an order at a specified estimate, discretion may be used in accepting the order given at a lower rate and the workmen have assured the management that under such circumstances, there is need to look to the order, and the order will be accepted by them at the lower rate." This, in my opinion, is a sound principle of business and the workers cannot go back on this agreement. The suggestion of the union to appoint a committee to supervise distribution and revision of the rates is likely to turn out unworkable in the long run because the customers will be inconvenienced by this procedure and the company will not be able to work up to a set standard and the company will have to lose customers before it can pass through the procedure of having the rates sanctioned by the committee. I have, however, examined the figures of the earnings of several workers and it seems to me that best endeavours had been made by the company for a fair distribution of work without at the same time deviating from its principle to allot work at a set standard to the best and efficient workers. The company also in his affidavit in paragraph 10 stated that the work is distributed impartially to contractors as far as possible in such a way as to keep the contractors working and there is no question of discrimination or favouritism. I should; however, add that the company should also give its attention to the amount of earning and will maintain its standard of work as well as be fair in the matter of distribution. Company should also use its discretion in fixing up the final rate in pursuance of its agreement with the workers, dated 25th April 1951. But for satisfaction workers the original rate according to the estimate of the workers and the rate fixed by the company by using its discretion should both be entered in the company's books, the entries being in conformity with the estimate slips referred by the worker.

Now, as regards the question whether these persons are employees or contractors certain factors are to be looked into, company was no doubt ceased to extend to them the benefit of Provident Fund as also the dearness allowance but still they contend that these people are principally the contractors. The evidence shows the following distinguishing features with

regard to others:—(1) Their payments are finally made after the completion of the job but in the meantime they are paid advances. (2) They employ their own helper boys according to their sweet will. (3) These helper boys have nothing to do with the company and the company do not even return their names in their register. (4) These contractors not to speak of helper boys have got no regular attendance. Some of them attend office sometimes once in the week and that according to their discretion. (5) Their punching cards also show that they had no fixed hour of attendance or days of attendance. This is natural because the contractors have no chance of getting work every day and consequently they are not eager to ensure their daily attendance. They also leave the factory according to their sweet will and convenience and this is why the punching cards do not indicate their hour of departure. It was suggested by the union that as these persons are made to work till late hours, they are advised by the company not to punch their cards at the time of departure. This irregular method of their attendance shows the whole thing has been left to their discretion and the company does not take any interest regarding their attendance except for the purpose of obtaining the speedy execution of the orders. The mere fact that the bonus facility and the Provident Fund and the dearness allowance facility have been extended to them cannot lead to the conclusion that they were employees. The dearness allowance that is paid to them is realised from the customers as an extra charge over the estimated price of each work executed for the customers. Similarly the bonus facility is extended to the workers because they helped in the earning of the profit and Provident Fund facility has been extended to them as the company has duty to see that there is some provision for the family of these workers. But the very form of the Provident Fund and the rules and regulations of the Trust Fund show that these persons have no fixed wage and by special enabling provision the facility of this fund has been extended to them though they are not monthly wage earners. They have been allowed to enjoy these facilities on humanitarian ground but that does not make their employees under the employer. If they are declared as employees and all the facilities of an employee be extended to them the company will have to be suddenly met with enormous overhead charges. The facilities at present enjoyed by these men are consistent with their designation as contractors. Hence I am not prepared to call them employees for the purpose of extending to them all other facilities which are enjoyed by the employees and which they have not hitherto enjoyed. Company contended that these persons have their own workshop at their premises but in the absence of any reliable evidence I do not accept this statement. But at any rate there is no bar to these people engaging in any work in their off time, and the company has not enjoined upon these persons all the obligation of an employee under them. Consequently they cannot exact the corresponding obligations of an employer from the company. In fact, it is quite unnecessary for the company to bind these persons down as the employees having regard to the nature of the work they have to do. The manner in which they attend to their work is just sufficient to make them contractors but if they are suddenly made employees, the company's overhead charges will surpass all bounds. Up to now the company has not designated them as employees. As stated in paragraph 14 of the affidavit the employees of the workshop are entitled to compensation for injuries received while on duty under Workmen's Compensation Act and also to leave gratuity and other facilities whereas the contractors are not entitled to those facilities. If they are designated as employees the company will have an additional burden of this score thrust on them against their will. So taking all the circumstances into consideration I hold that these people are really contractors and the company cannot be directed to treat them as employees. Up to now the company does not stand committed anywhere to deal with these people as their employees but they have always maintained the distinction in treating

them as contractors as distinct and separate from their employees. Judging the balance of convenience and inconvenience of both sides I hold that it will not be proper to direct the company to treat these people as their employees. This will have undesirable effect in two ways, firstly it will interfere with the management function and thrust certain persons on them as their employees when they have hitherto treated as contractors and secondly it will confer a new status on the contractors which will have the effect of increasing the overhead charges.

That being so, no question of granting leave to these persons would arise. Besides if these people are allowed leave facilities the overhead charges of the company will be further increased on that score. In the result this will tell on the business a good deal and this is undesirable on the face of the present financial position of the company.

Issues Nos. 2, 7 and 10.

It was contended that this Tribunal has no jurisdiction to consider these issues on the ground that it was rather premature on the part of the union to raise those issues. It is admitted that on 22nd March 1951 the union submitted a charter of demand raising certain issues. During the course of conciliation the parties came to terms regarding all these issues and in the terms of compromise, dated 3rd December 1951, it was expressly stipulated that union will not raise any dispute on economic grounds (dearness allowance, basic pay, etc.) within one year from the date. In the 3rd paragraph of this document it is stated that all other demands of the union are withdrawn for the present and in paragraph 4 it is stated that this agreement will remain in force for one year from the date. It was contended by the union that inasmuch as the other demands of the union were withdrawn "for the present" they are free to raise those points within the span of the next one year. But in view of the special provision in paragraph 2 that union will not raise any dispute on economic grounds within one year from the date I think regarding other disputes which do not rest on economic grounds the intention of the union that they are free to raise those points is acceptable. Regarding those disputes which rest on economic grounds such as dearness allowance, basic pay, etc., the parties are debarred from raising those points within one year from the date. In my opinion the Issues 2 and 7 are hit directly by this clause as they rest on economic grounds. Issue No. 10 is also, in my opinion, barred on the same ground as it indirectly involves the company in financial outlay. Under section 18 of the Industrial Disputes Act a settlement arrived at in the course of conciliation proceeding is binding not only on all the parties to the dispute and where a party is composed of workmen—all persons who are employed in this establishment to which the dispute relates but also on all persons who subsequently become employed in that establishment. Consequently although designers and detailers were not parties to the dispute, they are also bound by operation of section 18(*a*)(*b*). Under section 19 this settlement shall be binding for such period as is agreed upon by the parties and shall continue to be binding on the parties after the expiry of the period aforesaid until the expiry of the two months' of the date on which the notice in writing of the intention to terminate the settlement is given by one of the parties to the other party or parties to the settlement. In the present case admittedly no such notice has been given and consequently the fresh charter of demand submitted by the union in June 1952 is illegal. Consequently the Tribunal has no jurisdiction to adjudicate upon Issues Nos. 2, 7 and 10.

A reference to the charter of demand submitted on 22nd March 1951 will show that the question whether Provident Fund will be registered or not and

what shall be the rate of deduction and other matter was also raised spe fically with the issues under the head Provident Fund. Of these points one relating to rate of deduction is also, in my opinion, barred as i involves financial commitment on the part of the company. The matt however, stands at a different footing as regards the issues on leave a holidays and the bonus. The former of these two does not involve a financial commitment while the latter involves it. But at the date when charter of demand was furnished the bonus for 1951 was not yet due. Co sequently the parties presumably did not deal with it at the time of compromise in December 1951. A thing which was not due on the date wh charter of demand was furnished cannot be given up by compromise implication. If the parties intended to give up the claim for bonus 1951, a specific clause to that effect would have been found in the compromi In the absence of that I hold that parties did not raise this issue which is n covered by the charter of demand, and they did not intend to bind the unio debarring it from raising this issue regarding which cause of action arose the end of October 1951. So I hold that Issues Nos. 2, 7 and 10 cannot b raised by the union and the Tribunal has no jurisdiction to entertain the demands.

Issue No. 3.

The points specifically raised by the Union are—

(1) Whether the Provident Fund should be registered?

(2) What should be the contribution by the employee and the employer

(3) Representation of the union and the Trust Board.

(4) The employer's contribution cannot be withheld except for gros misconduct.

Of these points, point No. 2 cannot be raised as this involves economic outla on the part of the company. Point No. 3 cannot be raised as the Trustees ar not parties and under section 23 of the Rules and Regulation of the Davi Mid Memorial Provident Fund, the rules can be changed by the compan only conjointly with the Trustees. So in the absence of the Trustees bein parties to this case no decision on point No. 3 can be made by this Tribunal

With regard to point No. 1 Company stated that it has no objection t have the fund registered. The union does not mind for the additional cost that may be involved on account of the registration of the fund in view o the benefits they will derive by such registration.

Point No. 4 should also be answered in the affirmative. Hence I award accordingly.

Issue No. 8.

It is admitted by the company that overtime is allowed according to Factories Act to those who work in the Factory and according to Shops Establishment Act as regards the rest are concerned. This practice n continue.

Issue No. 11.

Supplying of tools to the contractors will involve an additiona outlay and consequently raising of this point is also barr Further there is also no justification to compel the manag ment to supply tools to contractors who are working with their own to So they should continue to work with their own tools as hitherto before

Issue No. 9.

The company was giving some festival holidays to the Hindus and some festival holidays to the Muslims. The union's contention is that all the holidays for the Hindus should be holidays for the Muslims and *vice versa*. The reason behind their argument is that otherwise there will be occasions for communal feeling. It do not think there is force in this contention. In the present circumstances of the company, it is not proper to increase the number of holidays. The number of holidays at present being observed is sufficiently large in number, both for Hindus and Muslims as well as for the members of the show room and office staff. The company says that if they had to observe the holidays for the entire staff, the number of holidays should be reduced. I do not think the employees will derive any benefit by such curtailment of holidays. In my opinion, the existing system should continue, otherwise there will be a breach of industrial peace. In my opinion, there can be no occasion for communal feeling on this ground.

Issue No. 6.

The company has submitted its profit and loss account for the year 1951-52, but the same has not yet been audited. It was contended by the union that no reliance can be placed on this account. They have, however, not been able to challenge any particular items of this account to show its incorrectness with reference to the books of the company. Under these circumstances, the balance-sheet may be accepted. It is not denied that the company has not been able to give living wage to its workers and consequently the workers are entitled to bonus on the basis of the profit. The balance-sheet shows that the net profit of the company after deduction of all depreciation and other items of expenditure is Rs. 1,47,669. In the previous years, bonus has been granted to the workers on the basis of the sale returns. The sale returns for 1951-52 is almost in the same level as the sale return in 1947-48. The sale return in 1948-49 was lower than that of 1947-48 and it was further down in 1949-50 and still further down in 1950-51 by one lakh or so in each year. In 1947-48 the company paid one full month's basic wage as bonus to the monthly-paid workers and 25 per cent. of the 12th of their total earning to the contractors. In 1948-49, the monthly-paid workers received half month's basic wage and contractors received 12½ per cent. of the 1/12th of the total earning of the year. 1949-50 monthly-paid workers received half a month's basic wage and the contractors also received 50 per cent. of the 1/12th of their total earning for the year. The bonus for the contractors were raised on the basis of an agreement between the management and the contractors. From 12½ per cent. to 50 per cent. In 1950-51, the bonus was the same as in 1949-50, the sale figures in these two years being almost the same. The sale figure in 1951-52 is less than that of 1950-51 by about ½ lakh and this is nearly the sale figure in 1947-48. So, by comparison the bonus for 1951-52 should be more than that of 1950-51 or that of 1947-48, i.e., one full month's basic wage for the monthly-paid workers. On account of the subsequent agreement with the contractors the bonus payable to them should also have parity with the bonus paid to monthly-paid workers, as had been the case in 1949-50 and 1950-51. It is, therefore, fit and proper that on the basis of the sale returns the monthly-paid workers will not receive one month's basic pay as bonus and the contractors will also not receive 1/12th of their total earning as bonus. Let us now test the eligibility of this bonus on the basis of the profit, as it is now the settled law that the bonus should be linked with profit unless otherwise agreed upon or is approved by established custom. Such is not the case here. It was contended by the learned Advocate for the union that the company will not be able to make any further deduction from the net profit of

Rs. 1,47,669 on account of reserves. A comparison of the figures for reserve in 1950-51 and 1951-52 undoubtedly shows that the company has already made deductions in the current year from what they were in the previous year for increasing the reserves on different items. It is also a fact that the company has not put up any further claim on the ground of increase of these reserves. In this respect, however, it is, in my opinion, the duty of the Tribunal to leave sufficient surplus so that the company might utilise it for the purpose of building up a reserve for a particular year having regard to its figure of profit and also keeping apart certain amount out of it for the purpose of reserve for rehabilitation of building and machinery. This amount cannot now be assessed because the company has not adduced any evidence to prove the present condition of its building or its machineries; nor has it adduced any evidence to show what will be their total life. Apart from it the company is undoubtedly entitled to a deduction on account of dividend on its share capital and the reserve employed as capital, if any. In this respect the company's evidence is very weak. The company has not adduced any evidence to show that any part of the reserve has been utilised in its business for any part of the year. From the balance sheet however it appears that the company's capital consists of 14,500 shares of Rs. 100 each. The learned Advocate for the union was prepared to allow 4½ per cent. dividend on the share capital but having regard to the risk involved in the business, I think the company is entitled to 6 per cent. dividend on the share capital. Six per cent. dividend on the share capital has been allowed in the following cases. Metal Boxes case, L.A.C., page 319, Visir Sultan Tobacco, L.A.C. page 226 (June), B.I. Cable, L.A.C., page 91 (Feb.), Nizam Sugar, L.A.C. (page 135), and so on. On this score, the company is entitled to a deduction of Rs. 65,250, as allowed by the learned Advocate for the union plus a further sum of nearly Rs. 22,000. But leaving apart this sum of Rs. 65,250 as equivalent of 4½ per cent. dividend and two months' pay as bonus, available surplus according to the calculation of the learned Advocate for the union is Rs. 34,400 and odd. If out of this, Rs. 22,000 is deducted on account of additional 1½ per cent. dividend, the surplus left will be only Rs. 12,400 and odd. This is most insufficient for the purpose of building up a sufficient reserve and also for the purpose of allowing sufficient amount for the purpose of rehabilitation. As stated by the company, it had to expend Rs. 12,000 for giving 15 days' bonus to its workers. For one month's bonus, they would have to get apart Rs. 24,000 and setting apart this amount for the purpose of bonus the available surplus left will be Rs. 36,490. As the learned Advocate for the union himself considered it necessary that the company should be left with available surplus of Rs. 34,000, I think the figure Rs. 36,490 will represent a reasonable figure for the purpose of surplus available to the company, so that it may build up a reserve for that particular year and also appropriate a part of this available surplus for the purpose of rehabilitation, etc. Considering all the facts and circumstances of the case, and also keeping in view the bonus available on the basis of the sale figures, I hold that the company should give one month's basic wages bonus to all its workers including contractors. From this the amount if any already paid will be deducted.

SHRI SUBODH CHANDRA MUKHARJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Kedar Nath, Advocate, instructed by Shri Amal Bagchi, President, and Shri A. K. Roy Mukherji, Counsel.

For the Company: Shri K. B. Basu, Counsel, instructed by Shri J. K. Ghosh, Advocate, and Mr. S. A. Hasib, Advocate of Messrs. Orr, Dignam & Co.

By Government order No. 1883Dis./D/15L-5/52, dated 12th July 1952, the aforesaid dispute was referred to this Tribunal for adjudication. The issue framed by this Court is the same issue as framed by the Government, namely,—

(1) Whether the closure of the mill was justified? To what relief, the men affected by the closure are entitled?

The Union filed its written statement on 13th August 1952 and the Union filed its additional written statement on 10th September 1952 and thereafter the company filed its written statement on 14th November 1952. The case was taken up for hearing on 22nd December 1952. I inspected the factory on 7th February 1953.

The case for the Union is that the management of the Gouripore Oil Mill served a notice on 28th March 1952 over closing down of the oil mill with effect from 27th of April on the ground of non-selling of oil products, that the closure was absolutely unjustified because the management itself purchased 50 thousand gallons of raw linseed oil from "x" oil mill of

Calcutta between 2nd or 3rd week of April 1952, that the management ought to have reduced the remuneration and commission and other charge of the managing agents and Secretaries to the Company, that the management took no steps to rationalise production or to undertake such economy as is likely to reduce cost of production, that no steps were taken by the management to reduce the rate of profits, that the Government of India in the Ministry of Commerce and Industry (Export Trade Control) have not been properly approached for allocation of additional export quotas, that it had failed to create a reserve quota and its short-sighted policy again reflected upon the workers, that under the circumstances the Tribunal should hold closure to be not justified and if the closure is unjustified, the Tribunal should direct the Company to restart the mill within one year from the date of the Award and during the intervening period the management must pay to the workers at the rate of 50 per cent. of the basic wages every month by money orders to the respective registered addresses of the workers, that if after one year the company is not in a position to run the business it will be entitled to declare the mill as closed when the workers will be considered to be retrenched and they will get their Provident Fund, Gratuity, leave due and all other usual benefits, and that the company is responsible for this drive as they took up an unreasonable attitude towards the workers throughout as during the conciliation proceedings.

The company, on the other hand, contended that it was forced to issue the said notice to lay-off the workers for reasons beyond company's control, such as, fall of sale, fall of price of raw materials and oil and the ban imposed by Government for export of the oil, that the company never intended to wind up the business, that it had a scheme to resume work gradually and with that object it issued notice on certain workmen to continue work and intended to increase their number gradually but the workers notified failed to turn up and the remaining workers also refused to record their attendance, that, on the other hand, they took possession of the mill and prevented the company from carrying on any despatch of oil or other work in the mill, that the attitude of the company was reasonable while the workers were very intransigent and unpractical and they went to the length of assaulting the Chemist of the mill, that delivery of oil to the customers who had already purchased oil was absolutely necessary to perform the contract entered into by the buyers, that moreover by such delivery the existing heavy stock of oil in the mill would have reduced and thereby hastened normal resumption of work in the mill, that by their conduct the workers have deprived themselves of their right to get involuntary unemployment relief, and this has also brought about the delay in restarting the mill, more so as in the meantime the company has suffered a heavy loss on account of fall of price and it lost its customers for failure to ensure delivery

AWARD.

The Union in its written statement took the position that "the management must conclusively prove that they have taken all possible human measure to keep the mill running but the circumstances having gone beyond their control they have failed". It is not the argument of the learned Counsel for the Union that laying-off on the grounds alleged is not covered by the Standing Order of the mill. A perusal of section 12 of the Standing Order also convinces me about this legal position. Clause (*a*) of the section enumerates that the employer may at any time in the event of fire catastrophe, break down of machinery, stoppage of power supply, epidemics, civil commotion, shortage of coal or of raw materials or of essential stores, change in the line of production, or other causes beyond its control, stop any section or sections of the establishment wholly or partially for any period

or periods without notice. The present case would certainly come under "other causes beyond the control". This "other causes" may not be a catastrophe. The principle of *ejusdem generis* is not applicable to the present case because for the application of this rule the particular word preceding to the general words must fall within the "particular genus" i.e., within "the category". In Tillments & Co. *versus* S. S. Knuts Board the learned Judge observed "unless you can find a category there is no room for application of *ejusdem generis*". Besides the application of this rule is subject to two other rules, namely, (1) that the object and scope of the statute must be taken into consideration, (2) that the other parts of the statute which will throw a light on the question have also to be considered, taking into view the objects of the Act and also the fact that in other standing orders special provision has been made with regard to trade reasons, I hold thus that there is no reason why such provisions should not also have been made with regard to the present mill in question. I, therefore, readily accept the abovementioned Union's challenge in the written statement and proceed to see whether the company has actually been able to prove the circumstances which justified the steps taken by it.

The Union has charged the company for want of its far-sightedness on account of its failure to create reserve fund during the boom period of war and post-war. But the balance sheet filed by the company shows that it actually created a reserve and had to draw from that reserve from time to time during the crisis period following the war until it decided to lay-off. It was argued by the learned Counsel for the Company that it cannot go on drawing from its reserve fund for an indefinite period and hence it was forced to take that step. From whatever evidence I have on record it is at least clear that there was a complete ban on export for the year and a half before April 1951. It might have been withdrawn for a short while but it was imposed again in May or June and it continued in that state till September 1951. Soon thereafter again a quota system was introduced by Government on certain principles as early as on 21st March 1952. Unfortunately these principles badly affected the position of this company. Company sent their responsible officers to Delhi to meet Government officers in the Commerce Ministry and also Mr. Jha, Chief Controller of Exports, in order to be relieved of this difficulty. Thereafter the company also wrote to Mr. Suktankar, Secretary, Ministry of Commerce and Industry, stating that the method of allocation of export licenses had been unfortunately causing great hardship on the company. The difficulty is amply explained in the following lines which they wrote, viz., that "in years prior to war and during the war years this company had been principal exporters of linseed oil from India, but unfortunately due to method of allocation of export licenses in 1947-48-49 a large portion of the export business passed from the hands of established shippers such as Gouripore Oil Co., Ltd., into the hands of new shippers, many of whom had been recently drawn into the business by the sight of large profits which had been at that time obtainable with the least effort. Unfortunately these years had been recorded as the basis for the allocation of quotas, with the result that tonnage given to Gouripore Co., Ltd., except during the proved period when restriction was entirely lifted was quite insufficient to meet the overseas demand". By this letter the company also beseeched the Government that if this alteration of the present basis of allocating export quotas was not possible some notice should be taken of the facts of allocated quotas as yet unused and that fresh quotas should be given to those firms who had expended their last allocations. In reply to this letter Joint Chief Controller of Export and Import intimated the company that the basic period adopted has been chosen after careful consideration of various factors and as such the same cannot be altered. So the position of the company was not

in any way improved. The company had already installed five linseed expellers in the year 1950, the capacity of outturn of such expeller 20 thousand gallons per month. Its capacity to stock was, however, limited at a time when it had a stock of 2 lacs 60 thousand gallons. The Manager said the capacity to stock was almost exhausted. As it was getting some market it had no serious difficulty up till before June 1951. In November 1950 it had already in stock 1 lac 68,925 gallons. It had no corresponding stock of oilcake. Its monthly despatch since then was limited to 62,759 gallons in December 1950 and 24,404 gallons in June 1951. But in the mean time all the five expellers were yielding oil. So by June 1951 its stock rose to 247,955 gallons of oil and 25,026 maunds of oilcake. Company's sale in India from April 1950 to March 1951 had been 411,980 gallons. Thereafter during the period from March 1951 to March 1952 it came down to 316,980 gallons. Its foreign exports during the corresponding period came down from 766 tons 14 cwt. to 576 tons. Again from June to December 1951 its average monthly despatch came down to 35,000 gallons in all varieties whereas it was producing 60 thousand gallons from three of the expellers up till June 1951. At that time the company had to review its business position. About 33 per cent. of the total despatches of this company was composed of raw linseed oil, keeping that in view the company had a large accumulation of stock of raw linseed oil in June 1951; its quantity being 1 lac 83 thousand gallons which bore no proportion to what could be the despatch per month at that time. The Manager also says that at that time steel was also controlled and consequently the company needed steel quota for increasing its storing capacity but the company never had sufficient quota for that purpose. As the despatches of raw oil were maximum 1/3rd of the total production the company took a side course to avoid the crisis and continued processing of oil but it had no other alternative but to stop further crushing. The company, however, did not discharge any permanent hand on account of the stoppage of crushing as it provided those employees by giving them odd jobs in connection with processing of oil. The company carried on in this way till November 1951 and when it found that the stock was somewhat reduced it decided to start some of the expellers. Company wanted to start two expellers but at the request of the Union it took upon it the responsibilities of running three expellers. But the company again faced with a difficult situation due to fall of price of seeds from Rs. 32 to Rs. 28 in July and then to Rs. 27 in August. The price of oil has also correspondingly fallen from Rs. 68 in July to Rs. 63 in August, and the price of oilcakes was also correspondingly reduced. In spite of this condition in the market it proceeded to crush oil with three expellers from November 1951. At the end of December 1951 it appears that its total stock of oil was 224,458 gallons and that this figure went on increasing during the months of January, February, March and April. In March the total stock of oil reached the figure of 258,655 gallons and the stock of oilcake reached the figure 49,587 maunds. When the company took up the alternative course of processing the oil for the purpose of reducing the stock of raw oil it faced with another difficulty which was noticed in the month of January. The details of quantities of processed oil will be seen from the statement of the company and it would appear that in January the percentage of the processed oil to the total stock had gone considerably higher being 55 per cent. which is 28 per cent. higher than what it was in June 1951, when it was 27 per cent. In February in the same way its stock of stored oil came to the figure 25,114, the Manager says that the maximum quantity of stock of this oil should be 2 to 3 thousand gallons. Consequently the stock was unprecedented. Similarly the stock of all other quantity of processed oil had gone up. The statement regarding order will show that in January, February and March the orders were exceedingly low and in these three months the orders came down from

13,780 gallons in January to 11,698 gallons in March. Its figure for sale both in India and outside (that has already been given) will show a considerable drop in inland sale as well as export. So again in March the company had met with another crisis stage which had very little storage capacity left to meet its expectation. Its facility in getting higher quota was crushed by its interview with the Government, dated 25th March 1952 and subsequently by the communication from Government, dated 31st April 1952. The average monthly despatch from June to December as I have already stated had been 35,000 gallons in all varieties. So the monthly orders received were totally insufficient to consume even the entire monthly production of 60 thousand gallons not to speak of any reduction in the already heavy accumulated stock. So it had to find out its ways and means to stop further accumulation. As already stated it had suffered loss to the extent of 14¼ lacs on account of depreciation value of oil and oilcakes (*vide* Auditor's report and evidence of the Manager). In November 1951 when the expellers were started afresh the price of linseed had already gone down to Rs. 27 and it had further fallen to Rs. 20 in February and Rs. 19 in March and the price of oilcake to Rs. 9 in March and Rs. 7-8 in April, while the price of all had also come down to Rs. 51 in March and Rs. 45 in April. The Manager calculated that the company lost Rs. 1 lac 60 thousand in the purchase of seeds and 2½ lacs on account of the fall of price of oil, and so on. It was contended by the Union that no step was taken to reduce the cost of production. But this point was not raised by the Union Secretary at the time of his deposition. He next stated that no step was taken to reduce the profits but this point does not arise in view of the loss incurred by the company. The Union next stated that the Ministry of Commerce and Industry (Export Trade Control) was not properly approached for additional export quota but we have seen that every effort on this direction was made without any ultimate result. Union also contended that no attempt had been made to reduce the remuneration commission and other charges paid to the Managing Agents, Secretaries, etc., but the evidence proves this allegation to be unsubstantial. The Managing Agent had already started foregoing the claim with effect from March 1951. Already in September 1951 the dues of the Managing Agent's commission amounted to Rs. 97,850, but out of it they gave up Rs. 44,250 and accepted only Rs. 53,600 and in the next half year their dues amounted to Rs. 88,730 and they gave up the whole of this amount. Indeed the fall of sale in the half year ending March 1952 was alarmingly lower than the figure of sale in the half year ending September 1951—the former being 2,941,092 as against the latter which is 4,299,694. It was also contended at the time of argument that the laying-off was unjustified as the company purchased a huge quantity of raw oil from Imperial Oil Mill and Bhakat Oil Mill. This case was not however made in the written statement but it was stated by the Secretary at the time of his deposition. But this case does not stand the test of scrutiny. Secretary P. W. 1 stated that on one occasion he came to know from a lorry driver that the company purchased oil from the Imperial Oil Mill. He could not give the exact number of lorry or the name of the driver. He stated that it may be in May or June. So he was not also definite on this point. He then said that on another occasion he came to know that oil was purchased from Bhakat Oil Mill. But he could not give the name of the driver nor could he give the lorry number. He said that the coolies who unloaded the oil said that the oil was purchased from Bhakat Oil Mill but he could not also give the name of the coolies either. So there is absolutely no substance in any of the allegation of the written statement and on these allegations the whole case of the written statement regarding unjustifiability of the laying-off was unfounded. Some other reasons were also advanced by means of a subsequent

additional statement. But these were also found to be unsubstantial. The proceedings in the course of conciliation disclosed that on as many as three occasions there had been exchange of terms of settlement but on no occasion the Union contested the policy of lay-off (*vide* Ext. A, dated 25th April 1952, Ext. B, dated 28th May 1952, Ext. I, dated 28th May 1952, Ext. D, dated 19th July 1952, Ext. E, dated 24th July 1952 and Ext. F, dated 30th July 1952). All these documents will show that the discussions mainly turned on the question as to how many hands would be kept up and what allowance including advances are to be paid to the workers who had been laid off. It was also contended by the learned Counsel for the Union that before the decision to lay-off was taken, the workers were not consulted. But P. W. 2 Samu admitted that the workers were actually consulted before the decision was taken. The learned Counsel also contended that the workers of the oil mill ought to have been absorbed in the Jute Mill and other departments under the management of the Gouripore Oil Co., Ltd. But this contention is not tenable in view of the fact that workers of each of these mills are experienced in particular kind of technic and they cannot be utilised in any other mills besides each department is complete by itself and the workers hold their service in the particular mill they work and they cannot go out to be replaced by their juniors in the other mill. In view of all these circumstances company had no other alternative but to stop production as a last resort after the company got the successive blows. After the Company got its first blow it only retrenched the temporary workers. When it met with further difficulty, it had still carried on until the time when its very existence became precarious. So I hold that at the time the decision to lay-off was taken it had no other alternative but to take up that course. By accumulation, the oil and oilcake go completely bad and as stated by the Manager the acid value of the oil goes up and finally it goes rancid and it is completely lost and no price can be obtained for it. The oilcake also by accumulation becomes spoiled and finally becomes easily inflamable and exposed to danger. Again as there was heavy accumulation, the large amount of the capital remains blocked. The total consumption of the three expellers that were working on the day on which the decision was taken amounted to one thousand maunds of seeds per day and the cost of this at the then market rate would amount to Rs. 19,000, besides there are wages, other chemicals, electricity, etc., for the daily working of the mill. As I have stated the company had already suffered a loss of 14½ lacs. So under these circumstances laying-off of the workers for a certain time was the only alternative which the management could take up. After all, the reason which prompted the company to take up this decision, is only a passing phase and a total closure of the mill on that ground cannot be justified. As pointed out by the Hon'ble Appellate Tribunal in the case of J. K. Iron Steel, Ltd., Kanpur and Iron Steel Mazdoor Union, Labour Law Journal, 1952, Volume II, page 435, the company under these circumstances cannot decide to retrench the workmen but can only lay them off in the manner provided in the Standing Order. I, therefore, finally decide the last part of this issue in favour of the company.

A question may, however, arise whether the laying-off for this long period was legal. It is evident that the company had never the intention to close down the mill. The Company thought that the accumulation of stock or the fall of sale is only a passing phase and is bound to pass away by lapse of time. I am satisfied that the company is justified in their decision and took all possible steps to avert it. But the subsequent discussions will disclose that it was the worker who was responsible for the present plight of the Company. Consequently they being responsible for this extention of the

period of lay-off, they are now estopped from saying that the company ought to have decided to close the mill instead of deciding to lay-off the workes. So I hold that the lay-off for the entire period is justified.

I will now consider what relief the men affected by the closure are entitled. In pursuance of the above decision the company gave a notice on 29th of March (Ext. 1) to its workers. Subsequently on 19th of April it gave notice, Ext. 2, calling upon a group of workers to work for one week from 28th April to 3rd of May. On 2nd April 1952 company was called at the office of the Labour Commissioner for a discussion with regard to the notice, dated 29th March 1952. Thereafter on 15th of April company got the letter, Ext. G, from the Labour Office asking for a certain information. The information was supplied by Ext. G2 as far as practicable. The story of the Union that the company did not explain before the Labour Commissioner the reason which led them to take the decision to lay-off the workers does not hold any water. On the contrary, it appears that on 25th April 1952 the company agreed to make the workers work department by department by rotation as desired by the Union President. In their terms of settlement it was made clear that the payment of involuntary unemployment benefit should be conditional upon the workers attending the muster-roll for hazirah for 30 days in each half year. Accordingly the company asked 33 workers who were already notified to work by a notice, Ext. 2, to work for a further period from Monday, 5th May 1952. Here again the company reminded the workers that in terms of the notice issued on 29th March 1952 they will forfeit their involuntary unemployment benefit if they failed to report for work. Accordingly on 28th the first date of starting lay-off the workers in a body came to the factory but refused to go away after recording their attendance and the men required to work according to the notice, dated 29th April 1952, also refused to work unless all the workers were given work. The Manager on the same day intimated about the conduct of the workers to the Union President. Curiously enough Union President while admitting receipt of the envelope, dated 28th felt shy to admit the receipt of the contents therein. He even proceeds to the length of saying it may be that a blank envelope was handed over to him. This is quite untrue. The reason why he felt shy to admit the contents is obvious. The workers had trampled under the foot of their solemn agreement, dated 25th April 1952 and were being led on a wrong track. The President admitted that since 28th of April none of the permanent workers either worked in the company as notified or gave their hazirahs. He admitted that the connected notices were properly posted in different languages and the workers knew the implication of them. He further admitted that the workers took the step according to the resolution passed by the Union on some day prior to 27th April. Whatever step they took, was taken definitely with the consent of the Union. The workers adopted Satyagraha course of obstruction. Definitely the President was labouring under a misapprehension from the start. He took the company's action as meaning a closure and he accordingly holds the opinion that as the factory was closed there would be no selling of oil and taking delivery of the oil and likewise the management should also not work in the office nor even the Chemists should go to the Laboratory. Such was this misapprehension that it led to serious consequences afterwards it forced the mill to stop delivery of contracted goods to its customers or to bring in articles purchased. It also compelled the mill to leave the raw materials and oil drums exposed to rain, and it lastly resulted in the assault of the Manager, Chemists and intimidation on the staff attending the mill. It has made the oil and oilcake bad and almost useless and had brought the mill to such a state that the Manager had to say that he cannot envisage the possibility of restarting the mill in a near future. Whatever that be the issue before

us is however very simple and we need not enter into all these discussions
detail in view of the admissions made by the Union President himself
court as well as in the course of correspondence. Evidently the Union
first thought that their's was the just cause and they were justified
vindicating their rights by refusing workers to record their hazirah or
work in the mill as notified but the Union was ultimately not sure of
own grounds. At the time of trial the President made a new case tha
the workers went to give their hazirah in the mill on the 28th of April
they were turned out by the mill durwan. This story is obviously untru
The company on the very first day of laying-off intimated the President tha
his workers have taken possession of the mill and were not going to leave
and the workers who were notified to work did not work. I am satisfie
that the President got this letter and did not receive the blank envelop
as he suggested. He had to admit in his cross-examination that he did no
state in the written statement that the workers were not allowed to recor
their hazirah nor did he put his grievance in writing anywhere complaining
about this alleged attitude of the company. He admitted that in the course
of conciliation that the company always demanded that the workers should
enter their premises and record their hazirah and it was never their demand
that the workers should not give their hazirah or enter the mill. It is,
therefore, unbelievable that the company closed its door to the workers and
thus prevented them from giving hazirah. On the other hand, I hold that
in pursuance of a joint decision by way of a resolution or otherwise the
workers refused to record their hazirah or to accept alternative employment
because they thought that they were using their rights in opposing any
work in the mill which has undergone a closure. I further hold that the
story on adoption of Satyagraha method in the course of obstruction which
is admitted by the President is itself inconsistent with the story that the
workers left the mill peacefully after filing hazirah on the first date and
they came to the mill gate every day to record their hazirah. On the other
hand, this is consistent with the story of the management that they squatted
inside the mill on and from 28th and remained in occupation of the mill
premises by batches each time. I find ample evidence on this point in the
course of correspondence between the parties and several agreements entered
into amongst them. The agreement, Ext. C, entered into in presence of
a Circle Inspector shows that the Union took two days' time from 5th June
1952 to 6th June 1952 to come to a peaceful decision in connection with (1)
shifting of commodities from the Gouripore Oil Mill as desired by the
company, (2) entrance of the Mill Manager and his essential staff into the
Gouripore Oil Mill. The point is further clear in the terms which were
offered by the Labour Commissioner (Ext. D). In paragraph 8 of the
document it is stated that obstruction which was at present put up by the
workers against the despatch of the oil would cease immediately after the
agreement is signed and it is settled that the workers will not henceforth
put up any sort of obstruction against the exercise of the management
functions. To these terms the Union had put in certain amendments but no
amendment was put in with regard to clause (8) of the terms. In these
circumstances I would prefer to rely on the story as proved by the
company through its Manager and the Mercantile Assistant at the Head
Office. The Manager has definitely proved that from 28th of April onwards
the workers continued in the mill and had never left. He further said that
up to the 12th of May they allowed officers to enter the mill for their work
and thereafter they molested the officers who entered the mill. The Manager
said that he was assaulted on 28th of June on a Saturday at 5 p.m and the
Chief Chemist of the Company was assaulted on the 26th of July. By
Ext. N the Chief Chemist on the same day reported the fact at 5-10 p.m.
to the Officer-in-charge of Naihati police-station by naming his assailants

hereafter the supervisory staff who were said to have been molested also omplained to the Manager, by their letter, dated 28th of July 1952. That he matters are *sub judice* I would simply take their statements without oming to any decision as regards the actual assault. From the evidence of he Manager, we further get that no oil was allowed to be despatched with- n the whole period of the month of May. All the workers said that not a allon of oil would be allowed to be despatched. Although the slogan of the tified workers had been either all the workers would work or nobody uld work. The workers actually applied force on the management when ey attempted to remove the oil. On 3rd or 4th of June when the anagement attempted to remove the oil, a crowd of men sat on the trollies d surrounded the workers who were to take the oil away. These des- tching men belonged to the Shifting Department of the Gouripore Oil , Ltd., who were requisitioned for bringing out the oil. At that time n the intervention of the Circle Inspector of Police the Union Secretary ok two days' time and the agreement, Ext. C referred to above, was gned by the Secretary Shri Ganesh Roy. On 7th, however, the manage- ent was still not allowed to despatch oil and there were demonstrations tside the gate obstructing the despatch in which school children and ool girls were brought in to demonstrate. On 7th of June the Assistant bour Commissioner requested the company to pay for involuntary un- ployment and the company immediately obeyed his wishes and put up a ice expressing its intention to make the payment on a fixed date. But workers were never conciliatory. They, however, refused to take pay- nt and continued to occupy the factory and any subsequent attempt to spatch oil was forcibly prevented by them. They applied force by saulting the Manager on 28th of June and detaining him in the office till 30 p.m. when Police was informed and under the Police escort he was lowed to go home. At that time a quantity of rosin which was brought eviously arrived. But when the wagon was being unloaded, the workers ain obstructed. On 4th of July these facts were intimated to the Sub- sional Officer. On 19th of July at the intervention of the Labour Com- sioner there was some attempt at conciliation. While attempt at con- ation was going on the Chief Chemist was assaulted on 26th of July. letter, Ext. O, shows that until 28th July there was obstruction in the atch of oil. Thereafter on 7th of August Manager wrote to the Officer- harge, Naihati police-station that about 29 workers of the oil mill tructed them laying down and offering physical obstruction to despatch oil, when on that date the workers of the Export and Import Department the jute mill were requisitioned to bring out oil from the oil mill godown. 4th of July they also wrote a similar letter to the Subdivisional Officer. reply the Subdivisional Officer by his letter, dated 16th of July, wrote d as soon as the company will feel that they are not at liberty to do any rk in connection with the oil mill they will be entitled to requisition ice help. In this letter he gave an interpretation of his order, dated 6th ne, by which he directed maintenance of the *status quo*. The inter- ation of the word "*status quo*" as made by the President of the Union gain full of misapprehension. As a wrong line of thinking was being pted by him from the very beginning, the word "*status quo*" was wrongly rpreted in the same perspective and naturally the result was disastrous he society as well as to the company. Company also in the meantime s notice, dated 26th of May, intimated that the workers had no more ess to enter into the mill for giving hazirah as the period during which r were required to file hazirah under the standing order has passed off. the workers paid no heed to such notice. On 27th August, however, rding to the evidence of the Manager the oil was despatched for the time since the commencement of the laying-off under Police protection, the Police made certain arrests. It is admitted on all hands that sooner

the oil stock is exhausted the sooner the company will be in a position t restart the mill. But this delay from 28th of April to 27th of August wa occasioned by the conduct of the workers and the effect of the delay recoile on the company in such a way that it had to suffer a loss of 14½ lakhs of rupee and also lose its customers. Its machines were also not attended to by any o the workers during the entire period and the net result was that the compan was not in a position to restart the mill in the near future. So the dela was brought about by the workers themselves and consequently they cannc now urge that on account of delay in restarting the mill, the company ough to have taken a decision to retrench the workers. In fact, when this pos tion was realised the company in May already gave a suggestion to th workers that they will be given the option to retire with all the retiral bene fits but the workers themselves did not accept the suggestion at that time So they cannot now urge that the company would have taken a decisio to make them all retire instead of laying them off on account of the ba debt condition.

It was, however, contended by the learned Council for the managemen that the workers have also disentitled themselves to the involuntary unem ployment benefit by their own conduct. Under the terms of the unemploy ment benefit the workers were bound to accept alternate job so as to entitl them to such benefits. But the workers who were notified to work by notice Exts. 2 and II disregarded the notice. Subsequently other batches workers who were asked to work by notices, dated 24th of July and 22n of August, also followed the suit. All these workers also took recours to the obstructive attitude and contributed to the bringing about of th company to its present plight. All these groups of workers were called t work but they refused to work by their concerted action and, therefore, und the law their act amounts to a strike without justification. On these ground also they are not entitled to any relief in the shape of involuntary unemploy ment relief. So under the law as well as under equity these workers hav disentitled themselves to any involuntary unemployment benefit.

As regards the remaining workers they also did not give their hazira as required under the law in spite of repeated warnings by the company They also took recourse to the obstructive attitude and contributed to th bring about of the company to its present plight. So under the law well as under equity these workers have disentitled themselves to involuntary unemployment benefit.

At the same time it is to be noticed that these workers have been l off for an indefinitely long period and the company cannot now envis restarting of the mill in near future. Under these circumstances, all tha can recommend is that if the workers do not like to continue in this pla which has been brought about by their own action, they will be f to tell the company to allow them to retire but the company will consi their applications on merits.

the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by two workmen Srinath and Khaberu against Fulchand Singh, Labour Contractor, Rallis India, Limited.

FORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

peared for the Employer: Shri N. N. Mookherjee, Advocate.

peared for the workmen: Shri Panchanan Bhattacharjee, Secretary of the Union.

AWARD.

The original reference in connection with which this proceeding has n was made under Government order No. 2180Dis./D/7L-44/52, dated 8th August 1952, in respect of industrial disputes between a group of presses and their labour contractors and their workmen.

he complaint of the petitioners is that they were discharged on 1st mber 1952 when the main adjudication proceedings were pending e this Tribunal and in contravention of section 33 of the Industrial utes Act. The employer's contention is that Srinath and Khaderu casual workers; they were not discharged; they left on 8th July

1952 and 3rd July 1952, respectively, as there was no work for them and they never returned thereafter. Whenever work will be available they may be given work if they apply for the same. So it is submitted by the employer that the provisions of section 33 have not been contravened as alleged, and the application should be rejected.

It cannot be disputed that under the system of employment of labour through contractors, there is no guarantee of regular supply of work and consequently, regular employment of labour cannot be had, the number of labour to be employed from day to day being dependent on the quantity of work allotted to the contractor. The employer's case is that workers stray about in search of work from place to place and engage themselves whenever and wherever work is available. The only witness before me is Shri Aswini Kumar Banerjee, a clerk serving under Fulchand Singh, Labour Contractor of Rallis India, Limited. The petitioners did not examine themselves before me nor any other witness was called on their behalf. The evidence is one-sided and conclusive as to that the petitioners were casual workers. They worked as and when work was available and could be given to them. It is proved that they were paid only when there was work for them under the particular contractor. For example, there was work for two days during the week ending 8th July 1952, i.e., 3rd July 1952 and 8th July 1952. Srinath worked on both those days and he was paid his wages for those days. Khaderu, however, worked on 3rd July 1952 only, and was paid for that day's work. Their work was of casual nature and not continuous. The contract of work, so to say, lasted for the day on which they worked though they collected their wages at the end of the week. It may now be regarded as well settled that termination of employment of casual workers thus employed, which comes to an end automatically with the conclusion of the specific work given to them is not hit by section 33 of the Industrial Disputes Act. Moreover, in the present case it is proved as already mentioned, that Khaderu worked under Fulchand to the last time on 3rd July 1952 and he was paid for that day. So far as Srinath is concerned, he worked for two days during the week, i.e., on the 3rd and 8th July, and he was paid his wages for those two days. Exhibit A and A1 bear out Shri Aswini Kumar Banerjee on these points. There is no other subsequent entry relating to these men in the Account Book, to show that they worked or were paid for work, on any other day after their alleged departure. There is nothing to show that Srinath went on leave after 8th July 1952 nor is it his case in the petition of complaint. The remark applies to Khaderu also. He however wrote a letter, dated 11th September 1952, to the Branch Manager, Rallis India, Limited, Cossipore stating that he had gone on leave on production of a telegram and on the assurance given by Fulchand that he would be reinstated when he came back. The employer contradicted these statements in his reply to Khaderu (Ext. C). Its correctness is also not admitted by the employer's representative Shri Banerjee, and there is no sworn testimony to prove the truth of the suggestion. Regard being had to the occasional nature of work, which Khaderu or Srinath was free to take where available and which they were free to leave when over, it is doubtful that Khaderu or Srinath had to obtain leave for going home after he had done the temporary work given to him. I feel inclined to accept the employer's version that under the system of work prevailing, there is no question of any casual worker obtaining leave on application, and so there is no such practice in vogue. Fulchand's reply to Khaderu's letter to the Rallis India, Limited, was sent to his address as noted in his letter, but it was returned undelivered with the remark "left" (see Ext. D). Khaderu and Srinath have been absent as already mentioned. There is none to say that they approached the

employer for work after they had left. It seems that none of the complainants is interested in prosecuting the complaint though it was filed in their names. For all these reasons, I am convinced that this is not a case of discharge, as alleged by the petitioners, but one of automatic termination of employment with the end of the work which the men were required to do. In any view of the case, section 33 has not been contravened and section 33A is not applicable.

Before passing I should like to mention that the employer raised an objection to the effect that as this particular employer was not specifically made a party in the order of reference there was no pending proceeding in respect of him and so no occasion for any complaint being made against him under section 33A did arise. I am unable to accept this contention as sound. The Order of Reference included not only the jute presses but also the Labour Contractors under them. Shri Fulchand Singh is such a Labour Contractor under Rallis India, Limited. When the notice of the complaint was issued to the Labour Contractor, Rallis India, Limited, it was Fulchand who made appearance in obedience to that notice. The non-specification of the contractor did not prejudice Fulchand in representing his case before the Tribunal. There is no question that Shri Fulchand was a party to the Reference as he himself understood it, and as there was a pending adjudication proceeding in respect of him in course of which an application under section 33A might be made against him.

In the circumstances stated above, my award is that the complaint under section 33A stands rejected.

ORDER.

No. 1674Dis./D/10L-104/53.—8th May 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 2700Dis./D/0L-116/52, dated the 7th October 1952, the industrial dispute between Messrs. Saxby & Farmer (India), Ltd., 17, Convent Road, Calcutta, and their workmen as represented by Saxby & Farmer Mazdoor Union, 17, Convent Road, Calcutta-14, regarding the matters specified in the schedule hereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Saxby & Farmer (India), Ltd., 17, Convent Road, Calcutta-14, and their workmen represented by Saxby & Farmer Mazdoor Union, 17, Convent Road, Calcutta-14, referred under Government Order No. 2700Dis., dated 7th October 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri D. L. Sen Gupta, Advocate, instructed by Shri Manoranjan Bhattacharji, Secretary.

For the Company: Shri K. B. Basu, Counsel, instructed by Shri J. K. Ghosh, Advocate of Messrs. Orr, Dignam & Co.

By Government order No. 2700Dis./D/101-116/52, dated the 7th October 1952, the aforesaid dispute was referred to this Tribunal for adjudication. The reference was received on 9th October 1952. The Union filed its written statement on 28th October 1952. The Company filed its written statement on 11th November 1952. The case was taken up for hearing on 25th February 1953. The issue sent by the Government is the same as framed by this Tribunal, viz., (1) Puja bonus.

The Union's case is that the Company is a highly prosperous engineering concern employing about 1,000 workmen carrying on business with Government for the last 45 years, but the Company is reluctant to concede to the reasonable demands of the workers, that in this Company bonus is a condition of service, but its rate had never been uniform but varied from time to time on various considerations. In 1947 there was no profit but still the Company granted one month's basic pay as Puja bonus, in 1948 also one month's basic pay was paid as Puja bonus under an award, in 1949 bonus on the basis of one day's basic wage for every nine days' attendance subject to a maximum basic pay of one month was granted under an award, in 1950 and 1951, bonus on the basis of one day's basic pay for every eight days' attendance subject to a minimum of one month's basic pay was also granted, but in 1952, there was double profit, and naturally the employees expected double rate of bonus, but the Company refused to pay it. Hence this dispute. The Company, on the other hand, contended that bonus was never a condition of service, that in 1947, there was an illegal stay-in-strike by the workmen and the officers of the Company were not allowed to leave the factory until a promise for Puja bonus had been given and in this way Puja bonus was paid under pressure. In 1948 and 1949, Puja bonus was paid under award but in 1950 to 1952, there was on average an equal profit in the Company and the Company offered bonus equivalent to one day's pay for every eight days' attendance in 1952 also as in the previous years, but the Union refused to accept it. But in this Company bonus had always been linked with attendance, that an any rate it is to be considered that the Company over a number of years has given an extremely low average return to its shareholders and that the bulk of its profits have been ploughed back into the business, that its reserves have been largely utilised in the maintenance of stocks and work-in-progress in the factory and

partly in the purchase of new equipment in order to keep the Company abreast with modern developments, that the depreciation reserves have been entirely utilised in the replacement of plant and machinery and that a considerable sum will have to be spent within the next 10 years in order to replace plant and machinery purchased between 1922 and 1931 for which no money is available, that in view of these considerations, the Company urges that no bonus is payable to the workers on the profit basis and consequently the Union's claim for bonus is liable to be rejected, that the Company has advanced a certain sums of money to the workers and prays that in case the prayer is rejected or any bonus is granted, which is less than the amount advanced, the entire amount or the balance as the case may be, may be directed to be returned to the Company in the usual manner, as in case of recovery of advance.

AWARD.

Issue No. 1—Puja bonus.

The learned Counsel for the Company took me through the proceedings the meetings of the Works Committee of this firm and argued that it was mutually agreed between the employer and the employees that the bonus should be linked with attendance in the year of profit. In my opinion, these discussions are mere discussions. No doubt an offer when accepted becomes a contract, but in each case the intention to offer or accept must be present. The proceedings fall short of that. My attention was drawn to the proceedings of 31st May 1949 and 30th June 1949. The former proceeding is the effect "Thereupon the workmen's Secretary said that they agreed to the scheme as a principle inasmuch as it envisaged that a good attender should get more than a bad attender but they felt that in view of better trading position of the Company this year, the Management should increase the rate of payment in 1949. They suggested that the Management should pay two days' wages as bonus for every nine days' work instead of one day as suggested by Mr. Hall. The Chairman told the members that their suggestion would be communicated to the Management and that the point would be discussed further at the next meeting of the Committee." So, there was no final agreement and what the workmen's Secretary said is that they only agreed to the scheme as a "principle". That does not mean that agreement was arrived at, which will be binding on the parties for all times to come. Similarly, in the proceedings of the 30th June of 1949, it is stated as follows: "They had at first asked for two days' wages as bonus' for every nine days' attendance but after good deal of discussions, they had ultimately asked for five weeks' wages at a flat rate for all, irrespective of attendance, for the year 1949 on the understanding that in 1950 onward, bonus might be linked up with attendance on the lines suggested by Mr. Hall subject to the proviso that any term more favourable than this which might be envisaged in any scheme or order of the Government in future would supersede the proposed scheme of the Management." As I have already said, there was no agreement arrived at in 1949 and the bonus had to be granted under an award. Clearly the Union's representative's statement that bonus might be linked up with attendance is not touched in the language of an unconditional acceptance of the offer made by Mr. Hall. Besides, it is specifically mentioned in this clause that acceptance was also subject to the proviso mentioned above. So, there was no intention to accept the offer and the acceptance was not unconditional and consequently there was no actual agreement and there cannot be any agreement, as it is both parties' case that no agreement was arrived at with regard to bonus of 1949 and this had to be settled by award. The same

argument holds good with regard to the discussions that took place o various other dates in the Works Committee. Bonus was no doubt linke with attendance and paid in the years 1949 to 1951. But unless both the parties intended that it should be a service condition to link bonus with attendance, it cannot have the effect of the bonus being actually linked with attendance instead of profit as a service condition. It is not the case o the Company that the pay of the employees have reached the standard o living wage and consequently in view of the Full Bench decision in the case of Mill Owners' Association, Bombay, reported in L.A.C., September 1952, page 435. Bonus must be looked upon as the temporary satisfaction wholly or in part for the needs of the employees. In the present case the Company has earned gross profit in the year 1952 to the extent of Rs. 4·08 lakhs. As both capital and labour contributed to the earning of the industrial concern. It is fair that labour should derive some benefit if there is some surplus after meeting the prior and the necessary charges, and in this respect we are to follow the principles enunciated in the Full Bench decision referred to above. It has been recognised therein that the first charge on gross profits should be the amount of money that would be necessary for rehabilitation, replacement and modernisation of the machinery (*vide* case of B.I. Cables, L.A.C. 1952, February, page 95). Further the Full Bench decision also recognises that return on capital employed in business should be one of the prior charges (*vide* Rastriya Mill Mazdoor Sangh, L.A.C., April 1952, page 154). The Union cited Ganesh Flour Mill Case, L.A.C., pages 177 and 179 to show that rehabilitation is not a prior charge. But this decision is distinguishable from the decision of the Full Bench case on point of fact and it does not purport to lay down a different law from that enunciated in the Full Bench case. The decision nowhere states that rehabilitation is not a prior charge. In that case there was 60 lakhs of rupees already in the reserve, apart from the huge profits capitalised by the issue of bonus shares to the extent of 16 lakhs. This was a consideration that evidently weighed with the Tribunal for the opinion that no further rehabilitation cost was necessary in that case. Further there was no evidence in that case to show the age of machinery, period during which replacement would be required, cost of replacement, the amounts standing in the Depreciation Fund. There was also no evidence from which it can be calculated as to what extent the funds in the hands of the Company would meet the extra cost required for replacement. It was under these circumstances that the Tribunal was of opinion that no further rehabilitation cost was necessary. The Hon'ble Judge laid down that rehabilitation cost is not a prior charge and they never intended to deviate from their Full Bench decision on this point. It was next contended by the Union that in view of the huge reserves, General Reserve and Special Reserves, no further provision is necessary for rehabilitation. But assuming that the entire reserve is available, which of course in fact is not, as it is being used as a working capital, it has been taken into consideration in calculating the net amount required for rehabilitation. Further, the entire reserve cannot in any case be utilised for rehabilitation, as in that case, the Company would be left without any working capital and nothing would be available to meet the cost of emergency or other legitimate business expenses. The fact that the Company had to borrow money by overdraft shows that the reserve was actually not in hand but was in the working capital. The existence of the huge amounts of stock explains that the general and the special reserves was not in existence in the shape of liquid money but was invested in stock and other items. So, the argument that in view of the existence of the reserves no allotment is necessary to be made for the purpose of rehabilitation, does not hold water. Again the argument that depreciation in the

sense and specially here includes the charges for rehabilitation is also fallacious, because depreciation only represents the estimated wear and tear, which will ultimately reduce the property to scrap. It is recoupment of the original cost by annual instalment. It gives back the money spent in purchasing the property but does not provide the higher cost to be incurred in purchasing a new machine to replace the worn out or scrap machines. The rehabilitation in fact is the annual cost of buying the same machines or its equivalent up to date and as it is bought after the life of the old machines is spent and therefore after lapse of several years, the price is higher, and the Company has to pay a much higher price for it—far in excess of the price of the old machines and the money has to be found for this excess. This excess is the rehabilitation for replacement cost, i.e., difference between the price of the new machines and the old machines. It has been pointed out in the Sholapur Mills Case, L.I.J., Volume I, page 526, that the object of depreciation is the replacement of the original capital investment and that an increase in replacement cost is an important matter and means that additional capital is required in order to maintain the original earning capacity. In the Statement, No. 1, before this Court, the column 1 shows depreciation as charged in the accounts every year from 1923 to 1952 totalling Rs. 10,23,381-10-7. Column 2 of the statement shows the sale-proceeds of the machinery discarded which when added to column No 1 gives a total of Rs. 10,89,747-7-3 and this represents the total amount available for the replacement of the old machinery. Column 4 of the statement shows the cost of additional plant and machinery purchased year by year, amounting to Rs. 11,17,124-6-3, whilst column 5 shows the difference between the amount available and the amount actually spent and this shows that the expenditure has exceeded the depreciation reserve plus the sale-proceeds of the obsolete machines by Rs. 27,576-15-0. The statement No. 2 gives a list of plant and machinery purchased between the years 1928 to 1932 with their original value and which are still in service. According to the evidence of the Directors of the Company, the life of the machines may be taken to be 30 years in average and therefore all these machines will have to be replaced during the next 5 to 10 years. They further state that as an engineering firm the working requires some sort of precision. The old types of machines have got to be replaced from time to time by up-to-date machinery and the machineries which can no more yield output with precision have also got to be replaced as soon as it is found that they cannot any more produce outturn of the set standard. On behalf of the Union P.W. 1 simply stated that these machineries do not require to be replaced within 10 years. In his cross-examination he had to admit that as an engineering firm the Company must have machines and the more efficient the machines, the better is the nature of the work. He also admitted that as time goes on, machineries are gradually improved. In my opinion, he was not correct when he said that it is not always true that improvements in the machines facilitate better work. He further admitted that precision is necessary in the output of the engineering firms and that for precision of work machines have got to be good and accurate. He, however, had to admit that the period of 30 years is a long time for the life of the machines. So, the sum total of his evidence is the same as the evidence of the Directors that for accurate work the machines have got to be replaced within a period of 30 years and not only the old machineries will have to be thus replaced but the improved machineries are also sometimes necessary to make the place of old obsolete machines. This is also the accepted view with regard to textile machineries as stated in the Full Bench case and in the subsequent cases. Following the principles enunciated in the Full Bench taking the initial cost of plant and machinery after 1939 as shown in the

statement No. 1 is found to be 11·35 lakhs. Purchases during the years 1940 to 1952 again is found to be 4·41 lakhs. Out of this purchases, 2·197 lakhs represents replacement of machinery and the plant 2·22 represents the purchase of new machines. Next we are to convert the value of the machinery purchased during the years 1940 to 1952 in terms of the value in 1939. For this certain price factors are necessary. The Company claims that for machineries purchased prior to 1931 the price factor should be 4 for those purchased after 1940, the price factor should be 3 and those after 1943 will be 2·5 and those after 1946 will be 2·0 and those after 1952 1·5. The Union took objection to the aforesaid price factor and in support of their contention relied on the case of Metal Box and Co. (Indian Appeal Cases, July 19, page 915). In my opinion, the price factor should be as enunciated in the case of Metal Box and Co. I have obtained a calculation from the Company on the basis of these figures and this may be accepted with the modification that the figures of 1923 and 1932 will be slightly altered and the figures for replacement cost for 1923 will be 19·17 and that for 1932 will be 11·85. The figures for "depreciation property, breakdown value and reserves" as given in their statement are acceptable. It was contended by the Company that no reserve was available for the purpose of meeting the cost of rehabilitation. There is much substance in this contention but we are even prepared to assume that the entire reserve can be utilised towards rehabilitation and to deduct the total amount of 24·517 from the cost of rehabilitation. On the basis of this calculation, the annual rehabilitation will be say about 2·26. From that depreciation already charged for 1952 may be deducted and the balance will be the nett amount available for rehabilitation per year.

As regards the amount of deduction on account of dividend, the learned Advocate for the Union was prepared to allow 4 per cent. dividend return by taking into consideration big volume of share other than cash. He is of opinion that the big volume of shares other than cash represents fictitious shares but I cannot share the same opinion with him. The balance-sheet of 1931 shows that the Company was indebted to its predecessors to the extent of 10 lakhs and odd and on 22nd June 1932, the Company in a meeting of its shareholders resolved that the "negotiations with the Westinghouse Brake and Saxby Signals Co., Ltd., under which it had been arranged that the Company should hold the balance of the unissued capital of this Company credited as fully paid up in satisfaction of like amount of this Company's indebtedness were discussed and the Managing Director reported that the agreement prepared by the Company's Solicitors under which the Westinghouse Brake and Saxby Signals Co., Ltd., had agreed to accept 74,240 shares in the Company of the nominal value of Rs. 10 each as fully paid in satisfaction of this Company's indebtedness on like amount of Rs. 7,42,400 had been received back from London duly sealed by that Company, and that the agreement in duplicate was accordingly produced, considered and approved and it was resolved to seal the same". In the face of this resolution, it cannot any more be argued that the consideration other than cash means fictitious consideration. So, the Company is entitled to earn dividend on the entire amount of its capital value. As regards the rate of dividend, it is generally accepted that the return may be allowed at the rate of 6 per cent. and that a lower return of 4 per cent. has been given in some cases only when it is found that actually paid-up capital in cash is nominal and the balance is made up of bonus shares or gift shares, etc. But this is not the case here. So, it will not be justified to circumscribe the dividend on the share capital to 4 per cent. only. On the other hand, the Company demanded 8 per cent. on the share capital, which, in my opinion, will also be too much in the circumstances of the case in consideration of the fact that the risk

involved is not too serious. So, considering all circumstances, I am prepared to hold that the Company is entitled to 6 per cent. dividend on the share capital. Six per cent. dividend has been allowed in many cases, for example, Millowners' Case, 1950, L.L.J., Metal Boxes Case, L.A.C., July, page 329, Visir Sultan Tobacco Co. Case, L.A.C. July, page 226, B.I. Cables' Case, L.A.C., February, page 91, Nizam Sugar, L.A.C., March, page 135, and various other cases. I am, therefore, prepared to allow 6 per cent. dividend on the paid-up capital, even though the Company had declared a dividend only on a few occasions and ploughed back the entire profit into the business in other years. I must note here that there is some justification on the Company's claim of 8 per cent. in consideration of the fact that 8 per cent. dividend had been declared on shares on some years but even that is being denied here.

As regards the return on reserves, the argument of the learned lawyer that no return should be allowed on the reserves is not acceptable. His argument that the interest of 17,806 has been charged for interest on account of the reserves is not correct. The interest of Rs. 17,696 is not an income but is what has been paid on the loan on overdraft to the bank as the entire capital has been used up as working capital. Further additional loan to the extent of the reserves has been avoided and corresponding interest at 4 per cent., which would have been paid, has been saved. This reserve of 14·75 lakhs has been utilised in stocks, work-in-progress, etc. The balance-sheet for 1952, Ext. K2, shows stock of 21·59 lakhs; work-in-progress 10·42 lakhs and stock in transit ·58 lakh, total 32·60 lakhs, apart from book debts (moneys to be collected for goods already sold). This stock of 32·60 lakhs is apart from the moneys representing the price of the machines, plants, building and other capital assets. The Company's capital is only 25 lakhs. If the reserves of 14·75 had not been employed in full how could the Company had 32·60 lakhs in stock, etc., only? Further the very fact that actual cash is only a few thousand of rupees and there was necessity for the large bank overdraft, show that the entire reserve should have a return, as it is being used as working capital throughout the year. In the Millowners' case, it has been pointed out that the reserve which carried over from year to year in law belongs to the Company and the Company is entitled to some return for the money employed as working capital. The Company is not entitled to deal with this return as it chooses and neither the share-holders individually nor the employees can as of right claim any direct benefit accruing out of the employed capital. Therefore this amount has to be credited to the Company. There cannot be any doubt that the employment of the reserve as working capital obviates borrowing of money from outside sources for the same purpose and may be at a higher rate of interest. The payment of higher interest would reduce the gross profit to that extent; and the employment of reserve as working capital would be beneficial to the employees. Ext. B shows that from 1934 to 1951 the Company did not always earn profit, dividends were not declared even in years of profit but such profits have been ploughed back in the Company to finance it. The present reserve has been built up in this manner during all these years. The Company would have been in financial difficulties if this entire sum of reserve of 14·75 lakhs would not have been utilised in its business. Under these circumstances, the Company is entitled to 4 per cent. interest only on the reserve and this has been allowed in various cases such as Visir Sultan Tobacco, L.A.C., July, page 226, Nizam Sugar 1952, Volume I, L.L.J., page 386, the Adjudication allowed 2 per cent. on share capital but on appeal it was raised to 4 per cent., 1952, L.L.J., Vol. I, page 522, also Indian Vegetable Products, 1951 L.L.J., Vol. I, page 241, Kara also Indian Vegetable Products, 1951, L.L.J., Vol. I, 241, Kara Kashew Works, L.L.J., Vol. II, page 399.

Although in the Full Bench decision of the Millowners' case 2 p cent. return has been allowed on the reserves but that is with regard textile mills only and Their Lordships clearly observed that "we have appropriate cases given as high as 4 per cent. on return as working capital but in the case of Textile Mills, the equivalent of 2 per cent. was on considered reasonable. [Rastriya Mill Mazdoor Sangh Case (on appe L.A.C., April 1952, page 154.] In consideration of the entire facts and c cumstances, therefore, I hold that the Company is entitled to charge 4 p cent. dividend on the reserve amount to 14·75 lakhs in the present cas The total amount of dividend therefore amounts to 1·50 being 6 per cen of the share capital and ·59 being 4 per cent. dividend on 14·75 lakhs working capital, that is in all 1·99 lakhs. Now the nett profit of the year per balance-sheet for the year ending 30th June 1952 is 4·18. Addin depreciation charge for the year, it is 4·89. From that is to be deduct 2·09 on account of dividend, leaving a balance of 2·8. Rehabilitation plant and machinery per year, as we have already seen, amounts to 2·2 From that depreciation for I.T. purposes for plant and machinery on already charged being taken out, the balance comes to 1·84. To that is add depreciation for the year allowed by I.T. purposes for machinery on figuring ·86. The balance left is quite insufficient for the purpose allowing any bonus as charged by the Union. The claim made by t Union is totally unjustified and the Company was fully justified in oppo ing the claim. However, for the purpose of industrial peace, I recommen that the Company should not now grudge to pay the amount which it h already offered to the workers, but the offer will be exactly on the princip suggested by the Company at the time of offer, viz., at the rate of 1 day basic pay for 8 days' attendance, which works out to Rs. 91,000 as li bility of the Company, the word "attendance" having the same meanin as per interpretation of Shri P. K. Sarkar.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Mahabir Paper and Board Industries, Canal Road, post office Tollygunj, Calcutta and their workmen as represented by the Mahabir Paper and Board Industries Workers' Union, 8, Lakshmi Dutta Lane, Calcutta-3.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Union: Shri Mani Chakraborty, Secretary of the Union.

Present for the Company: Shri T. K. Jagadis, Assistant Secretary, Indian Board Mills Association.

1. By Government order No. 2429Dis./D/11L-160/52, dated the 29th August 1952, the aforesaid dispute has been referred to the Fifth Industrial Tribunal for adjudication under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 3rd September 1952. The Union filed written statement on 16th September 1952. The Company filed written objections on 4th October 1952. After several adjournments the case was taken up for analogous trial with the sister case as per reference No. 1909Dis./11L-106/52, dated the 17th July 1952. The arguments were concluded on 23rd February 1953, and the award was reserved.

3. The issues contained in the schedule to the order of reference stand as follows:—

(1) Whether the service of the eight workers mentioned below should be retained:—

(a) Sadhan Bhowmick.
(b) Gopal Chandra Nath.
(c) Haran Chandra Dutta.
(d) Bisvanath.
(e) Debendra Das.
(f) Murari Mohan Ghosh.
(g) Dhirendra Mallick.
(h) Rajani Jit.

(2) What compensation should be paid to them.

AWARD.

Issue No. 1.

4. The evidence has been recorded together with the evidence in the sister case above referred to. It is a case of the Union that these 8 workers have been retrenched in pursuance of a systematic policy of victimisation by the employer against the Union. The Union has given in its written statement a catalogue of their grievances, and also tried to show how different workers who were office-bearers of the Union, have been victimised by the employer. The Union further contends that these persons were retrenched without the permission of the Conciliation Officer before whom

the conciliation proceeding was in progress, or without the permission of th Tribunal before whom another case was pending. The Union, accordingl wants their reinstatement and compensation. The Company resists the clai broadly on two grounds, viz.—

(1) These employees were contractors' men, and so the Company cou not grant them any relief by way of reinstatement or compe sation.

(2) That the matter is not an industrial dispute and the retrenchme was justified.

It, of course, denies the story of victimisation.

Coming to the evidence of the case I find that these retrenched employe were in the employ of the contractors' firm of Messrs. Santosh Kumar an Bankim Chandra Majumdar. The notice, Exhibit W1, shows that th said contractors' firm retrenched these men by a notice, dated 30th Jun 1952, with effect from the 7th April 1952. The reason disclosed in th notice is that one shift in the Machine Department had been closed i obedience to the Company's instructions, dated the 23rd June 1952. So th work in the Finishing Department has been reduced to half. The contrac tors accordingly gave this notice for retrenchment. In the same book got the notice, dated 23rd June 1952, for retrenchment in the Machin Department. If we trace back the notices we come to the notice, date 3rd June 1952, given by the contractors. There it is stated that "as th wet goods could not be dried up, so one shift in the machine department wa closed". Eleven persons were given notice of retrenchment. That otic was held up because of the intervention of the Assistant Labour Commis sioner. Later on an order of retrenchment was passed as above by th contractors. Now, if the contractors have retrenched their men, namely those employees, it is not up to the employer to set it right. The employe does not have any control over these men. So he has no obligation to thes men either. Control and obligation are practically correlative terms. On can hardly exist without the other. That being the position, I do not se how the employees can seek any relief against the employer in the presen case. Reinstatement or compensation can never be had against the employe for obvious reasons. I have discussed this in details in the other case.

The Union contends that the story of contract has been set up by th employer only to defeat the employees' claim. As a matter of fact it i contended that no such contract did ever exist. In the beginning of Janu ary 1952 the Company wanted to introduce, for the first time, payment t the employees in the contractors' book. That was resisted by the workers The Assistant Labour Commissioner intervened. She ordered the paymen to be made in the said register without prejudice to the parties. But I hav exposed in great detail the hollowness of this contention in the award of th other case. I have shown how in 1949 the Finishing Department was mad over to the contractors. Subsequently the Machine Department was als delivered to the said contractors. The contractors were paid on the basis o their production. I have referred to Exhibits B, B1, B2 and B3 bearin on the proposal and acceptance of the contract. I have also referred to th agreement, dated 5th March 1952 (Exhibit W6), in which the Machin Department and the Finishing Department have been specifically referred to This is significant to show that these departments were in charge of some body else other than the employer. Exhibit X was the authority letter give to the Company by the contractor touching this agreement. Then I referre to Exhibit Z series to show that the contractors did entertain leave appli cations from the workers, did grant advance payments by debit vouchers and accepted resignation letters of the workers. Even the Vice-President o

the Union did figure in those documents. So it was idle on the part of the Union to contend that the contractors' story was a myth. It is a stubborn fact which could not be got-over. It being so, how can any liability be foisted on the employer over the head of the contractors regarding the employees of the Machine and the Finishing Departments?

I have also looked at the case from different stand-points in the other case. I have considered also that the present dispute cannot come within the definition of the Industrial Disputes Act, strictly speaking. Even if it can be dragged in under the said definition by placing these men in the category of "any person" in the definition of "workman", still it must be held that the retrenchment was not unjustified. I need not reiterate those reasons over again here. I have considered also that in the rainy season there is slackness in production because of the absence of the sun. The Company has no Drying Machine. This is customary in the case of most of such mills. In view of this, during the rainy season the mill remains closed on many days. Documents have been referred to in support of this in the other award. Now, if one shift in the Machine Department is closed in the rainy season, necessarily the work in the Finishing Department must be reduced because, the Machine Department manufactures goods which are finished in the Finishing Department. In that view of that matter, if these men were retrenched in the Finishing Department consequent on the closure of one shift in the Machine Department, it cannot be found fault with. Simply because these men happened to be office-bearers of the Union, they cannot claim any immunity from retrenchment.

So, taking a total view of the matter I find, firstly, that the employer cannot be held liable to grant any relief legally because there are contractors interposed between the employer and these workmen. Unlike Bombay, we do not recognise the contractors' men as in the employ of the Company. Next, even if the employer be supposed to be liable for this retrenchment, still I cannot hold the employer liable to grant reinstatement or compensation because the retrenchment was not unjust. So, I answer the issue in the negative.

The retrenchment was effected before the reference of the other case to this Tribunal. So section 33 of the Act was not violated.

Issue No. 2.

In view of the above finding this issue is also answered in the negative. No compensation can be given by the Company in the present case, as they were contractors' men.

Dictated and corrected by me.

G. PALIT, *District Judge,*
Fifth Industrial Tribunal.

By order of the Governor,
D. S. F. MUKHERJEE, Jt. Secy.

ORDER.

No. 1712Dis./D/10L-4(B)/53.—12th May 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 540Dis./D/10L-8/52, dated the 8th March 1952, read with its Addendum No. 775Dis./D/10L-8-52, dated the 5th April 1952, the industrial dispute between Messrs. Guest, Keen Williams, Ltd., 97, Andul Road, Howrah, and their workmen represented by the Engineering Mazdur Sabha, 4, Nityadhan Mukherjee Road, Howrah, and the Guest, Keen Williams Mazdur Union, 164, Andul Road, post office Botanic Gardens, Howrah, regarding the matters specified in the schedule to the said order, dated the 8th March 1952, was referred for adjudication to the First Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received on behalf of Borai Pashi, Sewnath Ram and Deonandan, workers of the said Company before the said Tribunal against the said Company alleging that the said Company had discharged by way of dismissal the said Borai Pashi, Sewnath Ram and Deonandan, concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Borai Pashi, Sewnath Ram and Deonandan, represented by the Secretary, Guest, Keen Williams Mazdoor Union, in connection with Government Order No. 540Dis./D-10L-8/52, dated 8th March 1952. (Case No. 17/52.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.)*,
Judge, First Industrial Tribunal.

For the complainants: Shri R. Sen, Acting Secretary of the Union and Shri Patit Paban Pathak.

For the Company: Dr. J. K. Bose, Labour Adviser, Indian Engineering Association and Shri H. P. Bose, Labour Welfare Officer of the Company.

AWARD.

The Government of West Bengal in the Department of Labour, by order No. 540Dis./D-10L-8/52, dated 8th March 1952, referred the industrial dispute between Messrs. Guest, Keen Williams, Ltd., 97, Andul Road, Howrah and their workmen to this Tribunal for adjudication. The award of the Tribunal was published in the *Calcutta Gazette, Extraordinary*, dated 21st August 1952.

Five workmen of the Company, viz., Borai Pashi, ticket No. D/300, wnandan, ticket No. D/1058, Sewnath Ram, ticket No. D/266, Bodhai shi, ticket No. 259 and Bideshi Kori, ticket No. D/15, applied on 10th ril 1952, under section 33A of the Industrial Disputes Act complaining t they had been dismissed during the pendency of the adjudication pro-dings before the Tribunal in contravention of section 33 of the Industrial sputes Act. They further pleaded that the dismissal of the workmen was t justified by the facts connected therewith and that they were not given y charge-sheet nor any opportunity to explain the charges against them t that they were verbally ordered to go out of the workshop. It is, there-e, pressed that the dismissal of the workmen was against the principle of tural justice and they should be allowed adequate relief.

The Company in their written statement states as follows:—

"On 4th April 1952 five workmen, namely, Borai Pashi, T. No. D/300, onandan Barai, T. No. D/1058, Sewnath Ram Kalowar, T. No. D/266, dhai Pashi, T. No. D/259 and Bideshi Kori, T. No. D/15, were reported have assaulted the Supervisor and consequently were guilty of riotous and orderly behaviour inside the factory compound during working hours, ich is a major misdemeanour. Immediately after the incident, a preli-nary enquiry was held after which the said workmen were suspended ding further enquiry as and from 5th April 1952. On 5th April 1952 arge-sheets were issued to the said workmen, which were duly acknowledg-and the workmen submitted their explanation on the charge-sheets on the ne day. On 7th April 1952 the case was investigated by the Labour elfare Officer of the Company and suspension orders on Bodhai Pashi and deshi Kori were withdrawn, as no *prima facie* case could be established ainst them, and they were allowed to resume their duties with effect from April 1952 without any loss of wages for the period of their suspension. a result of further enquiry on 16th April 1952 and 22nd April 1952 the rkmen Borai, Dewnandan and Sewnath Ram were suspended for security sons. Applications under section 33 of the Industrial Disputes Act were d seeking permission of the Tribunal for their dismissal. These applica-ns were registered as case No. 60 of 1952 under section 33 in connection th Borai Pashi, No. 59/52, under section 33 in connection with wnandan and case No. 58/52 under section 33 in connection with Sewnath m All the three applications were filed on 25th April 1952. The esent applications under section 33A by the workmen were filed on th April 1952. The Company therefore prays that in the circumstances e applications filed by the workmen under section 33A should be rejected.

It may be mentioned that all the applications under section 33 of the dustrial Disputes Act were struck off by the Tribunal on 14th November 52 on the ground that the award of the Tribunal was published on 21st gust 1952 and the Tribunal had no further jurisdiction to deal with the plications under section 33 of the Industrial Disputes Act.

The points that arise for decision are as follows:—

1 Are the applications under section 33A maintainable?

2 Are the applicants entitled to any relief?

DECISIONS.

Points Nos. 1 and 2.—It has been stated above that Budhai Pashi and deshi Kori were reinstated to their posts on 8th April 1952 without any eak of employment or loss of wages for the period of suspension from h April 1952 to 7th April 1952. The Mazdoor Union, who filed the appli-tions under section 33A on behalf of the workmen and conducted the case

at the time of hearing, did not press the case for Bideshi and Budhai. T applicants that remain are Borai, Dewnandan and Shewnath Ram. P. W Borai Pashi was examined on behalf of the applicants and cross-examined the Company. The Company examined O. P. W. 1 Anil Banerji, O. P. W Badsha Khan and O. P. W. 3 Shri H. P. Bose, Labour Welfare Offic Exhibits A series and exhibits B series were proved on behalf the Company. Exhibits B, B1 and B2 are the charge-sheets, whi according to the Company, were given to Borai, Dewnandan and Shewna and admittedly contain their thumb impressions. The final ord showing the action taken by the Company on these workmen appea to be that they were considered fit to be dismissed but were kept under su pension for security reasons until the permission of the Tribunal w obtained for their dismissal. This order appears to have been passed 22nd April 1952 and the Company applied for permission to dismiss the under section 33 of the Act on 25th April 1952. It is, therefore, clear th Borai, Dewnandan and Shewnath have not yet been dismissed but are st under suspension for security reasons. It has been decided repeatedly this Tribunal that suspension of a workman pending enquiry for securi reasons is not punishment and no application under section 33A of th Industrial Disputes Act will lie for such suspension [*vide* Hindusthan Dev lopment Corporation, Ltd. *vs.* their workmen reported in 1951(1)L.L.J., pag 37, January 1951]. It is, therefore, clear that in view of the fact that Bora Dewnandan and Shewnath were not dismissed during the pendency of th Tribunal but were only kept under suspension for security reasons, th applications under section 33A is incompetent.

As to whether the suspension was justified on facts, I may only state tha the evidence on record clearly points to the conclusion that the action take by the Company appears to be justified. I shall briefly deal with the fact of the case. P. W. 1 Borai Pashi, the first applicant, states in his examina tion-in-chief that Badsha Khan, Supervisor, wanted some illegal gratifica tion from him on the date of the incident on 4th April 1952 and on Borai' refusal to comply, Badsha Khan snatched away the shovel from Borai an abused him in filthy language and also dealt him some blows. It is state that Borai did nothing in retaliation and took the *belcha* again and com menced work but that Badsha then gave a violent push to Borai and t avert a fall, Borai caught hold of the color of the shirt of Badsha tearing it away. He further states that after this Badsha sneaked away to the offic of the D-Works Manager and made a report against him and the other work men, although Deonandan and Shewnath were on the wagon at some distance. The incident took place at 4-30 p.m. on the admission of both the parties. The Labour Officer then came and took down the names and ticket numbers of the employees. Borai further states that on 5th April 1952 when he and his companions went to the office for duty, they were not allowed to resume duty, but were taken to the Labour Welfare Officer, where the Assistant Labour Officer, Kanan Babu, took their thumb impressions on blank papers, that no charge-sheets were given to them but again on 22nd April 1952 on which date they were asked to report, he, Dewnandan and Shewnath we asked to put thumb impressions on blank papers. In cro examination Borai admits that it was at about 4-30 p.m. that I Sardar, Bahadur, asked him to leave the wagon while he w working and to go to another wagon, at which a quarrel ensu between him and the Supervisor, Badsha Khan, as he refused to co ply with the orders of Bahadur. Borai here states that at this stage Bads snatched his *belcha* and immediately he caught hold of it a started work when Badsha gave him a push and Borai clench his shirt collar to avoid a fall. The statement of a quarr on account of Badsha demanding an illegal gratification fro

orai has not been persisted in in the cross-examination. The statement O. P. W. 2 Badsha Khan is that Dewnandan, Budhai, Shewnath and orai were detailed to work in one wagon for unloading coal and Borai and ewnath who were on duty on the ground in front of the door of the wagon ere gossiping, for which reason he called Borai as well as Bahadur Sardar d asked Bahadur to put some other worker in place of Borai and allot ties to him elsewhere to stop the gossiping. He then states that Borai sisted on working in the same wagon and as Bahadur was going to bring other man in place of Borai, Borai came up and caught hold of shirt color the Supervisor Badsha Khan and struck a blow by which time Shewnath d Dewnandan had joined and both of them assaulted the Supervisor adsha. At this time Bahadur came up shouting and Badsha was given by his assailants when he ran to the Works Manager and reported the tter to him. The Works Manager and the Labour Welfare Officer came the spot of occurrence and started enquiry. Borai admitted the thumb pression, exhibits A and A1 on the charge-sheets. Thumb impressions Shewnath and Deonandan were also proved by the Company. It is clear om the evidence on record that Borai, Shewnath and Deonandan assaulted e Supervisor, Badsha Khan, and there was a detailed enquiry by the abour Welfare Officer and these three workers were suspended for security asons pending the permission of the Tribunal for their dismissal by the ompany, which the Company applied for on 25th April 1952. In view of e facts and circumstances of the case, it is clear that the Company was stified in suspending the workmen, as it did for security reasons pending rmission of the Tribunal for their dismissal under section 33 of the Indus- rial Disputes Act. The applicants in the present petition are not entitled any relief and the application under section 33A of the Industrial Disputes ct is rejected.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Muller Phipps (India), Ltd., 7, Wellesley Place, Calcutta, and their workm as represented by Muller and Phipps Employees' Union, 7, Wellesl Place, Calcutta.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Union: Shri D. L. Sen Gupta, Advocate, instructed b Shri S. B. Bose, Joint Secretary of the Union.

Present for the Company: Mr. G. F. Kennnedy, Solicitor and Shri P. K Ghosh, Advocate, instructed by F. E. J. Edward, Manager of th Company.

1. By Government order No. 2116Dis./D/11L-172/52, dated the 6th August 1952, the aforesaid dispute has been referred to the Fifth Industrial Tribunal for adjudication under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The aforesaid Tribunal has been constituted under notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 14th August 1952. Usual notices were issued, and the Union filed the written statement on 30th August 1952. The Company filed written objections on 7th October 1952. After several adjournments the case was taken up for hearing on 3rd March 1953, and it continued from day to day till 7th March 1953 when the arguments were concluded. The award was reserved.

3. The issues contained in the schedule to the order of reference st as follows:—

(1) Pay and scales of pay.
(2) Dearness allowance.
(3) Working hours.
(4) Leave.
(5) Annual bonus.
(6) Gratuity.
(7) Provident Fund.
(8) Over-time.
(9) Procedure relating to recruitment and termination of service.
(10) Medical aid.
(11) Tiffin allowance.
(12) Conveyance and other allowance to sales staff.

AWARD.

4. Before I consider the issues specifically, let me refer to certain fac which are relevant in this connection. According to the Union the Com pany is as old as 1917. The Company is said to have extensive business i imported goods from abroad, mostly stationery and toilet goods, and al tools and parts. The workmen agitated their grievances ever since 194 but no Union was formed till the 16th October 1951. The Company wa

stematically giving bonus to the extent of one and a half months' basic age. But in January 1952 the Company is said to have curtailed it to one eek s bonus The workers refused to have this bonus. A charter of emands was placed in February 1952 and in course of the conciliation pro-edings another revised charter of demands was placed on the 10th June 52. The Company, however, did not concede any of these demands except raise the Provident Fund contribution from 5 per cent. of the pay to 6¼ er cent. of the pay. The conciliation proceedings accordingly ended in failure. Then the matter has been referred to this Tribunal for adjudica-on. The Company, however, denies most of the above allegations. It ntends that due to restrictions imposed on imports by the Government, ie business of the Company has received a serious setback. It has suffered eavy losses during the last five years. The Company was not, however, nmindful of the grievances of the workers. It entered into an agreement ith the workers in November 1949. The Company agreed to abide by his agreement. It denies its liability to pay any bonus in view of the ntroduction of the Provident Fund system. It also resists the claim of the nion under different heads. I shall refer to them as I discuss those issues.

PAY AND SCALE OF PAY.

Issue No. 1.—The learned lawyer of the Company contends that the Tribunal is not competent to fix any pay and scales of pay in the absence of ny demand for classification of the employees and for pay adjustment. But his contention of the Company does not appear to me to be very sound. In xt. A1, which has been submitted by the Company, I get the designations of the different employees in this concern. That also shows which employee ccupies which class of position. This practically does away with the ecessity of having any fresh classification. If here and there any modi-ication is called for, that may be left to the Company itself. The absence of pay and scales of pay constitutes perpetual disharmony between the mployer and the employees. So it will be better to decide this dispute ather than avoid it. The Company wants to shelve the matter for reasons which are not difficult to comprehend. The Company fears that the deter-mination of any fixed grade and scales of pay might cast upon it an extra financial burden. The fixation of grade to a certain extent curtails the power of the management over the fate of the employees. Nobody likes to part with such power. That might be the reason at the back of the Com-pany's mind here also. I can do no better than refer to my own observations in the award between Messrs. A. & S. Henry & Co., Ltd., Grosvenor House, 21, Old Court House Street, Calcutta, and their employees, reported in the *Calcutta Gazette* of 2nd October 1952 at page 3206.

> "Regarding the scales of pay, I am inclined to think that the Company has no fixed system. If it grants any increment, it does so either whimsically or by fits and starts or in response to the demands of the employees when the same prove to be irresistible or difficult to resist. This is certainly not a desirable state of things. This formed the grievance of the employees in the past. It also rankles in their minds at present. It will lead to trouble in future unless put on satisfactory basis."

The Tribunals exist pre-eminently for achieving harmonious relationship between the employer and the employees by settling down their disputes, and not by avoiding the same. So I turn down the contention of the Company and proceed to determine the pay scales. In doing so I have in mind the award of the major Mercantile Tribunal constituted under order No. 135Lab., dated the 17th January 1948. I have introduced certain modifications here and there, and I did it only where the special circumstances of the case did

call for such change. I also have the demands of the Union in the two charters before me. I award as below:—

Clerks (I)—Rs. 110—7—180 (E.B.)—10—260.

Clerks (II)—Rs. 70—4—110 (E.B.)—5—160.

Stenographers will get pay equivalent to grade (I) above.

Typists will get pay equivalent to grade (II) above.

Drivers—Rs. 70—4—110.

Peons and Bearers—Rs. 35—1—50.

Coolies—Rs. 35—1—55.

In Ext. A1 I find that the night watchman and the sweeper get Rs. 22 and Rs. 20 as basic wages respectively. I pull up their basic wage to Rs. 25 each. I do not give them a grade in the present case, but I give them fixed dearness allowance of Rs. 30 per month. That will sufficiently meet the demand of justice in the present case.

As no adjustment of basic pay has been specifically wanted, I only refer to the broad recognised rules for the same. There will be no point in fixing the scales of pay unless some directions are given for putting the present employees into certain points of the scale. In the absence of this, confusion will be merely worse confounded. I think I am entitled to do it, taking this as an incidental matter involved in the issue. I accordingly give the following direction: When the existing wage of an employee is a little less than the corresponding point in the proposed scale, he should be pushed up to the said point by giving the required increment. The present salary has been arrived at by giving certain increments as per Ext. A. So I do not provide for special increments for the past service. If the employees are fitted into the proposed scale as above, they will get quite a lot of benefit. Where the pay of any particular employee is less than the minimum of the grade in which he is placed, he should be pulled up to the said minimum. This is all with regard to the adjustment of the existing clerks. The Company resists the claim of pay on the ground that the existing pay is quite handsome. But they could not refer to any other commercial firm of equivalent status and standing in the locality. So I prefer to be guided by the major Mercantile Tribunal Award because it dealt with the commercial firms in the Dalhousie Square where the present Company is also situated. The learned lawyer of the Company wanted to scorn the idea of a regional basis. But I do not see eye to eye with him in this respect. Industry-cum-region basis is our accepted method of wage fixation. The issue is thus disposed of. It will come into operation within two months from the award becoming operative.

DEARNESS ALLOWANCE.

Issue No. 2.—The Company grants dearness allowance to the extent of 50 per cent. with the minimum of Rs. 75 in the case of the clerical staff, but allows only 50 per cent. with no minimum in the case of the other staff. If any minimum dearness allowance needs to be provided to it must be in the case of the lower grade staff. The reason is that percentage of basic salary does not yield any substantial sum by way of neutralising the rise in the cost of living. As the Company has been suffering losses for the last five years, as per balance sheets produced before me, and which I cannot refer to being pledged to secrecy, I do not feel disposed to enhance the dearness allowance at the present moment. Dearness allowance, as is well known, must be tuned to

with the financial competence of the concern. But I revise the existing system of dearness allowance in the case of the sub-staff and other lower grade staff. I fix Rs. 35 as the minimum dearness allowance in the case of the sub-staff. So the position is that in the case of the sub-staff dearness allowance will be 50 per cent. or Rs. 35 whichever is greater. In the case of the clerical staff the minimum is Rs. 75 or 50 per cent. as at present. This will come into operation when the award becomes operative. I cannot accept the claim of the Union that the dearness allowance in the present case should be as per B.C.C. Award because I find that neither in the past nor in the immediate future the Company has any bright financial position. I have been constrained to impose this additional burden on the score of dearness allowance in the case of the sub-staff because it could not brook any delay.

WORKING HOURS.

Issue No. 3.—The working hours, as per Ext. 1, or per agreement in Annexure A to the Company's written statement, seem to be quite reasonable. It differs from the B.C.C. Award only in respect of the recess period and the corresponding lengthening of the day working. But for that reason I am not prepared to change the existing hours. It should be, as it is, from 9-30 a.m. to 5 p.m. with 1 hour recess in the middle on week days, and from 9-30 a.m. to 1-30 p.m. on Saturdays without recess. I do not think that the workmen have any genuine grievance on this score. So I give no direction in the matter.

LEAVE.

Issue No. 4.—In Annexure A to the written statement of the Company and also Ext. 1, I get that the Company is prepared to grant 15 days' leave per year on full pay plus one day per year of service up to a maximum of 21 days. This quite a reasonable gesture which I accept and award. Regarding sick leave, I accept the Company's gesture as per Annexure A to the written statement, and award one month's sick leave with full pay and two months' sick leave on half pay against a fit medical certificate. I award accordingly. Regarding casual leave, none is granted except what the Company is pleased to grant. In view of the above enlargement of leave, I do not grant any casual leave as per B.C.C. Award. I thus dispose of the above issue.

ANNUAL BONUS.

Issue No. 5.—The Union claims annual bonus to the extent of two months' basic salary. The Company resists the claim as preposterous, bonus not being linked to profits. The learned lawyer of the Company evidently has mistaken the view point of the Union. The Union does not claim, and could not have claimed yearly bonus unless it was a condition of service. If it was an ordinary bonus that the Union was claiming them it must be given on profits. I have seen from the audited balance-sheets produced by the Company before me, which are required to be kept confidential, that the Company was suffering systematic losses for the last 4 or 5 years. I cannot quote the figures. In that view of the matter, bonus based on profits cannot be granted. The learned Advocate of the Union tried to pick a hole in the body of these balance-sheets by arguing that some items of income have been omitted. But I am afraid, I cannot accept his contention in view of the

balance-sheets of the Company having been audited by a reputed firm of Chartered Accountants. Then the learned Advocate of the Union contended that the balance-sheets were in respect of India, Pakistan and Burma It might have been that at the Calcutta Centre the Company might have derived profits. But that contention is also negatived by the Company having produced the audited profit and loss account apportioning the loss in India and also in different branches in India. I see that in the Calcutta Centre also, taken by itself, the Company sustained losses in 1951. So no bonus can be granted in this case based on profits. I might not have stressed on this point as the Union has not claimed bonus based on profits but customary bonus is irrespective of loss and gain. Ext. A shows that in 1944 no bonus was given. In 1945 one month's bonus was given. In 1946 to 1948 six weeks' basic salary as bonus was given. In 1949 and 1950 one month's basic salary was given as bonus. In 1951 one quarter month's basic salary was given as bonus. Now, a bonus to be customary must be definite, must exist for pretty long years, and must be given irrespective of loss or gain. But here I find bonus granted since 1944 variable in its nature though granted in the face of losses This falls short of substantiating the bonus claimed on the basis of its being customary or as a condition of service. So I turn down the claim of the Union for customary bonus. The Union must rest content with having one-fourth month's basic salary as bonus for 1951. I grant this because the Company has already allowed it by way of grace. No demand can be made upon indulgence. So the claim in excess of the above fails. I do not, however, accept the reason which the Company gave in turning down the claim for bonus. It says that it refuses bonus because it granted the Provident Fund.

GRATUITY.

Issue No. 6.—The Union claims half month's basic salary as gratuity for each year of service, as per second charter of demands. The Company resists the claim. In view of the Provident Fund contribution being raised from 5 per cent. to 6¼ per cent. on each side, I do not grant any further gratuity as such. Gratuity as a retiral benefit, of course, can be given along with the Provident Fund. But here the Company is suffering systematic losses. I am not disposed to throw any additional burden by introducing gratuity. So I turn down that claim.

PROVIDENT FUND.

Issue No. 7.—The Company is disposed, as per Annexure A to the written statement, to raise the Provident Fund contribution on each side from 5 per cent. to 6¼ per cent. In view of the Company's finances, I accept this and award accordingly.

OVER-TIME.

Issue No. 8.—The Company grants over-time allowance to the extent of 1½ times of salary or daily rate as the case may be. This is reasonable, and I accept it.

PROCEDURE RELATING TO RECRUITMENT AND TERMINATION OF SERVICE.

Issue No. 9.—In the charter of demands this claim comes under the head of security of service and appointment. The Union claims that on account the employee should be thrown out of employment without prior consultation with the Union. This is an extravagant demand which we have never favoured. Natural justice requires a charge-sheet to be given and opportunity afforded before punishment is meted out to an employee.

that was asked for, I could have understood. But I cannot take away the inherent right of the Company to discharge an employee, and consultation with the Union can never be a condition precedent. The other contention of the Union is that in the event of fresh appointment first preference should be given to the retrenched employees. The Company is prepared to accept this subject to the retrenched employee being found suitable. Such a safeguard is not unnatural. The employee might have deteriorated in health or in efficiency during the intervening period. So the Company is certainly justified in considering his fitness at the time he is given a new appointment. I only call upon the Company to consider his previous service record in this respect. The Company must give preference to the retrenched employees when vacancies are filled up. With this direction I dispose of the issue.

MEDICAL AID.

Issue No. 10.—The Company resists the claim. I have of course granted medical aid in the case of Caltex, Ltd., and other prosperous concerns. But I am not prepared to allow this prayer which means an extra financial burden on this tottering Company at its present stage. So the present time is inopportune for such claim. The Company has evidently been hard hit by the import restriction of the Government. So I do not allow this claim.

TIFFIN ALLOWANCE.

Issue No. 11.—The Union referred to certain companies, namely, Marshall & Co., Wimco, etc., which grant tiffin allowance. Those are substantially big and rich companies compared with this concern. So their analogy cannot be quoted with any force in the present case. Tiffin allowance, after all, is not a condition of service, and cannot be claimed as a matter of right. So I am not prepared to allow this claim when the Company resists it. Besides I cannot impose this burden in view of the financial position of the Company.

CONVEYANCE AND OTHER ALLOWANCE TO SALES STAFF.

Issue No. 12.—The Union has claimed Rs. 2 per day as conveyance allowance and Rs. 1-8-0 as tiffin allowance for the Calcutta salesmen. It also claimed Rs. 3 per day as conveyance allowance and sundry other expenses in case of the up-country sales staff. It has further claimed suitable train fares. The Company allows Rs. 30 as a consolidated allowance to the Calcutta salesmen per month, and Rs. 16 as consolidated daily allowance including all charges to the up-country sales staff. To the local sales staff coolies it gives a monthly consolidated allowance of Rs. 10 per month. This I consider to be perfectly legitimate though not generous. I do not like to change it, but I call upon the Company to consider the cases where the actual expenses do exceed those sums. The Company must always pay the excess actual expenses if the same is proved to its satisfaction.

Before I part with the records I dispose of one or two objections that have been raised. The learned lawyer of the Company has objected to include the salesmen and the supervisors in the present case, as they were not workmen as defined in the Industrial Disputes Act, 1947. The salesmen *per se* cannot go out of the category of workmen. In each case it is to be seen what functions any particular type of employees does discharge. If the functions are substantially clerical or manual, simply because of a little supervision added to it, they cannot go out of the category of workmen. In the present case I have got from the Manager that the salesmen

do sell the products in the wholesale and retail markets both in Calcutta and in the up-countries. They prepare the daily sale report and issue cash memos. They require personality and do not do merely routine jobs. Personality does not take a salesman out of the category of workman if he does otherwise do clerical jobs. In the present case he does clerical job evidently. So they come under the category of workmen and will be governed by this award. The case of the supervisors will fall outside the scope of this because they are not workmen, strictly speaking.

I have omitted to mention that the time of car drivers or van drivers will be the same working hours as of other staffs.

ANNEXURE.

n the matter of an Industrial dispute existing between the Hooghly Chinsurah Municipality, Hooghly, and their clerical and monthly-paid employees represented by Hooghly Chinsurah Municipal Employees' Association, Hooghly.

EFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

HRI J. N. MAITRA, *District Judge, Judge, Third Industrial Tribunal.*

Appeared for the Association: Shri Umapada Ghose, Secretary, Hooghly Chinsurah Municipal Employees' Association.

Appeared for the Municipality: Shri Biswanath Ash, Advocate.

AWARD.

By order No. 770Dis./D/14L-4/53, dated 7th March 1953, the ernment of West Bengal, in the department of Labour, referred under ion 10 of the Industrial Disputes Act, 1947, the industrial disputes ween the Hooghly Chinsurah Municipality, Hooghly, and their clerical monthly-paid employees represented by the Hooghly Chinsurah nicipality Employees' Association, Hooghly, regarding the matters ified in the schedule, to the Third Industrial Tribunal constituted er section 7 of the Industrial Disputes Act, by notification 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

Schedule.

(1) What should be the proper working hours on weekdays and Saturdays for the clerical and other monthly-paid office staff including outdoor staff?

(2) Was the suspensation of Shri Amar Nath Bose justified? Whether the orders should be rescinded and to what relief should he be entitled?

2. Usual notices were issued to the parties for filing statement of cla and written statement thereof and the pleading completed on 31st Mar 1953. The hearing was concluded on 27th April 1953 and the award w reserved.

3. The dispute comes under two heads. Firstly it relates to worki hours. The case of the clerical and monthly-paid employees represent by Hooghly Chinsurah Municipality Employees' Association, Hooghl which will hereafter be called simply the Association is that though the was some fixed office hours formerly, the employees had to work accordi to the sweet will of the different chairman who fixed different hou Then the municipality came to be superseded by the Government and w under supersession from 24th August 1949 to 30th June 1952 when it w under the charge of an officer appointed by the Government. The sa Officer-in-charge, considering the difficulties, fixed the office hours as 10 a.m to 5 p.m. on weekdays except Saturday and 10 a.m. to 1-30 p.m. Saturdays.

The present Municipal Board which came into existence on the 1 day of July 1952 passed orders on 3rd July 1952 through the prese Chairman, altering the aforesaid working hours to 11 a.m. to 6 p.m. for the weekdays including Saturday. The closure at 6 p.m. is on nominal as the municipal meetings and committees are held on Saturd and weekdays for which some of the employees are to remain in office t late hours at night, on some occassions up to 9-30 p.m. Upon su alteration, some of the members of the Association submitted petitio dated 14th July 1952, requesting the Chairman to modify his order, date 3rd July 1952, and to revert to the practice, prevailing at the time of th Officer-in-charge. The Chairman refused to reconsider his decisio Then the matter was considered by the Association and by a resolutio it pointed out the difficulties but without any effect. If the employee are kept till 6 p.m. on all weekdays including Saturday, their domesti works would suffer. The Association accordingly prays for fixation of th office hours from 10 a.m. to 5 p.m. on weekdays except Saturdays a from 10 a.m. to 1-30 p.m. on Saturdays.

Secondly the dispute relates to suspension of one of the employee Shri Amar Nath Bose. He was a permanent outdoor inspector of wa No. VI, and as such under the Standing Orders in the municipality used to maintain a *Khata* to be countersigned by the rate-payers noti the nature of conservancy service. After the new Board came in being, Shri Dinabandhu Auddy, a Commissioner from ward No. began to take *hazira* of the conservancy menial staff for the said wa No. VI and to allot the duties of coolies and carters. As the allotme used to be behind the back of other Commissioners of the said ward th passed orders clashing with the order of Dinabandhu Babu. The employ concerned was thus at his wits' end, whom to obey. Likewise on 2 July 1952, Shri Dinabandhu Auddy handed over a large number of lett to Shri Amar Nath Bose and asked him to get reports on the said lette from the persons addressed. Another Commissioner, Shri Sudhir Bo handed over another bunch of similar letters. Shri Amar Nath Bose w at a loss to understand, what to do. On 31st of July 1952 S Dinabandhu Auddy enquired of the employee concerned whether letters had been delivered or not. On being answered in the negati the Commissioner demanded explanation from the said employee who w ultimately suspended by the Chairman for seven days from 5th August 1952 11th August 1952. Before such suspension he was not given any copy of t charge nor was opportunity afforded to him for explaining his conduct

alleged charge. The Chairman was moved by the Secretary of the ciation without any effect. Ultimately Shri Bose was allowed to me duty but was degraded from his substantive post of outdoor ector to assistant outdoor inspector in ward No. II. The Association rdingly prays for cancellation of the suspension order as also for ment of his pay for seven days and restoration to his substantive

The reply of the municipality as regard office hours (i.e., working rs) is that these have always been from 11 a.m. to 6 p.m. on weekdays luding Saturdays and that when the new Board came into office, it erted to the original office hours prevalent in the municipality with the *a fide* intention of rendering service to the rate-payers. Besides as der rules of business sanctioned by the Local Self-Government partment it is provided that an ordinary meeting of the Commissioners ll be held at 6 p.m. in cold season and 6-30 p.m. in summer season on 3rd Saturday of every month, the office hours on Saturdays have been ilar to those on other weekdays so that the employees concerned, whose sence during such meetings was necessary, might not be put to any nvenience. The municipality submits that in partial acceptance of the ployees' representation in this regard and in pursuance of the terms posed by Labour Office, West Bengal, the municipality is agreeable ntroduce the following modified office hours:--

(1) *Weekdays*—10-30 a.m. to 5-30 p.m. (Saturday to be regarded as full day).

(2) *Thursday*—10-30 a.m. to 2 p.m. (Thursday to be regarded as a half-day in place of Saturday).

As regards suspension, the municipality submits that Shri Bose was ended on the ground of insubordination and refusal to obey the lawful rs of his superior and that Shri Bose was given opportunity to explain conduct and that the order of suspension was passed on such explanation g found unsatisfactory. He was suspended as aforesaid for seven days m 5th August 1952 up to 11th August 1952 and thereafter the Vice-irman of the municipality allowed Shri Bose to resume his duty on and n 12th August 1952. The municipality further submits that as per olution, dated 25th November 1952, the Commissioners of the nicipality called upon Shri Bose to tender an apology before the missioners at a meeting to enable them to condone the period of pension of Shri Bose. Shri Bose however had not as yet tendered an logy.

I do not go into the details in this respect as in view of the later elopment in this case they are unnecessary.

DECISION.

Issue No. 1.

There is no dispute between the parties that the working hours should hours a day and that there should be a half holiday on one week day. ording to the municipality, when the meetings of the Commissioners e to be held under rules on Saturday, this day (Saturday) should be a working day in place of Thursday which may be made a half holiday. is on the contrary contended on behalf of the employees that if Saturday not retained as a half holiday, their domestic work would suffer, and y cannot take advantage of Sunday which is a full close holiday.

Considering *pros* and *cons*, I think Saturday should be retained as h holiday as before. As regards working hours, it is agreed on all han during hearing that it would do if such hours for the office staff are fix from 10-30 a.m. to 5-30 p.m. on week days except Saturday and fro 10-30 a.m. to 2 p.m. on Saturday and for outdoor staff from 6 a.m. 10 a.m. and again from 2 p.m. to 5 p.m. on Monday to Saturday and fro 6 a.m. to 10 a.m. on Sunday. As the parties are in agreement about th hours as aforesaid, I give effect to it as I consider such fixation to be prop and answer the issue accordingly.

Issue No. 2.

During hearing, the learned Advocate for the municipality sugges that without going into the merits or otherwise of the order of suspens when the employee concerned had resumed duty from 12th August 19 the municipality was agreeable to rescined the order and condone t period of suspension and restore the employee to his original post a grant him pay for the suspension period provided the employee concern tendered oral apology to the Chairman of the municipality. The Secreta of the Association on behalf of the clerical and monthly-paid employe as also the employee himself accepted the said suggestion unequivocall In the circumstances when the parties are in agreement, I think I shou give effect to it, more so when it is fair and reasonable. Accordingly th question whether the order of suspension is justified or not is not go into. It is directed that on the employee concerned tendering oral apolo to the Chairman, the order of suspension be rescinded and Shri Bose restored to his former post with full emoluments for the period of sev days from 5th August 1952 to 11th August 1952, both days inclusive, h was under suspension.

The order as aforesaid shall take effect within a month from the when the award becomes enforceable.

It is awarded accordingly.

(2) Whether the compensation offered to them is adequate ?

2. Usual notices were issued to the parties for filing statement of cla and written statement thereof, and the pleadings were completed on 27 March 1953. The matter was heard on 22nd April 1953 and 23rd Apr 1953 and the award was reserved.

3. The facts leading to the dispute which are either admitted or established in evidence are as follows:—

The 24 persons mentioned in the schedule were workmen employed in the tory at Pagladanga belonging to the Empire Bone Mills which will hereafter be called the Company for the sake of brevity. The Company has her similar but much bigger Bone Crushing Factory at Bansberia, ghly (*vide* paragraph 2 of the written statement of claim). This factory at Bansberia has capacity to crush 200 tons of bones daily while the at Pagladanga in question only 45 tons daily (*vide* D. W. 1, Mr. Amron).

The products, namely, the crushed bones have only foreign markets le the by-products, namely, the bone meals are, under law, non-exportand have got to be sold to different State Governments, in connection the Grow More Food Campaign, at prices fixed by the Government.

The two factories respectively at Bansberia and Pagladanga, though naged by the same Managing Agents, are independent entities. They ntain separate establishments and account books.

At the relevant time the factory at Pagladanga had 85 men including 24 retrenched men in its employ. D. W. 2 Shri Balai Ghosh is the nager of the factory at Pagladanga. Formerly the number of employees Pagladanga were many more, and it dwindled down to 85 at the relevant e.

A Union was formed for the workmen at Pagladanga Bone Crushing tory which was registered on 13th January 1953, i.e., one month after retrenchment. Before the formation of the Union for the Pagladanga tory under dispute, another Union under the name and style of Bengal ne Mill Workers' Union had been in existence in the same locality in ect of another Bone Crushing Factory of another Company (opposite Pagladanga Bone Crushing Factory). P. W. 1, Shri Kalidas Chatterji he Secretary of these Unions.

4. Behind this background the case of the workmen represented by the gal Bone Mill Workers' Union, which will hereafter be called the Union, that all the 24 workmen had been retrenched for their Union activities, not for financial or trade reasons. The Industry is a very exacting one which the workers have to put in most hard labour under most adverse umstances as regards hygiene and sanitary conditions. The workers d to be paid very low. So under the auspices of the Bengal Bone Mill rkers' Union, the workers of the Empire Bone Mill at Pagladanga began press their demands with the Company from December 1952. They anded among other things for issue of service cards, increased pay, us, quarters, medical leave, etc., and spoke to the Manager Shri Balai ndra Ghosh on several occasions. The Management, however, grew oyed and gave out that they were not in a mood to talk over these affairs ept with the accredited representatives of a Union duly registered of workers of this Company alone. As a result when the Union was formed he workers of the factory at Pagladanga, the Management grew angry suddenly on 13th December 1952 (Saturday) called the individual kers, mentioned in the schedule to the reference, to the Manager's Office ere they were asked to take double "hapta", i.e., their earned wages for last weekly period plus one week's notice pay. The Management not inform the reasons for their decision. Subsequently it was alleged t the discharge was for financial and trade reasons, which was, however, nere eye wash, set up falsely, fraudulently and dishonestly to stave off legitimate demands of the workers. The discharges were really for de Union activities of the general body of workers, to intimidate them of the Union and also in pursuance of the unfair labour practice habilly indulged in by the Management. The 24 workers had been serving

the Company generally from 1950, except No. 24, Lalu Sarder, who is s ing since 1943. In discharging these workers, the salient principles labour jurisprudence and social justice were not followed, particularly come, first go" was not observed. The Union accordingly prays for r statement of the 24 discharged workers as also for payment of wages dur the period of unemployment. It is also contended that the wages offe were inadequate.

The Company denied the charges and pleaded that the 24 workmen be surplus to the Company's requirements were retrenched. It was stated t the factory at Pagladanga had a total strength of 250 men when the tr conditions were better, but from the latter months of 1952, the stock p tion, over which the Company had no control, dwindled to such an ext that there was no other alternative but to keep on reducing the ha in accordance with the diminishing supply of bones. When the 24 work were retrenched, the Union was not at all in the picture which was form and registered only in January 1953. The 24 workers were told at the ti of the retrenchment, in no ambiguous terms, that as there was no w for them, they were surplus to the Company's requirements. As there a fall in foreign demands for the products and as the freight was increas the price of raw bones was reduced, and the Company was subsequen receiving very short supply of bones. Thus they had to reduce the st In retrenching they were actuated only by financial conditions and st position, and none else. The Company also maintains that the wa offered were adequate.

DECISION.

Issue No. 1.

The first question to be considered is whether a case for retrenchme has been established. On this question the onus would be on the Manag ment. The evidence adduced goes to show that the price of crushed bone was £42 on the average in April 1951, and that the said price began to fa gradually from the beginning of 1952, and it came to be £27 in Novemb 1952, which is the ruling price now. It will thus be seen that there h been a great fall in the price of crushed bones in foreign markets whi are the only markets for sale. Likewise the evidence shows that the freig which was, 78/ s., in April 1951 was increased gradually and it came stand at 109/6d. in November 1952 which is now the ruling rate. As on hand the price of finished products has gone down in foreign markets a on the other hand there has been a great rise in the rate of freight t evidence is that the price of raw bones was reduced by an Association which the Company is also a member. The evidence further shows that a result of reduction in the prices of raw bones, the collectors who used collect bones did no longer find it profitable to do so, and consequently t supply of bones became very restricted. Annexure B shows that as a res there was a proportionate reduction in the arrivals so much so that there w arrival of only 8 tons. 6 cwt. in November 1952 and 28 tons. 14 cwt. a 1 qr. in December 1952. The figures supplied in Annexures A, B and have been all compiled from the books which the Company maintained the regular course of business, and nothing sufficient could be shown discard those figures. It is said that the Company is responsible for dear of stock as the price fixed for purchase of bones was unremunerative a low. I find no logic in this contention. When the price for the finish products has gone down, and when the freight on the contrary has be increased greatly, it is but natural that the Association would fix propo tionately reduced price for purchase of raw bones to save themselves fro ruin. Likewise the contention that the Annexure A shows a margin as not under head "difference" and as such the price for purchase of bones cou

ve been fixed at higher rates to bring in requisite supply cannot be sus-ined. It has been overlooked that the net sale price shown in column 4 es not include costs of crushing charges and the establishment charges transpires in evidence. The net sale price as shown, it will appear, d been obtained after deducting the figures shown in columns 2 and 3 om the figure shown in column 1. So the figure shown under "difference" Annexure A will be considerably reduced if crushing charges and estab-shment charges are taken into consideration. In any case it is the anagement which is to decide at what price it would make purchase. o exception can be taken to it if it was done in *bona fide* exercise of the nction of the Management. In the present case I find nothing to hold herwise. The arguments of the Union that the stock was manipulated in der to discharge the workers cannot be sustained as otherwise it would be ke cutting of one's nose to spite others. No doubt the arrivals at Bansberia ere in much higher quantity than those at Pagladanga, but the explanation the Company is that this is so as it has a crushing capacity of 200 tons a ay, while the one at Pagladanga has capacity of 45 tons a day, and that view of the depression and financial position they wanted to concentrate the bigger crushing factory at Bansberia. The explanation so offered annot be said to be unreasonable. In any case, it is the Management's xclusive concern to decide which factory they would work and which not. lere too, no exception can be taken unless it is actuated by any extraneous nd unjust considerations. I find nothing to hold so. The stock position at lansberia and the strength of men there is not such as could raise suspicion n this score. It is not probable and natural that the Company would incur oss by stopping work at Pagladanga in order to get rid of the workmen. To hold otherwise would be possible only on the hypothesis that the events o come about one year after were anticipated and figures were accordingly nanipulated from the beginning of 1952, which to speak the least is absurd.

The retrenchment took place on 13th December 1952. P. W. 1 Shri Kalidas Chatterji, Secretary of the Union, had to admit that at that time the workers at Pagladanga had no full day's work. His further evidence that they were not so fully occupied was only to create grounds for retrench-ment is contrary to probability and cannot be sustained when the annexures reveal that deterioration in the stock position started from long before the dispute which could not have been anticipated by any stress of imagination. The retrenched workman, P.W. 6, Ram Kisen, unequivocally admitted that at the time the big plant was not working for want of materials, and it remained closed for one month before the retrenchment. So the case of the Company that there was no work for the workmen, and hence there was retrenchment, gets support from the evidence and circumstances. P.W. 6 also admitted that the Manager informed them while retrenching that there was no work for them. So the case of the Company that retrenched men were surplus to its requirement is not a new case either. The stock position as shown by the evidence was not such which did not justify retrenchment. The fact that there has been gradual reduction in the staff before the retrenchment in question together with the fact that none has been taken in place of those retrenched, and the Company is still running with reduced staff suggests as to genuine necessity of retrenchment. So on the evidence and circumstances I agree that a case for retrenchment has been made out.

It has been held by the Hon'ble Labour Appellate Tribunal in the case of Presidency Jute Mills Co., Ltd., reported at page 62 of Labour Appeal Cases, February 1952, amplifying the general principle laid down in the Vishwamitra Press Case reported at page 20 of Labour Appeal Cases— "where the Management makes out a case of retrenchment, and acts *bona fide*, the Tribunal cannot sit on judgment over Management's action concern-ing the extent of the retrenchment. It is only where a case of retrenchment is made out but at the same time it appears that the Management in making

the retrenchment had also acted on extraneous considerations or w actuated by improper motives, then and then only the extent of retrenchme would come under the purview of the Tribunal and the Management w have to justify the number retrenched."

The Union has not been able to show that in effecting the retrenchme the Company was actuated by bad faith. The case of the Union that t retrenchment was resorted to by way of victimisation for Union activit has not been substantiated. There is nothing satisfactory to show that t 24 workmen who has been retrenched, were members of the Union, far le active members. The evidence is not at all satisfactory that before t retrenchment on 13th December 1952 the Union of the workmen at Pagl danga was formed. The clear admissions in the written statement of clai put in by the Union to the effect that the workers of the Empire Bone Mil at Pagladanga began to press their demands under the auspices of th Bengal Bone Mills Workers' Union, and the Management of the factory Pagladanga so refused to talk with such outsiders together with the fact representation by the said Union, on the contrary point that the Union the workmen at Pagladanga was not formed like its registration wh admittedly took place long after on 13th January 1953. Even if the sa Union was formed some time in December 1952, it could not have don within the short space of its existence anything which could have led th Company to retrench, as it did on 13th December 1952. The retrenchment it will therefore appear, has no reference to the Union activities. As matter of fact, the Union has not produced records to show that there was Union prior to the retrenchment, and that the 24 men retrenched wer members of the same, and that they were active members. No doubt, there has been apparent departure in retrenching to follow the principle of "last come, first go" so far as two workmen out of the 24 retrenched are concerned. I may mention here that the evidence of D.W. 2 that such case were 15 is evidently result of confusion with the other case of the company which is pending. Wages Registers reveal that none of them except Lalu Sardar and Bipat was working prior to 22nd January 1951. It is however in evidence on behalf of the Management that those workmen out of the 24 retrenched were so retrenched on the ground of inefficiency. As no animus of the Management against the workmen has been proved, it is apparent that those two workmen were really retrenched on the ground of inefficiency. The test of efficiency must necessarily be the estimate of the Management. As to the other contention that in selecting men for retrenchment the length of service of the workmen at the factory at Bansberia should have been taken into consideration, I am unable to uphold it when undisputedly the factories at Bansberia and Pagladanga have all along been treated as independent entities, and when they maintained separate establishments and separate accounts and other books. Merely because there had been in the past transfer of one lorry driver and one lorry cooly besides supervisory staff from one factory to the other, it cannot be said that these lost the character of having been independent entities. So on the evidence and circumstances find that the Company is justified in retrenching the 24 workers mentioned in the schedule to the order of reference.

Issue No. 2.

The workmen used to be paid their wages weekly. At the time of retrenchment on 13th December 1952, the Company offered to the workers their earned wages for the week then ended plus one week's notice pay. It is contended on behalf of the Union that it is inadequate. I agree that the compensation offered is inadequate except for three. As a general rule it is now well recognised that workers must receive some compensation at the time of severing their connection with the employer when the workmen are retrenched, they are entitled to what is termed as "retrenchment relief" that is to say, compensation for the loss of employment for no fault of

heirs. It has been laid down that compensation, as is usually done, is to be measured by the period of service, and by the rate of emoluments they were getting immediately before their discharge. In assessing the amount the capacity of the employer to pay is to be taken into consideration as also causes of retrenchment. As to the length of service of the 24 workers retrenched, it appears from the extracts of wage register of the Company that Lalu Sarder (No. 24) was working since 1943; Bipat (No. 6) since 1946; Sm. Rabia (No. 18), Sm. Gangia (No. 16), Sm. Barti (No. 14), Sm. Jhulia (No. 15), Sm. Lakhia (No. 19), Sm. Dulia (No. 20), Sm. Bhukhnia (No. 21), Sm. Mundri (No. 17), Dukhan (No. 9), Ram Kisan (No. 3), Charan (No. 7) and Shyam (No. 4) since 22nd January 1951; Tetar (No. 2), Ramdhan (No. 11), Shibalak (No. 8) and Jadu (No. 12) since 16th July 1951; Karim (or Karam), No. 1, since 15th October 1951; Bechan (No. 13) since 20th April 1952; Rezak (No. 11) since 2nd June 1952; Budhlal (No. 5) since 10th October 1952, and Ram Jatan (No. 22) and Habib (No. 23) since 7th November 1952. The Company has filed the audit report of Messrs. Roy & Roy, Chartered Accountants, to show the financial position of the Company for the year ending 15th October 1952. Having regard to the length of service, financial position, of the Company, the causes of retrenchment and other relevant factors I allow compensation to the workers as follow:—

(1) The workers Budhlal, Ram Jatan and Habib who had less than two months' service shall get no compensation beyond one week's basic wages plus dearness allowance in lieu of notice. The others shall get *in addition* compensation as follows which I think to be fair and equitable.

(2) The workers such as Bechan and Rezak with service more than 6 months will get 2 weeks' total emoluments.

(3) The workers such as Tetar, Ramdhan, Shibalak, Jadu and Karam with service more than one year, but less than 1½ years will get 3 weeks' total emoluments.

(4) The workers such as Sm. Rabia, Sm. Gangia, Sm. Barti, Sm. Jhulia, Sm. Lakhia, Sm. Dulia, Sm. Bhukhnia, Sm. Mundri, Dukhan, Ram Kisan, Charan and Shyam, who had put in service more than 1½ years but less than 2 years will get 4 weeks' total emoluments.

(5) The workers with service more than 3 years such as Bipat and Lalu Sarder will get 12 weeks' total emoluments. The expression "total emolument" would mean the basic wages and the dearness allowance. The workers would also get wages for the period of leave due, if any, under the Factories Act. The Company is to make the payments in terms as aforesaid after deducting the amounts paid, if any, within a month from the date when the award becomes enforceable. I award accordingly.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Tapeswar Ahir and 34 others who were employees of Messrs. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Union: Shri D. L. Sen Gupta, Advocate.

Present for the Company: Shri Sailesh Sen, Pleader.

1. The original reference out of which this case has arisen was mad under Government order No. 2444Dis./D/11L-183/52, dated 30th Augus 1952.

AWARD.

2. The petitioners' contention is that they had been enjoying half a hour recess for meals after 5 hours' work in each of the shifts ever since But this privilege has been witheld since 20th October 1952. The petitioner accordingly claim restoration of this privilege as well as compensation fo half an hour's work every day at double the rate. This they claim unde

section 33A of the Act, as no permission of the Tribunal was obtained in writing when the main case was pending before it. The Company resists the claim, firstly, on the ground that such a privilege did never exist, and so the question of its withholding does not arise. There is also no change in the conditions of service. The Company claims exemption of half an hour's recess as enjoined under section 55 of the Factories Act this manufacture being a continuous process. It is entitled to the said exemption under West Bengal Factories (Exemption) Rules. So section 33 has not been contravened and it is argued that the application under section 33A of the Act is out of place.

3. Section 55 of the Factories Act, 1948, no doubt prescribes for the adult workers half an hour's compulsory recess after 5 hours' work in every day. But under the West Bengal Factories (Exemption) Rules, 1951, as per Labour Department notification No. 2903, dated the 9th May 1951, in section 9, exemption is allowed to the chemical factories having a continuous process of work in respect of adult male workers. The provision of section 55 of the Factories Act has been clearly made inapplicable to the adult male workers in respect of the chemical factories where acids are manufactured. This factory, no doubt answers the description of a chemical factory, and it manufactures, admittedly, acids mentioned in the said section. So by the operation of this exemption rules of the Government of West Bengal, the provisions of section 55 of the Factories Act have been clearly ousted. Now, this is the only section in the Factories Act which prescribes half an hour compulsory recess after 5 hours' continuous work. So the employees cannot claim half an hour's recess after 5 hours' work as a matter of legal right. Why this salutory provision has been withheld from the adult male workers in a chemical factory is intelligible. In a chemical factory, here as elsewhere, a continuous process of work is in operation. So if half an hour recess is given to the workers in any particular shift, there would be a break and that would mar the whole thing. Continuity of work is essential in such a factory, and that compulsory recess would mean dislocation. In section 9, clause 22, sub-clause (c) above such worker must never be employed for more than fourteen consecutive days without a compulsory rest period of at least twenty-four hours at a time. So the Legislature was not unmindful of the hardships to which workers in a chemical factory would be subjected because of this withholding of privilege. In this view of the matter, I am inclined to accept the Company's version that half an hour recess was not enjoyed by the workers in this factory. The Company admits that some workers may go out for taking meals making arrangement with their co-workers, and the Company sometimes may have connived at such irregularity. But this was never allowed as a rule or practice. So this can never be claimed as a condition of service. Thus there is no change in the condition of service which might attract the operation of the section 33 of the Act. It is contended by the learned Advocate of the employees that if this recess was not granted before, why should the workmen suddenly take into their head to raise a dispute about it. That practically amounts to begging the question. The relation between the parties might be presumed to have been estranged because of the main dispute. The Factory Inspector wanted the working hours in each shift to be posted in the notice board in conformity with the requirements of the Factories Act. That might have raised suspicion in the minds of the workmen and might have given rise to this dispute. Besides, even according to the workmen, no recess is given in the night shift. If it was a privilege granted to the workmen, it ought to be uniform in respect of the workmen in all the shifts. If the night shift workmen were denied this privilege, they would have been entitled to compensatory relief. But that is not given. Recess is also not given to all the workers at the same

time. So it is a highly improbable story set forth by the workmen which am not prepared to accept. That is why, possibly, the Factory Inspecto refused to interfere when the workmen brought to his notice this complaint There is no legal support behind it, and there is no satisfactory evidence t prove it. So I reject the story and also reject the application under sectio 33A of the Act. No order for costs.

ORDER.

No. 1839Dis./D/10L-43/53.—19th May 1953.—Whereas under the Government of West Bengal, Labour Department order No. 1806Dis./D 10L-28/52, dated the 4th July 1952, the industrial dispute between Messrs. Jessop & Co., Ltd., 63, Netaji Subhas Road, Calcutta-1, and their employees represented by Jessop's Employees' Union of 32, College Row, Calcutta-9, regarding the matters specified in the schedule to the said order was referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was received from Shri Panchanon Mookerji, an employee of the said Messrs. Jessop & Co., Ltd., against the said Company alleging that the said Company had discharged the said employee concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by one Panchanan Mookerji, an employee of Messrs. Jessop & Co., Ltd., against Messrs. Jessop & Co., Ltd.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:
SHRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Workman: Shri D. L. Sen Gupta, Advocate.
Present for the Company: Shri S. C. Sen, Advocate.

1 The original reference out of which this case has arisen was made under Government order No. 1806Dis./D/10L-28/52, dated 4th July 1952.

AWARD.

2. The petitioner's contention is that he was discharged by a letter of Company, dated the 8th July 1952, with effect from the 10th July 1952, en the main case of the Company was pending before this Tribunal, and without the permission in writing of the said Tribunal. Accordingly, is contended that section 33 of the Industrial Disputes Act, 7, has been contravened, and so the petition under section 33A the Act would lie. It is contended that the employee was charged because he indulged in Union activities, and that the nciple of "last come, first go" was not followed in his case. e Company resists the claim, firstly, on the ground that the tioner cannot be construed as a 'workman concerned in the dis-te, and so section 33 of the Act is out of place. Next, it is contended at he was discharged for genuine trade reasons without any reference to Union activities, if any. He was taken into the service in connection th a new Land Rover car numbering W.B.D.1771 for out-door work. As e work has ceased, and as the Land Rover car in question was sent out for pair, this man was retrenched. He went away having received his earned ages, notice period pay and Provident Fund contribution. So, the entire se is said to be a misconceived one.

On the evidence I am satisfied that the employee in question does not any remarkable Union activities such as would have been noticed by Company. The contention of the employee before me that a substitute been taken in his place after his discharge, has been given up in the -examination. He cannot name anybody junior to him in the service ned by the Company. The Company admits that one Satish Das, ior to this man, has been retained in the service because he was conver-with the streets and roads in or about Calcutta This applicant being ployed, admittedly, most of his time in mufassil was not expected to be ally posted with knowledge about the streets and roads in Calcutta and urbs as the other man. There is nobody also still in the Company's ploy who is junior to this man. So the contention of "last come, first principle being violated in the present case does not substantially stand borated. I am satisfied on evidence that the Company did not require service of this man at the time he was retrenched, and also even now. the time he was retrenched, this Land Rover car, to which he was ached, was sent out for repairs. After the repair has been made, this icle is run by the Foreman himself in whose charge this car has been ed for his activities outside Calcutta. The other Land Rover car ed by the Company is also run by the Engineer in whose charge it has ployed. So no hand is necessary at present to drive the Land Rover of the Company. It is contended by the learned Advocate of the loyee that if this man's service cannot be utilised in respect of the l Rover vehicles, his service can still be retained in respect of other cars h he is competent to ply. To a certain extent it is true. But it is well n that a man who drives a particular vehicle feels more easy and does greater facility the driving of the car he has wont to drive. In this of the matter, if the management is of opinion that the other man who nior to this employee can better drive the car to which he is attached, should continue in service in preference to this man, the Tribunal will be justified in thrusting this man on the Company's shoulder *(vide* Ext. Those men are said to be more efficient and have got cleaner record of vice. This applicant was involved in a car accident. Though he was pitted eventually yet if the management's opinion has been a little bit hed it cannot be seriously blamed. So in the present view of the the applicant is not entitled to have reinstatement or further compen-than what he has obtained. He has got earned wages, compensatory

salary for a month and Provident Fund contribution. That ought to suffice So the application under section 33A is rejected. No order for costs.

The objection that the applicant was not a workman being not concerned in the dispute was abandoned and I think, advisedly.

No. Medl. 3137/3H-8/53.—23rd May 1953.—In exercise of the power conferred by proviso to section 9 of the Statutes of the General Council and State Faculty of Homeopathic Medicine, West Bengal, the Governor is pleased to hereby extend the term of office of the members of the General Council and State Faculty of Homeopathic Medicine, West Bengal, constituted under notification Nos. Medl. 3409/3R-24/49, dated the 22nd July 1950, Medl. 3908/3R-24/49, dated the 17th August 1949 and Medl. 4716/3R-24/49, dated the 9th October 1949, which expires on 21st June 1953, for a further period up to 15th July 1953, or till the constitution of the next council after election, whichever is earlier.

No. Medl. 3140/6A-22/53.—23rd May 1953.—Whereas, the term of office of the existing General Council and State Faculty of Ayurvedic Medicine, West Bengal, as constituted in notification Nos. Medl. 2044/6A-24/49, dated the 10th May 1950, Medl. 2290/6A-24/49, dated the 25th May 1950 and Medl. 3192/6A-24/49, dated the 12th July 1950, is due to expire on the 5th September 1953,

And whereas, before the council is reconstituted, the constitution of the council as prescribed in section 2 of the Statutes requires amendments specially in view of the alteration of the "Calcutta Electorate" as defined in rule 1(10) of the Election Rules of the Council due to the inclusion of the Tollygunj Municipality into the Calcutta area,

And whereas, the intervening period for preparation of the preliminary electoral rolls, after final publication of the necessary amendments to the constitution, which is still under consideration, is too short.

Now, therefore, in exercise of the powers conferred by the proviso to section 9 of the Statutes of the General Council and State Faculty of Ayurvedic Medicine, West Bengal, the Governor is pleased to hereby extend the term of office of the members of the General Council and State Faculty of Ayurvedic Medicine, West Bengal, for a period of six months up to 4th March 1954.

ORDERS.

No. 1246M.P.—22nd May 1953.—Whereas the Farm Manager, State Seed Multiplication Farm, Burdwan, has entered into an agreement with the Electric Supply Company of Burdwan, Limited, licensees of the Burdwan Electric License, 1920 (hereinafter referred to as the said licensees), for taking from the said licensees the supply of energy in the State Seed Multiplication Farm at Nari on Kalna Road, in the district of Burdwan, situated outside the area of supply of the said licensees;

And whereas the said area is not situated within the area of supply of any other licensee;

Now, therefore, in exercise of the power conferred by section 27 of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to authorise the said licensees to supply energy to the said State Seed Multiplication Farm at Nari on Kalna Road, in the district of Burdwan, for domestic or industrial purposes, or both and to lay down or place electric supply lines for that purpose subject to the following conditions and restrictions, namely:—

The authority hereby conferred shall—

(*a*) remain in force until—

(*i*) the area of supply of the said licensees is extended so as to include within its limits the said area of the State Seed Multiplication Farm at Nari on Kalna Road, in the district of Burdwan; or

(*ii*) a license is granted to any other person whose area of supply includes the said area within its boundaries and such person is in a position to supply energy to the said area; or

(*iii*) any transmission or distribution system for supplying energy outside such area of supply is established by or on behalf of the State Government,

enabling energy to be supplied at the said area without such authority;

(*b*) be subject to the restrictions referred to in the third proviso to section 27 hereinbefore mentioned.

This authority is not in lieu of the permission required under the West Bengal Electricity (Emergency Powers) Act, 1948 (West Bengal Act XVII of 1948).

No. 1247M.P.—22nd May 1953.—Whereas Shri Turkim Mistry has entered into an agreement with the Calcutta Electric Supply Corporation, Limited, licensees of the Calcutta and District Consolidated Electric License, 1946 (hereinafter referred to as the said licensees), for taking from the said licensees the supply of energy at the premises of Shri Turkim Mistry at 76/A, Mallickpara Lane, Serampore, in the district of Hooghly, situated outside the area of supply of the said licensees;

And whereas the said premises are not situated within the area of supply of any other licensee;

Now, therefore, in exercise of the power conferred by section 27 of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to authorise the said licensees to supply energy to the said Shri Turkim Mistry at 76/A, Mallickpara Lane, Serampore, in the district of Hooghly, for domestic purposes and to lay down or place electric supply lines for that purpose subject to the following conditions and restrictions, namely:—

The authority hereby conferred shall—

AWARD.

The Government of West Bengal in the Department of Labour by der No. 3264Dis./D/15L-2/52, dated 25th November 1952, referred, nder sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), e industrial dispute between Messrs. Caltex (India), Ltd., 22, Chittaranjan venue, Calcutta-1, and their employees represented by the Bengal Oil and trol Workers' Union, 59-B, Chowringhee Road, Calcutta-20, in connecn with the cases of Lachmi Narayan, Md. Abbas, Nabi Bux, Md. Hossain d Md. Habib, five employees of the said Company, to this Tribunal for judication.

Notices were issued on both parties, who filed written statements setting rth their respective cases.

Messrs. Caltex (India), Ltd., is a Company dealing in oil and petroleum d have three installations at three closely situated places Paharpur, mnagar and Budge Budge. Each of these installations is called a rminal Station under the administrative supervision of the Terminal perintendent at Paharpur, who is assisted by an Assistant Terminal perintendent at each of these three stations. There are about 150 workn in the installation at Paharpur and about 90 at Ramnagar and 30 at dge Budge. Although the Factories Act, 1948, did not require the rminal Station at Paharpur to maintain a canteen, as the number of

workmen is less than 250, the Company set up a canteen at Paharpur for the supply of tea and food at Paharpur and Ramnagar in 1950, in accordance with the recommendations of the award of Shri A. Das Gupta, Judge, Industrial Tribunal, in reference No. 3391Lab., dated 12th July 1949 between (1) Messrs. Burmah Shell Oil Storage and Distributing Co. of India, Ltd., Honkong House, Dalhousie Square, Calcutta, (2) Standard Vacuum Oil Co., 6, Church Lane, Calcutta, (3) Caltex (India), Ltd., 22 Chittaranjan Avenue, Calcutta, and (4) Indo-Burmah Petroleum Co., Ltd 8, Netaji Subhas Road, and their workers represented by the Bengal Oil and Petrol Workers' Union, 47, Chowringhee Road, Calcutta, published in the *Calcutta Gazette*, dated 9th February 1950. The Canteen was under the management of a Canteen Manager, who was to supply tea and food to the Company's workers at cost price against free coupons or cash coupons received from the Company. The Canteen Manager, under an agreement, used to be paid by the Company according to the cash coupons, being the double of the amount of the value of the coupons, subject to the Canteen Manager getting at least Rs. 200 after deducting expenses. For some time before August 1951, milk was being supplied to the workmen by the canteen at Re. 1 per seer, which was the cost price of milk. The workmen wanted milk to be sold at 10 annas per seer, *i.e.*, at a subsidised rate, which was against the policy of the Company. Lachmi Narayan and Md. Abbas, who were members of the Canteen Committee, as representatives of the workmen informed the Canteen Manager that the Company had sanctioned supply of milk at 10 annas per seer. Milk was sold for some time at 10 annas per seer and the sale of milk went up tremendously. When this came to the notice of the Terminal Superintendent, he cancelled this arrangement and an agitation followed for restriction of the benefit and on 28th August 1951 at about 11-30 a.m. Lachmi Narayan, Md. Abbas and Nabi Bux approached the Terminal Superintendent to place this demand for supply of milk at 10 annas per seer before some of the senior executives of the Company who were at the time holding a conference with the Terminal Superintendent in his room at Paharpur installation The deputationists were called in and the executives of the Company, including the Terminal Superintendent, District Manager, Personnel Officer to the General Management and the Employees Relation Officer, explained at length to the workmen in question the reason of the Company's inability to accept their demand. The workmen eventually walked out. It is the Company's case that at about 12-30 p.m. on that date when the lunch recess expired, all the workmen employed at the Paharpur installation collected outside the Terminal Superintendent's room instead of going back to their places of work. The assembly was extremely rowdy and abusive and all efforts of some of the Company executives, who tried to talk to them, proved of no avail. The police was thereupon contacted over the telephone and they came to the scene at about 1-30 p.m. and persuaded the workmen to go back to their work. The Company advised the local Labour Commissioner immediately, and a copy of the letter written to him in this regard on 28th August 1951, has been marked Annexure A to the Company's written statement. The Company displayed a notice on the morning of August 29, 1951, on the General Plant Notice Board at Paharpur, wherein the workmen concerned were warned that the Company took a serious view of their conduct on the previous day and that any repetition of similar misbehaviour on their part would result in strong disciplinary action against them. A copy of the notice has been marked Annexure "B" to the Company's written statement.

It appears that a number of incidents took place on 30th August 1951 in which the workmen to whom this dispute pertains were directly involved. Three of these incidents occurred in the canteen and one occurred in respect of using a truck in the afternoon. The incidents in the canteen [illegible]

spectively at 9-30 a.m. in which Md. Habib and Md. Hossain were involv-
at 10-45 a.m. in which Lachmi Narayan was involved and at 11-30 a.m.
which Nabi Bux was involved. The incident in respect of the truck
ppened at 5-10 p.m. in which Md. Abbas, Md. Habib and Nabi Bux
re involved. It is the Company's case that the behaviour of the work-
n named above was in direct defiance of the provisions of the certified
anding Orders of the Company and the Company, therefore, drew up
propriate charge-sheets against them individually on 30th August 1951
erein their respective definite acts of misconduct was enumerated.
nion's case is that the said charges contained flimsy and untenable grounds
d were more imaginary than real, and that it would so appear from the
ntents of the charge-sheets, their date, time, language and the question
delivery and instructions and the time of their coming into force as also
e penalty prescribed. The said five workmen were suspended with
mediate effect and an enquiry was held from 5th September 1951 to 8th
eptember 1951. According to the Company, elaborate enquiries were made
here the workers in question were also present with their Union leaders
nd various witnesses were examined and cross-examined. These enquiries
sted well over 3 days and the Management after carefully and cautiously
onsidering the whole matter, decided to dismiss the employees for their
espective acts of misconduct but as adjudication proceedings were then
ending before the Sixth Industrial Tribunal, West Bengal, under refer-
nce Order No. 4071Lab., dated 29th June 1951, to which these workmen
ere parties, applications were made by the Company before the said
Tribunal for permission to do so. The said application under section 33
efore the Sixth Industrial Tribunal was duly heard by the learned Adjudi-
cator but no award was made by him till 4th September 1952 when his
ward in the main dispute was published in the *Calcutta Gazette*, as a
ult whereof the Tribunal became *functus officio* and no order on the appli-
ion under section 33 of the Act filed by the Company was thereafter
sed by the Tribunal. Thereafter there was an unsuccessful attempt at
ciliation between the Union and the Company over the matter of the
workmen involved in this proceeding and the dispute was thereafter refer-
by the Government to this Tribunal for adjudication as mentioned above.
e Union complains that the said five workmen have put in long periods
satisfactory service varying from 8 to 12 years with the Company and
y have been active members of the Union. It is stated that Lachmi
rayan, Md. Abbas and Nabi Bux are members of the Works Committee
ly elected as workers' representatives and that Md. Abbas was the General
cretary of the Works Committee. The Union further states that Lachmi
rayan and Md. Abbas are members of the Canteen Committee as
esentatives of the workers and the Company bears a grudge against
e five workers for their active participation in trade union activities
that the Company out of a grudge and in an attempt to crush trade
n at the centre at Paharpur tried to victimise them and in this context
hings, a false case of alleged misconduct against these five workers was
ived. It is also stated that the allegations as stated in the charge-
ts are baseless and unfounded, that the five workers have been falsely
dicated for their trade union activities, and that they have been sus-
ded as a measure of victimisation for trade union activities. The Union
ns that the five workmen were innocent and should not suffer for the
rior and vindictive motive of the Company. The Union therefore prays
reinstatement of the five workmen named above and for payment of
l wages for the period of their suspension and forced unemployment as
m 31st August 1951.

e Company avers that the Union's allegation in the written state-
has given a prejudicial colouring of the whole situation so that the

plea of the workmen in question may look feasible. The Company denie the allegations of the Union as to the attempts of the Company to victimi the workmen for an ulterior motive or for the trade union activities of th five workmen in question and referred to the proceedings of the enquiry which have been attached as Annexure C to the Company's written stat ment. The Company pleads that the workmen in question have been charg sheeted for definite acts of misconduct and the Company's plea for the dismissal is a decision based purely on the merits of their respective case and has nothing whatsoever to do with their status as Union members o Union leaders. The Company, therefore, submitted that the Union's praye for reinstatement of the workmen or for payment of any compensation t them should be rejected.

The appearances for the parties were as follows:—

For the Union: Shri P. K. Sanyal, Advocate, assisted by Shri N Roy Pleader.

For the Company: Shri P. P. Jinwalla, Counsel, and Shri Shankar Gho Counsel, assisted by Shri D. Basu Thakur and Mr. J. C. B. Sha Solicitors of Messrs. Orr, Dignam & Co., Solicitors.

The issues framed for the decision of this case were as follows:—

Issues.

1. Is the Company entitled to dismiss the following workmen:—

(*a*) Lachmi Narayan,

(*b*) Md. Abbas,

(*c*) Nabi Bux,

(*d*) Md. Hossain,

(*e*) Md. Habib.

2. Was the order of suspension passed against them in August 195 justified?

3. Are the workmen entitled to any relief by way of compensation suspension or dismissal?

DECISIONS.

Issue No. 1.—As stated above, following certain incidents at the Pah pur installation on 30th August 1951, the Company issued charge-she against the five workmen in question, viz., Lachmi Narayan, Md. Abb Nabi Bux, Md. Hossain and Md. Habib. The incidents in question : four in number, being three in connection with the canteen and one in c nection with the Company's truck No. WBL. 4512, of which the driver w one Mahabir. The alleged incidents in the canteen were as follows:

(1) On Thursday, August 30, 1951, at approximately 9-30 a.m. Md. Hab and Md. Hossain during working hours and on Company-premises, Company-canteen at Paharpur, used abusive and threatening lan against Mr. H. N. Banerjee, the Canteen Manager employed by Company and prevented him from carrying out his legitimate and n duties of supplying tea and food to the employees in the Company. addition to this, Md. Hossain at the same time and at the same place ca damage to Company-owned property by deliberately and willingly smas a cup and saucer which was a part of the Company-canteen equipment.

(2) On Thursday August 30, 1951, at about 10-45 a.m. during working hours and on Company-owned property, viz., the Company-canteen at Paharpur, Lachmi Narayan used threatening language towards Mr. H. N. Banerjee, the Manager of the Canteen and thereby attempted to prevent him from carrying out his normal and legitimate duties.

(3) On Thursday August 30, 1951, at 11-35 a.m. during working hours and on Company-owned property, Nabi Bux used threatening language towards H. N. Bhattacharjee, servant of the Company-canteen at Paharpur and thereby prevented him from carrying out his normal and legitimate duties of conveying food and tea to the Company employees at Ramnagar Terminal. He also at the same place and time used abusive and threatening language to Mr. H. N. Banerjee, Manager of the Canteen.

The alleged incident in regard to the lorry is as follows:—

Mr. Habib, Md. Abbas and Nabi Bux at approximately 5-10 p.m. on Thursday, August 30, 1951, quarrelled with another worker, viz., Mahabir, the Lorry Driver of Company's truck No. WBL. 4512 and attempted to prevent him from carrying out his duties. Charge-sheets were issued against all the five workmen for these incidents and all the workmen were charged under section 20(*r*) of the Standing Orders and Md. Habib and Md. Nabi Bux were also charged under section 20(*e*) of the Standing Orders. Standing Order No. 20(*r*) and (*e*) are as follows:—

20(*r*)—"Drunkenness or riotous or disorderly behaviour during working hours or any act subversive of discipline or efficiency."

20(*e*)—"Quarrelling with other workers and employees, including Contractors' labour and Railway staff."

The charge-sheets on the workmen in question are Exts. B to B4 and the Company's Standing Order is Ext. E. Under section 20 of the Standing Orders, Ext. E, the Terminal Superintendent, has personally to investigate all cases at Paharpur Terminal. O.P.W. 1 Mr. H. G. Avis, Terminal Superintendent, Paharpur, in August and September 1951, held the enquiry as required by the Standing Orders and the depositions of the witnesses examined by Mr. H. G. Evis at the time of the enquiry was admitted in evidence on admission of both parties and was marked Ext. A. Ext. F is the evidence of the witnesses before Shri S. K. Niyogi, Sixth Industrial Tribunal, in the proceedings under section 33 of the Act in regard to the five workmen in question. Ext. F shows the evidence of Mr. Avis for the Company and the 5 opposite parties Md. Habib, Md. Abbas, Nabi Bux, Md. Hossain and Lachmi Narayan. Mr. Avis was also examined before this Tribunal in the present proceedings. The Company filed Ext. C, being the comments and conclusions of Mr. H. G. Avis after the enquiry. The admission of this document was objected to by the Union. Exts. D to D4 are the Company's order to each of the five workmen as a result of the enquiry by which they were informed that the Company had found them guilty of the charges brought against them and had decided to dismiss them from service for gross misconduct, and therefore their suspension was to continue till permission for dismissing them was secured from the Sixth Industrial Tribunal.

It has been stated above that on 28th August 1950, Md. Abbas, Lachmi Narayan and Nabi Bux approached the Terminal Superintendent at about 11-30 a.m. to place the demand of sale of milk at annas 10 per seer and that they were admitted before the senior executives of the Company who were at that time holding a conference with the Terminal Superintendent in his room at Paharpur. The evidence of Mr. H. G. Avis before the Sixth Industrial Tribunal shows that Md. Habib also came along with the other

three to see the Terminal Superintendent at 11-30 a.m. The evidence of Mr. Avis in Ext. F. also shows that after these four workmen left the office of the Terminal Superintendent just before 12-30 p.m., they threatened that the entire body of workers would come to the office to settle the matter themselves and just after 12-30 all the workers collected outside the office and started shouting and abusing. The Labour Officer who was asked to advise the workers to return to work, was, when he appeared outside the office, shouted down and abused and the workers refused to return to work. The police was then called in and workers returned to work at about 2-30 p.m. on the advice of the police. This incident has been stated in detail in Annexure A to the Company's written statement, being the letter to the Labour Commissioner by Mr. C. F. Freeman, the District Manager of the Company. Annexure B to the written statement is a notice, which was exhibited on the notice board at Paharpur on 29th August 1951, stating that the Management took a serious view of the conduct of the workmen at Paharpur, Ramnagar and Budge Budge concerning the illegal stoppage of work which occurred approximately at 12-30 p.m. on Tuesday, the 28th August. It, therefore, appears that the stoppage of work at 12-30 p.m. occurred also at Ramnagar and Budge Budge. There was thus a strike for two hours by the workmen at Paharpur and the other two stations and the strike was illegal in view of the fact that the proceedings before the Sixth Industrial Tribunal under Reference Order No. 4071Lab., dated 21st June 1951, was pending at that date. The learned counsel for the Company pointed out that it would have been perfectly lawful for the Company to punish the five men for the illegal strike or at least Abbas, Lachmi Narayan and Nabi Bux for instigating the illegal strike, which the Management did not do. It was pressed by the learned counsel for the Company that the workmen interfered with the activities of the Company firstly in the canteen in the morning and in regard to the truck in the evening. It appears from the evidence on record that the workmen organised a boycott of the canteen on the 30th of August 1951. There is no doubt that any one of the workmen who would be resorting to violence in the boycott of the canteen or for any other purpose connected with trade union activities would be vulnerable under the Standing Orders. It will now be considered whether there were sufficient evidence before the Tribunal to justify the conclusion that the Company should be entitled to dismiss anyone of the workers in question

(*a*) The first enquiry is against Md. Habid and Md. Hossain in regard to the incident in the canteen at 9-30 a.m. on 30th August 1951. This enquiry was held on 5th September 1951. The witnesses examined by the Company in Ext. A are C. Umar, Kamal Prosad, Canteen Manager H. N Banerjee and the Canteen servant Anath Das. The witnesses examined for the defendants Md. Habib and Md. Hossain are Chhatu and Ramchandra. The details of the incident purporting to incriminate Md. Habib and Md Hossain in this incident were given by the Company's witness Shri H. N Banerjee, the Canteen Manager. His story of the incident is as follows. Md. Habib was picketing the canteen on that day and was telling people who were coming to the canteen not to buy tea. At 9-30 a.m. two drivers C. Umar and Kamal Prosad, employed by the Company's contractor, came to the canteen and asked for tea. The Canteen Manager served tea to Umar, when Habib came up to Umar and asked him why he had bought tea for cash. Umar replied to the effect that it was his custom to buy tea from the Canteen and he did not know what the situation was. Habib then informed Umar that workers were not permitting anyone to buy tea from canteen for cash. Umar then asked the Manager to return the cash, which the Canteen Manager refused to do. Habib then abused Umar and told him that other contractor's men should not buy anything from the canteen. Habib then approached the Canteen Manager and abused him and demanded to know

hy he was selling tea for cash. The Canteen Manager explained that it as his duty to serve tea and food for cash to the contractor's employees. here were 10 other Caltex employees in the canteen at the time, but they ook no part in this controversy. At about this time, Md. Hossain pproached the Canteen Manager and took a cup of tea against a free tea oken. Md. Hossain enquired from Habib what the trouble was about. Iabib explained immediately. Md. Hossain became very excited and using ilthy language abused the Canteen Manager. He then lifted the cup of ea and smashed it on the table. Both the cup and saucer were smashed. he Manager pointed out to him that he was not behaving properly and Id. Hossain again abused the Manager and challenged him to do whatever e liked about it. The Canteen Manager then left the canteen and reported he matter to the Assistant Terminal Superintendent.

It may be pointed out here that the Canteen Manager was entitled under he rules of the Company to sell tea and food for cash to the employees of the contractors of the Company and that the income from these sales did not come into the calculations for his remuneration from the Company.

On a perusal of the evidence of the witnesses examined by the Terminal Superintendent on 5th September 1951, it appears that C. Umar, Kamal Prosad and Anath Das do not prove the charge against Md. Habib, viz., that he abused to threaten the Canteen Manager H. N. Banerjee. Anath Das is the servant of the canteen. He identified Md. Habib but did not prove any abuse or threatening language as having been uttered by Habib to the Canteen Manager. It is only in the evidence of H. N. Banerjee, the Canteen Manager, that it appears that Habib abused Umar and then abused the Canteen Manager and demanded to know why he was selling tea for cash. In the evidence of all the witnesses examined by the Company, it appears that Md. Hossain, who was taking tea in the canteen at the time Habib had a talk with the Canteen Manager, became excited and abused the Canteen Manager and lifted up the cup of tea and smashed it on the table breaking both the cup and the saucer. Chhatu and Rameharan sought to explain the breaking of the cup and saucer by Md. Hossain as having been caused by an accidental fall of Md. Hossain by slipping on the floor. Mr. Hossain also stated before the Terminal Superintendent on 5th September 1951 and in his evidence before the Sixth Industrial Tribunal on 4th July 1952 that he slipped on the floor and the cup and the saucer fell from his hand and broke down and that he did not threaten or abuse the Canteen Manager. In his evidence before the Sixth Indutsrial Tribunal (Ext. F) he states that he apologised to the Canteen Manager and begged for his mercy, but no such fact appears from his statement before the Terminal Superintendent on 5th September 1951.

The learned counsel for the Company pointed out that Mr Avis concluded that C. Umar and Kamal Prosad were nervous and therefore did not disclose the fact of Habib abusing Umar or the Canteen Manager and that this conclusion of Mr. Avis was justified on the ground that he noted the demeanour of these two witnesses at the time of the recording of their depositions. The evidence of Anath Das was not explained by Mr Avis. On a consideration of the evidence in Ext. A and Ext. F, I come to the conclusion that there is no sufficient evidence to justify that Md. Habib abused or threatened the Canteen Manager Shri H. N. Banerjee in the first incident on 30th August 1951 and that the Company's findings to the contrary is unjustified on the materials on record. I also find that the charge against Md Hossain appears to have been proved in this incident.

(b) The second enquiry on 5th September 1951 was about the alleged misconduct of Lachmi Narayan in regard to the incident at 10-45 a.m. in he canteen on 30th August 1951. The only witness examined by the

Company was Shri H. N. Banerjee, the Canteen Manager. Kirulsai and Sahadeb were examined as witnesses for defendants; they, however, prove nothing. The details of the incident will appear from the evidence of Shri H. N. Banerjee, the Canteen Manager, and he states as follows: At 10-45 a.m. Lachmi Narayan came into the canteen and purchased a cup of tea against a free tea token. While the Manager was serving him, Lachmi Narayan told him that he was the cause of all trouble in the canteen and asked him why he was selling tea and food for cash in the canteen. The Canteen Manager replied that he was only carrying out his duties. Lachmi Narayan then asked the Canteen Manager not to prepare anything in the canteen and not to sell anything for cash and he further told that as the labour had decided not to buy anything from the canteen, he would see that the Canteen Manager neither prepared nor sold anything. The Manager told Lachmi Narayan that he was preparing tea and food for sale and unless he received instructions to the contrary from the Terminal Superintendent, he had no option but to continue doing so. Lachmi Narayan then said that the sale of tea and food in the canteen was only going on because the Canteen Manager was preparing them and that he would see that the Manager stopped it. Lachmi Narayan also told the Canteen Manager that if the latter continued to prepare tea and food and sold it on a cash or cash-coupon basis, then he would make it impossible for the Canteen Manager to carry on and he would force him to leave Caltex. On this last statement, the Company concluded that Lachmi Narayan was guilty under section 20(*r*) of the Standing Orders, as he threatened the Canteen Manager and thereby attempted to prevent him from carrying out his normal and legitimate duties. The evidence of Kurulsai and Sahadeb witnesses examined at the instance of the defendant Lachmi Narayan are of no substance, because they do not say anything about the incident. In his statement to the Terminal Superintendent on 5th September 1951, Lachmi Narayan admits that he advised the Canteen Manager not to prepare or sell food or tea for cash for a period of 4 or 5 days and he explained that he told him so in his capacity as a member of the Canteen Committee, as he apprehended trouble. In his evidence before the Sixth Industrial Tribunal on 4th July 1952, he denied that he threatened the Canteen Manager. On a consideration of the evidence on record, I do not find that there is sufficient evidence to justify the conclusion that Lachmi Narayan held out any threats of violence to the Canteen Manager or committed any riotous or disorderly behaviour or any act subversive of discipline or efficiency in connection with the incident in the canteen at 10-45 a.m. on 30th August 1951. The decision of Mr. Avis to the contrary appears to me to be unjustified.

(*c*) The third enquiry which was held on 6th September 1951 was about the alleged misconduct of Nabi Bux in regard to the third incident, which took place in the canteen on 30th August 1951. The witnesses for the Company examined were Shri H. N. Banerjee, the Canteen Manager, H. M. Bhattacharjee, a Canteen servant, and Jalil, a workman of the Company. The defendants examined Gobinda, Bijoy Mondal and Ram Sarkar. The details of the alleged enquiry will appear from the statement of H. N. Banerjee. He states as follows: At about 11-30 a.m. on 30th August 1951 one of the servants of the canteen, viz., H. M. Bhattacharjee returned from Ramnagar installation with his cycle van where he had gone to distribute tea and snacks to the Caltex employees there. He was to go again to Ramnagar with tea and food in the cycle van to distribute them to the workers during the lunch recess. Nabi Bux came into the canteen and insisted that under no circumstances should any food be sent to Ramnagar installation by the Canteen Manager. The Canteen Manager declined to accede to the request. Nabi Bux also insisted that the Canteen Manager should not even prepare any food in the canteen and that if he sent any

food to Ramnagar, the consequences to the Canteen Manager will be bad. The Canteen Manager asked H. M. Bhattacharjee to load the cycle van with tea and snacks and to proceed to Ramnagar installation as usual. As the canteen servant Bhattacharjee was about to take the basket containing food to the cycle van, Nabi Bux exclaimed, "You are loading your cycle van to take food to Ramnagar in spite of my warning. Alright I will fix you right away." Nabi Bux went to the cycle van, lifted the lid to see the inside of it and ran back to the Canteen Manager and the Cycle Van Boy Bhattacharjee and shouted saying that if any food was sent to Ramnagar, he will wreck the cycle van and kill the Canteen Manager. Nabi Bux also used filthy language. On seeing the situation taking a bad turn, the Canteen Manager ordered the servant Bhattacharjee not to load the van and then left the place and reported the matter to the Terminal Superintendent. The next witness is H. M. Bhattacharjee. His evidence also shows that Nabi Bux insisted on him angrily not to take any food to Ramnagar and threatened of wrecking the cycle van, and that Nabi Bux also threatened the Canteen Manager. The third witness is Jalil. He proves the incident up to the stage of Nabi Bux insisting on no food being sent to Ramnagar and the Canteen Manager not agreeing to his request, and the witness states that an argument appeared to be commencing when he left the canteen. The witness states that after the incident between Nabi Bux and the Canteen Manager, he spoke to Nabi Bux and told him that he should not have discussed the matter with the Canteen Manager in the way he did.

Gobinda states that Nabi Bux approached the Canteen Manager and told him that as there was likely to be some trouble on the road to Ramnagar if tea and snacks were sent there, the Canteen Manager should not do so and that Nabi Bux then left the Canteen along with the witness. This witness states that he boycotted the canteen along with the other workers at the instance of Union leaders. He also states that Nabi Bux was a Union leader. The second defence witness examined was Bijoy Mondal. He states that he heard Nabi Bux ask the Canteen Manager not to send anything to Ramnagar, as the workers were excited. He then left the canteen with Nabi Bux. The third witness Ram Sardar, who states that he heard Nabi Bux tell the Canteen Manager that if he sent anything to Ramnagar, some one on the way might create trouble. He then left the canteen and Nabi Bux left 2 or 3 minutes after. These witnesses do not appear to have seen one another at the time of the incident in the canteen. In his evidence before the Sixth Industrial Tribunal on 3rd July 1952, Nabi Bux admitted that he requested the Manager to stop sending food to Ramnagar installation at least for the day and he also told him that the workers were very much agitated. He states further that he did not threaten or abuse Mr. Banerjee or Mr. Bhattacharjee. Considering the evidence on record and the facts and circumstances of the case, I am of opinion that the conclusion of Mr. Avis that Nabi Bux was guilty of the offence with which he was charged in regard to this incident, *i.e.*, under 20(*r*) of the Standing Orders, is justified.

(*d*) The fourth enquiry which was held on 7th September 1951 was in connection with the alleged misconduct of Md. Habib, Md. Abbas and Nabi Bux, in regard to the fourth incident which took place at 5-10 p.m. on 6th August 1951. Charge against the three workmen in regard to this incident is that they quarrelled and threatened another worker viz., Mahabir, a lorry driver employed by the Company and attempted to prevent him from carrying out his duties. The witnesses examined by the Company are Mahabir, Mr. F. C. Morgan, Shri P. Saha and Mr. A. R. Mohey. The witnesses examined by the defendants were Elias, Bhattaswar and Fasmatullah. The evidence of Mahabir shows the details of the incident with which the three defendents are charged. Mahabir states as follows: His duty is to drive the Company truck No. WBL. 4512. This vehicle is

used for the transportation of supervisory and clerical staff and also for t transportation of rationed foodstuffs. He is only authorised to convey his lorry members of the clerical and supervisory staff and any other st who are in possession of written authority from the Terminal Superintende He also carries any person who may be ill or injured, but for this he do not need any written authority from the Terminal Superintendent. T orders which he has to obey are actually posted in the lorry and this ord appears in "Ext. C", which is an Annexure to the Company's writt statement. This order shows that employees other than supervisory a clerical staff are not allowed to travel by truck No. WBL. 4512 unle permits signed by the Terminal Superintendent are produced by them. the evenings he leaves the installation at about 4-30 p.m. to convey t clerical staff to Kidderpore and then returns to the installation at abo 5 p.m. and then transports the supervisory staff. On Thursday, the Augu 30, 1951, he returned from the first evening trip at a little after 5 p.m. a parked his lorry outside the garage waiting for the supervisory staff to com Immediately members of the labour staff rushed in and got into the rear the lorry. There were several members of the supervisory staff on the roa and there was no room for the supervisory staff. Mahabir waited for minutes and then Md. Habib asked him why he was waiting. He told M Habib that the people who he was supposed to take home were on the road way, and that the truck was filled with labour. Md. Habib then said tha the lorry was for the labour staff. Md. Habib, Md. Abbas and Nabi Ba then told Mahabir that they had obtained permission from the Termina Superintendent to use the truck and Mahabir replied to them that th could not possibly be true. The three defendants and the other workers wh were in the lorry then tried to create commotion and Md. Habib the threatened Mahabir and told him that he would see who drove the truc in future. Md. Abbas, Md. Habib and Nabi Bux then threatened Mahabi saying that they will see him when he returned from the trip. By th time there was a great amount of shouting going on and the police sergeant and policemen who were on duty at the terminal came to the scene Shortly after that, the Terminal Superintendent arrived and enquired int the matter and ordered Mahabir to garage the truck. He also ordered al the occupants to alight. The occupants then alighted and the Termina Superintendent ordered Mahabir to drive the supervisory staff home, which he did. It also appears from the answers of this witness to questions put by the Terminal Superintendent that Habib abused the witness and Md. Abbas and Nabi Bux threatened him and further that eight members of the supervisory staff were standing on the roadway when the truck was full with members of the labour staff. It appears that 18 persons can be accommo dated in the truck. It also appears from the cross-examination of this witness by the defendants' representative that the labour staff were used to be taken home by this truck at 7 p.m. in the evening when they worke overtime in the Can Factory and the Refined Oil Godown. It furthe appears in his cross-examination that when Nabi Bux and Md. Abbas tol him that they would see him on his return from the trip, they might have meant that they would report the matter to the Terminal Superintendent. The witness also states that he also thought that they might have meant that they would assault him, because he found them in a temper at that tim and there had been previous occasions when members of the labour staff h beaten up Foremen outside the installation gate. The next witnes Mr. F. C. Morgan. He states that he saw lorry No. WBL. 4512 drive by Mahabir arrive. It was parked in front of the garage. He then saw th members of the labour staff rush into the truck and he heard driver tell them that he was not permitted to carry so many passengers. Md. Habil objected and challenged the driver and wanted to know why the labour staff

as not allowed into the truck. Habib abused Mahabir. Md. Abbas and Nabi Bux then approached the driver and Md. Abbas told him that Mr. Inch, he previous Terminal Superintendent, had given permission for the labour taff to drive in the truck. An argument commenced in which Md. Abbas nd Nabi Bux threatened the driver Mahabir and they told him that they ould fix him the following day. There was a commotion and the argument ontinued until the Terminal Superintendent arrived and ordered all the ccupants of the truck to get out. The next witness is P. Saha. He relates he incident of the labour rushing into the truck and the objections of Mahabir and the controversy between Md. Abbas and Md. Habib on one ide and Mahabir on the other. Then he says that he heard Md. Abbas nd Md. Habib tell the driver that they would stop the truck the follow- g day. After that there was a commotion and eventually the Terminal perintendent arrived at the scene. On a question put by the Terminal perintendent if he heard Md. Abbas and Md. Habib to abuse Mahabir. e witness said he heard them say, "*Koo bap ka beta gadi chalega*". This itness also states that the labour staff only used to drive in the truck when ertime was being worked. He further states that when the defendants used the driver, the driver also abused them back and he replied to them the same language, although Md. Abbas and Md. Habib were the two who arted the trouble. The next witness is Mr. A. R. Mohey. He also members the incident of the labour staff occupying the truck when Mahabir fused to drive the vehicle as the vehicle was reserved for the clerical and e supervisory staff. Then a controversy started between Md. Habib, d. Abbas and Nabi Bux on one side and the driver on the other. d. Habib got out of the truck and abused the driver Mahabir and d Abbas and Nabi Bux joined him and threatened Mahabir. After that e Terminal Superintendent arrived and the occupants were ordered to get t of the truck, which they did. In the cross-examination of this witness, clarifies that he heard Habib tell the driver that he would see who drives truck from then onwards.

The evidence of defence witness Elias shows that he along with other mbers of the labour staff got into the truck and there was no room for clerk or foreman. He saw Mr. Mohey and Mr. Nag on the roadway. bi Bux asked the workers to get out of the truck and all except 5 or 6 ple got out and the workers then asked the clerical and supervisory staff get in, but they refused to do so. The lorry was then again filled with rkers and the witness also got in and Mahabir refused to drive the truck. l Habib, Md. Abbas and Nabi Bux requested Mahabir to drive the labour " home, but Mahabir did not agree. The Terminal Superintendent then and the witness got out of the truck and disappeared as quickly as he

The Terminal Superintendent was very angry and ordered the r staff to leave the truck. In the statement of this witness, it clearly rs that he was not authorised to travel in the truck, as he had no ssion from the Terminal Superintendent. The evidence of Bhatteswar s that when the labour staff got into the lorry, Md. Abbas came out of carrere and requested the occupants of the truck to get out, when two including the witness, came out of the truck. After this, the witness away. Rashmatullah says that he saw lorry No. WBL. 4512 filled members of the labour staff, while members of the supervisory and cal staff were standing on the road. He then saw Md. Abbas to ach the truck and begged the occupants of the truck to get out and it the members of the supervisory and clerical staff to get in. The inal Superintendent then came and the witness went away. This ess made some palpably false statements when claimed that he drove in truck for 2 or 3 days previous to the date of incident with the defend- while going home at 5 p.m. The witness admitted that he went home

on those days at 5 p.m. whereas Nabi Bux and Habib worked overtime till 7 p.m.

Md. Habib, Md. Abbas and Nabi Bux in their evidence before the Sixth Industrial Tribunal stated that they left the truck when Mahabir objected and they did not say anything to him.

On a consideration of the evidence and the facts and circumstances of the case, I find that on the date in question, Md. Habib, Md. Abbas and Nabi Bux quarrelled with Mahabir as they insisted on Mahabir driving the labour staff in the truck to the exclusion of the supervisory staff on the plea of a permission from Mr. Inch, the previous Terminal Superintendent. I believe that Md. Habib, Md. Abbas and Nabi Bux abused the driver and the driver also abused him back. I also believe that the three defendants in question said that they would see how the driver drove the truck on the following day. This was a threat no doubt, but a threat of a very techni character. I do find that although the 3 defendants gave out a sort threat to Mahabir in course of the quarrel with him in which both the part abused each other and talked in the same language, the offence committ by the defendents were of a technical character and should be dealt wi leniently in the award of punishment and that the order of dismissal such an offence will be too harsh and out of all proportion to the gravity the offence committed.

It has been laid down by Their Lordships of the Hon'ble Appell Tribunal in the case of Buckingham and Carnatic Co., Ltd. (1952 L.A.C. 49 that the decision of the Management in relation to the charges against employee will not prevail, if—

(*a*) there is want of *bona fides*, or

(*b*) it is a case of victimisation for unfair labour practice, or violation the principles of natural justice, or

(*c*) there is a basic error of facts, or

(*d*) there has been a perverse finding on the materials.

In deciding the present issue, or in other words, in determining if t Company is entitled to dismiss any one or more of the five workmen, as desires to do, the Tribunal is to find if the decision of the Management t the dismissal of all the five workmen stands all the four tests mention above. While the learned counsel for the Company claimed that the decis of Mr. Avis for the dismissal of the five workmen stood all these four tes the learned advocate for the Union pressed that Mr. Avis' decision was k on all the three grounds mentioned in clauses (*a*) and (*b*) and (*d*). Th claim will be considered below.

The Union's case is that, inasmuch as, Lachmi Narayan, Md. Abba Md. Habib, and Nabi Bux approached the executives of the Company regard to the supply of milk on 28th August 1951, Mr. Avis was annoy with them and therefore sought to get rid of them in this way and conduct was *mala fide*. This is also a plea of victimisation and un labour practice on the part of the Company. It appears that Md. Ab and Lachmi Narayan were members of the Canteen Committee. Anyth more by way of their status in the Union was not proved before t Tribunal. The learned advocate for the Union pressed that in all the i dents a number of other men were involved but only the leaders w approached the Company's executives on 28th August 1951 were selected disciplinary action and cited the observations of Ludwig Teller in Labo Disputes and Collective Bargaining, Volume II, article 309, page 8 Article 312 of the same volume was cited to show that a trifling infraction rules, viz., use of language which could be construed as a threat only by stretch of imagination shows an intention to victimise. It appears that the incidents at the canteen on 30th August 1951 as well as in the incide

ith regard to truck in the evening of that day, the charge-sheeted workmen ere alleged to have taken active steps in violation of the Standing Orders. he Company is entitled to proceed against the leaders of the Union under he Standing Orders if there was any violation of the rules of the Standing rders by them. It is admitted by the learned advocate for the Union that here was no basic error of facts. It will be discussed whether there has een a perverse finding on the materials. I do not, however, find that the ecision of Mr. Avis was vitiated by want of *bona fides*, or that it was case of victimisation or unfair labour practice.

It was next argued that Mr. Avis should not have held the enquiry as he as interested in the proceeding and himself interrogated the witnesses. It as pressed that even in a domestic Tribunal, the Judge should be free rom certain forms of bias arising from interest and cited "Justice and dministrative Law" by W. A. Robsoh, page 230. It appears at page 227 f this treatise that "the principle of natural justice is that a man shall ot be removed from office or membership or otherwise dealt with to his aterial disadvantage, without fair, adequate and sufficient notice being iven to him of what is alleged to his detriment and of having an opportunity f meeting the accusations which are brought against him. In no circumtances, may a man be deprived of any part of his property by a Tribunal without having an opportunity of being heard and making his defence." It appears at the same page (227) that the courts do not, generally speaking, go further than to require that in a domestic Tribunal the principles of natural justice shall be followed and certain other elementary conditions satisfied. The two such other conditions which are imposed by the court on the proceedings of a domestic Tribunal are firstly that the Tribunal must not exceed its jurisdiction but carefully confine itself within the scope of its authority whatever that may happen to be (page 230) and secondly, the members of the adjudicating body must be free from certain form of bias arising from interest (page 230). At page 232 the learned author sums up by saying that the rule is that, providing the members of a domestic Tribunal do not infringe the simple provisions relating to natural justice and provided they keep within their jurisdiction, they are free to arrive at whatever decision they choose. "The court will not interfere, no matter how prejudiced mentally the Tribunal's point of view may be, or how narrow its reasoning, or how inequitable the result. It has been laid down again and again that the decision of domestic Tribunals will not be reviewed by the Courts unless the rules or constitutions, or conditions of membership of the constituent body have not been followed by the Tribunal or unless the formal requirements of which we have already spoken have been departed from or some obvious form of malice or corruption manifested by the members. The deliberations of the Tribunal and the resulting determination, are normally immune from investigation" (page 233). The same principles have been enunciated by Their Lordships in the case reported in (1929) 1 Ch. D., page 602.

It has been laid down in the case of Buckingham and Carnatic Co., Ltd., that the Tribunal's power in dealing with industrial disputes concerning employment and non-employment is not limited by the rules on which Civil Courts act when dealing with decisions made by a domestic Tribunal and Their Lordships enunciated the principles to be followed by the Tribunal in dealing with such cases and laid down the four tests to be observed as mentioned above. In the present case, I do not find that there has been a violation of the principles of natural justice. The opposite parties workmen were given ample opportunity of making a defence and they had themselves been defended by their Union officials and they also examined witnesses. Mr. Avis, as Terminal Superintendent of Paharpur installation,

was the only person who could hold the enquiry and there is nothing to sho that his conduct in regard to this enquiry was in any way *mala fide*.

I, however, consider that there has been a perverse finding on th materials in some cases. In the first enquiry, the charge against Habib ha not been proved and he should not be punished for that charge. The ev dence against Md. Hossain has been proved and he deserves punishmen under the Standing Orders. The Company is entitled to claim his dismissa In the second enquiry, I do not find that the charge has been proved again Lachmi Narayan and he does not deserve any punishment under the Stand ing Orders for that charge. In the third enquiry, the charge has bee proved against Nabi Bux and he should be punished under the Standing Orders. The Company is entitled to claim his dismissal. In regard to th incident over the lorry, Md. Habib, Md. Abbas and Nabi Bux committed only a technical offence under the Standing Orders, and they should not be dismissed for this offence, but should be given a lighter punishment under Standing Order 20. I conclude that these 3 workmen should be laid off from work with loss of pay for 4 days only, under rule 20 of the Standing Orders.

From what has been discussed above, it is therefore clear that no charge has been proved against Lachmi Narayan and he deserves no punishment Md Hossain should be dismissed for the charge over the incident in the canteen at 9-30 a.m. on 30th August 1951; Nabi Bux should be dismissed for the charge over the incident at 11-30 a.m. on 30th August 1951 in the canteen, Md. Habib, Md. Abbas and Nabi Bux should be laid off from work with loss of pay for 4 days only from 1st September 1951 to 4th September 1951 for the charge against them in connection with the incident over the lorry at 5-10 p.m. on 30th August 1951 and I award accordingly. This issue is accordingly answered.

Issues Nos. 2 and 3.—The order of suspension on the 5 workmen at the time of issuing charge-sheets on them on 30th August 1951 as a security measure was quite justified. No question may arise in regard to the order of suspension on Nabi Bux and Md. Hossain who are to be dismissed by the Company. The order of suspension on the other 3, viz., Lachmi Narayan, Md. Abbas and Md. Habib calls for relief in view of their forced unemployment since 1st September 1951. I do not find that any relief by way of compensation is payable to Nabi Bux and Md. Hossain for their dismissal. In view of the fact that the application under section 33 of the Act filed by the Company before the Sixth Industrial Tribunal was infructuous as a result of fortuitous circumstance the period of non-employment of the three workmen in question have been accidentally prolonged. In these circumstances, it is awarded that Lachmi Narayan should get basic wage and dearness allowance for 10 months by way of compensation for the period of his forced non-employment; Md. Abbas and Md. Habib shall be allowed basic wage and dearness allowance for 5 months by way of compensation for the period of their forced non-employment after the expiry of the period of their suspension for 4 days. The period of non-employment of Lachmi Narayan from 1st September 1951 and Md. Abbas and Md. Habib from 5th September 19 shall be considered to be leave on terms as mentioned above and it awarded accordingly. These issues are accordingly answered.

Notices were issued on both parties and they appeared and filed written statements stating their respective cases.

"The Daily Lokmanya" is a daily Hindi paper, of which the proprietor is Pandit Ramsankar Tripathi who is also the President of the Burrabazar District Congress Committee. "The Daily Lokmanya" was started in 1938. The Press of "The Daily Lokmanya" is at 94/3, Lower Chitpore Road and the office is at 160 Harrison Road and the two houses are at a distance of 1 minutes' walk from each other. The dispute in question relates to the discharge of 17 Compositors as mentioned in the schedule to the order of reference on 14th or 15th of November 1952.

The Union's case on the matter as disclosed in its written statement briefly as follows:—

All the 17 employees mentioned in the schedule to the order of reference are permanent workers of "The Daily Lokmanya". The employer had been for some time past employing mischievous tactics in the form of withholding wages calculated to scare the old employees out of the establishment in order to secure vacancies to be filled up by fresh recruits at considerably lower wages, thereby enabling the proprietor to secure greater profits. The employees appealed to the Police and also the higher authorities for protection. This move enraged the employer to such uncontrollable extent as to summarily discharge the 17 employees most unjustly and without any compensatory benefit for forced retirement whatsoever. The employer recruited about 5 more workers in place of the 17 discharged men. The 17 workers in question pray for the following remedies:

(*a*) Reinstatement from the date of unjustified discharge.

(*b*) Full and unmodified benefit of wages, emoluments and terms.

(*c*) Payment of all outstanding dues up to reinstatement.

(*d*) One month's wages for each year of service rendered, in case reinstatement not feasible.

(*e*) Payment of all outstanding dues accrued and accruable hereafter up to and until payment of compensation.

(*f*) Payment of all costs and expenses of these proceedings.

(*g*) Such other relief or reliefs as may be considered just and equitable.

The opposite party employer in its written statement states as follows:

The workers mentioned in the schedule of reference were employed at the intervention and request of Ramji Ojha, Foreman, as they were mostly his co-villagers or relatives. The same Ramji Ojha exercised considerable influence over the said employees and thus formed a group in course of time.

The said Ramji Ojha organised an illegal strike in November 1933 and again on 19th October 1939 without any grievance or dispute or any previous notice and the workmen under his influence were incited by him and acted under a common understanding and in a concerted manner indulged in strike with the sole object of obstructing publication of the daily newspaper and to bring the employer in dispute. On 4th June 1952 the Certifying Surgeon of the Office of Inspector of Factories visited the premises of this employer and suggested that Kalika Roy and Keshab Upadhyay, Compositors, should secure certificates of fitness. Accordingly the employer asked Kalika Roy to discontinue work in the interest of health and after some rest to secure a certificate of fitness from the Certifying Surgeon and then to resume his duties. After a few days on 6th July 1952 Kalika Roy preferred to go to his native village at Benares to recoup his health and he was granted leave for one month. After spending 4 months in his native village Kalika Roy came back and requested the proprietor for permission to resume duty. The proprietor asked him to obtain certificate of fitness first and then resume duty, but he under the connivance of Ramji Ojha, Foreman, and without the knowledge of the proprietor resumed work. He was found working when the proprietor paid a visit on 13th November 1952. On that date the proprietor ordered Kalika Roy to secure a certificate of fitness and warned him that his services would be terminated by the proprietor for non-compliance with the order of the Certifying Surgeon. At this Kalika Roy grew excited and went to Ramji Ojha in an angry mood. The proprietor on the same date made a surprise check and found that the production of individual workers was far short of the stipulated standard and quality. The workers looked offended at this surprise check. Being incited by Ramji Ojha, Foreman, all workers under his influence and belonging to his group, became excited over the surprise check and threat to Kalika Roy, and without considering the justification or reasonableness of the attitude of the employer, launched an illegal strike at 11-30 a.m. on 14th November 1952 and adopted menacing attitude, for which information was lodged to the Police. The employer himself and through the intervention of respectable gentlemen tried to persuade the strikers to resume employment to ensure publication of the daily newspaper on the following morning but the employees in question continued to be adamant and presented a charter of demands at 11-30 a.m. and offered to resume work if the demands were accepted on the spot. The employer did not accept the claims and managed to bring out the morning issue in a curtailed form with the help of loyal workers who did not belong to the group of Ramji Ojha and were not within his influence. The employer issued a notice to the strikers on 15th November 1952 calling upon them to accept employment and to resume their duties forthwith on pain of being replaced by new recruits. The strikers did not accept employment and threatened loyal workers with violence, held demonstrations in front of the factory, published hand-bills and distributed these to public and brought out offending articles in the publication of a rival newspaper "Sanmarg" and brought the proprietor into disrepute. The employer made a capital expenditure in purchase and installation of rotary printing machine in 1950 and an additional construction of a shed in the Press and for want of fund payment of wages were not regular since then. Although regularity in payment of wages was frequent, the workers submitted to the irregularity with good grace and never complained or left their service. Their work was based on column wages and total remuneration thus earned by them were far better than those prevailing in similar industries in the neighbourhood. The employer sustained losses for the illegal strike and dismissed the workers in pursuance of the notice as mentioned above and to avoid discontinuance of the daily publication recruited new hands. The employer submits that there was no unfair labour practice

or victimisation in the step taken. The employer denied the length service as shown in the schedule to the order of reference. The employ opposed the claim for reinstatement or compensation as his attitude w *bona fide* and not prompted by any ulterior motive.

The appearances for the parties were as follows:

For the Union : Shri N. D. Manna, Bar.-at-Law, Acting General Secreta of Press Employees' Association and Shri Indu Bhusan Sarkar, Secr tary of the Association.

For "The Daily Lokmanya" : Shri N. K. Mukherji, Advocate, assisted Shri Indu Bhusan Mukherji, Manager.

The issue framed for the decision of this case was the same as the mentioned in the schedule to the Order of reference and is as follows:—

DECISION.

Issue No. 1.—The question for decision is if the discharge of the employees of "The Daily Lokmanya" as mentioned in the issue made 14th November 1952 according to the Union and on 15th November 19 according to the employer was justified and if they are entitled to reinsta ment and/or compensation. Union's case briefly is that the employer d not pay wages of the workmen, who were all monthly paid, in proper tim and wages of more than one month were always in arrears and were paid l small instalments throughout the month on special requests made to th proprietor from time to time. It is also the Union's case that the proprieto dismissed all of them following request for payment of wages on 14th November 1952, and that this conduct was actuated by the motive of

employing new recruits at lesser wages than were paid to these 17 men. The Company's case in brief is that the 17 Compositors went on a stay-in-strike from 11-30 a.m. on 14th November 1952 and did not agree to resume work in spite of repeated requests and left the Press at 11-30 p.m. on that date, and did not resume work in spite of a notice served upon them on 15th November 1952 and the employer was obliged to recruit new Compositors in order to enable him to continue publication of the daily newspaper, and that these 17 men were dismissed as they failed to join in spite of the notice, whereupon the new recruits were appointed on 15th November 1952. The Association examined five witnesses being P.W. 1 Ramji Ojha, P.W. 2 Kripacharya Roy, P.W. 3 Kalika Roy, P.W. 4 Kesho Upadhyay and P.W. 5 Sheo Prosad Singh. The employer examined six witnesses being O.P.W. 2 Indu Bhusan Mukherji, Manager of "The Daily Lokmanya," O.P.W.S. K. S. Dwivedi, Advertising Manager, O.P.W. 4 Dr. Keshorilal Sharma, O.P.W. 5 Pandit Ram Shankar Tripathi, proprietor of Daily Lokmanya, O.P.W. 6 K. P. Srivastab, the cashier of "The Daily Lokmanya" and O.P.W. 7 Srinivas Pandey, a bearer, besides O.P.W. 1 Subarna Kumar Ghosal, L/C of Burrabazar police-station. Documents Exts. 1 to 1(*d*), being entries in the General Diary of the Burrabazar police-station, dated 15th November 1952, 16th November 1952, 17th November 1952 and 18th November 1952, were marked for the Association and Exts. A to P were marked for the newspaper.

"The Daily Lokmanya" was started in 1930 and P.W. 1 Ramji Ojha, Composing Foreman, and his uncle Sheuji Ojha have been in service of this newspaper since its start. Jadunandan Tewari, the Compositor, has been in service for 21 years. It appears that Pandit Ram Shankar Tripathi, O.P.W. 5, was an employee of this newspaper in 1930 and became its proprietor in 1939. It appears from the letter, Ext. N, addressed by O.P.W. 5 to the Chief Inspector of Factories on 20th October 1939, that Ramji Ojha and Sheuji Ojha were discharged at that time and Ext. E shows that they were reinstated on 1st February 1940 and 1st March 1940 respectively. The period of service of the workmen in question will appear from Ext. E. The dates of break of service in this document merely show the periods of leave without pay enjoyed by the workmen during their service. The Compositors, it appears, do not have any leave with pay. It is admitted by P.W. 2 Indu Bhusan Mukherji, Manager of Lokmanya and O.P.W. 5, the proprietor, that payment of wages to the Compositors has been irregular since 1950, when the proprietor incurred a large capital expenditure over purchase of a rotary machine press and construction of a press building at 3 Lower Chitpore Road. The learned Advocate for the employer pointed out that the employees in question put up with this irregularity in good grace and never complained to the authorities for the delay in wage payment which was for more than one month throughout the year. The evidence of the P.Ws. is that the employees were put to great difficulties for delay in payment of wages to them and that they received their wages in small amounts on various days in the month and that their demands of wages ended in their dismissal that has formed basis of this dispute. The story of the employees at the time of trial is that Kalika Roy was on leave for his father's illness from 6th July to 5th November 1952 and he joined on the 6th of November. On 14th November 1952 Kalika went to demand arrears of wages from the proprietor. This was the wages that accrued before he went home on 6th July. In the meantime he had received some money towards his wages on the 9th or 10th of November. While Kalika Roy was going to the proprietor the other Compositors asked him to represent about payment of their wages also. On return Kalika Roy told them that he had asked for his own wages and also the wages of the other Compositors but

that Panditji (proprietor) had turned him out and dismissed him. Th employees' case is that on hearing this all the Compositors went to Pandit for demanding their wages at which he became very annoyed and asked the to go away telling them that he would pay them when he would be abl to do so, and Panditji also asked them to go away from the Press. The went to demand money at the Head Office at 160, Harrison Road, which is a distance of 5 or 7 minutes' walk from the Press at 94/3, Lower Chitpor Road. It is also stated by P.W. 1 Ramji Ojha that Panditji asked them t leave the place and told them that he could engage other people at lowe wages. The Compositors then went back to the press but found the door closed and could not enter the press building. They stayed there from to 8 p.m. and then came away. On the following day they approached the Labour Commissioner and the Police at Burrabazar Thana. This is also the evidence of P.W. 2 Kripacharya Roy and P.W. 3 Kalika Roy. The Company's case has been given by O.P.W. 2 Indu Bhusan Mukherji, Manager and O.P.W. 5 Pandit Ram Sankar Tripathi, the proprietor. It is stated that on 4th June 1952 the Inspector of Factories came to 160, Harrison Road, the Head Office and made a routine inspection there and enquired if all the workers of the paper had certificates of fitness. The Inspector of Factories did not go to the press at 94/3, Lower Chitpore Road, where the Compositors worked. After inspection, the letter Ext. F was sent to the Manager, which shows that section 87 of the Factories Act, 1948, and rule 94 and Schedule VI of the Bengal Factories Rules had been contravened, inasmuch as the workers Kesho Upadhyay and Kalika Roy amongst others were employed on processes involving the use of lead compounds without a certificate of fitness from the Certifying Surgeon of Factories. It was advised that these men should be produced in batches before the Certifying Surgeon of Factories on Mondays and Fridays for medical examination and grant of certificates. It is further stated that on 20th June 1952 the Manager sent Kesho Upadhyay and Kalika Roy Jagadish Chobey and Ram Narayan Pandey with the letter Ext. F, to th Certifying Surgeon of Factories but they were sent back with a direction for reappearance on 4th July 1952. It appears that none of the worker has been sent again to the Certifying Surgeon of Factories for a certificat of fitness till now. It appears that Kalika Roy went on leave from 8th July after having worked till 6th July. O.P.W. 2 states that he did not know who granted him leave and that sometimes the employees took leave direct from the proprietor. The Proprietor, O.P.W. 5, states that Kalika Roy went on leave on 6th July 1952 to recoup his health as he was asked by the proprietor to secure a medical certificate of fitness from the Certifying Surgeon and it is stated that Kalika Roy promised to secure the certificate after coming back from home. O.P.W. 5 states that he met Kalika Roy on a road after his return from home, when he enquired of the proprietor about his job and the proprietor told him that his health was still bad and he should first secure a certificate of fitness before he could be employed. Kalika Roy then sa he would meet the Foreman Ramji Ojha and let him know later on. O 13th November 1952 at about 10-15 a.m. O.P.W. 5 went to the press t inspect the work of several Compositors and find out the cause as to why th the expenses of the Composing Department were running high. He found Kalika Roy there and questioned him why he had not secured the certificat of fitness and still had commenced work. The witness states that Kalika Roy was somewhat annoyed for his saying so. It further appears from the evidence of this witness that on 14th November 1952 he sent for Kalika Roy to the Head Office at 10-15 a.m. and asked him to obtain a certificate o fitness. When Kalika Roy enquired as to what would happen if the certificate of fitness was not obtained, he told him that it would be difficult t

ntinue him in employment if no certificate was secured and after this left in an angry mood for the press. O.P.W. 5 says he never went to e press on 14th November 1952. At about 12 noon Seu Prosad Singh, one the strikers, came to the Head Office to receive wages and Panditji was formed by him that there was some *golmal* in the Press and no work was ing done there. Panditji asked Seu Prosad to go to the factory and send amji Ojha with whom he wanted to talk about the matter. Panditji ited for about 20 minutes and then went upstairs and after having had his a, left at 1 p.m. It was the birthday of Pandit Jahwarlal Nehru and he nt to the Congress Office in connection with the birthday celebration and ft Congress Office at about 2-30 p.m. and came back there at 6-30 p.m. ie Congress Office is the 6th or 7th house from the Head Office of the paper 160, Harrison Road. In the meantime at 12-30 p.m., O.P.W. 2, the anager of Lokmanya, came to the office from outdoor duties and heard of ie strike in the press, went there and found the Compositors facing the all with backs to the composing box. On his query they told him that alika Roy had been dismissed by the proprietor and nobody knew when hers would be dismissed. The Manager assured the Compositors that alika Roy would be reinstated and he might resume work but the compositors wanted the proprietor himself to come and give the assurance. The anager came back to the Head Office at about 3-30 p.m. and again went to e press and came back at 7-30 p.m. and went to the Congress Office. He formed the proprietor Panditji at about 8 p.m. about the strike on the ound of alleged dismissal of Kalika Roy and the demand of the compositors r his appearance to assure them. Panditji denied that he had dismissed alika Roy and declined to go to the press. At the Burrabazar Congress ffice where the Manager had this talk with Panditji, O.P.W. 4, Dr. Kisori l Sarma, Vice-President of the Burrabazar Congress Committee, and a iend of Panditji was also present. Panditji asked Dr. Sharma to go with e Manager to the Press to persuade the workmen to resume work which r. Sharma did. O.P.W. 2, Mr. Mukherji, Manager, states that when they went on this occasion to the press, the workers, at about 10-30 p.m., made me demands which were put down on a slip of paper which is Ext. H. ie English translation of this Hindi charter of demands Ext. H shows that e demands related only to Festival holidays, leave with pay, sick-leave, y for the leave period, getting job on return from leave, extension of leave, yment of wages in time, a little less work at night, and safeguard against scharge. These demands were not accepted by Panditji for discussion on at night and nothing came out of them. The Compositors according to .P.W. 2 left the press of their own accord at 11-30 p.m. in the night and short paper was published in the following day with the aid of loyal nployees of the press. The case of the employer is that the striking ompositors did not accept employment again and new Compositors were ppointed in batches from 15th November 1952 to 21st November 1952 as own in Ext. L. It appears that new Compositors were appointed on a uch lower salary than the strikers and the evidence of O.P.W. 2 is that ie proprietor is now paying Rs. 300 to Rs. 400 less per month to the new ompositors including overtime work than before. It is also the case of the nployer that he issued notice to the striking employees to rejoin on 15th ovember 1952, and proved the notice Ext. K. as having been served upon ie strikers and that on their refusing to join in spite of the notice new ecruits were employed. It was also advanced that the strikers instead of ccepting employment threatened loyal workers with violence, held demonstrations in front of the factory and published handbills and also brought ut offending articles in the rival newspaper "Sanmarg" to bring the mployer in disrepute. Exts. B, B_1 and B_2 are "Sanmarg", dated 16th November 1952, 17th November 1952 and 18th November 1952 and Exts. A

and A_1 are two handbills which were proved in support of these statem on the written statement by the employer. P.W. 1 Ramji Ojha den having issued the handbills Exts. A and A_1, and on the contrary aver that it was the employer Panditji who printed them. The employees denied having made any demands as in Ext. H on 14th November 1952 alleged by O.P.Ws.

It appears that the employees lodged information to the Police 15th November 1952 [Exts. 1, 1(a)], 16th November 1952 [Ext. 1(b 17th November 1952 [Ext. 1(c)] and 18th November 1952 [Ext. 1(complaining non-payment of wages and dismissal from service without noti They also applied to the Labour Commissioner, Government of W Bengal, on 15th November 1952 complaining of their dismissal for dema of arrears of wages, and a conciliation proceeding was started immediate It appears from the file of the Labour Commissioner that the Manager the paper wrote to the Labour Commissioner on 20th November 1952 th the question of the retention of the striking Compositors wou be considered if they (1) tendered an apology in writing for using offensi language to the proprietor, (2) admitted in writing that the proprietor d not lock up the Factory or turn them out with the help of goondas as alleg at 4 p.m. and that they without any cause resorted to strike at 11-30 a.m without proper intimation to the proprietor or the Manager and left t premises at 11-30 p.m. in the night upon their sweetwill, (3) publish regret and apology in the local Hindi paper in which they publish defamatory allegations against the proprietor, (4) admitted in writing th henceforth they would maintain discipline and other rules and regulatio and never resort to illegal strike and unauthorised strikes and (5) accept a revised pay scale on a reduced rate. It appears that the Compositors d not accept the condition of reduced pay scale and the dispute was, thereto referred to the Tribunal. The learned counsel for the Association refer to the record of the Labour Directorate and to these conditions as imposed the proprietor for resumption of duty by the compositors with a view secure support to his contention that the proprietor had taken recourse the dismissal of these Compositors with the ulterior motive of reducti their wage bill.

The pleadings on the written statement of the Association in paragraph 3, 4 and 5 do not conform to the evidence of P.W. 1 Ramji Ojha, P.W. Kripacharya Roy and P.W. 3 Kalika Roy to the effect that all the Compo sitors were dismissed summarily on 14th November 1952 at about 4 p.m. o the ground of their demand of arrears of wages. The written statemer shows that the employer used to employ the tactics of withholding wage with the ulterior purpose of scaring away the old employees and securin vacancies to be filled up by new recruits at lower wages, and as the employee could not put up with these tactics they appealed to the Police and highe authorities for protection and this conduct of the Compositors enrage the proprietor so much that he summarily discharged so many employee unjustly without paying them any retiral benefits. The evidence on th employer's side shows that the strike of the Compositors started at 11-30 a.m. on 14th November 1952 as the proprietor had demanded a certificate of fitness from Kalika Roy and gave him a hint of discharge in case the certificate was not secured. It appears that the first intimation of the strike was received by the proprietor from Seu Prosad Singh, one of the strikers, at 12 noon when he came to the office to receive wages. The proprietor waited till 1 p.m. and then went out. He went to the Congress Office which is a very short distance from his office and then he went out to an unkn destination from there at 2-30 p.m. and returned to the Congress Office 6-30 p.m. to preside over a meeting and he was informed of the strike by t

Manager there at 8 p.m. in the night. The Manager says that he returned from outdoor duty at 12-30 p.m. and immediately learnt of the strike but did not meet the proprietor before he went out at 1 p.m. The Manager states that he went to the press at 12-30 p.m. to persuade the workers to resume work, came back to the office at 3-30 p.m. when he learnt that Panditji was out and again returned to the Press and stayed there till 7 p.m. and then went to the Baurrabazar Congress Office where he found Panditji.

On a consideration of the facts and circumstances I do not find it probable that the strike occurred as early as 11-30 a.m., or that Panditji would be leaving his house without caring to enquire what happened at the press after learning that a strike had occurred, or that one of the strikers Seu Prosad Singh would come and inform Panditji about the strike. I consider that at about 11-30 a.m. events might be happening which might culminate into a strike and that the strike occurred later in the day. It is also decided that the strike occurred over the dismissal of Kalika Roy as alleged by the employees although the proprietor O.P.W. 5 Pandit Ram Sankar Tripathi makes a statement in his deposition proving circumstances which are very dismissal but short of actual dismissal. I find also that the other Compositors took up the cause of Kalika Roy and struck work as they were afraid that they might also be discharged. Ext. F shows that after inspection on 4th June 1952 the Inspector of Factories directed all the workers, *i.e.*, all the Compositors including Keshab Upadhyay and Kalika Roy, who used lead compounds, to secure certificate of fitness. No real attempt was, however, made to secure these certificates. The explanation that the proprietor insisted on a certificate being secured by Kalika Roy on the ground that his health was not good is not accepted by me. These certificates are not required only for those whom the proprietor would consider to be of bad health but were required for all if the directions of the Inspector of Factories were to be obeyed. I do not accept the suggestion that Kalika Roy went on leave on 6th July 1952 to recoup his health as a preliminary to his securing the certificate. O.P.W. 2 Sri Indu Bhusan Mukherji, Manager, stated that he did not know who granted leave to Kalika Roy and that sometimes the employees secured leave from the proprietor himself. It was certainly the business of the Manager to learn how Kalika Roy went on leave and from whom he secured the order of leave. I accept the statement of P.Ws. that Kalika Roy went suddenly on leave after 6th of July on account of his ther's illness. The necessity of the certificate of fitness for Kalika Roy s been unduly magnified by the proprietor O.P.W. 5 Pandit Ram Sankar pathi and this conduct is not consistent with the absence of any thought similar certificate for Keshab Upadhyay or other workers of the factory. ind in view of the facts and circumstances of the case and the evidence record that the proprietor dismissed Kalika Roy on 14th November 1952 this was the cause of the strike by the other Compositors who interpreted conduct of the proprietor differently and apprehended a danger for themves. There is no doubt that Kalika Roy was dismissed without payment of dues and the other Compositors were also dismissed on 15th November 2 when their arrear wages were still due. It was in accordance with my ler passed on 5th February 1953 that payments of arrear wages were de. On the 15th of November the short paper that was published invited plications for appointment of new Compositors but no notice for the return the old Compositors was published. I do not find any acceptable evidence conclude that the notice Ext. K was served on the strikers on 15th vember 1952 asking them to resume employment. The facts and circumnces of the case and the conduct of the proprietor in insisting on a reduced le of wages for the Compositors if they were taken back suggests that the oprietor welcomed the strike and considered the departure of these

Compositors as a riddance. The evidence of O.P.W. 4 Dr. Kishori La Sarma shows that when he went to negotiate with the striking Compositors with a view to wake them resume employment the workers told him that they were agreeable to leave the place immediately after all their dues were paid and Dr. Sarma advised them to have this matter settled with Panditji although he might advance the money if Panditji so desired. These facts and circumstances lead me to conclude that Kalika Roy was dismissed by the proprietor on 14th November 1952 really owing to frequent demands of wages made by him and other Compositors and not for any other reason and the strike of the Compositors was occasioned by this conduct of the proprietor which was an unfair labour practice. The proprietor was not entitled to dismiss the 17 compositors as he claimed he did on 15th November 1952 on account of a strike provoked by his unfair labour practice and all the Compositors are entitled to reinstatement. In view of the fact, however, that the employer is anxious to have Compositors on lower wages than the striking Compositors and the reinstatement of the striking Compositors may be attended with the same trouble as it happened in the month of November, it is awarded in the interest of peace in the establishment that the 17 Compositors in question should be allowed compensation and gratuity instead of reinstatement. In view of the fact that the Compositors are not paid D. A. separately from their basic salary, gratuity shall be payable at one-third of the monthly basic salary for every year of service. It is, therefore, ordered that these 17 Compositors as mentioned in issue No. 1 shall get gratuity at one-third of the monthly salary for every completed year of service, subject to minimum of one-third a month's salary. The periods of service of these Compositors as mentioned in a schedule to the order of reference do not appear to be correct in every case. The employer filed Ext. E to show the periods of service of the compositors. Ext. E does not show the dates of first appointment of Pt. Ramji Ojha, Pt. Sheoji Ojha, Bindeswari Singh and Jadu Nandan Tewari. The periods of service of these employees as mentioned in the order of reference are accepted less the periods of leave enjoyed by them. In the case of the others the periods of their service have been calculated on the basis of Ext. E up to May 1953 excluding the period of leave. The period appear to be as follows:—

Names of the workers.	Net period of the service approximately

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENG

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Union : None.
Present for the Company : Shri P. R. Mookerji, Pleader.

1. By Government Order No. 576-Dis./D/10L-21(A)/53, dated 20th February 1953, the aforesaid dispute has been referred to the Industrial Tribunal, presided over by me, for adjudication under sec 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The Industrial Tribunal has been constituted under notification No. 3581-I dated the 9th June 1951.

2. The reference was received here on 21st February 1953. notices were issued to the parties concerned. Though the Union was with a notice it did not prefer to turn up for entering appearance 10th March 1953, the date fixed for the purpose. Thereafter another n was ordered to be issued stating that if no written statement was f coming the Tribunal would presume that no dispute exists between parties, and it would pass an award accordingly. This notice was issued to no effect. The Tribunal recorded an order on 31st March 19 the following effect :—

> ".....If no step is taken by the Union in spite of the servi the said notice, action will be taken under rule 15 of the Be Industrial Disputes Rules, 1947. The Union will be treate if it had duly attended, and the case will be decided on evidence placed by the other side."

The Union, however, did not prefer to file any written statement, nor enter appearance. So on 10th April 1953, the date next fixed for hear the Tribunal heard Shri P. R. Mookerji, the lawyer of the Company, the award was reserved.

AWARD.

As it will appear from the above, in spite of the reference made by Government, the Union refused to file any written statement. Two not were issued by the Tribunal. Both were served on the Secretary of Union, but no response was forthcoming. No issue has been specifie the order of reference. So, even if *ex parte*, the Tribunal was unabl record any findings about the dispute or any direction in respect of dispute. The Tribunal had no choice than to accept the contention of Company that there was no dispute between it and its workmen. So presumption of the existing dispute, as per order of reference, sta rebutted in the present case, both by the attitude of the Union which one of non-co-operation, and the specific assertion of the Company. So Tribunal passes an award of no-dispute in the present case and disposes the order of reference. No order for costs.

In the matter of an Industrial Dispute between Messrs. McLeod & Co., L Secretaries, Tea Districts Labour Association, Post Box No. 78, Calcu and their workmen in Kharagpur, Asansol and Naihaty Offices represented by Tea Districts Labour Association Employees' Uni post Naihaty, 24-Parganas.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGA

PRESENT:

SHRI S. K. NEOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appeared for the Workmen: Shri P. K. Sanyal, Advocate, assisted by S Nikhil Roy, Pleader.

Appeared for the Company: Shri S. C. Sen, Shri J. K. Ghosh and S S. A. Hasib, Advocate of Messrs. Orr, Dignam & Co., Solicitors.

AWARD.

The Government of West Bengal, in the Department of Labour, referr the said industrial dispute regarding the matters specified in the schedule me, appointed to constitute an Industrial Tribunal under section 7 of t Industrial Disputes Act, 1947, for adjudication under section 10 of the Ac by order No. 1511Dis./D/9L-15/52, dated the 29th May 1952.

The object of Tea Districts Labour Association, hereinafter referred as the Association, is chiefly to recruit labourers for employment on Te Estates and arrange for transport of such labourers to their destination. Fo carrying out the purposes of transport of recruited labourers, the Associa tion has established several Labour Forwarding Agencies in various State of India. The present dispute is in respect of employees employed in For warding Agency Offices at Kharagpur, Asansol and Naihati, which are within the State of West Bengal. The matters in dispute which may be regarded as issues requiring adjudication have been specified in the order of reference as follows:—

Schedule.

(*i*) Scale of pay and grade.
(*ii*) Dearness allowance.
(*iii*) Annual bonus.
(*iv*) Working hours.
(*v*) Whether a munshi is entitled to get the clerical status. If under what condition?

The first two issues (scales of pay and grade and dearness allowance) are taken up together.

Three categories of employees, viz., (A) Clerical Staff, (B) Subordinate Staff, and (C) Munshis and Compounders are involved in this dispute. The following are the existing scales of pay for the employees concerned :—

Clerical Staff.

Grade "A" Rs. 60—4—100—5—150—10—190—5—195.
Grade "B" Rs. 60—3—90—5—120 E.B.—5—145.
Grade "C" Rs. 60—2—70—3—106—4—110.

Peons, Chalan Peons, Sweepers, Chowkidars, Cooks, Paniwalas, Cleaners, etc.	..	.. Rs. 25—1—32.
Head Peons, Literate Peons, Rest House Peons, etc.	..	.. Rs. 33—1—41.
Munshis, Rest House Munshis, Cabinet Keepers, Interpretors, etc.	..	.. Rs. 42—1—50.
Compounders	..	.. Rs.50—2—70 E.B.—2—90.
Dearness allowance for Clerical Staff	..	.. 60% of the first 100 and 30% of the second 100 of the basic pay or 55% of the first 100 and 27½% of the next 100 of the basic pay according to location of Agencies.
For the remaining Staff	..	.. Dearness allowance is 60% of the basic pay subject to a minimum of Rs. 22½ or Rs. 25 according to location of Agencies.

So far as the Offices at Kharagpur, Asansol and Naihati are concerned, dearness allowance of the clerical staff is paid at the rate of 60 per cent. of the first 100 and 30 per cent. of the next 100 of their basic pay. For the remaining staff the rate is 60 per cent. of the basic pay subject to a minimum of Rs. 25. The salary scales as stated above are in force from September 1949, except the salary scale of compounders which is being applied from September 1950. On 19th July 1950, Shri A. Das Gupta, Judge, Industrial Tribunal, made an award fixing the following grades and scales, rates of dearness allowance, etc., for the clerical and subordinate staff of the Calcutta Office of the Association :—

(a) *Clerical Staff.*—

	Grades and scales.
Special	.. Rs. 350—450.
"A"	.. Rs. 150—10—300.
"B"	.. Rs. 100—7½—205.
"C"	.. Rs. 60—5—1—35.

Dearness allowance—Bengal Chamber of Commerce Scale.
Free tiffin—tea and biscuits.

(*b*) *Subordinate Staff.*—Scales of pay Rs. 30—1—40 E.B.—1—50, to future recruits. The basic salary scale for the then existing subordinat staff was Rs. 26—1—50. The said Tribunal granted a flat increment Rs. 4 in their basic salary. Dearness allowance—less than Bengal Chamb of Commerce by Rs. 10.

The award was published in the *Calcutta Gazette, Extraordinary*, date 19th August 1950. Tea Districts Labour Association Employees' Unio hereinafter called the Union, demands that the scales of pay and grades also dearness allowance payable to the workmen concerned in this dispu should not in any event be less than those prevailing in the Calcutta Offi and the pay scales of the Compounders should not be less than Rs. 70—5—13

The parties have adduced evidence indicating the nature of work done b the clerical staff in the Mofussil establishments of the Association. The clerks maintain Cash Book, Daily Movement Register, Chalan peon expenses account and peon despatch expenses account. They have to wri upward chalans, down forwarding chalans, Daily Movement Registe Labour Arrival Register, Stock and Issue Registers. They also prepare an submit periodical statements regarding labourers' messing account, articl issued to labourers, escort peon's movements, etc. In the cash book receip and expenditure are entered under different heads according as they rela to gardens, Secretaries, etc. There is only one such cash book, of whic Ext. E is a specimen. Annual statements of verified stock are prepared b the clerks and sent to the head office. There is also a Register of recove able charges. It is the duty of the clerks to prepare statements of recove able charges and to send a copy of the same to the head office. Two of th clerks at Naihati are also typists. All the five clerks at Asansol kno typewriting and when necessary they use the typewriter. The statement registers and records which are being prepared, maintained and handled b these Mofussil clerks have been exhibited before me. It may be presume that the clerical staff at Kharagpur do the same types of work. The evidenc goes to establish that the work done by the clerks of these mofussil office is not intricate or difficult. It is more or less routine work, and their res ponsibilities are not as great as those of clerks whose work requires a highe degree of intelligence, a broader outlook and a more discriminating facult than are expected, in the performance of routine type of duties. Wh O.P.W. 2, Shri Amarendra Nath Sircar, has stated in this connection m be read with interest. He states that "although our work is high responsible, there is nothing like meritorious work. Compared with t standard of work, our pay is sufficient and I am satisfied. From the point view of necessity, the pay I get is insufficient for maintaining a famil Munshis at Naihati and Asansol, who are normally to look after the arriv departure, messing, etc., of the labourers on transit, can and do all th types of work which it is the duty of the clerical staff to perform. T having transpired from evidence, there remains little doubt regarding simple nature of work in these mofussil offices. Although the details work done by the clerks of the Association in its Calcutta office are not evidence, its nature is sufficiently indicated in the Associations' wri statement (page 3).

The Company submits that the Calcutta office receives, verifies and solidates accounts and returns of everyone of the mofussil establishm which function as either recruiting or forwarding depots. The Calc office completes the partially prepared bills of all recruiting agenc initiates the arrangement for the smooth despatch of labour throughout chain of forwarding agencies, accounts for money received in payment member's bills (all such being payable in Calcutta), prepares the ann

atement of account, and, in short, while there is hardly any aspect of ofussil work which does not have some repercussion in Calcutta, there is uch additional work which is unknown in the mofussil. I have very little fficulty in accepting this as a reasonably and substantially correct statement of the work done by the clerks of the Calcutta office, and I am of nion that the work of the clerical staff of the Calcutta office is more duous, intricate and varied and it requires a higher degree of intelligence, ertness, and skill than that of the clerical staff in the mofussil establishents. The responsibilities of the work of the former are naturally greater. here is no evidence that the clerks of the mofussil establishments have the me education and training as those of the head office. The demands fore the learned adjudicator Shri A. Das Gupta, in respect of basic salary d dearness allowance for the clerical staff and subordinate staff of the lcutta office were virtually for confirmation of the terms already in force, d the award regarding the said emoluments was made mostly on an greed basis. It is only in the case of the subordinate staff that the scale as raised to Rs. 30—1—40 E.B.—1—50 for new recruits, the existing members being given a flat increment of Rs. 4. The grades and scales given the clerical staff of the Association's Calcutta office appear to be based the Bengal Chamber of Commerce scheme. I have not come across any se in which the Bengal Chamber of Commerce scales and grades have en applied to the mofussil staff in any concern. Although the Union has laimed in its written statement the same scales of pay and grades as are pplicable to the Calcutta office-staff, the original demand submitted through s letter, dated 22nd November 1951, was for the following grades and ales, viz.—

lerical Staff—

Grade "A"—Rs. 80—5—205.

Grade "B"—Rs. 80—4—180.

Grade "C"—Rs. 80—2—130.

ubordinate staff—Rs. 40—2—90.

earness allowance 75 per cent. of the basic salary and wages, with a minium of Rs. 45 per month (for sub-staff). The Union has furnished no xplanation for this change in its outlook. For all these reasons, I am of pinion that the clerical staff of the Association's mofussil establishments are ot eligible for the scales of pay and grades applicable to such staff as are mployed in its Calcutta office.

On behalf of the Association it is contended that there is no case for ision of pay scales, because the scales of pay were revised only in 1950, whatever may be the initial pay of a clerk, it should not be lost sight that his pay rises in course of time as high as Rs. 195 per month. garding dearness allowance, it is said that there is no evidence that re has been any increase in the cost of living index in the places conned. The contention does not seem to be correct. As the Association s put it, the salary scales of the clerks and the subordinate staff were ised in September 1949, and the scale of the compounder in September 50 (*vide* page 3 of the Association's written statement). I am told that hough there are three grades for the clerical staff, recruitments have nerally been made in grade "C" with a few exceptions recruited directly der grade "B". Clerks not recommended for promotion to grade "A" e to stop at the efficiency bar at Rs. 120 of grade "B". Promotions from e grade to another depend on the discretion of the management, which is ely to vary in different cases. It cannot therefore be correct to say that ble will be entitled to receive the maximum of the highest grade in all

cases under the existing system. A workman's family is supposed to consist three consumption units. Rupees 5 to 6 per month is taken approximately be the cost of food per head in the pre-war level of prices in 1939, when the co of living index is assumed to have been 100. Taking the lowest figure th expenditure on account of food only for such a standard size family, wou come to Rs. 15 per month. The above cost of food is said to represent onl 60 per cent. of the total expenditure. The remaining 40 per cent. is said cover the cost of clothing and accommodation, etc. Thus the cost of clothin and accommodation, etc., per month for such a family would be Rs and the total cost of a worker's family of three consumption units at a co of living index 100 in 1939, would amount to Rs. 25 per month. It is a accepted theory that prices would stabilize somewhere between 160 and 18 So, the cost of a workman's family of the standard size of three consumptio units may be expected to stabilize at Rs. 40 per month. The cost of a middl class employee's family with three consumption units is generally assumed be 80 per cent. higher than the cost of a manual worker's family of th same size. The total cost of a middle class family of three consumptio units would thus work out at Rs. 72 per month at least. But each of the thre grades for the clerical staff starts with Rs. 60 which is less than th estimated cost of a middle class family of three consumption units. So th need for revision of the existing scales for clerks still exists.

Prevailing rates of wages in the same or similar occupations in the sam or neighbouring localities is an important factor, as otherwise unfair com petition with all its undesirable consequences will be the result. There i no other comparable concern, but there are some Jute Mills situated at o nearabout Naihati. The Jute Mills of the locality were parties to the dispute which were adjudicated upon by two major Jute Textile Tribunals in Wes Bengal. In the first award published under Government notification, dated 20th September 1948, the minimum basic wages of a clerical worker was fixed at Rs. 55 per month and that for a manual worker was fixed at Rs. 26 per month, with dearness allowance fixed at a flat rate of Rs. 32-8 per month per head. Time scales for lower grade clerical workers were set forth as stated below:—

Grade (I)—Rs. 70—4—130 (originally for graduates).

Grade (II)—Rs. 55—3—85.

Those grades and scales were revised in the Second Award published on 12t November 1951, as follows:—

Grade (I)—Rs. 70—4—130.

Grade (II)—Rs. 55—3—85 E.B.—4—105.

The following basic wages were fixed for three categories of durwans:—

Jamadars—Rs. 65.

Havildars—Rs. 50.

Durwans—Rs. 36.

The major Engineering Award, published in 1948, fixed the following scal of pay for Peons and Durwans:—

Peons—Rs. 25—1—40.

Durwans—Rs. 30—1—45.

e scales laid down for lower grade clerks were: -

For non-Matriculate (like tally clerks)— Rs. 55— 2½ - 80.

For Matriculate but under-graduate office clerks— Rs. 60— 2½—90.

For graduate clerks—Rs. 70— 4 —130.

arness allowance as recommended by the First Award was revised by the jor Engineering Tribunal in its second Award in the following way:—

Basic pay up to Rs. 50—Rs. 31.

From Rs. 51 to Rs. 100, etc.— Rs. 42, etc.

It should be remembered that these major Engineering and Jute Textile ibunals had before them both prosperous and big concerns as well as aller and weaker units who could not pay higher scales of wages in view their limited financial resources In the present case, the employer's acity to pay is not disputed. After giving a careful consideration to all ects of the question in the light of the circumstances stated, I am of opinion at the scales of pay and grades ought to be revised.

For the clerical staff.—The existing three grades start with the same nimum and are mostly overlapping in the earlier stages. If they are not all ant to be entry scales, they need not have a common starting point. The es of increment are such as would make an employee wait for a long time fore he can reach the stage of the minimum basic wage calculated on the sis of the estimated costs of a middle class family of three consumption its. If some substantial time scales are given to the employees concern- , that will be a step forward towards the achievement of the payment of ing wages. It may be true that the standard of living is lower in mofussil ations but it cannot be said that the cost of living is cheaper at Asansol, aihati and Kharagpur which are fast developing as industrial areas. cordingly I recast the grades and scales for the clerical staff in the fol- ing manner:—

Grade "A"—Rs. 80—5—115—7—150— E.B — 10—210.

Grade "B"—Rs. 70—4—90—5—130—E.B.—6—160.

Grade "C"—Rs. 60—3—90—4—122.

erks working on the existing scales should be brought on to the correspond- g scales as awarded hereby and in so doing their pay should be fixed at e stage of the new scale which is equal to or next above the scale of pay ey are now drawing; they should also be given special increments at the te of one increment in the new scale for every three completed years of rvice. The next increment in the new grade into which a particular em- oyee is to be thus fitted will be given on the date on which he would rmally be entitled to an increment in his old grade.

For the remaining staff.—I fix the following scales of pay :—

For peons, chalan peons, chowkidars, cooks, sweepers, paniwala, cleaners, etc.—Rs. 30—1—45.

Head peons, literate peons, rest house peons, etc.—Rs. 35—1—50.

Rest house munshis, cabinet-keepers, interpreters—Rs. 42—1—55.

I maintain the existing scale for the employees other than Munsh whose case will be dealt with separately under the issue specifie for the purpose, with a slight increase in the maximum of the scal

Compounders—Rs. 55—2½—80—E.B.—4—100. The same directions given above for fitting into the new scales will as far as applicab be given effect to in the case of employees of all these categories als

Dearness allowance.—Substantial improvement has been effected in th pay scales by this award. No interference is in my opinion called for in th scale of dearness allowance, which seems to be adequate in itself. I woul like, however, to fix a minimum dearness allowance for the clerical as well a the remaining staff. I award that the rate of dearness allowance will be 60 per cent. of the first 100 rupees and 30 per cent. of the next 100 rupees of the basic pay subject to a minimum of Rs. 40 for the clerical employees and of Rs. 30 for the other employees. This is my award on issues Nos. 1 and 2, and i will have retrospect operation from the first January 1953.

Issue No. 5—Whether a munshi is entitled to get a clerical status, if so, under what conditions?

On behalf of the Association it is contended that what is material for determination of the status of a munshi is the work which a munshi is required by virtue of his employment to perform; what a particular munshi or a munshi in a particular place does is a different matter. For, the wage is the value of the job and does not depend on the qualification of a particular man. A munshi's function is to do outdoor work which consists of looking after coolies during their stay at a forwarding agency station, and to assist in the clerical work by issuing cooking utensils, etc., to the coolies on transit. He is also to keep a record regarding despatch and return of peons escorting labour. This he does in the same way as a Tally clerk, it is said. On this, the Association urges that the essential part of the duty of a munshi is not of the nature of a clerical job. It is in evidence, however, that the munshi at Asansol is an experienced hand, who can do and who does when so required all sorts of work in any department by way of assisting the clerical work. The Association maintains that the particular munshi at Asansol may be specially qualified for a clerical job but that ought not to be regarded as the standard of a munshi's work. But the work which a munshi is required to do is not in fact limited to what has been stated above. The munshi employed at Naihati has to keep the Issue Registers of blankets, clothing and *karais* (pans), maintain the escort peon's daily register, and prepare the labour movement statement. Some of these items of work were formerly done by P.W. 3, P. C. Bagchi, who has worked always as a cle and who was a clerk at Naihati and Asansol as well. So, it is as a part of his duty that the munshi is doing these items of work and they are essentially of a clerical nature. The munshi working at Asansol has presumably acquired efficiency to assist in any department by experience through actual work done by him in all the departments. I am therefore of opinion that the essential part of the duties of these munshis at Asansol and Naihati is clerical, and they are entitled to the status of clerks. Accordingly I award that those munshis, including the munshis employed at Asansol and Naihati, who are required to do some clerical work involving writing and maintenance of records, etc., will be entitled to the status of clerks. The munshis are to be placed in grade "C" of the clerical staff and given basic pa

ıd dearness allowance as awarded to the clerical staff of the grade in cordance with the directions already given. They should be fitted into e new scale in the manner as stated. This part of the award will come into ect from 1st January 1953.

Issue No. 3—Annual Bonus.

On the question of bonus, the Association contends that as it is not a ofit-making concern there is no question of contribution to profit by the nployees and so there should be no direction for payment of bonus. The ssociation has tendered in evidence its balance-sheet as at 31st August 51 with pencil corrections for 1951-52, to be kept confidential under ction 21 of the Industrial Disputes Act. I may mention, however, that ere was excess of income over expenditure in the year in question. This rplus income was virtually the profit earned by the Association. The ct that it is not a profit earning concern cannot therefore stand in the ay of bonus being granted to its employees. The principle on which bonus paid is not only that the workers should be allowed to share in the profit ecause they also partly contributed to the earning of it. Bonus is also to e paid by way of supplementing the income of the workmen as long as they o not get living wages. Memorandum and Articles of Association of Tea Dis-icts Labour Association have been placed before me. Clause 4 of the lemorandum of Association prohibits the payment of any portion of the ıcome and property of the Association by way of dividend, bonus, or pro-t to the members of the Association. The bonus contended for in this ase is not payable to the members of the Association, but it is claimed by he employees and servants of the Association in return for services rendered y them to the Association. This is expressly protested in the proviso to the ame clause 4. As a matter of fact, the Association has been paying Puja bonus t one month's basic salary to its employees in the Calcutta office since 1948 ithout any break. This was confirmed by the Award of Shri A. Das upta, published on 19th August 1950. Although it is discretionary, the iscretion should be uniformly exercised for the benefit of all employees to hom the same considerations for the grant of bonus equally apply. No case ıas been made out for any discriminatory treatment between the employees n the Calcutta office and those of the mofussil offices in the matter of bonus, o long as the practice of its payment is continued by the Association. The lemand for bonus and other terms was first made by the Union in Novem-ıer 1951. Presumably the claim for bonus was in respect of the year ended 31st August 1951. In the circumstances, I award that the employees con-erned in this dispute will be entitled to get one month's basic salary as bonus ior the year ended 31st October 1951. The payment is to be made within a ıonth from the date of the Award being made enforceable.

Issue No. 4—Working hours.

In prayer "C" of the written statement the Union demands that 8 hours a y should be fixed as working hours, and for work done in excess thereof, yment should be made at double the normal rate of pay and dearness owance. The case of the Union is that during busy season, which is from ecember to May, the staff is required to work for more than 12 hours a day, ile in slack season the staff is to remain in attendance in office for not less an 8 hours. The nature of work is such that they may be called in office any hour of the day and night. The Association does not admit the truth of ese allegations of the Union. It contends, however, that there cannot be any ed or uniform hours of work for workmen concerned in this dispute in view of

the nature of the jobs they perform, and the condition under which they work. The rules framed under the Tea Districts Emigrant Labour Act provide that emigrants must be detrained for a cooked meal once in every 24 hours of travel by rail and for 9 hours of rest in every 48 hours of travel by rail. Since the work of Forwarding agencies is inextricably bound up with compliance with these rules and with rail timings, the working hours for its workmen cannot be regulated by fixed uniform working hours. The forwarding Agency-in-charge Shri K. K. Bagchi, says that the normal hours of work are from 8 to 12 in the morning and 6 to 9 in the evening, *i.e.*, seven hours a day. He adds, however, that the presence of the staff may be necessary at any time. According to the Association's written statement (page 5), the working hours at Naihati are 7-30 a.m. to 1 p.m. and again 5 p.m. to 9 p.m. At the other two places there are 7 working hours a day. There is no doubt that the office work increases with the increase in the movement of the recruited labourers. It may be inferred from the evidence on record that in recent times there has been a fall in the volume of work but there has been a consequent reduction in the staff as well. Although the work is not of a continuous nature, it being dependant on the arrival and departure of trains there is evidence that some time the work is spread over 9 or 10 hours a day and some members have to attend even at night. Attempt should, however, be made to bring the normal working hours in conformity with some accepted norm. The escort peons have to accompany labourers despatched from one forwarding station to another, or from a forwarding station to their destination. They are to travel by train from and to their respective stations. From the chart (Ext. A), it appears that these escort peons do not always get sufficient rest after their journeys. I direct that the working hours in the mufussil offices concerned should be fixed at 8 hours a day. The working hours and their spread over are to be regulated by such authority as may be appointed for this purpose by the Association, in consultation with the head office, regard being had to the timings of trains. The employees who will be required to work beyond the working hours fixed hereby and regulated as suggested, or on Sunday or holiday, will be paid overtime allowance at one and half times the normal rates of their basic salary and dearness allowance. As it is not possible to fix the working hours for the escort peons, I award that they will be allowed weekly rest for one day at their respective head quarters and they will be paid travelling allowance as in the case of Government and Railway servants performing journeys on duty.

(a) to replace the same, or

(b) to make such alteration therein as may be specified in the notice.

10. If any notice issued under by-law 9 is not complied with within seven days from the date of service thereof, the Commissioners may forthwith carry out the work and the costs thereof shall be payable by the person on whom the notice was issued.

11. When the Commissioners or any department of Government have constructed any work with the object of prevention of breeding of mosquitoes, the owner or occupier of the premises on which such works stand shall prevent such premises being used in any manner whatsoever that is likely to cause the deterioration or lessening of the efficiency of such work.

12. Whoever commits a breach of any of the foregoing by-laws, viz., 2, 4, 5, 8, 10 and 11 shall be liable to a fine which may extend to Rs. 50.

13. Any person who without the consent of the Commissioners interferes with, or injures or destroys or renders useless any works executed or any materials or things placed in, under or upon any premises, by or under the authority of the Commisisoners referred to in by-laws 1, 2 and 10 shall be liable to a fine which may extend to Rs. 50.

By-laws for prevention of the spread of disease by flies or other insects.

1. Every baker or confectioner who keeps for sale any bread, sweetmeats or other prepared articles of food and every vendor or hawker of such articles shall keep the same in a glass-case or almirah provided with wire gauge screen so as to keep away flies or other insects.

2. Every owner or occupier of a meat or fish shop or stall shall, when required by the Commissioners by a notice in writing, make his shop or stall fly-proof with suitable materials.

3. Every owner or occupier of a building shall, when required by the Commisisoners by a notice in writing, provide fly-proof receptacles for the collection of rubbish and other offensive matter until these can be deposited in such place as may be provided by the Commisisoners for the purpose.

4. Whoever commits a breach of any of the by-laws 1 to 3 shall be liable to a fine which may extend to fifty rupees, and in the case of a continuing offence to an additional fine which may extend to five rupees per diem.

By-laws regulating rag-flock manufacture and trade in rags and bones.

1. In these by-laws "rag-flock" means flock which has been produced wholly or partly by tearing up woven or knitted or felted materials, whether old or new, but does not include flock obtained wholly in the process of scouring and finishing or newly woven or newly knitted or newly felted fabrics.

2. No person shall sell or have in possession for sale any rag-flock manufactured from rags of use for the making of any article of upholstery, cushions or beddings, any such flock unless it conforms to the standard prescribed below and unless such flock has been disinfected to the satisfaction of the Commissioners.

The amount of soluble chlorine (as chlorides removed by thorough washing with distilled water at a temperature not exceeding 25° centigrade from not less than 40 grammes of a well-mixed sample of rag-flock) shall not exceed 30 parts of chlorine in 100,000 parts of the flock.

3. No person shall trade in rags in secondhand clothing or bedding, unless the Health Officer or the Commissioners are satisfied about the cleanliness of such articles and also about the freedom of such articles from infection of any dangerous disease.

4. No person shall trade in bones or products of bones unless such articles have been disinfected before importation or exposure of sale, to the satisfaction of the Health Officer or the Commissioners.

5. Whoever commits a breach of any of the by-laws 2 to 4 shall be punishable with fine which may extend to fifty rupees.

By-law regarding disposal of refuse or waste matter or other matter or thing contaminated with or exposed to infection or contagion.

No person shall dispose of any refuse, waste matter or other matter or thing, which has been contaminated with or exposed to infection or contagion, except by burning or burial, after proper disinfection, at a safe distance from sources of water-supply.

Fine, Rs. 50.

By-laws for the prevention of the spread of anthrax.

1. If so required by the Commissioners for the prevention of anthrax, every case of sudden death of an animal shall be reported to them for proper investigation as to the existence of anthrax within the municipal limits.

2. The carcass of an animal known or suspected to have died of anthrax shall not be skinned, but the whole carcass shall be disposed of either by burning completely or by burial in lime. In the latter case, the carcass shall be buried in quicklime at a depth of at least six feet below the ground level.

3. Whenever the removal of the carcass of an animal suspected to have died of anthrax to a place of disposal is decided upon, the removal shall be conducted under the strict supervision of the Health Officer or other competent officer appointed by the Commisisoners in this behalf with due regard to measures necessary to prevent the spread of infection therefrom.

4. Every stable in which an animal has died of anthrax shall be thoroughly disinfected with suitable material. For lime-wash the Commissioners may require that four ounces of chloride of lime containing 33 per cent. of available chlorine should be mixed with every gallon of water.

5. The wool, fur or hair of animals known or suspected to have contracted anthrax, if already collected, shall be destroyed at once and the place or places where such materials were kept shall be thoroughly disinfected in the manner laid down in by-law 4.

6. When required by the Commissioners to do so for the prevention of the spread of anthrax, the owners or managers of tanneries or woollen mills shall not dispose of any trade waste or refuse from such tanneries or mills which has been exposed to infection or contagion except by burning or after proper disinfection in the manner specified by the Commisisoners.

For the above purpose a mixture of half a pint of commercial carbolic acid per gallon of waste water from tanneries may be used.

7. Whoever commits a breach of any of the preceding by-laws 1 to 6 shall be liable to a fine which may extend to Rs. 50.

By order of the Governor,
S. M. MURSHED, Jt. Secy.

Schedule.

(i) Whether dismissal of Shri Arun Kumar Das is justified ?

(ii) Whether he is entitled to reinstatement and or compensation?

2. Usual notices were issued to the parties for filing statement of claim and written statement thereof, and the pleadings were completed on 31st March 1953. Thereafter a date was fixed for filing lists of documents. Evidence was recorded on 25th April 1953 and arguments were heard on 2nd May 1953 and the award was reserved.

3. The facts leading to the dispute which are either admitted established in evidence are as follows:—

Messrs. Bawa Crockery House, Ltd., Calcutta, is a private lim concern which is the Sole Selling Agent and distributor of Messrs. Be Potteries, Ltd., and other companies.

Shri Arun Kumar Das joined the Company as a correspondence c and was in service for about seven months before discharge with e from 10th January 1953. As correspondence clerk his duty was to with the orders sent by the touring salesman. Before this he also wor for six months under Bawa Glass Company, Calcutta (*vide* Ext II.

One who works as a touring salesman gets extra daily allowance at rate of Rs. 3 to Rs. 10 per day depending on the volume of orders secu by him in addition to his salary. A touring salesman is required despatch daily reports as in Ext. B series and to drop a post card reaching each of different places to be visited.

The workmen of this Company formed a Union under the name style of Bawa Concerns Employees' Union, which was duly registered 10th November 1952. Shri Arun Kumar Das was an active member the Union. Shri Arun Kumar Das left on tour as a touring salesman the night of 2nd December 1952 with a sum of Rs. 100 given by the C pany as advance. Before he so left on tour, he was given a tour p gramme (Ext. 1) of places to be visited beginning from Kharagpur on December 1952 and ending at Bezwada on 27th December 1952 is a a letter of authority, dated 1st December 1952 (Ext. D) by the Manag of the Company authorising Shri Arun Kumar Das to book orders on the behalf and to receive advances by crossed cheques and bank drafts T Postmasters were also requested by Ext. D to deliver the letters an remittances, etc., addressed by the Company to Shri Arun Kumar Das on his request at the Post Office.

While on tour, Shri Arun Kumar Das realised on 6th or 7th Decembe 1952 Rs. 20 in cash from a party at Cuttack as per his report, Ext B on 10th or 11th December 1952 Rs. 10 in cash from another party as pe his report, Ext. B6, on 13th December 1952 Rs. 50 in cash from another party of Cuttack as per his report, Ext. B7 and on 27th December 195 Rs. 50 in cash from a party of Bhimavaram in the district of Godavari, in a Rs. 130. He did not remit those amounts to the Company but utilise them for his personal ends without previous written sanction from th Company. After sending daily reports daily for some 3 4 days at th beginning of the tour, Shri Arun Kumar Das stopped despatch of suc reports daily later on.

On completion of the tour he returned to Calcutta on 2nd Januar 1953. On 3rd January 1953 he was given a written charge sheet, Ext He replied to the charges in writing by Ext. 3, dated 5th January 195 Then his service was terminated by the Company with effect from 10 January 1953.

Thereupon the employees moved the Labour Commissioner but witho any result. Thus the dispute came to be referred to this Tribunal f adjudication.

4. Behind this background, the case of the workers represented b Bawa Concerns Employees' Union, which will hereinafter be called th Union for the sake of brevity, is that Shri Das, who was working a correspondence clerk, was suddenly asked to proceed to Delhi or on tou

esumably as a measure of punishment for his activity as a member of e Union. Shri Das protested against such victimising attitude and a eputation also waited on the management for reconsideration of the der, but to no effect. Shri Arun Kumar Das under threat of dismissal as compelled to accept the Company's order to go on tour. He reported ck to Calcutta after about a month securing perhaps the best possible ders. But this did not earn for him any recognition. On the contrary, 3rd January 1953 he was charge-sheeted. The charges were false and alicious and he duly replied to them on 5th January 1953. Without ving him any scope of defence and without further enquiry Shri Arun umar Das was asked not to work from 10th January 1953 when he eported for work. Even notice of dismissal was not served upon him. e is still unemployed. The dismissal of Shri Arun Kumar Das is an act untain labour practice done with an ulterior motive. Under the circumances the Union prays for reinstatement of Shri Arun Kumar Das with ll compensation for the period he was forced to remain out of mployment.

The Bawa Crockery House, Ltd., which will hereinafter be called the ompany for the sake of brevity, denied that Shri Arun Kumar Das was scharged because of his active part in the Union and pleaded that ri. Arun Kumar Das was discharged on individual demerits and because irregularities committed by him. It was stated that he was sent out n tour on his request as he assured the management that by dealing every ay with touring salesmen's orders he had become fully conversant with e conditions of booking orders, and that if he were sent on tour he would equit himself much better than other touring salesmen did in procuring rders. He wanted it in order to better his prospect as by so doing he ould in addition to his pay earn extra daily allowance of Rs. 3 to Rs. 4 er day, depending on the volume of orders secured by him. The anagement were, however, sadly mistaken in putting reliance on him s it was soon discovered that his intentions were not *bona fide* and that on he contrary his tour was planned with an ulterior motive for carrying on ropaganda amongst the dealers against the very company he served.

On receipt of his first two daily reports from Khargpur and Balasore, he management found that although his reports purported to show that e visited 26 shops, he did not book any order except one and that too ithout advance. This naturally created some suspicion in the mind of he Management. Then for as many as four days at a stretch, i.e., from he 6th to the 9th of December 1952, the Management did not receive any eport or any intimation from him, although, in addition to sending daily eports, touring salesmen have express instructions to post a post-card mediately on arrival at each station as a token of their having arrived here. This accentuated the Management's suspicion and in order to find at his activities and whether he had actually visited all the shops shown by im in his first two reports or not, another employee was sent on 11th December, to the two nearest stations visited by him, i.e., Kharagpur and Balasore to make necessary investigation. The man concerned on return eported that Shri Arun Das did not visit at all quite a number of shops entioned by him in the reports. In order to confirm this, letters were ritten to some of the dealers of the said two stations Ext. F series and reply some of them confirmed that Shri Das did not visit their shops hough they were urgently in need of goods.

Thus it became very clear to the Management that Shri Das was sending false reports and was deceiving the Company thereby. Sending false eports was indeed the most serious offence a salesman could commit. His

contention that the Company's scale of daily allowance was fixed hence the salesman was free in his own interest to visit shops at his will is quite wrong and dangerous, as in that way even without doing work for the Company, rather even working against the Company is actually happened in his case, one could earn the minimum rat daily allowance enough to serve for one's subsistence. By this proce salesman may very well earn the minimum daily allowance from Company while on tour carrying on propaganda against the Comp without visiting any shop or booking any order.

In addition to the above charge which was of serious nature he guilty of two other irregularities.

First, against the express instructions of the Company he did remit cash advances realised by him from various parties. His explana that it was the practice of the touring salesmen to keep cash advances their own expenses and that he was given advance of Rs. 100 only by Management is untenable as while dealing with the touring salesme work and thus being conversant with the instructions applicable to tour salesmen he fully knew that cash advances were to be remitted regula to the Management and he could, if required, ask for remittance of m money to him to meet his expenses. He knew that on numerous occas moneys were sent to touring salesmen telegraphically.

Secondly, he did not, as required, send his reports and orders book by him daily, but went on collecting them. He sent reports and orders several days together. For instance, reports, dated 12th, 13th, 14th, 15t 16th, 17th to 21st, 22nd, 23rd and 24th December 1952, were receiv only on 29th December 1952, and similarly reports of 25th, 26th, 27t 28th and 29th December were received on 2nd January 195 Likewise orders booked by him on 6th December were sent by m only on the 11th December, and in the letter forwarding the orde too, he mentioned dates of those orders as 10th instead of correct dat obviously to mislead the Management. His explanation that he coul not despatch the reports regularly because of disturbance in Andhra State caused due to the death of Potti Sri Ramulu on the night of 15th Decembe 1952, is incorrect, as his earlier statements dated 6th, 7th, 8th, 9t 10th and 11th December 1952 pertaining to Cuttack, Bhubaneshwar Khurda Road and Puri, were also received here on 13th Decem ber 1952, all posted from Puri under his letter, dated 11th Decembe Similarly, had he posted statements, dated 12th and 13th December o the same days these would not have been held up till 29th Decemb because of disturbances referred to by him, but would have been receiv at least two weeks earlier. He had no right to withhold orders and dai reports in this manner for days together. This too clearly showed th his mind was not in the Company's work but was engaged in fulfilment some different mission altogether.

The business booked by Shri Das during his tour was far from bein "best possible" as stated by the Union. Most of the business was booke contrary to instructions and had to be cancelled. Out of the business Rs. 35,000 claimed by him in his explanation, business worth Rs. 7,2 only materialised. So when Shri Das came back from tour th irregularities committed by him were pointed out to him in writing and h was given full opportunity to state his case. First of all he refused t receive the charge-sheet but later on he agreed to take the same. On receipt of his explanation the whole matter was considered by the Manage ment and it was considered fit that his conduct and breaches of express

ructions could not be condoned and he should be discharged in the interests of the Company. Consequently a notice was served as per exure "C" on Shri Arun Kumar Das who, however, refused to sign the same. It was, therefore, despatched under registered acknowledgeit due cover at his house address last known to the Company but it e back undelivered with remarks "not known".

Decision.

Issue No. 1.—Shri Arun Kumar Das alleges that he was sent out on as a measure of punishment for his union activities. The employer es charge of victimisation and contends that he was sent out on his seeking as a touring salesman by way of betterment of his prospect. H, dated 23rd April 1952, is the application upon which Shri Das his appointment in this concern. In the said application, the post lied for was originally written as one of salesman and it was also losed that he had served at Delhi for two years previously. It is itted on all hands that as a correspondence clerk Shri Arun Kumar had to deal with the orders sent by the touring salesmen and thus he me conversant with the work of the touring salesman. There is also lispute that the post of a touring salesman carries additional emoluments he shape of daily allowance at the rate of Rs. 3 to Rs. 10 per day nding on the volume of the orders secured by him in addition to one's ry. It is therefore, obvious that Shri Arun Kumar Das could not e been given the work of a touring salesman by way of punishment. he became conversant with the work of salesman and as such post ied additional emoluments as aforesaid, the version of the employer Shri Das was given the work of touring salesman on his own seeking way of betterment of his prospect is more probable and natural. Had een thrust upon him as suggested by Shri Das there would have been est. But there is nothing to show that as matter of fact there was protest. Version of Shri Arun Kumar Das that the Union made esentation to the employer when he was given the work of touring sman has not been supported by any one of the Union. Likewise Arun Kumar's version that he wrote a letter of protest to the Labour artment is also uncorroborated. When on the contrary Shri Arun nar Das had worked in the sister concern previously for six months sfactorily (*vide* Ext. H) and when after joining work under this loyer as a correspondence clerk, he became conversant with the work touring salesman having had occasions to deal with their work as a espondence clerk, it is not unnatural that he sought such employment way of betterment of prospect and the employer would be willing to him the work. That he was not sent by way of victimisation for the n activities is also apparent from the fact that when in course of tour ent telegram following death of Potti Shri Ramulu on 15th December , that it was not possible to move as per Ext. D, dated 17th December , the employer replied by Ext. E(1) on the very day he received the gram that he was at liberty to resume tour when situation improved. leaves no room for doubt that the employer was not after victimisation lleged by Shri Arun Kumar Das. The fact that while on tour Shri wrote in his letter, dated 11th December 1952 [Ext. A(1)], for grant Rs. 5 as minimum basic daily allowance to him and that as a matter act he earned additional sum of Rs. 100 by the tour as admitted by him er supports that he was sent out on his own seeking for bettering his pect. So on the evidence and circumstances I believe the version of employer that he was sent out on tour on his own seeking and that e was no threat of dismissal or anything in the matter.

Shri Arun Kumar Das apparently left on tour on the night of 2 December 1952. The first station he was to visit was Kharagpur on 3 December 1952 and the next station was Balasore and the last station whi he was to visit was Bezwada on 27th December 1952 as per admitted to programme, Ext. 1. He returned back to Calcutta from tour on 2 January 1953. On 3rd January 1953 he was given written charge-shee Ext. 2 and he replied thereto by Ext. 3, dated 5th January 1953.

The first charge against him was that he did not submit the dai reports regularly from different stations daily as required but went collecting them and sent reports and orders for several days together in bunch. It was stated that reports dated 12th, 13th, 14th, 15th, 16th, 17 to 21st, 22nd, 23rd and 24th December 1952 were received by the employ only on 29th December 1952 and similarly reports of 25th, 26th, 27th a 29th December 1952 were received on 2nd January 1953. Likewise orde booked by him on the 6th December 1952 were sent by him only on t 11th December 1952 and in the letter [Ext. A(1)] forwarding the orde he mentioned dates of those orders as 10th instead of correct date, obvious to mislead the Management. Shri Arun Kumar Das in his explanati maintained that up to the 15th of December he had sent the daily repor regularly for which he got acknowledgment receipts. As regards repor after the 15th he stated that as trouble broke out culminating in dislocati of all sorts of communications following the death of Potti Shri Ramul they could not be sent daily. Shri Das could not, however produ acknowledgment receipts or show anything that he sent the daily repor regularly up to 15th December 1952. He had on the contrary to admi that the daily reports up to 15th December 1952 were not also sent dail from different stations but were sent together. He, however, sought explain this by saying that he did so in view of the instructions containe in the tour programme. He wants to say on the basis of the tour pro gramme, Ext. 1, that he was to send the daily reports of different station only from the places marked with asterisks and thus he did send report relating to Kharagpur and Balasore from Cuttack and so on and so forth His contention cannot be sustained in the face of the recitals in the tou programme. In the tour programme it has been clearly noted that th places marked with asterisks are those where the letters meant for him would be addressed by the Company. The printed daily reports as i Ext. B series which he admittedly despatched would show by thei nomenclature and other particulars that they have got to be despatche daily from the different stations and not to be sent together after collect ing them. The tour programme, Ext. 1, cannot be invoked as permittin despatch of daily reports of several stations together. It may also be note here that Shri Arun Kumar Das also knew that he was to send the repor from the different stations daily, otherwise he could not have poste reports from places other than those marked with asterisks. It is n disputed and Ext. C series also show that as soon as he would arrive the different stations, he was to intimate the fact of arrival at those statio by posting post-cards from those places as required by the Company this would go to show that he knew that he was to send the daily repor daily. As he did not so send them, he apparently invented the explanati to cover up his laches. The explanation on the face of the recitals in t tour programme and daily reports as also his own conduct is anything b satisfactory. There might have been some justification for not despat ing the daily reports from day to day after 15th December 1952 as the was dislocation in communication following death of Potti Shri Ramul but there was none so far such earlier reports were concerned. Shri Aru Kumar Das in his deposition also admitted that the date which he men tioned in his registered letter, dated 11th December 1952, Ext. A(

lating to orders numbers 1102 to 1108 as 10th December 1952 was correct. The Company claims that he so stated the date in order to islead it. On the facts and circumstances it is not unlikely that it was . Be that as it may, on the evidence and circumstances placed before e Tribunal I am unable to say that the charge under this head was not tablished or without foundation.

The second charge against Shri Arun Kumar Das was that while on tour received cash advances from the certain parties which he did not remit the Company but kept to himself, contrary to express instructions. ri Arun Kumar Das pleaded in his explanation that it was the regular actice of the touring salesmen to keep cash advances for their own penses. There is, however, no evidence to support such practice. On e contrary the letter of authority, Ext. D, admittedly given to him fore commencement of the tour clearly shows that he was not even rmitted to receive any advance in cash, far less to appropriate it for s own account, without previous permission of the Company. The mpany produced several letters in reply to cross-examination of the anager (D. W. 1) to show that touring salesmen invariably obtain per-ssion while not remitting the cash advances to use it and when touring lesmen fell short of fund, were supplied with necessary funds on requisi-n, if necessary, even by telegraphic money-order Ext A is a dratt ter admittedly prepared by Shri Das while dealing with the orders of urning salesmen as a correspondence clerk relating to such requisition for vances by touring salesmen while on tour. The dratt which he prepared es to show that on receipt of the letter from the salesman the money quired was sent by telegraphic money-order Thus there is on one hand evidence to support the practice as alleged by Shri Arun Kumar Das nle on the contrary there is positive evidence including one of Arun dra's own conduct negativing such practice. Shri Arun Kumar Das mittedly realised Rs. 20 in cash from a party at Cuttack on 6th or 7th cember 1952, Rs. 10 in cash from another party on 10th or 11th Decem-r 1952, Rs. 50 in cash from another party of Cuttack on 13th December 52 and Rs. 50 in cash on 27th December 1952 from a party of Bhima-ram, in all Rs. 130 while on tour. Exts. B(3), B(6), B(7) and B (13) ich are admittedly in the hand writing of Shri Arun Kumar Das also to respectively show such realisations. The other explanation of Shri Arun umar Das is that he did not remit those amounts to the Company but alised them for his own use as the advance of Rs 100 which he was given s hardly sufficient to meet the railway fare, coolie hire and conveyance arges, etc. The explanation would have been intelligible had most of realisations not taken place soon after the commencement of the tour en he could not have been said to be short of the fund. In any case if required the money there was no justification on his part not to tain sanction of the Company to utilise the money for his own use. His idence that he got verbal instruction of the Accountant before he left tour to utilise it for his own use and then to adjust it against his bill uncorroborated and unconvincing. The Accountant could not have ven such permission to Shri Arun Kumar Das when it is contrary to the structions of the Company. Evidence of Shri Arun Kumar Das that he nted Rs. 300 as advances is not also convincing when according to his n admission he did not come across a case when a salesman wanted an vance even of Rs. 250. So on the evidence and circumstances I am able to hold that the charge on this score was not established or without undation.

Third charge against him was that Shri Arun Kumar Das was sending lse reports and was deceiving the Company thereby, in that he did not

visit all the dealers whose names were mentioned in the reports relating Kharagpur and Balasore. In his explanation he denied having mention any dealer which he did not visit. He further stated that there was necessity for such false mention as he had nothing to gain thereby wh the daily allowance payable was dependent on the volume of the orde secured and not on how many dealers he visited.

The case of the employer in this respect is that on receipt of his fi two daily reports relating to Kharagpur and Balasore, the Manageme found that although his reports purported to show that he visited 26 sho he did not book any order except one and that too without advance. Th naturally created some suspicion in the mind of the Management. The for as many as four days at a stretch, that is, from 6th to 9th Decemb 1952, the Management did not receive any report or any intimation fro him although in addition to sending daily reports, touring salesmen ha express instruction to post a post-card immediately on arrival at ea station as a token of their having arrived there. This accentuated th Management's suspicion and in order to find out his activities and wheth he actually visited all the shops shown by him in his first two reports, not, another employee was sent to the nearest two stations visited by Sh Das, namely, Kharagpur and Balasore. The employee concerned on return reported that Shri Arun Kumar Das did not visit some of the shops men tioned by him. In order to confirm this, letters were written to some the dealers of the said two stations and in reply some of them confirme that Shri Arun Kumar Das did not visit their shops though they wer urgently in need of goods.

The evidence of the General Manager (D. W. 1) shows that the Com pany wrote 26 letters including F(3) to F(10). F(3) is the letter, date 16th December 1952, addressed by the Company to Lachman Store Station Bazar, Balasore. In that letter it was stated how after visit by their representative this letter was being written to them for confirmation or not whether Shri Arun Kumar Das did actually visit their shop on the 4th December 1952 with sample set. Ext. F, dated 19th December 1952, is a reply to the said letter by the Proprietor of Lachman Store. It was stated therein that no salesman of the Company visited them on 4th Decem ber 1952. Likewise Ext. F(4), dated 16th December 1952, was addressed by the Company to Sadhana Ausadhalaya, Farida Bazar, Kharagpur. Ext. F(1), dated 2nd December 1952, is the reply to the said letter stating that the salesman referred to did not visit them. Likewise Ext. F(5) dated 7th December 1952, was addressed by the Company to Bharat Novelty House, Railway Market, Kharagpur. Ext. F(2), dated 24th December 1952, is the reply by them to the Company stating that Shri Arun Kumar Das did not visit their shop. Exts. 5 to 5(F) on the contrary are the letters which Shri Arun Kumar Das claims to have taken from some of the dealers of Kharagpur by way of confirmation of the fact of his having visited those shops. Of the three dealers who replied by Exts. F, F(1) and F(2) that Shri Arun Kumar Das did not visit them, none is common except relating to Sadhana Ausadhalaya. So the position is that the evidence produced by the employer that Shri Arun Kumar Das did not visit Lachman Store and Bharat Novelty House remains uncontradicted. As regards Sadhana Ausadhalaya, Shri Arun Kumar Das of course files letter, dated 3rd December 1952, Ext. 5, to show that he visited Sadhana Ausadhalaya at Kharagpur on 3rd December 1952. Though the letter Ext. 5, is purported to have been written on the very date the alleged visit took place, the recitals were made in past tense suggesting that the letter was obtained some time after. Be that as it may, it is rather strange that Shri Arun Kumar Das would obtain such letter on the very date he alleged

have visited it as if to counteract future charge. In his deposition ri Arun Kumar Das could not even give description of the author who ated Ext. 5. The alleged author has not also been examined or brought take responsibility of the letter. The evidence of Shri Arun Kumar is that he apprehended that the employer's man would be sent out to arest stations to verify whether he visited the shops and thus took the tters, Ext. 5 series, from the different dealers by way of precaution is terthought and unreliable. Had it been otherwise, such letters would ve been taken from all the dealers he visited and the letters would have rne dates corresponding to the dates of visit. The letters which he filed e only seven in number and all of them from Kharagpur and none from dasore and these do not cover all the dealers whom he alleged to have sited. Besides, all the letters are not so dated. Exts 5, 5(*b*), and 5(*c*) e purported to bear date 3rd December 1952 corresponding to the date the alleged visit and the rest bear date 26th December 1952 long after e alleged visit. When the letters are not from all the dealers and not dates corresponding to the dates of the alleged visit, it is apparent that e explanation that he anticipated such verification and therefore, took em by way of precautions is anything but satisfactory. Regarding the tter, Ext. 5, which is relevant only to negative case of the employer lating to Sadhana Ausadhalaya as in Ext. F(1), it has already been seen at it is a letter whose author could not even be described by Shri Arun umar Das or who has not been examined by him. So the Company's idence relating to Sadhana Ausadhalaya cannot be said to have been sproved either. The Company has given how its suspicion arose and ow on verification such suspicion transpired to have foundation. The se as given by the employer seems to me natural and probable. The ther explanation of Shri Arun Kumar Das that he had no necessity to ake false mention when the daily allowance payable was dependent not n the number of the dealers he visited but on the volume of the orders which e secured, though outwardly plausible, cannot stand on scrutiny. It could be really a wrong proposition as in that way even without doing any work for the Company, one could earn the minimum rate of daily allowance which the Company never contemplated and which the Company would never permit. If it were otherwise that Shri Arun Kumar Das would sit idle, there was no necessity of mentioning in the daily reports who were the dealers he visited at the different stations. So on the evidence and circumstances I agree with the Management that the charges on this count have been established.

The decision of the Management in relation to the charges against the employee will not prevail if (*a*) there is want of *bona fides* or (*b*) it is a case of victimisation or unfair labour practice or (*c*) there is basic error of facts or (*d*) there has been a perverse finding on the materials as has been found in the case of Buckingham Carnatic Co., Ltd. *versus* their workmen reported in Labour Appeal Cases October 1952 at page 708. In the present case after scrutiny on the aforesaid lines I find nothing to interfere with the decision of the Management.

Shri Arun Kumar Das has no doubt been an active member of the Union but the evidence shows that this had nothing to do with his dismissal. The said fact of his having been an active member could not absolve him from liability when he happened to commit irregularities. As regards Shri Das's complaint that after he had submitted written explanation he was not given opportunity to substantiate it it appears that he did not seek for such opportunity and even if it were allowed, he could not have improved his case in view of the materials and records the employer had in their possession at the time, in proof of the delinquency

of Shri Das. As the charges rested on records, and unimpeachabl evidence, there was no necessity for again asking Shri Das to addu evidence in his defence. In any case it seems to me at best to be a proce dural defect for which I do not, however, propose to interfere with th action which the Company had taken in the interest of efficiency an discipline, in exercise of its inherent right to direct its internal manage ment. As to the other grievances that no written order of dismissal wa served upon him, it appears that when Shri Arun Kumar Das declined t accept such written order, dated 8th December 1952, as in Annexure C the said order was sent to him under registered post with acknowledgemen due at the address given by him in his application for appointment [*vid* Exts. G, G(1), G(2), G(3) read with Ext. H]. If the said letter cam back undelivered then he could make no grievance of it in the circumstance that he refused to take it when offered personally and when it was sent t him in the address given by him. So to be precise, I answer the issue n the affirmative.

Issue No. 2.—In view of the conduct of Shri Arun Kumar Das a revealed in his letter, dated 31st December 1952, from Bezwada to th Company, Ext. A(2) and his propaganda against the Company a in th pamphlets made annexures to the written statement it would not have been safe to order reinstatement of Shri Arun Kumar Das even if the dismissa was not justified. Be that as it may, as it has been found that his dismis sal was justified, I think Shri Arun Kumar Das is not entitled to anything beyond compensation by way of one month's basic pay plus dearness allow ance in lieu of notice offered by the employer. The employer is to pay the said amount, if not already taken by Shri Arun Kumar Das, as soon as the award becomes enforceable. I award accordingly.

Dargahi Motor Service, 32, Beniapukur Road, Calcutta, nd their workers as represented by Rastriya Bus Mazdoor Congress, 138-2, arrison Road, Calcutta-7, regarding the matters specified in the Schedule, the Third Industrial Tribunal, constituted under section 7 of the ndustrial Disputes Act, 1947, by notification No. 592Dis. D/12L-5/52, ated the 23rd February 1953, for adjudication

Schedule.

Whether the dismissal of (1) Md. Ayub, Driver, (2) Ramsankar Tewary, Driver, (3) Nasiruddin, Conductor, (4) Yunus Conductor and (5) S. K. Das, Conductor, was justified? What relief they are entitled to?

2. Usual notices were issued to the parties asking them to file statement claim and written statement thereof and the pleadings were completed 22nd April 1953. Then there was direction regarding production of list documents and the case was heard on 1st May 1953 and 4th May 1953 hen evidence was recorded and arguments heard on 6th May 1953 and the ward was reserved.

3. The facts leading to the dispute which are either admitted or which e established in evidence are as follows:

The Dargahi Motor Service is a private proprietory concern of which d Dargahi is the sole proprietor. In the beginning Md. Dargahi had ly one bus which was driven by Md. Dargahi himself. The concern now nducts bus and taxi service in Calcutta and it now runs six buses and rteen taxis. There are about fifty workmen in his employ of whom the vers and conductors are employed on commission basis and the rest on ily wages basis.

The employees formed their Trade Union under the name and style astriya Bus Mazdur Congress, sometimes in 1949. Under its auspices the nployees were pressing for relief and redress of their grievances and the nployer received a charter of demands on or about 13th August 1952 (*vide* ragraph 7 of written statement by the employer)

4. The case of the workers represented by Rastriya Bus Mazdo Congress, which will hereafter be called the Union, is that the 5 workme mentioned in the schedule of reference were prominent members of t Union of whom Md. Ayub, driver, was in service for about 20 years Ramsankar Tewary, driver, for about 7 years; Md. Yunus, conductor, f about 3 years; Md. Nasiruddin, conductor, for about 4 years and S. K Das, conductor, for about 2 years before their service was terminated wi effect from 17th October 1952, 29th October 1952, 23rd September 19 23rd September 1952 and 11th October 1952 respectively. It is said th owing to the pressure of the Union the Company have agreed to settlemen with the employees on 22nd September 1952 as per annexure "A" effecting the said settlement the 5 workers as aforesaid took active par Since the settlement was effected the Company was on the look out for gettin rid of the aforesaid workmen. Ultimately the Company refused to gi work to the conductors Md. Yunus and Nasiruddin on 23rd September 195 to S. K. Das on 11th October 1952, to Md. Ayub on 17th October 1952 an to Ramsankar Tewary on 29th October 1952 when they as usual went join their work.

No notice or charge sheet was given to them. None of the processes o natural justice such as charge-sheet, explanation, opportunity of defence were gone through and the discharge was simply arbitrary. Later the Union represented their case to the Company on 11th October 1952 an 19th October 1952.

Having got no reply the Union moved the Labour Officer, but without result. Accordingly the matter has been referred to the Tribunal for adjudication. The Union accordingly prays for reinstatement of the said workmen and for compensation for the period of forced unemployment. The employer denies knowledge of any activity of the workmen as alleged and the charges levelled against the employer. It is said that the workmen under reference were dismissed on good grounds and there was no *mala fide* in the matter.

As regards S. K. Das it is said that he reported to the employer that had lost his license. He could not accordingly be re-employed until license was found out or a new license was taken. Subsequently when license was found out, he was told that he would get back his job and fact he has since been employed.

As regards Md. Yunus and Nasiruddin who were conductors, it is that they were calling boys who used to act occasionally as conduct during casual vacancies. They were not dismissed but they resigned their own free will. They used to go to Pakistan off and on, and at relevant time they told the employer that they would go to Pakistan would not come back. They resigned of their free will and the emplo accepted their resignation and appointed men in their place. But some d after they came back and reported that on account of Passport difficul they could not go to Pakistan. As men had been appointed in their pl the employer could not take them back then.

As regards Ayub, who was a driver, it is said that he was dismissed misconduct and negligent driving. In spite of warnings which the emplo had to give him from time to time, he did not mend himself. He used take unauthorised and undesirable passengers by his side in spite of repea warnings not to do so. Such carrying of unauthorised people alongside driver was risky as it may lead to cancellation of the permit of the bus the authorities do not allow any person to be carried by the side of

iver. Then by his negligent driving and by negligent use he damaged a w tyre and thereby caused a heavy loss to the employer. When he was rned not to carry undesirable persons with him in the bus, he threatened stop the bus with the help of the Union. He also held out threats to fire to the buses of the employer.

As regards Ramsankar Tewary, who too was a driver, it is said that he mbined with Md. Ayub and they threatened to set fire to the buses of the ployer and with a view to harass the employer and to disgrace him lged a false complaint in the P.-S. Beniapukur alleging that the employer d engaged goondas to assault the drivers and conductors. Ramsankar s then in the employment of Md. Dargahi. On being informed by the heer-in-charge of the police-station Md. Dargahi was compelled to stop msankar from driving the bus. He was guilty of infidelity and lack loyalty and as he and Md. Ayub combined to disgrace the proprietor and do harm to the concern they deserved immediate removal in the interest discipline on a public service vehicle.

The facts constituting the offence of Md. Ayub and Ramsankar Tewary re known to them and it did not admit of any explanation or any interetation other than their guilt and the proprietor who was the sole conlling authority personally knew the facts and so to ascertain the truth did not require any further evidence beyond what was in his possession stated already. In the circumstances the requirements of the principles natural justice were only superfluous and the delay likely to be caused by mpliance to the requirements was positively detrimental to the continuance of the service. There was no unfair labour practice or victimisam; on the contrary the employer's action was fair and *bona fide*. The ployer accordingly opposes claim of the Union for reinstatement and mpensation.

DECISION.

The Union alleges that five workmen mentioned in the schedule to the ference, viz., Md. Ayub, Ramsankar Tewary, Nasiruddin, Yunus and ri S. K. Das were dismissed from service on account of their Union tivities. The employer on the contrary, denies charges of victimisation d unfair labour practice and contends that this action was fair and *bona de*.

To appreciate the matter in dispute, it is necessary to set forth some cts leading to the dispute. Md Dargahi is the sole proprietor of Dargahi otor Service. In the beginning he had only one bus which he himself ed to drive. From his evidence it appears that he is not sufficiently erate and that with great difficulty he can read and write. Under his ployment there are about 50 workmen of whom the drivers and conductors employed on commission basis and the rest on daily wage system. As e number of employees is less than 100, the concern has no obligation to aintain standing orders and has none. Besides, as the drivers and conuctors are employed on commission basis, no question of grant of leave to em can arise. The employees of this concern came to form a Union of eirs sometime in 1949. It is, however, admitted by P.W. 2 Shri msankar Tewary and P.W. 1 the Secretary that they did not inform e Proprietor Md. Dargahi about formation of such Union and the names the office bearers of the Union. It is, however, agreed on all hands that charter of demands on behalf of the Union was sent to and received by the mployer Md. Dargahi on 13th August 1952 (*vide* paragraph 7 of the ritten statement). According to the Union, as a result of negotiations a

settlement was effected between the parties which resulted in the agreem Ext. 2 between the parties on 22nd September 1952. The employer in written statement contended that there was no genuine settlement. He however, admitted that on 22nd September 1952 signatures of some of employees were obtained as representatives of the employer on a p purporting to be an agreement for some ulterior motive (*vide* paragraph The agreement Ext. 2 contains signature of one Md. Ismail as man representing the employer and signature of the Secretary representing Union besides, signatures of Shri Ramsankar Tewary and Md. Ay Shri Ramsankar (P.W. 2) in his evidence stated that he and Md A signed in the agreement as witnesses. But at the top of the agreem he and Md. Ayub besides Md. Ismail were mentioned as representatives the employer. So on the face of such recitals at the top of the agreem and there being nothing at the bottom where signatures of Md. Ayub Shri Ramsankar Tewary appeared suggesting that they so signed witnesses, I am unable to accept the evidence of P.W. 2 Ramsankar that and Md. Ayub signed as witnesses. It rather seems that as Md. Dargahi semi-literate, these 3 employees, Md. Ismail, Md. Ayub and Shri Ramsan Tewary who were in his employ for some years past acted as his repre tative in the matter either with tacit or express consent of Md Darga Md. Ismail who signed the agreement and who has been described in it manager is alive and he is still admittedly in the employ of Md. Darga He has not, however, been examined by the employer to explain how a in what circumstances he did sign the agreement. The garage regis (Ext. B series), no doubt shows that Md. Ismail was simply a driver like M Ayub and Shri Ramsankar Tewary who figured in the agreement representatives of the employer, but the said fact cannot undo the agre ment when Md. Ismail has not been examined notwithstanding the fa that he signed the agreement. It is apparent that he did so sign with ta consent of the employer Md. Dargahi, it not, with his express consent am to note here that the letter Ext. 1 cannot be accepted as showing th the said Ismail was manager as there is no proof as to who wrote the wo "manager" in English while the signature purporting to be that Md. Ismail for Md. Dargahi is in Urdu. The letter may of course sho that Md. Ismail had on occasion authority to sign for the employer S from the evidence it is obvious that there was settlement between the partie as embodied in the agreement Ext. 2 after presentation of charter of demands.

In paragraph 8 of the agreement (Ext. 2) there was provision for re instatement among others of Janab Basiruddin Ahmed. It appears from Register of Bus No. 353 Ext. B(7) that the said Basiruddin was taken bac in service on 25th September 1952, i.e., 3 days after the agreement. So cannot be said that the agreement was a collusive affair.

Regarding the dates from which employment ceased, the Union claim that on account of Union activities conductors, Yunus and Nasiruddin wer not given duty on 23rd September 1952; conductor S. K. Das on 11t October 1952; driver Md. Ayub on 17th October 1952 and driver Ramsanka Tewary on 22nd October 1952 when they turned up for work and that the have not been given work and as such have remained unemployed since then The matter of Shri S. K. Das is however left out of consideration as he ha since been re-employed.

Of the remaining 4 workmen, Md. Nasiruddin and Shri Ramsanka Tewary have only deposed. They are respectively P.W. 3 and P.W. 2 The remaining two, viz., Md. Yunus and Md. Ayub have not turned up On 11th October 1952 the Secretary of the Union P.W. 1 Shri Ramnath Sinha wrote the letter (Ext. C) to the employer to give work to Md. Yunus

d Md. Nasiruddin. In the said letter, different dates of discharge were entioned regarding Md. Yunus and Md. Nasiruddin. It was stated there- that the duty of Md. Yunus was stopped since 20th September 1952 and Md. Nasiruddin since 21st September 1952. The employer may therefore ghtly say that in the subsequent written statement of claim put in by the nion the date of non-employment of conductors Md Nasiruddin and Yunus s purposely post-dated to the agreement, dated 22nd September 1952 (Ext., in order to make out a case of victimisation. Be that as it may, there n be no doubt that their employment ceased at a date prior to the reement and not in the way indicated in the written statement of claim.

Then on 17th October 1952 the aforesaid Secretary of the Union made petition of complaint (Ext. A) at the instance of the driver Md. Ayub d driver Shri Ramsankar Tewary to the Officer-in-charge, Beniapukur. was stated therein that the proprietor Md. Dargahi and his agents were iting his employees Abdul Aziz (D.W. 4) and Abdul Kaher to assault the fluential and leading members of the Union namely, Md. Ayub and ri Ramsankar Tewary. In the said petition of complaint it was also ted that Md. Ayub was dismissed from service for partially damaging e tyres in the middle of October 1952. It is therefore obvious that d. Ayub was dismissed prior to 17th October 1952 and the evidence shows at he was dismissed on the night previous, i.e., on the night of 16th tober 1952 and had thus no occasion to turn up for duty on 17th October 52, as alleged.

P.W. 1, Shri Puspa Kumar Paul was the officer-in-charge of Beniapukur S. He made enquiry regarding the complaint. He sent for those persons ho had been named in the petition of complaint. Md Ayub did not turn . The Police Officer, however, met Md. Dargahi, Shri Ramsankar ewary as also Abdul Aziz and submitted report, dated 27th October 1952 xt Ext. 1), stating *inter alia* that there was no apprehension of any trouble far and he warned all concerned to maintain peace. From the evidence appears that P.W. 1 Shri Puspa Kumar Paul sent for the proprietor d Dargahi in the morning of 27th October 1952 in connection with the mplaint made on 17th October 1952 when the proprietor came to know for e first time about the contents of the complaint against him. After return- g from the thana he found that Shri Ramsankar Tewary was out with us and when Shri Ramsankar Tewary returned with the bus in the night the garage on 27th October 1952, he charged him how he could make false mplaint against the employer and having got no explanation from him, he rminated service of Shri Ramsankar Tewary forthwith. P.W. 2, amsankar Tewary also admitted in his deposition that he worked till vening on the day he was dismissed. He stated that after he finished ork he was told that his service was not any more required and he did ot therefore turn up for duty on the next morning. So the case of the nion that he was not given duty and his service was terminated when he rned up for work on 29th October 1952 is given direct lie by Shri Ram- nkar Tewary himself. In the evidence both Ramsankar Tewary and d. Dargahi, however, made mistakes when they put the date of dismissal 28th October 1952. In the written statement of claim it was stated that hri Ramsankar Tewary was not given duty when he turned up for duty n 29th October 1952. In the letter, dated 22nd October 1952 [Ext. C(1)], hich the Secretary of the Union wrote to the Labour Officer, complaint as made regarding the fact of dismissal of the 4 workmen under reference excluding Shri Ramsankar Tewary) as also of one Kashi Prasad. It so eems that mention of date 28th October 1952 by Shri Ramsankar Tewary nd by Md. Dargahi as that of dismissal was a mistake. The incident to hich Md. Dargahi and Shri Ramsankar Tewary referred in their deposi- ion as having taken place on 28th October 1952 appears from the evidence

and circumstances to relate to the date 27th October 1952. So from evidence and circumstances it appears that the service of Shri Ramsa Tewary was terminated at night on 27th October 1952 with immed effect. Shri Ramsankar Tewary had thus no occasion to turn up for on 29th October 1952 as also admitted by him in his deposition.

Behind this background, let me now turn to the real controversies, is, whether the employment of the five workmen under reference was minated by way of victimisation on account of their alleged Union activ as claimed by the Union or ceased or was terminated on grounds allege the employer. As regards Shri S. K. Das, he is a conductor and u law cannot be employed as such without possession of valid license (Rule 95 of Bengal Motor Vehicles Rules, 1940). The case of the Unio that he was an active member of the Union and his service was termin on that ground by the employer. The employer denies the allegation contends that he could not be temporarily employed having no valid lice The Union has admittedly registers and records to show who are the mem of the Union. It has not produced them nor is there evidence to show Shri S. K. Das was a member, far less an active member of the Union evidence adduced by the employer, on the contrary, shows that Shri S Das failed to renew his license and when he had renewed the same he given duty and has been in employ ever since. It is not disputed t Shri S. K. Das has since been employed. As he has been under employm his case must therefore go out of consideration.

I cannot, however, help to remark that his non-employment which a temporary phase due to absence of valid license was sought to be utili by the Union as a case of victimisation like the case of Shri Kasi Prasad whom too they mentioned in their letter dated 22nd October 195[illegible] (Ext. C(1)], taking advantage of the fact that Shri Kasi Prasad was at the ti away to his native home on leave. Shri Kasi Prasad has deposed on t side of the employer. He is D.W. 2. He stated that he went out on lea on 16th October 1952 and returned on 13th March 1953 when he resum duty. From his evidence it is apparent that his non-employment was n due to victimisation as alleged by the Union in their letter, dated 22n October 1952, but it was due to his having left for home on leave due t illness. From these two cases, it is obvious that the version of the Union has to be taken with a grain of salt.

As regards Md. Yunus and Md. Nasiruddin, it has already been noted that Md. Yunus has not turned up before the Tribunal to say in wha circumstances his service was terminated and only Md. Nasiruddin ha deposed, who is P.W. 3. The Union has not produced the registers records to show that they were members of the Union, far less activ members. P.W. 3, Md. Nasiruddin has not even claimed in his deposition that he was a member of the Union. The Union's case that they like other were dismissed having taken active part in the matter of bringing about th agreement on 22nd September 1952 cannot be sustained as the letter by th Secretary of the Union (Ext. C) shows that services of Md. Yunus an Md. Nasiruddin ceased before the date of the agreement on 22nd Septembe 1952. It would, therefore, be apparent that the cessation of their employ ment has nothing to do with alleged Union activities of Md Yunus an Md. Nasiruddin. The case of the employer that they abandoned their ser vices for going to Pakistan where they were previously going off and on seems to me more probable and natural. Md. Nasiruddin had to admit in his deposition that they were absenting from duty now and then on taking leave He also admitted that previous to termination of service he took leave. This, therefore, fits in with the evidence of Md. Dargahi that Md. Nasiruddin and Md. Yunus came to him and informed him that they

going to Pakistan and would not return when their employment . It also appears from the evidence of Md. Dargahi that some days hey returned and told him that they could not go to Pakistan and re-employment when Dargahi stated that he could not take them t the time as new hands were in the meanwhile taken in. As no s has been proved, the case of the employer as aforesaid seems to me true. Md. Nasiruddin and Md. Yunus can therefore make no nce after having left the employment voluntarily for going to an.

regards Md. Ayub, he too has not turned up before the Tribunal to sup- hat his service was terminated on account of Union activities and not grounds alleged by the employer. The evidence on the side of the yer therefore goes *ex parte* so far he is concerned. He might have member of the Union but it appears from the evidence and circumst- that in the matter of the agreement he worked as representative of the yer and not of the Union. The employer could have therefore no nce against him on account of his Union activities. It is the e case of the employer that his service was terminated because of his nduct and not on account of Union activities and the evidence adduced e employer supports this. Md. Ayub, it is not disputed, was driving No. 330 of Route No. 8. The evidence also shows that D.W. 4, Abdul deposed that Md. Ayub while driving the said bus had on occasions d passengers by his side in the driver's seat against the rule over which was altercations between him and Md. Ayub. He also deposed that as Ayub would not mend he had to bring the said irregularity to the notice e proprietor Md. Dargahi. That Md. Ayub used to carry passengers in driver's seat by his side while driving the said bus was also noticed by . 3 Shri Bhupal Mohan Ghosal in the first part of October 1952. D.W. 3 Bhupal Mohan Ghosal owns an engineering workhsop and is a respon- citizen. Md. Dargahi also stated that Md. Ayub used to carry ngers by his side while driving the bus and he did not mend in spite arnings. The evidence of D.W. 4 Abdul Aziz shows further that after Dargahi took Md. Ayub to task on his bringing the irregularity about ying of his passengers in driver's seat to the notice of the proprietor, Ayub became furious and he along with Shri Ramsankar Tewary, who admittedly close associates, came to the bus stand and threatened Abdul z that if things went on like that, they would set fire to the buses dul Aziz reported about the said threat to the proprietor. To crown all vidence shows that on 16th October 1952 Md. Ayub by negligent ing damaged a new tyre which was purchased one month earlier so h so that it was a total loss. The said fact having been brought to the ice of the proprietor Md. Dargahi by the cleaner (D.W. 5 Ali Hossain) n after Bus No. 330 driven by Md. Ayub returned to the garage in the ht, Md. Dargahi came there and inspected the tyre himself and asked explanation of Md. Ayub who was waiting there for collection of com- sion and having got no satisfactory explanation from him, Md. Dargahi minated his service with immediate effect on the night of 16th October 52. A suggestion was made during cross-examination that Md. Ayub ot at all take the bus on the afternoon of 16th October 1952 and damage re. It was so suggested from the absence of signature of Md. Ayub e column provided in the register of the said bus [Ext. B(7)] against under date 16th October 1952. The suggestion, however, falls to the d when the corresponding way-bill [Ext. D(2)] is examined, which dmittedly signed by Md. Ayub as also by the conductor. The said bill shows that Md. Ayub did in fact take out the bus 330 in the afternoon out 15-21 p.m. and returned it at about 9-55 p.m. on 16th October 1952. here can be no doubt he took out the bus and was responsible for the

total damage to the tyre. In the petition of complaint (Ext. A) which filed by the Secretary of the Union on the next day, i.e., on 17th Oct 1952, it was stated that Md. Ayub was dismissed for partially damaging tyre. The story of damaging the tyre is not therefore new but is on contrary, in a way admitted by the Union. The report [Ext. A(1)] of Thana Officer also makes mention of it. So from the evidence and circumstances I believe the version of the employer regarding the grounds lead to the dismissal of Md. Ayub on the night of 16th October 1952. In connection it may be noted that such carrying of passengers by the sid the driver is prohibited under the rules (*vide* section 69 read with section of the Motor Vehicles Act IV of 1939). Section 33 empowers registe authority to suspend the certificate of registration of the vehicle until defects are remedied to its satisfaction. So such carrying of passenger risky to the employer as well.

Now as regards Shri Ramsankar Tewary, it has already been st that his services were terminated on the night of 27th October 1952 not on 29th October 1952 as alleged in the written statement of claim or 28th October 1952 as deposed to by him. He has no doubt been a mem of the executive committee of the Union but it has already been seen in the matter of the agreement Ext. 1 he worked as representative of employer. The employer had apparently no grievance against him till th Though he claims to have been a prominent member, his employment not terminated first of all as would have been natural had it been a c of victimisation but last of all. The fact that his services were termina last of all would rather go to show that this had nothing to do with Union activities. Had it been otherwise the axe would have fallen of him first. As per written statement of the Union as also evidence giv by Shri Ramsankar Tewary, he was close associate of the other dism Md. Ayub. After service of Md. Ayub was terminated with immedia effect on the night of 16th December 1952, it appears from the evidence the Secretary of the Union P.W. 1 as also from the petition of complai Ext A, that primarily at the instance of Md Ayub and Shri Ramsank Tewary the petition of complaint was filed alleging that Md. Dargah and his agents were trying to incite Abdul Aziz and others to assault them P.W. 3 Shri Ramsankar Tewary admitted in his deposition that at the instance such allegation was made. Both Md. Dargahi and Abdul Az denied the allegations It appears from the evidence of the Officer-in charge as also from his report that Shri Ramsankar called at the police-station when sent for. Such allegation against the employer while in service is surely not conducive to the interest either of the employer or w employee. Had Md. Dargahi really been after victimising the Unio activities, he would not have chosen Md. Ayub first, leaving out his clos associate Shri Ramsankar Tewary.' The fact that the employments of th workmen, Md. Ayub and Shri Ramsankar Tewary were terminated succes sively -in case of Md. Ayub before petition of complaint and in case o Shri Ramsankar Tewary following disclosure of the contents of petition complaint—suggests that such termination took place on grounds alleged b the employer. From the evidence already discussed, it appears that afte the complaint was made, the officer-in-charge sent for Md. Dargahi wh called at the police-station in the morning of 27th October 1952 and was the informed about the contents of the complaint. Md. Dargahi, it appears took serious exception to the allegations which according to him were fals and thus on return when he came across Shri Ramsankar Tewary in th night of that day he took him to task for having made such false complain and having got no explanation, terminated his service with immediate effect This seems to me natural and probable. Version of Shri Ramsankar Tewary that his service was terminated on account of Union activities cannot be

stained in view of the evidence and circumstances already discussed. So his case too the service was not terminated for Union activities. To summarise, I find that none of the workmen had been discharged on account of en Union activities but their employment had ceased or been terminated the grounds stated by the employer, which are just and natural.

No question of violation of the principles of natural justice arises in the se of Shri S. K. Das who had no valid license; and in case of l Nasiruddin and Md. Yunus who left service voluntarily for going to kistan. As regards Md. Ayub and Shri Ramsankar Tewary whose services had been terminated by the employer, I find on the evidence already cussed that there had been substantial compliance with the principles of tural justice in the circumstances of this case. Both the workmen and employer had full knowledge of the facts which formed the basis of the arges. The charges had been made and explanations demanded, though t in writing. No explanation was forthcoming from the workmen as the arges could not be disputed. The employer Md. Dargahi was the sole prietor and as such was competent to deal with the matter himself, and ed instantaneously. I find nothing wrong in this

Now let me take up the question of relief With regard to Shri S K s, no further action is called for as he has already been reinstated. As Md Nasiruddin and Md. Yunus, they are not entitled to any relief en they have abandoned their employment voluntarily As regards l Ayub and Shri Ramsankar Tewari whose dismissal from service has n found to be justified, it is obvious that they should not be reinstated wing regard, however, to their long service and sudden dismissal, I consider it appropriate to allow them in lieu of notice, compensation equivalent the amount of commission for last one month, which was due to them mediately prior to their dismissal The payment is to be made within month from the date when the award becomes enforceable. I award ordingly.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT :

SHRI S. K. NIYOGI, *District Judge, Sixth Industrial Tribunal.*

Present for the Company : Shri N. M. Das Gupta, Advocate.

Present for the Union : Shri Panchanan Bhattacharyya, President of Union.

AWARD.

The original reference in connection with which these proceedings ha arisen was made under Government order No. 2342Dis. / D. III-1s/ dated the 25th October 1952.

The petitioner Algoo was discharged with effect from 1st Septem 1952 and the other three persons Shri K. P. Bhaduri, Shri A. N. P and Shri P. N. Samanta were discharged with effect from the 1st Novem 1952 by letters, dated 25th September 1952. The letters were issued the following terms:—

> "We regret to inform you that we do not require your services a 31st October 1952. Please treat this letter as one mon notice."

As the adjudication proceedings in the main case were pending and these discharges were effected without pay any express permission in writ from the Tribunal as required by section 33 of the Industrial Disp Act, these applications under section 33A of the Act were filed. The p tioners contend that the discharges were arbitrary, illegal, wholly justified and amount to victimisation and/or unfair labour practice on part of the Company.

The Company contends on the other hand that the discharges were holly justified. Regarding Algoo, the Company states that the work- an forfeited his lien on service by his own acts as after a long un- uthorised absence he came to the Factory and after working for 5 or 6 ys he again absented without leave or permission of the authorities. It said that the Company did not take any active part in the termination his service and therefore no question of contravention of section 33 can se. So far as the other three persons are concerned the Company's case that it has been passing through various difficulties due to hard com- tition and depression in business. There has been abnormal fall in the le of the Company's products and it has become hardly possible to run business on economic basis In the circumstances the Company has nd it necessary for its survival to reorganise the whole industry. The mpany has already closed down its branches in Bombay and Madras. sale position has not improved but it is rather deteriorating. There- e the Company has found reorganisation of the Company's office and tory at Calcutta necessary to minimise the expenditure and to run the lustry as far as practicable on satisfactory economic basis In effecting rganisation these persons Shri K. P Bhaduri, Shri A N. Paul and ri P. N. Samanta have been discharged. The allegations as to victimisa- n, unfair labour practice, etc., are denied.

These applications being analogous they were heard together with parties' consent. The Company has supplied certain figures to show t its sale position has come down from Rs. 12,32 318-8-6 pies in 1952 Rs 6,52, 918-1-6 pies in October 1952, i.e., at about the time of the dis- uges. So it is the Company's case that there was the necessity for rganisation and retrenchment to minimise costs and to run the business economic basis. Neither the balance sheet for 1951 nor the audited ount of 1952 has been produced to support the figures supplied by the mpany. We have not the figures of production in 1951 and 1952; nor the figures of sales from January to October 1951 forthcoming. The ling and financial position of the Company during the relevant periods not be known. Very little reliance can therefore be placed upon the ement, Ext. A.

It is no doubt true that the Bombay and Madras Branches have been ed down, but the failure of those branches which appear to have been as separate units has no bearing on the present case. The Company been reducing the number of workers at the Calcutta factory, but from t fact alone it cannot be inferred that the reduction in number has n resorted to for any justifiable reasons As a matter of fact it has n stated by P.W. 3 Shri P. N Samanta, who was the Chemist-in-charge he Paint Section, that the number of workers has been reduced not use the amount of work has been less but the Company has been ing the amount of work by reducing the hands. It is the *prima facie* t of the management to adjust its complement of workmen according to requirements, provided it acts bona fide and is not actuated by aneous considerations or improper motives This adjustment includes enchment of workmen which can be made only when workmen become dus to requirements on account of closure or for any other reason on ch retrenchment can be sustained. The ordinary rule in making enchment is "last come first go" Assuming that a reorganisation was ssary for effecting improvement in the Company's trading position ch is said to be bad or for economic reasons, there should have been a nite scheme of reorganisation bona fide undertaken for genuine trade ons But no evidence relating to any such scheme has been given. It been urged by the learned Advocate for the Company that without

resorting to drastic reduction, the management wants to make gra retrenchment and so it is not a case where the principle of "last come go" can be applied. It is evident therefore that the retrenchment resorted to not in pursuance of any well-defined scheme of reorganis and not also on the principle of "last come first go", but haphaza selecting men for termination of services from here and there on no principle. I am accordingly to hold that the Company has totally fa to substantiate its case that these discharges were the results of reorgan tion for genuine trade reasons.

Now I take up the individual cases one by one.

Shri K. P. Bhaduri (Case No. 148/52).—He has served the Comp for about 14 years including the period of his employment under European management. The Company's case is that as he has been suffering from Leucoderma, the constituent of the Company and also staff did not favour to negotiate or talk with him in fear of contaminati and consequently when the reorganisation was taken up the said factor the petitioner's disease was taken into consideration, and he was charged accordingly. He was appointed as a junior clerk but was subsequently promoted to the post of assistant-in-charge of the Sales Depa ment. In the certificate given to him on the 11th October 1952 he is to be efficient, sincere and obliging in the discharge of his duties to entire satisfaction of the employer. We have already seen that Company has failed to make out a case of bona fide reorganisation The fact of the alleged reorganisation is not mentioned in the certific Ext. 2. There it is stated that due to great depression in the general tr of business his services are terminated. It is evident that the so-call reorganisation did not necessitate any retrenchment in the Sales Depa ment, and his discharge was not the result of the alleged reorganisatio The Company's Secretary Shri K. C. Gupta has stated that there was written complaint from the workers generally that they were afraid being contaminated by Shri Bhaduri, nor was such a report in writi made to the management before he was discharged. Shri Bhaduri h been suffering from Leucoderma since 1941, but yet he has been allowed serve the Company without objection for about 14 years. If there wa such a complaint, what the management should have done was to have him medically examined and expert opinion should have been obtained as to whether there was any danger of his contaminating or infecting his fellow workmen. This the management did not do. Shri Bhaduri, however, obtained a doctor's opinion that the disease was neither contagious nor infectious. The workers should have been told so before deciding to dis charge him. According to Shri Bhaduri's statement, a Durwan suffering from the same disease has been working with the Company for 2 o 3 years. This has not been denied by the witnesses for the Company. Th plea that he has been discharged due to objections by the other staff a well as the constituent of the Company to come in contact with him is hardly tenable. He had to make over charge of his office to two persons, one of whom, Shri M. K. Jain, has been brought from the Madras Branch which has been closed. The salary which this Shri Jain is alone drawing is much more than what Shri Bhaduri used to get. It is thus appa that his discharge effected no improvement in the economic condition of the Company. In the circumstances, I am unable to find any justifiable reason for the discharge of Shri K. P. Bhaduri.

I would like to mention here that in the written statement the Co pany took the plea that Shri Bhaduri was not a workman, and the appli tion under section 33A was not maintainable. No evidence was, however led regarding the nature of his work, and the objection was not pressed

Anath Nath Paul (Case No. 149/52).—He was a Time-keeper under the pany, and he had put in about 12 years' service. It is in evidence the number of workers employed in the Factory was 240 in 1946, 150 947, 106 in 1948, 104 in 1949, 56 in 1950 and 52 in 1951 and 1952. rd being had to these figures the Company contends that his services required when the number of workers was great and the volume of was high. In view of the reduction of the volume of work and ase in the number of workmen, a whole-time Time-keeper was found cessary. But the Company maintained him out of generosity so

Now, that reorganisation of the staff has become necessary owing to ession in business and fall in sales, and as the work he was doing l be managed by some other worker in addition to his normal duties, ervice was dispensed with without any new appointment being neces- in his place. The Company has proved no bona fide scheme of anisation. The post of the Time-keeper has not been abolished ether. Shri Anath Paul states that according to his information ties are now being performed by the Lorry Clerk Shri N. N. Bhatta- ya and also the Store Clerk. The Lorry Clerk has been employed about eight months, i.e., since about the time of Shri Paul's dis- e. This has not been contradicted by any positive evidence on the side. Shri Paul was not doing the work of Time-keeper only; he o do other miscellaneous work as well, like despatching, sampling, So his services and experience could well be utilised by giving him work in addition to his own, which became lighter with the reduction number of workers. It is not denied that there are employees in e who are junior to him. The retrenchment was not on the normally ted principle of "last come, first go". Presumably Shri A. Paul as to take over charge from him was junior to him to service. So, what anagement did was that it proceeded in the wrong way. It discharged ior and experienced hand and appointed a junior man to work in his

If Shri Anath Paul is to be believed, the position comes to this he was replaced by the newly-appointed Lorry Clerk, whereas it have been more consistent with justice if he were directed to work as Clerk in addition to his own duties. I cannot, therefore, hold that scharge of Shri Anath Nath Paul is justified.

Somotha Samanta (Case No. 150/52).—The Company has raised a legal ion that he is not a workman, and as such there has been no contra- n of section 33 by the Company in discharging him. He was tedly the Chemist-in-charge of the Paint Section. He said that he the Head and in charge of the Paint Department, and he was res- ble for the department. He was concerned with manufacturing, and ork in that department was carried on under his supervision. It transpires from his evidence that Mr. R. H. Turner, who was the ing Director of the Company while it is under an European manage- never interfered with the work in his department. The evidence of actory Manager Shri H. Biswas is to the same effect. According to lso Shri P. N. Samanta was in charge of the Paint Section, and his duty supervise and control his labourers, and he was responsible for the y of the paint. The evidence thus goes to establish that his work was of supervisory nature, and he had power of direction and control are management functions. I am, therefore, to hold that he was not rkman within the definition of the term in the Industrial Disputes Act. rovisions of section 33 of the Industrial Disputes Act cannot, there- pply to his case, and his application under section 33A of the Act is aintainable. In this view I do not propose to enter into the merits of atter. The complaint of Shri P. N. Samanta stands rejected.

Algoo (Case No. 147/52).—This man Algoo was a cooli in the Fa Stores and served the Company for about 15 years. It is established by evidence on record that in about May 1952 he went home on leave for a two months out of which 12 days were statutory leave and the rest, without pay. He resumed his duties on the expiry of that leave. It for the Company to show that he was granted 12 days' statutory leave and no other kind of leave. But no attempt whatsoever has been mad the Company to prove that. It is admitted however that although without pay is not admissible to any worker, workers do enjoy such by amicable arrangement. Admittedly, Algoo worked for 5 or 6 days his return from that leave, but he absented himself without leave or n after that. On 1st September 1952 he reported himself for work wit medical certificate from the Company's Medical Officer, but he was that a substitute had been appointed in his place, and there was no for him. This evidently amounted to his discharge. The Compa contention that it did not take any active part in the termination of service cannot hold good. Assuming that he had absented himself two months although he had been granted 12 days' statutory leave onl May 1952, his absence for that period was condoned by the Comp inasmuch as he was allowed to work when he came back and reported duty. The question is whether the Company could rightly discharge because of his absence without leave for the second time, for about month, after he had worked for 5 or 6 days. Absence without leave notice is not a misconduct for which suspension or dismissal may imposed as a punishment under the Company's Standing Orders as n been handed over to me. If the Company proceeded to discharge or dis him on that ground under the general principles, if was incumbent on it put the workman on a charge-sheet and to give him an opportunity explain his absence. He ought also to have been heard in his defen But nothing like that was done in this case. He was discharged summar in violation of the principles of natural justice. His absence was sa factorily explained by the medical certificate, Ext. 3, which was given the Company's doctor, Dr. Lahiri, and which shows that he had an attac of pneumonia for which he was under the treatment of the said Medi Officer of the Company. The doctor also certified that he was on t date of the certificate fit to join his service. I must accordingly hold th the termination of service of Algoo was wholly unjustified.

The Union has contended that the Company effected these discharge with the ulterior motive of getting rid of the old hands so that it might avoid payment of retiring benefits to them. The reference in the mat case is for adjudication of industrial disputes regarding increment wages and gratuity, and this reference is dated 25th August 1952 Th management started retrenching its workmen with effect from 1st Septemb 1952. All the retrenched employees are old and experienced hand Algoo was the first victim possibly because in his case no previous noti was thought necessary. As the others required notice, their discharg were delayed. The plea for retrenchment was reorganisation of office, b it was unsubstantial as we have seen. As the discussions in the individu cases show the alleged reorganisation was put forward as an excuse discharging the old employees. Reviewing the facts and circumstanc therefore I am led to hold that the Company proceeded to discharge the men from some such motive as alleged by the Union, and that the discharg are results of unfair labour practice on the part of the Company, and a wrongful.

In conclusion I award that Shri K. P. Bhaduri, Shri Anath Nath Pa and Shri Algoo will be reinstated in their services with back pay an dearness allowance up to the date of reinstatement with effect from the da

heir respective discharges. These payments and reinstatements are to nade within a month from the date of the award coming into force. ake my award in cases Nos. 147, 148 and 149 of 1952 accordingly In No. 150 of 1952 I award that the application under section 33A filed Shri P. N. Samanta, who is not a workman, stands rejected.

EFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

RI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

The original reference in connection with which the present proceeding under section 33A has arisen was made under Government order No 2894 Dis./D/4L-34/52, dated the 29th October 1952.

The purport of the petitioner's complaint was that he was dismissed by Messrs. Popular Transport Service during the pendency of the adjudication proceedings in the main case without express permission of the Tribunal and hence in contravention of section 33 of the Industrial Disputes Act.

The contention of the Popular Transport Service in reply was that the petitioner was guilty of gross misconduct which he was asked to explain in the proper manner but he absented himself without explaining his conduct. It was further contended that the petitioner was not an employee of the Popular Transport Service, but he was conductor in Bus No. WBS 81 under Shri Sunitendra Mohon Tagore. On 28th March 1953 the Popular Transport Service submitted its reply to the petition of complaint. On the same day the petitioner filed a petition asking for permission to withdraw the application under section 33A stating that the matter had been amicably settled between him and the opposite party. On 24th April 1953 the Popular Transport Service filed a petition confirming the petitioner's statement of amicable settlement. It is thus clear that no dispute exists between the parties at the present moment. Accordingly I make a "no dispute" award in this case. The petition of the complainant filed on 28th March 1953 and the petition of the Popular Transport Service, dated 24th April 1953, confirming his statement regarding an amicable settlement will form part of the award as Annexures "A" and "B" respectively.

No. 1965Dis./D/151L-5/53.—27th May 1953.— Whereas under the Government of West Bengal, Labour Department, order No. 1807Dis. D 151L-14/52, dated the 4th July 1952, the industrial dispute between Messrs Sarbamangala Pure Oil Mill, 29-54, Cossipur Road, Calcutta, and their workmen represented by Telkal Mazdur Congress, 1, Jay Bhattacharjee Lane, Calcutta-3, regarding the matters specified in the schedule to the said order was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Tribeni, an empl of the said Company, against the said Company before the said Trib alleging that the said Company had discharged the said employee conc ed in such dispute;

And whereas in exercise of the powers conferred by section 33A of Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal adjudicated upon the said complaint and submitted its award to the St Government;

Now, therefore, in pursuance of the provisions of section 17 of t Industrial Disputes Act, 1947 (XIV of 1947), the Governor is plea hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A filed by Tribeni, employee of Sarbamangala Oil Mill, in connection with the indust dispute between Sarbamangala Oil Mill and their workmen refer under Government order No. 1807Dis., dated 4th July 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENG

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fou Industrial Tribunal.*

For the Union: Shri Panchanon Bhattacharji, President.

For the Company: Shri G. M. Chakravarti, Manager.

This application under section 33A was filed by one Tribeni, an employee the Sarbamangala Oil Mill, in connection with the original dispute erred to under Government order No. 1807Dis./D/152-14/52, dated 4th ly 1952, between Messrs. Sarbamangala Oil Mill and their workmen.

The petitioner's case is that he went home on leave in the month of lgoon 1358 B.S. leaving one Jitu who worked as Budli in his place with consent of the Management, that he was due to rejoin on the 1st day of adra 1359B.S. but when he came to rejoin his duties he found himself charged. He, therefore, requested interference by Court.

The Company contended that the complainant left of his own accord 22nd Falgoon 1358B.S. and that the Company does not agree that Jitu ked as Budli in his place with the consent of the Company, that Jitu working from before under the opposite party along with the com- nant and continued to work even after the complainant left, that the nce of the applicant amounts to an abandonment of service or ntary resignation and no question of discharge does arise in this matter there has been no alteration in the condition of service of the workmen as such the application under section 33A is not admissible.

The only point which arises for discharge is—

To what relief Tribeni is entitled?

AWARD.

I am glad to note that at the time of hearing the parties came to terms Shri Panchanon Bhattacharji, President of the Sarbamangala Oil Workers' Union (Telkal Mazdoor Congress), filed a statement to the that the said dispute does not exist now. I have heard both parties I accept the petition and I hold that no dispute now exists and I award rdingly.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Dispu Act, 1947, as amended by the Industrial Disputes (Appellate Tribun Act, 1950, filed by a workman Durjyodhan against Messrs. Khard Company, Limited.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGA

PRESENT :

SHRI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal*

For the workmen: Shri Maguni Nayak, Assistant Secretary, Khard Jute Mills Mazdoor Union.

For the Company. Shri Janaki Rahman, Assistant, Indian Jute M Association, Labour Department.

The original reference in connection with which the present to s ing under section 33A has arisen was made under Government orde No. 268Dis./D/7L-35(D)/52, dated the 5th February 1952.

It is the case of the petitioner Durjyodhan that on 15th February 19 he was going out with a half broken cop in his upper pocket, which he ha forgotten to leave behind in the mill. His work was stopped on and tro the same day, and subsequently he was told that he would continue to b suspended until the company got permission of the Tribunal But as n application for the Tribunal's permission was filed by the company, he made this complaint under section 33A, and his contention was that the order of suspension was illegal and the company was guilty of unfair labour practice. The company contended that the petitioner was charged with theft of cops and was suspended pending investigation which was com pleted after giving him charge-sheet. The company came to the decision that he should be dismissed with permission of the Tribunal and until that permission was obtained he was ordered to continue to be suspended It said that the company also sent an application with necessary papers submission to the Tribunal by the Indian Jute Mills Association, but t same was mislaid in the Association's Office and consequently not filed time. The company prayed that the present Statement might be treat as an application under section 33 for permission to dismiss Durjyodhan

On the date fixed for hearing, i.e., 14th May 1953, the workm Durjyodhan filed a petition asking for permission of the Tribunal to wi draw the application under section 33A of the Industrial Disputes A against the company. He did not come to Court personally but the Se tary of the Khardah Jute Mills Mazdoor Union who was authorised represent him in the proceeding and who presented that petition, certifi that the petition was signed by Durjyodhan in his presence. I am satisfi that the petition for withdrawal was actually made by Durjyodhan himse

I therefore award that the application under section 33A stands wi drawn in terms of the said petition, which is to form part of the award Appendix "A".

The cost of Living Index Number for Darjeeling has not changed and remained steady at 96. The food group has come down by one point from 93 in March to 92 in April due to fall in prices of pulses and fish and meat. The prices of firewood have increased, while those of the clothing articles have come down.

In Dooars the Index Number has gone up from 92 in March to 97 in April 1953. The increase is mainly due to increase in the prices of cereals like rice, paddy, chira-muri, etc., in spite of slight fall in the prices of firewood and clothing articles.

In Terai also, the Index Number has gone up by 9 points to 96 in April 1953. The increase is due to increase in prices of cereals and in some of the clothing articles like dhoti, saree, longcloth, etc.

No. 10984L.Ref.—9th June 1953.—In exercise the power conferred by section 19 of the West ngal *Bargadars* Act, 1950 (West Bengal Act of 1950), the Governor is pleased to make the lowing amendments in the West Bengal *Barga-* Rules, 1950, published with notification 3650L.Ref., dated the 4th April 1950, mely:—

Amendments.

In the said rules—

(*1*) in rule 7, after sub-rule (*3*), *insert* the following sub-rules, namely:—

"(*4*) The Board shall sit at least three days in a week and if necessary from day to day so long as there is any matter pending before the Board for disposal.

(5) The Board shall not be bound to adjourn the hearing of any application merely on the ground of absence of one or both of the parties, but may, if it is proved that the notice under sub-rule (*1*) was duly served, proceed to deal with the application and make an award or order, as the case may be, according to law".

(*2*) *for* rule 9, *substitute* the following:—

"9. *Summary record by the Board.*—(*1*) In disposing of any matter, before the Board, it shall only make a summary record of the essential facts disclosed in the hearing on which evidence has been taken and the award or order is based. The award or order shall contain a concise statement of the dispute, the points for determination and the decisions thereon together with the reasons for the decisions, and shall be signed by the Chairman and the members of the Board present. An award shall specify the date or dates fixed by the Board for division of the produce and also the date or dates for thrashing of the produce, if any, fixed by the Board.

(*2*) Copies of the award or order authenticated by the Chairman shall be furnished to the parties concerned free of charge".

(*3*) *after* rule 12, *insert* the following new rule:-

"12A. *Representation.*—A *bargadar* or an owner may be represented by an authorised agent before the Board or an Appellate Officer".

(*4*) *for* rule 13, *substitute* the following:—

"13. *Manner of execution of an award or order.*—Any party may apply to the Board or the Appellate Officer for the execution of any award or order made by the Board or by the Appellate Officer. The Board or the Appellate Officer shall thereupon forward such application forthwith to the Collector who shall, subject to the provisions of section 15, execute it in such manner as he thinks fit".; and

(*5*) *omit* rule 14.

By order of the Governor,

S. BANERJEE, Secy.

NOTIFICATIONS.

Subject:—Expenditure incurred against advances from the Contingency Fund of India.

No. TM/423.—28th May 1953.—According to rule 11 of the Contingency Fund of India Rules made by the Government of India actual expenditure incurred against advances from the Contingency Fund of India is to be recorded in the account relating to the Contingency Fund in the same detail as it would have been done if it had been paid out of the Consolidated Fund of India. In order to ensure that all such expenditure is correctly exhibited in the accounts, it has been decided that all bills connected with it should invariably be labelled conspicuously as pertaining to the Contingency Fund of India. All the Drawing Officers of the Central Government under the audit control and/or payment of this office are therefore requested that while preparing bills relating to such expenditure it should be seen that they are invariably labelled as pertaining to the Contingency Fund of India.

2. All Treasury and Sub-Treasury Officers in West Bengal are also requested to ensure that all bills pertaining to the Contingency Fund of India presented to them for payment are labelled conspicuously as such by the Drawing Officers.

Subject:—Application fees under the Mineral Concession Rules, 1949 and the Petroleum Concession Rules, 1949 Deposit of.

No. TM/424.—28th May 1953.—A reference is invited to this office notification No. TM/163, dated 13th July 1950 (published on page 1476 of Part I of the *Calcutta Gazette*, dated 20th July 1950), in which the Treasury Officers in West Bengal and the Manager, Reserve Bank of India, Calcutta, were advised to exhibit the receipts on account of Mineral Concession Fees and Petroleum Concession Fees in the Central Section of the Cash Account/Bank Scrol under the head "XXXVI—Miscellaneous Departments—Miscellaneous—Mineral Concession Fees/Petroleum Concession Fees." It has since been decided by the Government of West Bengal with the concurrence of the Government of India that except in cases mentioned in paragraph 2 below all fees paid under the abovementioned rules should be credited to the State Government. The receipts should therefore henceforth be shown in the State Section of the Treasury/Bank Accounts.

2. Application fees paid under rule 58 of the Mineral Concession Rules, 1949 (revised) and rule 67 of the Petroleum Concession Rules, 1949, for revision by the Union Government should however be credited to that Government. The receipts on this accounts should therefore continue to be shown in the Union Section of the Treasury/Ba Accounts under the head of account mentio in paragraph 1 above.

No. 2014Dis./D/7L-45/53.—1st June 1953.—Whereas under the Government of West Bengal, Labour Department, Order No. 268Dis./D/7L-35(D)/52, dated the 5th February 1952, the industrial dispute between Messrs. Khardah Jute Mill of Khardah, 24-Parganas, and their workers represented by Khardah Jute Mill Mazdoor Union of Khardah, 24-Parganas, in connection with the dismissal of Shri Rampeari, was referred for adjudication to the Sixth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it by Balaram Behara and Pritambor, two workers of the said Khardah Jute Mills Co., Ltd., alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Balaram Behara and Pritambar against Messrs. Khardah Company, Limited, in respect of their demotion during the pendency of adjudication proceedings before the Tribunal.

PRESENT:

SHRI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appeared for the Company. Mr. Prosad, Legal Adviser and Shri Bhagvat Roy, Labour Officer.

Appeared for the workmen: Shri Maguni Nayak, Assistant Secretary, Khardah Jute Mill Mazdoor Union.

The original reference in connection with which the present proceeding under section 33A has arisen was made under Government Order No. 268-Dis./D/7L-35(D)/52, dated the 5th February 1952.

The petitioners alleged that they were promoted to the posts of Assistant Welders in the months of March and July 1952, respectively; but they were reverted to their previous posts of welder-helpers after about a month without any cause being shown to them for such reversion. The company contended on the other hand that the petitioners who are welding coolies were deputed temporarily to work in place of electric welders during their absence on leave and as the welders returned to their posts on the expiry of their leave the petitioners automatically reverted to their posts of welding coolies.

As the dispute has been amicably settled between the parties, I need not enter into the merits of the matter. On 24th April 1953 the parties filed a joint petition of compromise recording an agreement that Balaram and Pitambar will get *Badli* work in future if and when such vacancy arises, provided their work is found satisfactory and they are found suitable for the job by the management. The application under section 33A is sought to be withdrawn on the basis of the agreement. I am satisfied on hearing both

sides that there has been a compromise between the parties, in respect of the dispute which no longer exists. The compromise is accepted. I make a "no dispute" award accordingly and direct that the joint petition do form part of the award as Appendix "A".

AWARD.

1. By Order No. 768-Dis./D/11L-245/52, dated the 7th March 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Coates (India) Ltd., 3, Canal East Road, Ultadanga, Calcutta-4, and one of their employees, Shri Rampati Durwan, c/o Shri Ram Jiban Durwan, 4, Mission Row, Calcutta, represented by himself, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/121-5/52, dated the 23rd February 1953, for adjudication.

Schedule.

(1) Whether the discharge of Shri Rampati is justified.

(2) Whether he is entitled to reinstatement or/and compensation.

2. Usual notices were issued to the parties asking them to file statement of claim and written statement thereof and the pleadings were completed on 2nd April 1953. Then there was direction regarding production of lists of documents and the matter was heard on 14th May 1953 and the award is reserved.

3. The dispute relates to dismissal of Shri Rampati who was a cooly under Messrs. Coates (India) Ltd. The Company was formed in the year 1947. Shri Rampati applied for leave for a month from 1st May 1952 in connection with the marriage of his daughter to be celebrated on and from 6th May 1952 at his village home at Muhammadpura in the district of Gazipur (*vide* Ext. A). On such application he was admittedly granted leave for 15 days from 1st to 15th May 1952 both days inclusive with full pay. Thereafter he sent from his home another application which was undated (Ext. A1) for extension of the leave by 15 days alleging that the marriage of his daughter would be held on 28th May 1952. The said application was received in the office of the Company on 16th May 1952 when he was due to resume duty. In reply the Company wrote on that very day that the leave could not be extended and that unless he reported for duty at once his service would be deemed to have terminated with effect from 1st May 1952 (*vide* Ext. B).

Shri Rampati alleges that he did not receive the said letter and that as usual he came to resume duty on 1st June 1952. He saw the Managing Director and prayed for permission to rejoin duty and also prayed that if it was not possible to grant him the extended period of leave for 15 days with pay, he might be granted the said leave without pay. The Managing Director did not, however, allow him to rejoin duty, and Shri Rampati was then informed about the contetns of the letter (Ext. B) said to have been despatched to him. As the letter was not received by him, he could not resume duty earlier. The Company had no right to terminate his service from 1st May 1952 after having granted him leave with full pay up to 15th May 1952. There should not have been termination of his service as he committed no fault. In terminating his service the Company acted arbitrarily and illegally with ulterior motive to appoint new man on a lower salary. In the circumstances the petitioner prays for reinstatement and compensation for the period of unemployment.

The Company denied charges of unfair labour practice and pleaded that Shri Rampati's service had terminated on his own action by overstaying beyond the leave granted to him. It was stated that the letter, dated 16th May 1952, was duly posted to him in the address given by him and must have reached him in due course. Notwithstanding this, he did not resume duty forthwith as directed. Besides, it was not a solitary occasion when he overstayed the leave. He did so by 29 days on a previous occasion in 1948. On that occasion he was warned that any recurrence in future would result in the termination of his job. Thereafter when leave was granted to him for 15 days from 1st May 1952 he was specifically warned beforehand by the Chief Ink Technician to return on the due date. He did not however do so; on the contrary he sent an application, which was undated, for extension of the leave. It was received in the office on 16th May 1952 when he was due to resume duty. It was a mala fide application and the Company replied on that very date (16th May 1952) by Ext. B refusing leave and directing him to resume duty forthwith. Notwithstanding this, he did not turn up for duty before expiry of the extended leave applied for. The Company, therefore, submits that Shri Rampati by his own action has terminated his service with the Company and the question of discharge, reinstatement and/or compensation does not therefore arise. It is further stated that the Company was always and is agreeable to settle Shri Rampati's account by paying him for the leave he has earned. As a matter of fact Shri Rampati called upon this Company on 15th September 1952 in response to the Company's letter, dated 11th September 1952, to the Labour Officer, West Bengal (Annexure D), for settlement of his account and when the

money was offered to him, he, for reasons best known to him, refused to receive the money due to him. He could even now accept the wages amounting to Rs. 46-14 for 21½ days' leave earned by him.

DECISION.

Issue No. 1.—Shri Rampati admittedly applied for one month's leave from 1st May 1952 alleging that the marriage of his daughter would be celebrated on and from 6th May 1952 at his village home at Muhammadpura. There is also no dispute that upon such application he was granted leave for 15 days from 1st May 1952 with full pay and he left for home. It is also not disputed that from home he sent the undated application (Ext. A1) for extension of leave for 15 days alleging that the marriage of his daughter would be celebrated on 28th May 1952. The evidence shows that the Company received the said application (Ext. A1) on 16th May 1952— the date on which Shri Rampati was due to resume duty. On that very date the Company sent reply refusing extension of leave and directing him to join forthwith with the further intimation that if he did not do so, his service would be deemed to have terminated with effect from 1st May 1952. Shri Rampati denies having received the said letter. The evidence read with the Company's despatch book however shows that the letter was, as a matter of fact, posted to him to the address given by him. It will therefore be presumed that the letter must have reached the addressee. So Shri Rampati's statement that he did not receive the letter cannot be accepted. In any case even if Shri Rampati did not receive such letter, he should not have been indifferent and continue to stay on without previous sanction of the leave applied for. The fact that he did not make any enquiry as to the fate of his application rather shows that he was determined to avail of the leave asked for, whether it was granted or not. Shri Rampati could not also satisfy that there was good ground for his inability to return to duty on the expiry of the leave for 15 days granted to him. The ground alleged by him for extension that the marriage of his daughter was postponed from 6th May 1952 to 28th May 1952 is not supported by any evidence. The circumstances rather show that it was a hoax in order to achieve the original intention of staying at home for one month on leave. The evidence further reveals that he was incorrigible and would not mend. It is in evidence on the side of the Company that on previous occasion in 1948 he overstayed the leave granted to him by 29 days and on that occasion he was left with a warning that if such thing recurred in future this would result in termination of his job. The evidence also shows that the leave having been granted to him for 15 days in curtailment of one month asked for, and having regard to his past conduct, the Chief Ink Technician (D. W. 2) Shri Anil Kumar Mukherjee warned him beforehand that if he failed to turn up on the expiry of the leave for 15 days, his service would be terminated. It appears that notwithstanding these warnings he was undaunted and bent upon to go his own way. In the circumstances, I agree that the Company rightly refused him permission to join on 1st June 1952. Though claim of the Company that service of Shri Rampati automatically ceased by his overstaying the leave cannot be sustained in the absence of such standing orders it does not improve cause of Shri Rampati a bit as on merits he has nothing to justify the overstayal and the ground alleged by him for extension that the marriage was postponed to 28th May 1952 is without foundation and untrue and as Shri Rampati too accepted the service as having been terminated and proceeded accordingly. The Tribunal will interfere if there has been (1) want of bona fides; or (2) victimisation or unfair labour practice; or (3) basic error of facts; or (4) perverse finding on the materials. When in this case there is nothing so to show and on the contrary it appears that the ground alleged by

Sri Rampati for extension is without foundation, it is obvious that th Tribunal cannot interfere. I so find that the discharge is justified.

Issue No. 2.—As the discharge had been on valid grounds, question o reinstatement of Shri Rampati or grant of compensation to him does no arise. It appears that the Company was willing to pay off the dues i respect of the period of leave earned by him but Shri Rampati did not so fa take it for reasons best known to him. The Company is to pay his wage for the period of leave due to him under the Factories Act, including th one from 1st May 1952 to 15th May 1952, calculated on service up to 30t April 1952. The payment is to be made within a fortnight from the dat when the award becomes enforceable. I award accordingly.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of an application under section 33A of the Industrial Disputes Act filed by Aditya Shit and 17 others in connection with the industrial dispute between Messrs. Lalji Raja & Sons and their workmen.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

r the workmen : Shri Patit Paban Pathak and Shri Basanta Chakravarty.

r the Company : Shri S. C. Sen, Advocate.

This is an application under section 33A of the Industrial Disputes Act filed by 3 workers of the Oil Mill of Messrs. Lalji Raja & Sons, situated at Bankura in nnection with the original reference between the said employer and their work-en, referred to under Government order No. 2046Dis., dated 31st July 1952.

The union's case is that the petitioners were the permanent employees of the aid Oil Mill, that during the pendency of the Tribunal proceedings, the peti-oners have been dismissed and their service conditions have been hanged without permission from the Tribunal. The notice of this pplication was served on the company, who in their written statement ontended that there has been no violation of the provisions of section 33 of he Industrial Disputes Act. They also explained the circumstances under which he workers have left the job. With regard to workers Nos. 13 to 18, their ontention is that no action prejudicial to the interest of the workmen has been aken by the opposite party and with regard to workers Nos. 9 to 12 they ontended that they have been laid off and consequently there has been no iolation of section 33 of the Industrial Disputes Act. They only point for ecision is whether the workers are entitled to reinstatement or to other relief.

AWARD.

At the time of trial, the parties have come to terms and these are recorded n a petition of compromise. The terms are acceptable. Hence I make an ward in terms of the petition of compromise. According to the terms of this etition, paragraph 2, the case of the workers Biraji Kamin, Suradhani Kamin, anjan Pramanik, Jati Roy, Hari Kamin, Sabitri Kamin, have been held to ave been laid off. As regards their wages for the idle period, the matter as been left to Court. Similarly, with regard to Khetu Gorai, Bibhuti Gorai, akhal Das and Anil Paul, whose names appear in paragraph 6, the parties greed that they will be taken back immediately. In their case also the wages or the idle period days has been left to the discretion of the Court. Similarly, n the case of Guiram mentioned in paragraph 7 of the petition of compromise, t has been held that he will also be taken back. As regards his wages for the dle period, the matter has been left to Court. With regard to the 12 workers entioned in paragraph 8 of the petition of compromise, the parties could not ome to any decision, but was agreed that the parties would place before the ribunal the details regarding their cases and it will be at the discretion of the ribunal to order whether they will be reinstated or not. I have considered e case of the workers mentioned in paragraphs 2, 6 and 7. The company as agreed to take them back, presumably because the discharge of these

workers was not justified, but the company has not been able to point to any thing which will disentitle them their wages for the idle period. In their case also, I direct that they will be entitled to full wages for the idle period. As regards the workers mentioned in paragraph 8, the company made certain statements by a petition, but these statements have not been supported by any record. On the other hand, the Union repeatedly called for the company papers, but these papers have been withheld. Under section 114(*g*) of the Indian Evidence Act, the Court is entitled to presume under the circumstances that if these documents were produced, they would not have supported the employer's case. Under these circumstances, the contention of the union that they were workers at the date of their discharge is acceptable, but there being no justification to discharge these workers, the company is bound to take them back. In the circumstances, I would direct that these persons will get half of their wages with dearness allowance for their idle period. I, therefore, award accordingly, the petition of compromise being made a part of the Award.

SUBODH CHANDRA MUKHERJI,
Judge, Fourth Industrial Tribunal.

ANNEXURE.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

In the matter of an application under section 33A of the Industrial Disputes Act,

Aditya Shit and 17 others
Applicants represented by the Bankura Oil Mills Worker Union,

versus

Messrs. Lalji Raja & Sons
Opposite Party.

And

In the matter of an application under section 33 of the Industrial Dispute Act,

Messrs. Lalji Raja & Sons
Applicants,

versus

Fakir Gorai and 12 others
Opposite party represented by Bankura Oil Mill Worker Union.

The humble petition of the Company Messrs. Lalji Raja & Sons, and the Bankura Oil Mills, Workers' Union.

MOST RESPECTFULLY SHEWETH—

That in the above two applications the parties have come to an amicable settlement as follows:—

1. Aditya Shit has already resumed his duties. Therefore the question of Award does not arise.

2. (*a*) Biraji Kamin, (*b*) Suradhani Kamin, (*c*) Ranjan Paramanik, (*d*) Jati Roy, (*e*) Hari Kamin, (*f*) Sabitri Kamin, were laid off. It is now agreed that in future when there will be any necessity to lay off any workers according to the company's standing orders the company will adopt the principle of rotation except in the cases of skilled workers. The skilled workers may be laid off according to the necessity of company's work. The above six workers will be immediately taken back but after a week of their resuming duties the company will be at liberty to scrutinise its staff position and if necessary to lay off the workers according to the rotation taking the entire class of the three mills as one unit. But this will not apply in the case of skilled workers and in such case the company will follow the principle mentioned in the case of skilled workers above. As regards wages for idle period of the above six workers it is left to the discretion of the Tribunal.

3. (*a*) Madan Shit, (*b*) Goloke Shit, (*c*) Bogala Das—They were charge-sheeted on the allegations of their misconduct and were asked to appear before the management with their witnesses for final decision. The management will hold an enquiry as proposed by it by its notice, dated 30th December 1952, 7th January 1953 and 30th December 1952, respectively, in each case on 7th February 1953 at 11 a.m. at Sarbamangala Oil Mills. The workers concerned will be given opportunity to defend either personally or by a lawyer. If any one of them is found guilty the management will take him on giving warning but he will not get his pay for suspension period. If, however, any of them is found not guilty he will be given his pay for suspension period.

4. (*a*) Gangaram Singh, (*b*) Voli Singh, (*c*) Tilu Gorain, (*d*) Raghuni Singh, (*e*) Haripada Gorain, (*f*) Tilu Das—There has been no contravention of the provision of section 33 of the Industrial Disputes Act. No award is therefore necessary. If there be any grievance the workmen concerned may approach the company for redress.

5. The company's application under section 33 of the Industrial Disputes Act for permission to discharge Fakir Gorain and other 12 workmen is withdrawn. They will join their duties on the 14th February 1952. The question of payment of wages for the period from the date of this strike up to the date of their joining duties will be left to the Tribunal.

6. The company will immediately take back the following workers : (*a*) Khetu Gorai, (*b*) Bibhuti Gorai, (*c*) Rakhal Das, and (*d*) Anil Paul. The wages for the idle days is left to the discretion of the Tribunal.

7. The company will also decide the case of Guiram on the principle laid down in paragraph 2 of this application. The wages for the idle days is left to the discretion of the Tribunal.

8. Both the parties will supply to the Tribunal the details regarding the cases of the following persons, viz.—

(*i*) Shyamlal, (*ii*) Bimal Gorai, (*iii*) Tulsi Das, (*iv*) Kristo Shit, (*v*) Banku Shit, (*vi*) Ashu Muchi, (*vii*) Babulal Shit, (*viii*) Satish Mahanta, (*ix*) Rohit Gorai, (*x*) Matilal Karmakar, (*xi*) Panchu Gorai, (*xii*) Kashi Oriya,

their cases are left to the discretion of the Tribunal.

9. Both the parties agree that for the purpose of laying off as per standing order of the company the following principles will be observed :—

If and when some workmen are found temporarily surplus, the principle o job by rotation under the following condition will be followed :—

(*a*) If no alternate employment is possible workers will be laid off batch by batch so that the hardship may be equal to all.

(*b*) For the purpose of laying off all the unskilled and semi-skilled workers of the 3 mills will be treated as one unit.

(*c*) No new hands shall be taken in during the period in question for the particular job or jobs.

(*d*) Overtime work during the period in question will be awarded as far as practicable.

ANNEXURE.

n the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950 filed by Sankar and five others against Fulchand Singh, Labour Contractor of Messrs. Rallies India, Limited, Jute Press, in respect of their discharges during the pendency of adjudication proceedings before the Tribunal. (Case No. 131 of 1952 under section 33A of the Industrial Disputes Act).

PRESENT:

Shri S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

For the Petitioners: Shri Panchanan Bhattacharjee, President, Kashipur Jute Press Workers' Union.

For the Company: Shri N. R. Mukherjee, Advocate.

The original reference in connection with which the present proceeding under section 33A has arisen was made under Government order No. 2180Dis./D/7L-44/52, dated the 8th August 1952.

The petitioners are Sankar, Gopal, Musai, Dukhharan, Sukdeo and Sarju. heir case simply is that they worked under Fulchand Singh, the Labour Con- actor of Messrs. Rallies India, Limited, and they have been discharged after ie reference of the dispute between several Jute Presses and Labour Contractors n the one hand, and their workmen on the other, for adjudication by this ibunal. Hence the present complaint under section 33A has been filed by iem.

The Labour Contractor Fulchand contends that the petitioners Gopal and)ukhharan did never work under him, and no question of contravention of ection 33 does arise so far as they are concerned. His case further is that Sankar, Musai and Sukdeo worked under him for the last occasion on 23rd March 1950, and Sarju worked last on 24th February 1950 and none of them worked under him thereafter. Inasmuch as their services terminated long before the date of reference, and consequently, not during the pendency of the adjudication proceedings, the question of contravention of the provisions of section 33 does not arise.

Regarding Gopal and Dukhharan (petitioners Nos. 2 and 4), there is hardly ny proof that they ever worked under Fulchand. Gopal was not examined the hearing. Dukhharan was examined to say that he worked under Fulchand r 3 years up to Baisakh last (April-May 1952). He says that he went on ave on the ground of his son's illness, taking half of his wages due up to iat time, and the other half was received on his behalf by one Behari, who is ill working under Fulchand. He wanted back his job on return from leave 1 Sravan, but he was refused work unless he cut off his connection with the Union and abandoned his claim for wages. There is nothing to prove that he vent on leave, which fact is not even alleged in the petition of complaint. That he was refused work until he severed connection with the union is also iot alleged in the application. It is not understood why he was to abandon iis claim for wages if he had been paid half of his wages at the time when he vent on leave, the other half being received later on through Behari. It has been proved that whenever any payment is made by the contractor, signature r thumb impression of the payee is taken in the Weekly Wages Payment Book roduced on behalf of the employer. This has been admitted by P.W. 1 Sankar

also. But no such receipt appears to have been signed or thumb impressed Dukhharan though he alleges to have received his wages before going on lea As a matter of fact, there is no entry relating to him in the Employer's boo The learned union representative elicited from a P.W. 1 during cross-examir tion that there are two persons working under the same contractor, one nam Dukhharan (Khalashi) and another Dukhi. But it is not his contention th Dukhharan examined in this case is identical with either of them. So far Gopal is concerned there is no entry relating to him in the Weekly Wag Payment Book exhibited in the case. He is also not known to Dukhhara P.W. 1 Sankar, of course, told us that both Dukhharan and Gopal were employment and were actually working with Fulchand when he left for hor in Jaistha. He is totally contradicted by Dukhharan on this point, because says that he left for home in Baisakh. In the circumstances I am to hold th Gopal and Dukhharan are not proved to have been employed under the co tractor Fulchand, and so no complaint under section 33A filed by them c be entertained.

Now, I take up the case of Sankar and three others who were admitted employees of Fulchand for some time. Of them Sankar has been examined this case. His case appears to be that he had applied for leave which w granted to him though no order in writing was handed over to him. But th fact was not alleged in the petition of complaint, nor is there any proof of th allegation now made. The employer's case is that the nature of work allotte by Rallies India, Limited, to its contractors is of a seasonal nature and th quantity of work supplied by Rallies India, Limited, is uncertain from day t day, and consequently the number of workers required for execution of th job of the day varies from day to day. This does not appear to be disputed It is admitted by Sankar that in a Jute Press there is shortage of work some times, and sometimes the work is heavy. If that is so the number of workmer employed from day to day cannot remain constant always. Sankar's statement to the contrary being against probability and reason, it cannot be accepted. It appears that the work of these workers is not continuous but seasonal or occasional. A worker may be working continuously for some time as there may be different workers working at different times, but the contract in any event subsists only so long as the work in hand on a particular day is not completely executed. It is in the nature of things that a worker is at liberty to go away after finishing the work in hand without detriment to his employer's interests, and come back when it suits himself as he gets a job on return whenever there is work available for him. In this state of things it would be more reasonable to suppose that there is no system of leave being granted on application made for that purpose in writing than what is alleged to be the practice. Sankar's evidence is that prior to Jaistha last, this system was not in existence and he had not to make any application for leave. Nothing is suggested as to why there was a change of practice. I am unable to accept the story that Sankar had gone on leave as alleged. He received his wages admittedly after signing a receipt in Fulchand's khata. The last entry relating to him in the khata is dated 23rd March 1950. The khata was examined by the learned union representative, but he could not place his finger on any other entry showing that Sankar's service was continued after 23rd March 1950. The same thing has been proved with regard to Musai and Sukdeo who worked wi Fulchand up to 23rd March 1950 and also regarding Sarju who worked wi him last on 24th February 1950, and no further. They received payment their wages for that work and acknowledged receipts in the employer's boo on the respective dates. So it is abundantly clear that they left Fulchand employment long before the reference of the dispute between the Jute Presse and contractors and their workmen for adjudication by this tribunal. Thei discharges cannot thus be said to have been made during the pendency o adjudication proceedings before the Tribunal in the main case, and so section 3

f the Industrial Disputes Act cannot be said to have been contravened by the nployer. The application is not maintainable and it stands dismissed. I ward accordingly.

SHRI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

For the workmen: Shri A. Das Gupta, Advocate.

For the Company: Shri S. K. Mullick (Jr.) of Messrs. Sandersons and Morgans, Solicitors.

The following is the matter for adjudication as specified in the schedule to the order of reference:—

(1) Whether termination of services of Shri S. N. Bose is justified. What relief he is entitled to?

On receipt of the reference the parties were notified for appearance on 2 November 1952, which was also the date fixed for submission of written statem by the Union. On that date both parties appeared and the Union filed written statement. On 10th December 1952 the Company filed its reply directed. After that the case was fixed for hearing on 7th May 1953, wh was later shifted to 11th May 1953 at both parties' desire. On that last d the parties appeared and submitted a joint petition stating that the case has b settled by the parties out of Court and prayed for an award that no disp exists between the parties in this case. I am satisfied on hearing the lawyers both the parties that there has been an amicable settlement between the part and no dispute exists any longer. I make a "no dispute" award accordingly.

The joint petition of the parties is incorporated in the award as Annexu "A".

he matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by 39 workmen said to be temporary workers of Messrs. Gour Mohon Oil Mills against their employer said Messrs. Gour Mohan Oil Mills.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

Shri J. N. MAITRA, *District Judge, Judge, Industrial Tribunal*

the petitioners: Shri J. Pandey assisted by Shri Satyendra Lal Shome, Secretary, Gour Mohon Oil Mills Employees' Association.

the Company: Shri N. Das Gupta, Advocate, assisted by Shri S. Dhar, Pleader.

AWARD.

1. The original reference in connection with which the present proceeding s arisen was made under Government order No. 648Dis./D/15L-4/53, dated th February 1953. The matter referred to for adjudication is whether the nporary workers are entitled to become permanent after six months' conus service.

2. In the said original reference the workers represented by Gour Mohon Mills Employees' Association which is hereafter called the union, filed n statement of claim on 23rd March 1953 (Monday) disclosing in the ule attached thereto names of such 56 temporary hands in the employment essrs. Gour Mohon Oil Mills, which is hereafter called the company.

3. Then on 27th March 1953 (Friday) Shri Jairam Tewari, Shri Sankar Misir, Shri Ramaudh Ahir and 36 others (wrongly stated as 35 at the top of the petition), in all 39 workmen out of 56, whose name disclosed in the schedule as aforesaid, made the application under sectio of the Industrial Disputes Act, 1947, complaining that in contravention provisions of section 33 of the Act, their services had been terminate arbitrarily and unjustly with effect from 26th March 1953. Of the af 39 applicants, it was agreed by both the parties at the trial that 13 were men and remaining 26 were coolies.

4. The petitioners alleged that they were temporary workers of the co and in terminating their services the company adopted the measures as bel

(i) The police was suddenly brought in the mill at 7-30 p.m. on 25th 1953 (Wednesday).

(ii) The police was also posted at the factory gate since the morn 26th March 1953 (Thursday).

In the circumstances the petitioners pray for an order directing the comp withdraw the order of discharge against them.

5. The company contends that section 33A has no application. It not admit that the applicants are temporary workmen and/or have been in tinuous service for six months or over under it. It pleads that all of were casual workers. It is said that the company has two cadres of wo one permanent and the other casual. Permanent cadre comprises those w who are meant for permanent nature of work and their names are shown register of the permanent workers and they are paid on monthly basis. B these permanent workers, the company for its emergent requirements re casual workers on daily-rate basis as and when necessary through the S and pays them through him at the end of the day. Their employment acco to their terms of service and according to custom and practice prevalent i oil industry ceases at the end of each day's employment. If there be any fu casual work for them on the next date they are at the discretion of the com employed on the same terms. A large number of such casual workers always on the waiting list of the company which employs them according to availability. There was and is no obligation on the part of the compan employ or on the part of the casual workers to wait for this company. applicants were all such casual workers.

The company denies having discharged them. It is said that they thems struck work and stopped doing work and were thus not employed. Of applicants, (1) Rajendra Prosad, (2) Panchanan Saha, (3) Sree Kahar, Lakshman, (5) Ramabhilash, (6) Pulla, (7) Birich, (8) Rammani, (9) Jai Tewari, (10) Ramaudh Ahir, (11) Gourisankar Misir, (12) Ram Abhilak and (13) Ramdulan Tewari are those who used to be recruited as ca Ghanimen to meet the emergent work of the company. They used to be p on daily basis and their employment used to cease at the end of each da employment.

On 25th March 1953 the aforesaid casual Ghanimen except Ramabhila Ahir and Ramdulan Tewari were recruited for work—Jairam Tewari and Gou sankar for second shift which works from 2 p.m. to 10 p.m. and the remai nine for the night shift which works from 10 p.m. to 6 a.m. The two Ghan men of the second shift, namely, Jairam Tewari and Gourisankar Misir coming to duty refused to do any work and stayed in the factory. They immediately given notice (Annexure A) to vacate the factory premises. wise the nine night-shift Ghanimen struck work. The company failing to them to work issued a notice (Annexure B) warning them about the conseq

he strike. But in spite of the notice the strikers continued the strike and ed in the factory premises and did not work. The management, therefore, ed further notice (Annexure C) at 10-15 p.m. Twenty-two casual coolies n amongst the petitioners (at the rate of two per one Ghaniman) also struck k.

On the next day, i.e., on the 26th March 1953 the company required the vices of only two casual Ghanimen for the night shift for which it recruited mabhilas Ahir and Ramdulan Tewari. Both of them, however, started stay-strike, apparently, at the instance of some interested third party. The nagement therefore issued another notice on 26th March 1953 (Annexure D).

As the said 13 Ghanimen and remaining 26 casual coolies comprising the plicants were employed on the respective dates mentioned herein before on ily basis, they were not recruited again on account of their resorting to illegal ike. There was thus no discharge but the petitioners themselves stopped ing work.

Besides, their services were and are automatically terminated at the end of e day's employment and as such there has been no contravention of section 33 the Industrial Disputes Act. Besides, on enquiry it transpired that most of e applicants other than the Ghanimen as aforesaid were recruited as casual orkers on subsequent dates. In the circumstances the company prays that the mplaint under section 33A be dismissed.

6. The points which, therefore, arise for determination are---

(i) Is the application under section 33A maintainable?

(ii) What relief, if any, are the petitioners entitled to?

DECISION.

Point 1.—The objection of the company under this head is twofold. Firstly, is contended that no relationship of employer and employee exists between applicants and the company. Secondly, it is said that there has been no ntravention of section 33 and as such section 33A has no application. As gards the first objection the case of the company is that the workers like the titioners used to be recruited and paid through Sardar and it had no direct ngs with them. P.W. 1, Shri Satyendra Lal Shome, the General Secretary e Union admitted in his deposition that oil mills in West Bengal maintained cadres of employees, one permanent Cadre and the other daily-rated staff. also admitted that the petitioners were all daily-rated workmen and that the pany used to recruit such daily-rated workmen like the petitioners through nu Sardar and used to make payment to them through him. He also itted that the company used to intimate Angnu Sardar how many men would required for Ghani and how many men for cooly works and the Sardar used recruit men accordingly and supply them for the day. P.W. 2 Jairam vari had in a way also to admit that it was Angnu Sardar who used to recruit m and make payments to them. P.W. 3 Gourisankar Misir, another peti-ner, admitted that the employer used to make over the wages to Angnu rdar from whom they used to receive their wages. The vouchers (Exts. B B(4) show that the company used to make over wages of such daily-rated men to Angnu Sardar. The proprietor's son D.W. 1, Shri Chandra ar Sadhukhan also deposed that they used to recruit the daily-rated workers ding to necessity through Angnu Sardar and used to pay their wages through u Sardar. From this the company contends that the petitioners as also the daily-rated workers, whom the company terms casual workers, are not employees but would be men of Angnu Sardar and as such no relationship

of employer and employee exists between the parties. I am unable to sust the contention. The evidence shows that Angnu Sardar is a permanent emplo of the company who draws salary at the rate of Rs. 75 per month from the cc pany (*vide* D.W. 1). It is therefore obvious that Angnu Sardar cannot styled to be a contractor when he is a permanent employee of the company a receives his salary from the company. The recruitment which he does a the payment which he makes must obviously be as an agent of the compa It being so, the men whom he recruits and whom he pays would be employe of his master and not of himself. So on the evidence and circumstances I a unable to sustain the contention of the employer that no relationship of employ and employee existed between the parties. I may note here that nowhere in t four corners of the long-written statement the workmen to wit, the petitione were dubbed what is called as contractor's men. Had these petitioners been m of the contractor and not of the company this would have been so stated speci cally. Be that as it may, in view of the position of Angnu Sardar as admitted b the proprietor's son there can be on doubt that the petitioners were directly i the employ of the company.

As regards the other objection, I, however, agree with the company t there has been no contravention of section 33 of the Act, in that the petition are mere casual workers. The company took specific plea that the petition were all casual workers and from the evidence I agree that this is so. P.W. the General Secretary of the Union admitted in his deposition that the dai rated workers like the petitioners used to be recruited by the company accordi to their necessity through Angnu Sardar. P.W. 3 Gourisankar admitted in cro examination that after giving work to the permanent Ghanimen, temporary han were used to be employed in C shift. The evidence elicited in cross-examinatic of Proprietor's son D.W. 1, Shri Chandra Shekhar Sadhukhan, that there was n fixity regarding the number of casual workers and it varied according to necessi would confirm this. The evidence also disclosed that the daily-rated worke were used to be employed from time to time as necessity arose. It also appea that there was no guarantee of regular employment and the number of th labourers to be employed from day to day was dependent on the quantity emergent requirements. It appears that the permanent workers were mea for normal production of the company. While the daily-rated work used to be employed from time to time to meet emergent requirements. therefore obvious that the employment of the latter class of workers was depen entirely according to the necessity of such emergent demands. The work of th workers must, therefore, be of casual nature and not continuous. The cont of work, so to say, lasted for the day on which they work and they used to paid their wages daily. The contention of the union that they were tempor workmen cannot be sustained. A temporary workman has been defined in Industrial Employment (Standing Orders) Central Rules "as a workman w has been engaged for work which is of an essentially temporary nature lik to be finished within a limited period" while a casual workman has been defin "to be a workman whose employment is of a casual nature." A casual work would thus be a labourer who works when chance comes. The employme of the petitioners was dependent, so to speak, on mere chances accordi emergent requirements besides the normal and routine production. The n of work which the petitioners had to perform under the mill fits in more the description given of a casual workman than one of a temporary worki The petitioners used to be paid their wages daily and were at liberty to employment anywhere they chose and they were not to wait for the compa Likewise it appears that the company was under no obligation to employ th on the next necessity as it arose. I, therefore, agree that the petitioners w casual workers and as such their employment used to cease everyday after day's employment. Section 33 can have no application to such class of wor

when their service condition was such which automatically ceased with the end of day's work. It may now be regarded as well settled that, termination of employment of casual workers thus employed, which becomes effective automatically with the conclusion of the specific work given to them, is not hit by section 33 of the Industrial Disputes Act. Section 33 pre-supposes discharge in the case of workers whose continuity of service was assured or expected. In the case of these workers like the petitioners, such continuity of service was neither expected nor assured. So I agree that section 33(b) has not been contravened. Accordingly section 33A cannot be invoked.

Even assuming that the practitioners were temporary workmen, they could get relief only if they were discharged and did not strike work themselves. In the present case, from the evidence and circumstances, the company's case that it did not discharge the petitioners but they themselves struck work seems to be more probable and natural. The union filed written statement of claim in the original reference on 23rd March 1953 (Monday). 24th March 1953 was Tuesday and in the petition of complaint under section 33A, no complaint was made that the petitioners did not get work on that day (24th March 1953). The evidence adduced to the contrary at the trial shifting days of the week is unreliable. The evidence shows that the mill worked also on 25th March 1953 and casual workers like the petitioners were employed also on 25th March 1953, which was Wednesday. The police according to the petitioners was admittedly brought in the mill at 7-30 p.m. on 25th March 1953. According to the company, Gouri Shankar Misir and Jairam Tewari who were casual Ghanimen were employed on 25th March 1953 for second shift which was to work from 2 p.m. to 10 p.m. The evidence is that these two casual Ghanimen on coming to duty refused to do work and would not leave the factory. The notice (Annexure A) issued by the company directed those workmen to leave the factory within 24 hours. Unless they struck work there would have been no necessity for bringing police at 7-30 p.m. as admitted by the petitioners. The Secretary, P.W. 1, admitted that these two workmen were not working on 25th March 1953 but were inside the mill and were expelled from there with the help of the police at night. If they really were there for work, there would be no necessity for expelling them from the mill. Had the company refused to give work to the petitioners on knowing of the contents of the written statement of claim as alleged by the petitioners, there would have been discharge of all the 56 workmen whose names were disclosed in the written statement of claim and not merely the 39 petitioners. The discharge of 39 petitioners comprising 13 Ghanimen and 26 Coolies rather fits in with the company's case of 11 Ghanimen with corresponding number of coolies having struck work on the 25th March 1953 and two Ghanimen with corresponding number of coolies on 26th March 1953. The notices which have been made annexures B, C, D (copies of which were also sent to the Police, Labour Commissioner, Joint Secretary to the Government of West Bengal, Labour Department) and which are contemporaneous with the events that occurred would also confirm that the petitioners struck work and not refused work as they claimed. Night-shift works from 10 p.m. to 6 a.m. and the second notice (Annexure B), dated 25th March 1953 at 9-30 p.m. was to the effect that the workers should not go on strike as the reference was pending for adjudication before the Tribunal. The next notice is Annexure C, dated 25th March 1953, at 10-15 p.m. which made mention that all the workers detailed for duty had joined strike. The last notice is Annexure D, which is of date 26th March 1953 at 10-15 p.m., which mentioned that the two casual workers Ramabhilas Ahir and Ramdulan Tewari, who were detailed for duty had joined strike after coming to duty. P.W. 2 Jairam Tewari as also P.W. 3 Gourisankar Misir wanted to say that their duty was from 6 a.m. on 25th March 1953 but in view of the circumstances already discussed, I cannot accept it to be correct. It rather appears that they were detailed for work for the second shift from 2 p.m. to 10 p.m. on 25th March 1953. According to P.W. 2 Jairam Tewari they went

to duty on 25th March 1953 but did not work. He also admitted that he an Gourisankar were expelled in the evening of that day while others were expelle in next morning. It is also admitted by him that all the temporary Ghanime were sitting idle and thus the coolies remained unemployed. The evidence c the two petitioners P.W. 2 and P.W. 3 and the Secretary (P.W. 1) read betwee the lines fits in more with the case of strike as pleaded by the company tha with the case of petitioners that the company has discharged them with effec from 26th March 1953. Had the petitioners' case been true they would hav been able to state in the petition of complaint how they were discharged fro employment. According to the Secretary, P.W. 1, only permanent workmen ar members of the union. It is therefore obvious that none of the petitioners wer members of the union. As regards Jairam Tewari and Gourisankar Misir, it i admitted by the Secretary, that they are not permanent workmen of the mill His oral statement that they are however members of the union, which on th face of his admission is not tenable, is not supported by records of the union Excepting the aforesaid two petitioners, none else of the petitioners has deposed in the case to deny that they did not strike. It is apparent that their non employment has nothing to do with alleged union activities. So when the peti tioners have themselves struck work, they can make no grievance about thei non-employment. Besides, when the reference was pending for adjudicatio before the Tribunal such strike during its pendency would be illegal in view o section 23 read with section 24 of the Industrial Disputes Act. In the cir cumstances section 33 has not been infringed from this point of view also. Th application under section 33A is accordingly held to be incompetent.

Point 2.—In the result the application must fail. It is accordingly awarded that the petition under section 33A stands rejected.

the matter of an application under section 33A of the Industrial Disputes Act filed by Sri Hare Krishna and 7 others in connection with the industrial dispute between Messrs. India Rubber Manufacturers, Ltd., versus their employees.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

IRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

or the complainants: Shri D. L. Sen Gupta, Advocate instructed by Shri Brajan Das Gupta.

or the Company: Shri S. C. Sen, Advocate and Shri N. K. Raha, Pleader of Messrs. Orr. Dignam & Co., Solicitors.

This is an application under section 33A filed by the Union on behalf of 8 orkmen of the India Rubber Manufacturers, Ltd. Their case is that during ie pendency of the original case between the said India Rubber Manufacturers, .td., and their workmen referred to this Tribunal by Government order lo. 218Dis./D/11L-1(A)/52, dated 17th January 1953, the Manager of the Company on 7th March 1952 illegally gave a verbal transfer order to the afore-aid 8 persons. These persons had been working in the Spring Department for he last several years and they do not know the work in the Vacuum Hose Department, to which they were transferred. The aggrieved people are the ront-rankers of the Union and are in the bad book of the Company ever since he inception of the organisation and the Company had been all along trying their best to avenge upon them and in such circumstances, the workers reasonably refused to work in some other department, as they apprehended that this was a clever move on the part of the Management calculated to put the workers concerned right in the net with the ultimate object of discharging them on the ground of inefficiency, that on 10th March 1953 the aggrieved people had been asked to get away from the factory and had been verbally given order of discharge and have been finally ousted from the factory with the Police help.

The employers contended that the petitioners were required to work in the Vacuum Hose Department on the following grounds, viz., (1) on account of lack of order for the goods manufactured in Sprin-making Department, for which the company had to reduce the number of shifts working in that department from 3 to 2, (2) that the Company entered into a contract with one of its customers for the supply of manufactured goods in the Vacuum Hose Depart-ment by a stipulated date, failing which the Company was to pay damages, that such transfers had been made in the usual course by the Management on the grounds of administrative reasons and this has been accepted by the workers, that the workers were to work on similar emoluments and there was no change of condition of service and further the transfer was covered by the Company's Standing Orders, that the Company had no knowledge that the petitioners were

top-ranking members of the Union and that it denies that it trued to take revenge on them as alleged, that the Company acted *bona fide,* that there was no change of condition of service.

The only point for decision is whether under the circumstances the transfer amounted to change of condition of service.

AWARD.

In the written statement the Union did not say that such transfer had nev taken place in the Company and it was not a condition of service. Th simply stated that the Company cleverly calculated to put the workers concern right in the net with the ulterior object of discharging them on the ground inefficiency. It seems that the workers realised that they cannot object to th transfer as not being a condition of service; so, they did not raise that point the written statement, but simply raised the point of bad faith on the part the Company with the ultimate object of victimising them. But now the realise they cannot successfully impute bad faith on the part of the Company an so they have challenged that the transfer was not a condition of service. Bu the fact that transfer was a condition of service has been under the circumstance stated by the Company amply demonstrated by evidence as well as by th Standing Orders. The Company has filed a statement to show that of these workers as many as 6 have been on several occasions transferred from on department to another, viz., Hare Krishna Das worked in 6 departments Panchanan in 2 departments, Gajendra in 2 departments, Jayaram in 4 depart ments, Manik in 2 departments and Ramchandra in 4 departments. I have no reason to disbelieve this statement. The Union has not been able to falsify it On the contrary, Hare Krishna admitted the transfer and he admitted that Panchanan was also similarly transferred. Ramchandra and Manik only denied the transfers but I am not prepared to believe them. The others have not come to Court to deny the transfers. The fact that the transfer is a service condition is also in most cases admitted by these witnesses. Ramchandra admitted that on previous occasions the number of shifts had been either reduced or increased and on these occasions there were transfers from one department to another. Damodar also stated that usually if there is no work in a particular department, the juniors of that department are picked up for transfer to some other department, the work of which is known to him. Now the transfer being admitted, the question whether the two conditions imposed by him on the transfer will be acceptable or not will have to be seen later on. But he further admitted that on a previous occasion some persons of the Hose Pipe Department were transferred to the Piano Department. Similarly Manik told that if a transfer is to be made at the office men from the night shift and juniors are to be picked up. He, however, in the same breath admitted that when Hose Department was closed once before, the workers were transferred to the Spring Department. That being so, the evidence of the Company's Supervisor that the Company on the ground of exigencies of service have trans ferred workers from one department to another is acceptable. The transfer of workers from one department to another is undoubtedly a Management functio and the onus lies on the Union workers to show that Management abdicated thi function either by contract or by conduct. But the evidence is just otherwis and it shows that Management exercised this function on previous occasions too Hence if it is a Management function, then I fail to understand how there can be condition attached to it that at the time of transfer the junior hands are to be picked up, or that the transferees are to be selected from the night shift or from persons who know the work. In fact, it may be necessary for better management of a new department that experienced persons will be shifted to work there. Further no particular shift can be characterised as night shift, as shifts are rotated every week so there can be no question of breaking up a particular shift.

Next I will consider whether there is any justification for the apprehension he workers as regards victimisation. The onus is upon the Union. It can dispensed with by saying that the Union has failed to discharge the onus. /. 4 Manik was directly questioned on this point and he said that there are ances that they were transferred to other department and then sacked. But admitted that he will not be able to name any person who was thus sacked. lers also did not venture to cite any particular instance of victimisation at the ids of the Company. Under these circumstances the apprehension of the rkers regarding victimisation is unfounded. But I will not leave the matter re unless I am satisfied as regards the *bona-fides* of the Management. It has n amply proved by the Supervisor that the transfer was necessary on the unds mentioned in the written statement in paragraph 4. I myself visited factory and saw that there was huge accumulation of spring produced from Spring Department, which was not taken delivery of by the customers. the other hand, the Supervisor's evidence shows that there was huge demand the Vacuum Hose Department for supply of particular quantity of Hose s on a stipulated date, failing which the Company was to pay ge. By this, it is amply demonstrated that there was exigencies of service nding transfer. P. W. 1 admitted that it is correct to say that on account osing of one shift the transfer order was made on them. Under these mstances, the Management cannot be compelled to pick up junior hands break shift which was then working as night shift for reasons that I have dy given above. The workers also should not feel it impossible for them ork in other departments as on previous occasions they accepted transfer one department to another. Under these circumstances and in the absence ontract to the contrary such transfer is to be deemed to be a condition of ice. It is also not difficult for one working in one department to pick up work of another department of the same Rubber Manufacturing concern and this depends the running of a good business in all departments which ergoes fluctuation in work due to rise or fall of different kinds of orders. principle adopted for selection of workers has been in my opinion correctly pted as demonstrated by the evidence of the Supervisor, but he stated that eason why this particular shift was dissolved was due to shortage of work and eason why these 10 men were chosen to go to the Vacuum Hose Depart- was due to the fact that two other shifts were working with full strength 5 men each and this shift had only 10 men. I accept the reasoning given ona fide. I am not satisfied that there is any ulterior object of victimisation. Supervisor stated that he was not aware of any Union activities on the part he applicants. On the one hand the workers have failed to show the tence of such motive On the other hand, the *bona fides* of the Manage- is demonstrated by the fact that not only these 8 applicants were transferred lat 2 other workers, viz., one Basak and Sarkar were also transferred with and they accepted the transfer and joined the Vacuum Hose Department. s suggested that Basak and Sarkar were refugees and temporary men and ey did not object but there is nothing to show that they were temporary. ey were victimised, they also would have joined the applicants in making omplaint. There is also no evidence that these workers were front-rankers e Union and were in the bad books of the Company ever since the inception he organisation. They are if at all ordinary members of the Union this cannot be a passport for them for resisting the Management function ganising their business by occasional transfers when called for by exigencies ervice. These workers have put up imaginary objections in their explana- viz., that they have worked for 10 years in the Piano Press Department but is no reason why they should not be transferred to other departments. " next said that they have no knowledge of work in the Vacuum Hose tment and that is no reason why they should not learn that work. They stated that there are many men who used to work in the Vacuum Hose rtment who are now working in other Departments, and they should have

been retransferred to the Vacuum Hose Department, but that is no reason these people should suffer doubly and will be retransferred while the applic will not be transferred at all from their departments. They next stated the transfer would entail severe hardship and the working of the company w suffer. I do not see any point in this, for the company itself wanted the tra and I do not see how the question of severe hardship or the question of work and light work cannot at all arise. Besides, the evidence of the Super is that the work in the Hose Department is rather lighter. They also conter that the permission of the Tribunal has not been taken, but no permissio necessary when there is no change of service condition. The story that were regularly reporting to gate is also not true as will appear from the su quent discussions. So, evidently these people had put in imaginary object against the proposed transfer and have wrongfully refused to accept the o of transfer. If was contended that the Company was still producing spr from Neck Ring Department and so it is evident that the Company had suffic work in the Spring Department but Damodar who made this statement, ha admit that the spring prepared in the Spring Department is of a different cali viz., No. 924 calibre and that prepared from the Neck Ring Department is different calibre, viz., 389 calibre, and this was also shown to me at the t of the inspection. Thus the Union has totally failed to prove want of *bona fi* on the part of the Management, far less they have been able to show that th was any motive of victimisation.

Failing in these, the workers have, as a last resort, taken up a new defe that the transfer order was never served on them but this point was not sta in the written statement and naturally it losses its importance. On behalf of Management, Mr. Smith, Supervisor, said that he had himself verbally co municated to the workers about the transfer on 7th afternoon. He further s that after this communication the workers through their representative came him for making representations. The workers, however, have denied the But in the circumstances, I would prefer to rely on the evidence of Mr Smi specially when there is no motive on the part of the management in not in ing the workers about the transfer which will ultimately result in stoppa work in the department of the Company itself. On the other hand, the that they have received notice of transfer was admitted before Mr. Cha the Labour Officer. I have no reason to disbelieve the evidence of Mr. Cha on this point. It was suggested that Mr. Chatterji is the man who has br about this transfer as he always likes to keep up dissensions between employer and the employees for the purpose of demonstrating the import of the existence of the post of a Labour Officer. I do not think that the any substance in this allegation. As the Labour Officer is a go-between bet the Management and the Labour, he has often times to meet with such al tions and in this particular case also he has met with such allegations necessarily. There has been complaint against him before the District M trate but that has nothing to do with the transfer in the present case. subsequent to the refusal of the workers to accept the transfer, there had b proceedings against them and the Labour Officer had to conduct the enqu it is natural for him to expect such retort at the hands of the workers I therefore satisfied that the notice of transfer has been duly communicated published. Evidently the workers intentionally did not state properly w happened subsequent to 7th March 1952. They simply stated that on March 1953, they had been turned out of the factory, although they had g reasons to resist the transfer. The evidence on the side of the Company on other hand discloses that although they made good gestures to consider grievances of the workers, the workers did not pay heed to it. On 9th workers did not join the Vacuum Hose Department where they were transfer to work and where the shift works from 8 a.m. to 2 p.m. They as usual ca

join in the Spring Department at 2 p.m. by neglecting the order of transfer. he Management however took a more lenient view of it and allowed them to ork in the long Hose Department, which was working in the afternoon shift id he promised to give them pay of that day as also to consider their grievances, rovided they carried out his orders and joined the Vacuum Hose Department the next morning, i.e., on 10th. But the workers did not carry out that order the next morning, though they received pay for the 9th. On the contrary, the 10th, they squatted before the Manager's office in the afternoon. The nager accordingly had to requisition the Police help to oust them. The tention of the workers in their written statement is "that they could not get ay from the factory as to get away without a gate pass is an offence and they re not given the gate pass and were at the same time ousted with the police p". But this case is in my opinion not acceptable in the circumstances of the e and it seems to me that this story is concocted against the Management in same way as other imaginary grievances were concocted against them by workers when they were met with the order of transfer. In the circumnces, I hold that the order of transfer was justified and the workers were not stified in not accepting the order. There was in fact no change of condition service on account of the order of transfer which was sanctioned by the Comany's practice and also by the Standing Orders in as much as it involved no hange in the emoluments of the workmd or rather it was a lighter type of work and that the shift to which they e transferred was welcome as it was a day shift from 8 a.m. to 4 p.m. By they got rid of night shift to which they were otherwise subject by rota-

There is also another aspect from which this case can be looked into. there was shortage of work in the Spring Department, the Company had no ier alternative but to lay off some of the workers. They cannot be blamed they have selected that shift which consist of the shortest number of workers d had laid them off. No question of the principle of "first come last go" n be adopted in making the selection, for in that case all the shifts will have be disturbed. As there was no want of *bona fide* and no ulterior motive of misation, no blame can be laid at the doors of the company for such selec-. But under the Standing Orders the Company may either lay off the kers, or ask them to accept an alternative job and the workers must be pared to do a different type of work in his usual place of employment or in er establishment under the same employer. Here, the work is not altogether icult or of a different type but is almost of the same type. The work is also be done at the usual place of employment and it is not in a different estabment of the employer. So, the workers have no right to refuse that alterna e job, according to the Standing Rule No. 14 of the Company. In that view case also the transfer was justified and the refusal to accept the transfer workers is unjustified and the workers cannot get relief on account of ss into which they have been landed by their own conduct.

And whereas the said Fourth Industrial Tribunal has submitted to the St Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Indust Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publ the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between the Howrah Mills Co., Ltd Ramkrishnapur, Howrah, and one of their workmen Shri Bibhuti Bhus Mukherjee, Store Head Clerk, post office Shamnagar, Mulajore, Banerj para Road, 24-Parganas, as represented by himself.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the worker: Shri Biswanath Ash, Advocate.

For the Company: Mr. S. R. Zachariah, Legal Adviser, Indian Jute Mi Association.

By order No. 2756Dis./D/15L-18/52, dated 13th October 1952, the afor said dispute was referred to this Tribunal for adjudication. The issue framed l the Government is the same as the issue framed by this Court, viz., whether t discharge of Shri Bibhuti Bhusan Mukherji by the Company is justified and what relief he is entitled.

The case for the employee is that he had been working under the Compa since 1951, with a clean record of service, that on 8th January 1952 a charg sheet was issued to him on certain vague allegations and false charges, that t charge-sheet was not in conformity with the Standing Orders, that there was enquiry and he was not given any opportunity whatsoever to refute the charg that thereafter the Company suddenly by letter, dated 10th January 195 discharged him arbitrarily without any justification, that the Company also co travened the provisions of section 33 of the Industrial Disputes Act, as it d not ask for permission of the Tribunal before which an adjudication proceedi was pending.

The Company appeared and filed its written statement. The case for t Company is that there has been no violation of section 33 of the Industri Disputes Act, that on 17th December 1951, the workman concerned falsely stat that he had weighed one drum of boiled linseed oil, that he neither submitte the chalans to the Stores-in-charge nor report about the arrival of the alleg drum on that day or even on the following day, that the workman submitted chalan for 3 drums of linseed oil to the Stores-in-charge on 1st January 195 whereas only 2 drums of linseed oil were received against that chalan, that t

workman was charge-sheeted on 8th January 1952 and he submitted his explanation on 9th January 1952, that the Management fully considered his explanation and in the circumstances was of opinion that it cannot any more place confidence in the employee and accordingly the employee was discharged.

AWARD.

It is admitted that out of the 3 drums covered by the chalan, 2 barrels were received on 14th of December. On that date the trading agency men brought the drums along with the chalans first to the Oil Babu (Oil Godown-in-charge) and then it was brought to him. Bibhuti Babu now wants to say that it depends upon the supplier either to bring the consignment to him or to the Oil Godown-in-charge. This story is disproved by the above fact and also by the opposite party witnesses. The Store-in-charge says that in case of goods relating to oil godown the chalan is first of all sent to oil godown and entered into the receiving book, initialled by the Oil Godown Babu and then sent to him for signing, after being stamped with "not examined" stamped and as soon as possible thereafter when it arrives at the Stores, the goods are weighed and the copy of the chalan is put up before him for signature. O.P.W. 4, the coolie, makes it further clear that as soon as a commodity arrives at the Stores, it will be the duty of the Store Babu to send it to the Oil Godown Babu or the Sardar of that department, or whichever other department to which the article relates and unless they come, the Store Babu cannot weigh that commodity. Mr. Macpherson also states in clear terms that if an article comes straight to Burra Babu (Store Babu), it will be his duty to send it to the oil godown for entries there and for his signature. Evidently as soon as the signature is given by Godown Babu and the entry is made in the corresponding register, the article becomes a part and parcel of the godown. The coolie Ramcharan also states that he is a coolie of the Store, that there are different coolies in the oil godown and other godowns, that the weighment is made by the respective godown coolies. He being a store coolie, he has to handle articles kept in his store such as screw, leather, etc. He will not carry oil to the oil godown, for which there are other coolies. This view is quite sensible and this is definitely established by the evidence of the Overseer as well as the coolie and other O.P.Ws. The story given by Bibhuti Babu that if the supplier sends the oil to the Store Babu, he will weigh it by the Store coolies and the Store coolies will carry it to the oil godown is not reliable. I accept the version of the Manager that even if the drum is sent to Store Babu, he will have to direct the supplier's man to take it first to the oil godown and then the oil godown-in-charge will take charge of it and the coolies of the oil godown will bring it for weighment and after weighment, they will deposit it back to the oil godown. Bibhuti Babu was forced to admit that some of the chalans are dealt with by Oil Godown Babu first but it is absolutely unreliable that those which come to his table are dealt with by him in anticipation of the signature of the oil godown-in-charge. This story is unacceptable, as not only the Oil Godown Babu will not trust the Store Babu, but also none but the godown coolies will have the power to remove the oil drums from the oil godown or take them back into the oil godown. In the present case the absence of the signature of the Oil Godown Babu shows that the drum was never deposited in the oil godown before weighment and after weighment also the drum was never carried into oil godown by Store coolies. In fact, the Store coolies cannot carry the oil drums into the oil godown, as it is the business of the oil godown coolies to place drums into that godown or to remove them from there. Again, although there is an entry in the weighment register, dated the 17th, Bibhuti Babu has not been able to prove the fact of the arrival of the oil drum. The best witness on the point would have been the trade agency men who brought them but these men have not been examined. The Store coolies at first said that they weighed the articles but later on they retracted their statements. Ramcharan now says that he works as a cook in the house of Bibhuti Babu and gets his food in exchange and he was, therefore, obliged to make his former statement to the effect that

he weighed the drums and carried them to the oil godown. Besides, he being directly a subordinate of Bibhuti Babu, he cannot have the courage to disoblige him when he wanted to make him a statement like that. His subsequent statement, however, appears to represent the true state of things. The other coolie also made his former statement under direction of Bibhuti Babu and consequently the statement of these two coolies cannot be relied upon. It is also a significant fact that although the article was apparently weighed on 17th, the chalan was never put up for signature on 18th and 19th, though on both these days the receipt was lying on the table of Bibhuti Babu. He gives no explanation why he could not put up this chalan for signature during these days. Obviously the reason is that he went on leave on 19th and he thought that his successor might manage to pass on this chalan along with other chalans for signature of the Overseer and in a hurry the Overseer might sign it without being able to detect the real thing. But unfortunately for him his successor Ambika Babu found out this discrepancy between the pucca chalan and the kutcha chalan and he left the matter in that state until the arrival of the permanent incumbent from leave. Of course, he could have brought the matter to the notice of the Overseer, but as human nature is, he waited till the arrival of his predecessor so that right or wrong he may be able to deal with it when he arrives. Bibhuti Babu returned from leave on 31st and he found that the chalan was till then lying on his desk and consequently he was bold enough to put it up for signature on the next day. Mr. Macpherson also in his turn found out the discrepancy between the kutcha chalan and the pucca chalan and he also noticed that the chalan is not signed by the Oil Godown Babu and consequently he held an enquiry into the matter. He says that he found that no one except the Head Store Babu had any knowledge about the third drum. He thereupon made further enquiries of the coolies as also to the Oil Godown Babu and to Ambika Babu. He at first was misled by the statement of Ramcharan and Sitaram, but Ramcharan and Sitaram retracted their former statements as soon as they were placed under suspension. In fact, charge-sheets were issued to Bibhuti Babu, Ambika Babu and the Oil Godown Babu on the basis of the statements, but the whole matter soon became palpable when Ramcharan and Sitaram retracted their former statements. From the evidence and circumstances it is quite clear that the alleged third drum never reached the factory and it was never weighed by the coolies nor was it carried by the coolies into the godown. Bibhuti Babu made an entry in the weighment book and tried to get through the chalan somehow through the hands of Mr. Macpherson, but his plan failed. If it was somehow endorsed by Mr. Macpherson, that would have been sufficient for him to demand payment from the Company on the strength of Mr. Macpherson's signature. This was however averted by the timely detection. I, therefore, hold that the charges against Bibhuti Babu have been fully substantiated. In his explanation No. 2, Bibhuti Babu stated that the fact that he had submitted a chalan for 3 drums for signature of the Overseer on 1st January 1952 is false, because on 1st January Mr. Macpherson was on leave. Mr. Macpherson admitted that on 1st January he was on leave and the real fact is that though the chalans were placed on his table for signature on 1st, he really dealt with it on the 2nd when he returned from leave. So, it cannot be said that the second charge is false though the wording of it is a bit inaccurate and requires elucidation. On the whole therefore the charges have been all substantiated and I hold that Bibhuti Babu has been rightly discharged for misconduct under rule 14(c) of the Standing Orders. As he has not been dismissed, no question of forfeiture of his dues arises.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 2094Dis./D/101L-70/53.—9th June 1953.—Whereas under the Government of West Bengal, Labour Department order No. 951Dis./D/101L-70/53, dated the 23rd March 1953, the industrial dispute between Messrs. Pragdas Girdhardas and its allied concerns, namely, Messrs. Binani & Co., Messrs. Binani Traders, Ltd., Messrs Ganga Metal Refinery & Co., Ltd., 43, Strand Road, Calcutta, and their workmen in connection with the case of Shri Sachindra Nath Banerji, 25/2, Kali Kundu Lane, Howrah, was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Pragdas Girdhardas and its allied concerns, namely, Messrs. Binani & Co., Messrs. Binani Traders, Ltd., Messrs. Ganga Metal Refinery & Co., Ltd., 43, Strand Road, Calcutta, and their workmen in connection with the case of Shri Sachindra Nath Banerjee, 25/2, Kali Kundu Lane, Howrah.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI J. N. MAITRA, *District Judge Judge, Third Industrial Tribunal.*

For the workman: Shri Sachindra Nath Banerjee himself and Shri P. K. Ghosh, General Secy., Federation of Mercantile Employees' Union.

For the Companies. Shri N. K. Mukherjee, Advocate and Shri Bhairobux Binani.

AWARD.

1. By order No. 951Dis./D/101L-70/53, dated the 23rd March 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Pragdas Girdhardas and its allied concerns, namely, Messrs. Binani & Co., Messrs. Binani Traders, Ltd., Messrs Ganga Metal Refinery & Co., Ltd., 43, Strand Road, Calcutta, and their workmen in connection with the case of Shri Sachindra Nath Banerjee, 25/2, Kali Kundu Lane, Howrah, to the Third Industrial Tribunal, constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/121L-5/52, dated the 23rd February 1953, for adjudication after withdrawing the said dispute from the Fourth Industrial Tribunal in exercise of the power conferred by section 10 of the Industrial Disputes Act read with section 21 of the General Clauses Act, 1897 (X of 1897).

2. Records of the case were received from the Fourth Industrial Tribunal on 28th March 1953 and usual notices were issued calling upon the parties to appear. The parties put in appearance on 10th April 1953 and the Secretary of the Union filed an application on 21st April 1953 adopting the written statement of claim filed before the Fourth Industrial Tribunal.

Thereafter, the case was fixed up for hearing on 28th April 1953, but on that day on the application of the Company the case was adjourned to 29th May 1953. The parties put in a petition of compromise on 28th May 1953 settling the dispute.

3. Perused the petition of compromise. It appears that terms of settlement are fair and reasonable. I accordingly give effect to it and make my award in terms of the petition of compromise marked Annexure "A". The said petition is made part of my award.

Dictated and corrected by me.
